CENTRAL STATES EDISON COMPANY

History and Business—Incorp. May 16, 1927, in Del. Owns all of the outstanding capital stock of the following companies: Gasconade Power Company, Collinsville Gas Company, Sperry Service Company, Skiatook Service Company, North Kansas Power & Light Company, Beatrice Power Company, Gulf Utilities Company, Foley Light & Power Company and the ice property of the Consumers Ice and Creamery Company. Through these subsidiaries Central States Edison Company supplies electric light and power, gas, water and other public utility services to over 5,300 consumers. The combined population of the territory served is in excess of 50,000. Approximately 84% of the total net revenues of the Company is derived from the sale of electric energy and the balance from the sale of ice, water and gas.

Missouri Group—The Missouri properties are operated by the Gasconade Power Company. They serve 15 communities with electric light and power (one under construction in the spring of 1928) in the territory south of the Missouri River located between St. Louis and Jefferson City, as follows: Hermann, Owensville, New Haven, Chamois, Bland, Belle, Linn, Morrison, Berger, Rosebud, Gerald, Bonnots Mills, Gasconade, Rich Fountain and Westphalia.

Kansas-Nebraska Group—The Kansas properties, serving Alma and McFarland, Kansas, are operated by the North Kansas Power & Light Company. Service in Nebraska is supplied by the Beatrice Power Company. The Beatrice Power Company owns and operates a modern hydro-electric plant located on the Blue River, at Barnston, Nebraska, 35 miles southeast of Beatrice, Nebraska, having a capacity of 1,000 k.w. This plant furnishes electricity at retail for lighting and power purposes in Barnston, and supplies Liberty and Beatrice at wholesale. The remainder of the energy generated is sold to Nebraska Gas & Electric Company. In addition Company supplies electric light and power service without competition to Diller, Odell, Steel City and Lanham, Nebraska.

Oklahoma Group—The Collinsville Gas Company, The Skiatook Service Company and Sperry Service Company serve natural gas to Collinsville, Skiatook and Sperry, Oklahoma, respectively.

Alabama Group—This territory is served by Gulf Utilities Company, Foley Light & Power Company and Consumers Ice and Creamery Company. The Company's subsidiary in Baldwin County supplies electric light and power to Foley, Summerdale, Robertsdale, Loxley, Elberta, and Magnolia Springs, Alabama, at retail, and wholesales current to the town of Silverhill. Company's subsidiary in Monroe County supplies electric light and power, water and ice to

Monroeville, Alabama. Beatrice, Tunnel Springs and Peterman are interconnected with the property at Monroeville and are served at retail with electric light and power.

Properties—The physical properties of the operating companies include electric generating stations with a present combined installed capacity of 3,900 k.w., of which 1,000 k.w. is hydro-electric and substation capacity of 500 k.v.a.; 180 miles of electric transmission lines, 15 miles of gas transmission lines, 50 miles of gas distributing mains, and ice plants having a combined capacity of 30 tons. The water works at Monroeville, Ala., has a pumping capacity of 90,000 gallons per day and the distribution system includes 10 miles of water mains.

FUNDED DEBT

(1)

$1,350,000 FIRST LIEN 5½% GOLD BONDS, SERIES "A"; DUE APRIL 1, 1943

Dated April 2, 1928.

Interest Payable April and October 1, at The Seaboard National Bank of the City of New York.

Denominations—Coupon, $100, $500 and $1,000; principal may be registered.

Trustee—The Seaboard National Bank of the City of New York.

Provisions of Issue—Issued, $1,350,000 Series "A" 5½s. The Indenture provides that additional bonds, issuable in one or more series, may be issued against the deposit of cash or for not exceeding 75% of the cash cost or fair value (whichever is lower) of acacquiring new subsidiaries or for additions, improvements, betterments, extensions and additional properties acquired (a) by present subsidiaries or their predecessors after April 1, 1928 or (b) by new subsidiaries after their qualification as such, provided that earnings applicable to bond interest for a period of 12 months out of the next preceding 15 months shall have been at least 1¾ times the annual interest charges on all bonds then outstanding and proposed to be issued. Bonds may also be issued par for par for refunding purposes.

Purpose of Issue—Issued for retirement of existing funded debt, to defray a part of the cost of acquiring additional properties, and for other corporate purposes.

Callability—Subject to call as a whole or in part by lot, on any interest date, on 30 days' notice at 105 and interest on or before April 1, 1933, this premium of 5% decreasing ½ of 1% of the principal on October 1, 1933, and on each October 1 thereafter.

Maintenance and Renewal Fund—The Indenture provides that during each calendar year, Company shall expend or cause to be expended by its subsidiaries an amount not less than 12½% of the consolidated gross operating earnings for the preceding calendar year for (a) repairs, renewals and replacements; (b) extensions or acquisitions in respect of which Company would otherwise be entitled to issue additional bonds; or (c) the redemption or purchase of bonds outstanding under the Indenture.

Security—Secured by a first lien on, through pledge with the Trustee of, all outstanding bonds and indebtedness (except current indebtedness not in excess of current assets and $141,900 subsidiary bonds redeemable at par in 1931 against which $146,157 in cash has been deposited with the Trustee under the Indenture) and capital stock of all classes of each subsidiary as defined. The indenture provides that these requirements in respect of each existing subsidiary must at all times be maintained. It also provides that all of the capital stock (except minority shares, not exceeding 5% of the whole) and all outstanding indebtedness of each class (except current indebtedness not in excess of current assets) of each future subsidiary shall be and remain at all times deposited and pledged with the Trustee under the Indenture. The Indenture provides for an adequate deposit in cash against the minority shares of future subsidiaries. Company may, however, in lieu of depositing any outstanding indebtedness of any subsidiary, deposit cash sufficient to retire the same.

Tax Provisions—Company pays Normal Federal Income Tax up to 2% and agrees to refund to holders of these bonds, upon proper and timely application, Connecticut, Pennsylvania and California Personal Property Taxes not exceeding 4 mills per annum each, Maryland Securities Tax not exceeding 4½ mills per annum, District of Columbia, Michigan and Kentucky Personal Property Taxes not exceeding 5 mills per annum each, and Massachusetts Income tax not exceeding 6% per annum on the interest.

Legal Opinion—Pam & Hurd, Chicago, Ill.

History—A voluntary association formed in Mass. under "agreement and declaration of trust," dated Sept. 25, 1902. It owns the entire $42,000,000 stock of the New England Fuel & Transportation Co., $16,247,600 of the $16,259,600 stock of the Boston Consolidated Gas Co., the entire $1,568,000 stock of the Citizens' Gas Light Co. of Quincy, 130 5/8 shares **New England Manufacturing Co.** and 19,490 shares of **Beacon Oil Co.**

On Dec. 31, 1925, the Massachusetts Gas Companies owned 85,523½ shares of no par value stock of Beacon Oil Co., but subsequently all but 19,490 shares was disposed of on a satisfactory basis, because it was believed that the continued large investment in the oil business was somewhat more speculative than was justified.

In Nov., 1925, the Company acquired the entire capital stock of the following companies: Castner Curran & Bullitt, Inc., E. E. White Coal Co., Pemberton Fuel Co., Prince-Wick Coal Co., East Gulf Coal Co., Long Branch Coal Co., and Glencoe Coal Company. The Castner Curran & Bullitt Company has two modern coal-handling terminals, one at Providence and the other near Mystic Wharf, Boston, and six wooden coal lighters. It also owns a fleet of 8 colliers, 5 of which have been built since 1917, and enjoys an extensive

coal business in various parts of the country, including the Lake District, the Middle West, Inland East and Southern territories. The other six mining companies are operating companies, mining new river coal, with a combined production of about 2,500,000 tons per annum.

Upon the acquisition of the above properties, the commercial subsidiaries of the Massachusetts Gas Companies will own steamers with an aggregate deadweight tonnage of 157,000 tons and with an annual carrying capacity of the vessels employed in coal transportation of approximately 4,400,000 tons. They will control through direct ownership or through long term favorable leases an aggregate of over 200,000,000 tons of recoverable coal and will produce from their own mines over 4,000,000 tons of coal per year. The total coal sales in all markets will approximate 7,000,000 tons per year.

BOSTON CONSOLIDATED GAS COMPANY

(Controlled by Massachusetts Gas Companies)

History—Incorporated June 15, 1905, in Mass.; consolidation of Massachusetts Pipe Line Gas Co., Brookline, Dorchester, Jamaica Plain, Boston, Roxbury and South Boston Gas Light Cos., and Bay State Gas Co. of Mass.

In Feb., 1922, Massachusetts Department of Public Utilities approved the plan of the company to purchase the East Boston Gas Co. and the Newton & Watertown Gas Co. Approval was also given to issue $1,135,000 stock, par $100, $560,000 to be exchanged for the entire capital stock of the East Boston Gas Co., on the basis of one share for four shares of East Boston Gas Co. stock and the remaining $575,000 to be issued in exchange for the entire capital stock of the Newton & Watertown Gas Light Co. on a share for share basis. Both exchanges were effected on the transfer of the respective properties in May, 1922.

The Boston Consolidated Gas Co. supplies all gas used in Boston (except Hyde Park and Charlestown), Chelsea, Newton, Waltham, Watertown, Wellesley, Weston, Brookline, East Boston, and Milton. Population served, 979,702. Company manufactures gas and also obtains gas from the New England Fuel & Transportation Co. under contract of 33 cts. per 1,000 cu. ft. Gas sales in 1927, 9,644,451,000 cu. ft., an increase of 1.54% over 1926. Miles of mains, 1,514½. No. of meters, 261,343.

The company's net addition in street mains for the year ended Dec. 31, 1927, was 56½ miles. The total output of gas to consumers for the same period showed an increase of 1.54% compared with the output of the previous year. The net gain in meters set for the year was 4,227, as against a gain of 5,466 during the previous year.

Proposed Acquisition—The Company in April, 1928, petitioned the Massachusetts Department of P. U. for approval of $1,568,000 additional Common stock for the purpose of acquiring rights, locations, licenses, privileges, franchises and property of Citizens Gas Light Co. (Quincy). The basis of exchange will be one share of Boston Consolidated Gas Company stock for each share of Citizens' Gas Light Co. stock.

CAPITAL STOCK

Authorized and issued, as at Dec. 31, 1927, $16,259,600 Common; par, $100. All the Common is owned by Massachusetts Gas Cos., except directors' qualifying shares.

Stock Increase—On March 9, 1928, the Massachusetts Department of Public Utilities authorized Company to issue $6,500,000 additional Common stock, increasing the capital stock to $22,759,600. This is for the purpose of permanently financing expenditures due to the new office building and for extensions and reinforcements of the street main pipe system.

Preferred Stock Redemption—All of the 6½% and 5½% cumulative Preferred stock of Company previously outstanding was called for redemption on Feb. 1, 1927, at 105 and accrued dividends at Old Colony Trust Co., Boston.

Annual Meeting in March.

Dividends—Common dividends have been paid in recent years as follows: 1907, 7%; 1908, 8%; 1909 to 1913, incl., 9% each year; 1914, 8%; 1915, 8½%; 1916, 8½%; 1917, 6½%; 1918, 7%; 1919, 7%; 1920, 7%; 1921, 7%; 1922, 7½%; 1923, 8%; 1924, 8%; 1925, 9%; 1926 and 1927, 8% each; payments quarterly, M, J, S & D 31.

NEW ENGLAND FUEL & TRANSPORTATION COMPANY

(Controlled by Massachusetts Gas Companies)

History and Property—A voluntary association formed in Mass., to consolidate the commercial enterprises controlled by Massachusetts Gas Cos. Effective June 30, 1917, the new company took over the assets and liabilities of The New England Gas & Coke Co., Boston Tow Boat Co., Federal Coal & Coke Co., and the assets, liabilities and business of the New England Coal & Coke Co., pertaining to the transportation of coal such as its fleet of steamers, tugs and barges, its coal plants at Everett and Beverly. The New England Coal & Coke Co. retains its business in reference to the purchase and sale of coal, its 15,000 shares of capital stock now being owned by the New England Fuel & Transportation Co.

The New England Coal and Coke Company is engaged in the business of buying and selling coal and coke for use industrially and domestically. It also acts as selling agent for the coal produced in the mines of the New England Fuel and Transportation Co. in West Virginia and for the sale of coke produced in that company's plant in Everett, Massachusetts.

Late in 1917 the New England Fuel & Transportation Co. consummated the purchase from the Empire Coal & Coke Co. of about 10,500 acres of Pittsburg seam coal and some 3,500 acres of Sewickley seam coal, a total of about 14,000 acres, estimated to contain at least 125,000,000 tons of high grade coal. In accordance with the intention at the time of purchase, certain acreage has been resold with the result that at Dec. 31, 1925 there was owned about 8,200 acres of Pittsburg seam gas coal, estimated to contain approximately 90,000,000 tons, in the Fairmont district of West Virginia. The mines on said property are capable of producing 1,500,000 tons of coal per year. Company also owns a large terminal at Everett on which is located a modern coal handling plant, on the Atlantic seaboard, which plant has a record of discharging, in daylight, 7,312 gross tons from S. S. Newton in four hours and thirty minutes, and a record of discharging from SS. Deepwater, part in daylight and part at night, 12,008 gross tons in eleven hours and forty-five minutes, and has storage capacity for approximately 200,000 tons of coal, 25 miles of standard railroad track and a daily capacity of plant movement of 800 cars.

At the Everett terminal is also located the by-product coke-oven plant consisting of 400 coke ovens operating at the rate of carbonizing 700,000 tons of coal per year. From this coal there is made commercial gas, domestic and foundry coke, tar and sulphate of ammonia. The coke production of the Everett plant during 1927 was 673,110 gross tons as compared with 534,450 gross tons in 1926, and 505,410 gross tons in 1925.

Early in 1924 the New England Fuel & Transportation Co. acquired the entire capital stock of the Mystic Steamship Co. (see statement appended).

The output of the Federal Mines for the year ended Dec. 31, 1927, was 1,405,242 net tons compared with 1,506,120 net tons in 1926, 1,219,447 net tons in 1925, 514,500 net tons in 1924 and 1,012,890 net tons in 1923. The production of the New River mines (acquired Jan. 1, 1926) in 1927 was 2,416,926 net tons, compared with 2,648,835 net tons in 1926 and 2,171,640 net tons in 1925.

Mystic Iron Works—This Company was organized July 6, 1923. 55,000 shares have been issued, all owned by New England Fuel & Transportation Co. for which the latter Company has issued an equal amount of its stock to Massachusetts Gas Companies. A blast furnace plant at Everett, Mass., adjoining the plant of the Fuel Company was completed in 1926. This plant is located at Tidewater on the Mystic River, its docks being reached by a channel having a depth of 30 feet mean low water, thus accommodating barges and ocean-going steamers, and will have an annual capacity of over 150,000 tons of merchant pig iron. Its cost, including working capital, was approximately $5,000,000. The operations of the Mystic Iron Works, for the year ended Dec 31, 1927, resulted as follows:

Gross earnings	$3,580,855
Operating expenses	3,189,267
Taxes	105,151
*Depreciation	175,000
Reserves	81,094
Interest	9,732

WESTERN POWER LIGHT & TELEPHONE COMPANY

History and Property—Incorporated in June, 1927, in Delaware, and upon completion of its financing will own all of the outstanding capital stock of the following companies: The Western Light & Power Corp., a Kansas corporation; The Western Telephone Corp., a Kansas corporation; Central West Missouri Telephone Co., a Missouri corporation; The Midland Telephone Company of Oklahoma, a Delaware corporation; American Ice Company, a Texas corporation.

The Company will also own five-eighths of the outstanding capital stock of the City Ice Delivery Company, a Texas corporation. No present subsidiary of the Company has any funded debt outstanding in the hands of the public.

The properties owned and being acquired by the Company's subsidiaries supply 100 communities in Missouri, Kansas and Oklahoma with one or more classes of utility service, so located as to permit economical operation as a unit. Electric light and power is furnished in 24, water in 1, and telephone service in 79 communities. Electric power is supplied wholesale to 5 communities. The population served with electricity, water and telephone is estimated at more than 125,000 and the number of customers exceeds 31,000.

The electric light and power properties in south-central Kansas are supplied in part by electric power generated at 4 stations. The balance of electric energy distributed is purchased under contract from other companies. Interconnections are furnished by 175 miles of transmission lines. The telephone properties are concentrated in the agricultural regions of central Kansas and northern Missouri. The system includes 1,481 miles of toll lines and a majority of the 79 local exchanges occupy buildings owned by the subsidiaries. Long distance service with all parts of the United States and Canada is handled over lines of the Bell Telephone System and other companies through joint operating agreements.

The American Ice Company owns three of the principal ice manufacturing plants at Dallas, Texas. These plants are of latest type and have a capacity of 210 tons per day and 13 ice service stations are owned, serving the residential district of the city. The City Ice Delivery Company is the leading distributor of ice for the entire city of Dallas.

The properties were examined in 1927 by Hagenah & Erickson, Engineers, whose reports show a total fair depreciated value of $5,502,073, not including the proportion of valuation of City Ice Delivery Company applicable to minority stock interests.

CAPITAL STOCK

Authorized, $100,000 Common, par, $1, and $10,000,000 7% cumulative Pfd., par, $100, outstanding; $100,000 Common and $1,350,000 Pfd.

Preferred Stock Provisions—Preferred over Common stock as to $100 of assets and cumulative dividends at rate of 7% per annum. Redeemable as a whole or in part on any dividend date on 30 days' notice by mail at $102 per share plus all dividends accrued or in arrears. In the event of any liquidation, whether voluntary or involuntary, it is entitled to receive $100 per share plus dividends accrued or in arrears.

The Pfd. stock has full voting rights only if dividends are in arrears for 8 quarterly dividend periods, in which event Pfd. stock shall be entitled to vote in the election of directors and for all other corporate purposes, such rights to continue until all arrears in dividends are declared and paid.

No additional Pfd. stock may be issued unless all accrued dividends on Pfd. stock then outstanding shall have been paid or set aside for payment and unless consolidated net earnings of the Company and its subsidiaries for 12 consecutive calendar months out of the 16 calendar months preceding the authorization of issuance of such stock, shall have amounted to at least twice the annual dividend requirement of the Pfd. stock then outstanding and that proposed to be issued.

No dividends shall be declared or paid upon the Common stock (other than stock dividends) unless for each year there shall have been expended or credited to proper reserves for maintenance and/or renewals and replacements, not less than 15% of gross revenues from telephone properties and not less than 10% of gross revenues from electric, water, ice, or other physical properties, all as set forth and restricted in the Articles of Incorporation.

Original Offering—The Pfd. stock was publicly offered in February, 1928, at $100 per share and accrued dividend to yield 7%, by The Public Utility Investment Co., Salina, Kans.

Listed—Pfd. stock listed on Chicago Stock Exchange.

Dividends—Pfd. dividends are payable quarterly, J, A, J & O 1.

FUNDED DEBT

$2,750,000 FIRST LIEN COLLATERAL 20-YEAR 6% GOLD BONDS, SERIES "A"; DUE FEBRUARY 1, 1948

Dated February 1, 1928.

Interest Payable February and August 1, at Central Trust Company of Illinois, Chicago.

Denominations—Coupon, $500 and $1,000; interchangeable; principal may be registered.

Trustee—Central Trust Co. of Illinois, Chicago.

Provisions of Issue—Authorized amount, not limited; authorized, Series "A," $5,000,000; issued, Series "A," $2,750,000. The indenture provides that subject to the limitations thereof, $2,250,000 additional Series "A" bonds and additional series of bonds may be issued: (1) par for par against cash or United States Government obligations deposited with the Trustee for specified purposes; or (2) to refund other bonds issued under the Indenture bearing the same or higher rates of interest; or (3) in principal amount not exceeding 80% of the cost to the Company or fair value (whichever is less) of additions, extensions or improvements, whether constructed or acquired, to the permanent property of the Company, provided that all such extensions and purchased property shall be subject to the lien of the Indenture; or (4) up to the full principal amount of the first mortgage bonds of subsidiaries issued in amounts not exceeding 80% of the cost to the subsidiaries or fair value (whichever is less) of permanent property of such subsidiaries including additions, extensions and improvements thereto, acquired after a date fixed in the Indenture. Such first mortgage bonds of subsidiaries shall be deposited with the Trustee and pledged as collateral under the Indenture, and in the case of any new subsidiary, not less than 90% of all outstanding shares of each class of capital stock of such new subsidiary shall be deposited and pledged. The Indenture also provides that no additional bonds may be issued, however, unless net earnings (as defined in the Indenture and including net earnings from properties to be acquired) for twelve consecutive calendar months within the sixteen calendar months next preceding the date of application for such additional bonds, shall have been not less than 1¾ times the annual interest on all bonds then outstanding under the Indenture and those then proposed to be issued; but this provision shall not apply in case bonds, cash or United States Government obligations are delivered to the Trustee for the refunding or redemption of bonds issued under the Indenture bearing the same or higher rates of interest.

Purpose of Issue—Proceeds from sale of these bonds, together with proceeds from sale of Pfd. stock, were used to retire the Two Year 6% Gold Notes of the Company, acquire new subsidiaries and provide additional working capital and for other corporate purposes.

Callability—Subject to call as a whole or in part on 30 to 60 days' notice on any interest payment date at 103 and accrued interest.

Sinking Fund—None provided.

Security—Bonds are the direct obligation of the Company and are secured by first lien on all outstanding capital stocks (except directors' qualifying shares) and all outstanding funded debt of pledged subsidiaries, all of which are deposited and pledged with the Trustee. No additional stocks or bonds may be issued by these pledged subsidiaries unless deposited with the Trustee and pledged under the Indenture. City Ice Delivery Company is not a subsidiary under the Indenture.

Tax Provisions—Company pays Normal Federal Income Tax up to 2%, and will refund upon proper notice within 60 days after payment, any personal property tax not exceeding 5 mills to the dollar per annum, or any income tax not exceeding 6% of the interest per annum, as now or hereafter imposed by any State.

Legal Opinion—Newman, Poppenhusen, Stern & Johnston, Chicago (for the bankers) and Burch, Litowich & Royce, Salina, Kansas (for the Company).

Original Offering—First publicly offered ($2,750,000) in February, 1928, at par and interest, by A. B. Leach & Co., Inc., New York, etc., and Porter, Fox & Co., Inc., Chicago.

Listed—Chicago Stock Exchange.

FUNDED DEBT

(1)

$1,200,000 FIRST LIEN GOLD BONDS, 6% SERIES OF 1927; DUE DECEMBER 1, 1947

Dated December 1, 1927.

Interest Payable June and December 1 at Chicago Trust Co., Chicago, or at Bankers Trust Co., New York.

Denominations—Coupon, $100, $500 and $1,000, interchangeable; principal may be registered.

Trustee—Chicago Trust Co., Chicago.

Provisions of Issue—Authorized amount, unlimited. Authorized, 6% Series of 1927, $1,450,000; issued, $1,200,000. Additional bonds may be issued in one or more series with interest rates, maturity dates, redemption and other terms and conditions not inconsistent with the trust indenture as shall be provided in an indenture supplemental thereto with respect to each series as created. All bonds issued under such indenture and all indentures supplemental thereto will be equally secured thereby and entitled to the same lien thereof irrespective of series. Additional bonds may be issued for subsequently acquired securities in amounts not exceeding 75% of the cost or fair value thereof, whichever is lower. Such securities must consist of all the bonds, if any outstandnig, and at least 51% of the voting stock of each of the subsidiary companies, and shall comprise all of the securities of each subsidiary owned by the Company. The securities shall be deposited and pledged with the Trustee, but if for any reason any bonds are not so pledged or deposited, cash or bonds of this issue otherwise issuable shall be deposited with the Trustee in lieu thereof. Additional bonds may also be issued without the deposit of additional securities when subsidiary companies make additions or betterments to their properties up to 75% of the cost thereof; and the Company may issue $250,000 additional bonds on securities owned as of Dec. 1, 1927, when earnings are twice the amount of the interest on bonds outstanding together with those applied for. No additional bonds may be issued unless the consolidated net earnings for a period of twelve consecutive months out of the next preceding fifteen months shall equal 1¾ times the annual interest on all outstanding bonds and those to be issued.

Purpose of Issue—Proceeds were used to liquidate in part indebtedness incurred in connection with the acquisition of the securities pledged under this issue and for general corporate purposes.

Callability—Subject to call as a whole or in part on the first day of any calendar month after 60 days' notice at principal amount and accrued interest plus a premium of ½ of 1% for each year or part thereof prior to maturity, not exceeding 4%.

Sinking Fund—None provided.

Maintenance and Renewal Fund—Trust indenture provides that the Company may not issue additional bonds after Dec. 31, 1928, for extensions or betterments unless the Company has spent or caused to be spent by its subsidiaries for renewals, repairs or replacements, an amount equal to the following percentages: 8% of the gross revenue in water department; 10% of the gross revenue in gas department and 12½% of the gross revenue in electric department, provided, however, that if the amount so expended for maintenance shall fall below such amount, the amount of bonds which may be issued, shall be ratably reduced.

Security—Secured by pledge and deposit with the Trustee of all outstanding bonds of subsidiary companies, or cash or bonds of this issue equivalent to the par value of such outstanding bonds not obtainable at or below redemption price, and by similar deposit and pledge of all the capital stock (except Directors' qualifying shares) of each subsidiary with the exception of Charles City Gas Co. in which case the deposit of stock will be in excess of 63%. The trust indenture provides that the Company will create no mortgages upon the property of its subsidiaries while any of the bonds of this issue are outstanding, and that no subsidiary company shall increase its capital stock, unless the bonds secured by any such mortgages or the additional shares of such stock shall be pledged with the Trustee.

Tax Provisions—Company pays Normal Federal Income Tax up to 2%. Minnesota 3 mill tax, Pennsylvania and Connecticut 4 mills taxes, Maryland 4½ mills tax, District of Columbia, Kentucky and California 5 mills tax, Michigan 5 mills exemption tax, Iowa 6 mills tax, and Massachusetts 6% income tax on interest refundable upon proper application to the Trustee within 90 days after payment; but not later

than one year after any such tax shall become due and payable.

Legal Opinion—Cassels, Potter & Bentley, Chicago.

Listed—Chicago Stock Exchange.

Original Offering—First publicly offered ($1,200,000) in Jan., 1928, at par and interest by Hoagland, Allum & Co., Inc., J. A. Ritchie & Co., Inc., New York, etc., and Bartlett & Gordon, Inc., Chicago, etc.

SAXON PUBLIC WORKS, INC.

(Aktiengesellschaft Sachsische Werke)

History and Property—Organized in November, 1923, under the laws of the German Reich and the Free State of Saxony. Company is primarily engaged in the generation of electric energy through steam power plants, and its transmission and distribution throughout the whole of the Free State of Saxony, Germany, and adjoining parts of Silesia and Thuringia, covering an aggregate area of 6,950 sq. miles. The territory served has a total population of over 5,000,000, and includes Dresden, with a population of about 611,000, and Leipzig, with a population of 680,000. In 1926 the Company acquired the stock of the Electric Power Works of West Saxony (Kraftwerke Westsaschen Aktiengesellschaft) and the properties of the two electric generating and distributing systems in Olbersdorf and Lichtenberg. The electric power stations now in operation have an aggregate capacity of over 194,000 h.p., and in addition, generating units of 133,000 h.p. are being installed. The stations include two at Hirschfelde, in eastern Saxony, with a combined capacity of 114,000 h.p., now being increased to 144,000 h.p. and a new power station at Bohlen, in western Saxony, with an installed capacity of over 110,000 h.p. The water-power plants of the Company now in operation, or under construction have an aggregate capacity of over 15,000 h.p. After the new units now being installed are in operation, the aggregate capacity of the generating stations will be 327,000 h.p. The transmission systems comprise high tension transformer stations with an aggregate capacity of 440,000 kva. (exclusive of 200,000 kva. now being built) and 1,782 miles of single and double circuit three phase high tension lines, including over 265 miles of 100,000 volt lines of steel tower construction.

The Company's coal fields cover an aggregate area of approximately 83,000 acres. Most of this coal is of the so-called "brown coal" or lignite character, which is mined at very low cost through a system of open surface workings which permits the use of continuous bucket-dredging and other labor saving machinery. The average depth of surface-stripping before reaching the coal deposit is only 25 to 50 feet, below which the coal strata extend for a further depth of 60 to 180 feet. Consequently, the coal can be delivered to the Company's adjacent electric generating stations at an extremely low cost per unit of heating value.

The output of brown coal from the mines now owned by the Company has increased from 676,000 tons (of 2,000 pounds each) in 1917 to over 2,000,000 tons in 1925. Over two-thirds of the output is used in the Company's power plants, and the balance is either sold to industrial customers in its raw state or is compressed into briquettes in the Company's modern plants and retailed to customers in the surrounding territory. Through over 1,900 borings, the Company's brown coal reserves have been reliably established by independent experts at over 3,700,000,000 tons, of which over 3,200,000,000 tons can be mined by the above described method of open workings.

FUNDED DEBT

(1)

$15,000,000 FIRST MORTGAGE 20-YEAR SINKING FUND 7% GUARANTEED EXTERNAL LOAN GOLD BONDS; DUE FEBRUARY 1, 1945

Dated February 2, 1925.

Interest Payable February and August 1, at National City Bank of New York, in U. S. gold coin.

Denominations—Coupon, $500 and $1,000; principal may be registered.

Trustee—National City Bank of New York.

Provisions of Issue—Authorized and issued, $15,000,000; issued to defray the major portion of the cost of erection of a new 100,000 kilowatt power plant at Bohlen, necessary extensions to the transmission and distributing facilities, a new briquette factory adjacent to Company's coal fields, or to fund debts incurred in connection with this construction program.

Callability—Subject to call as a whole on Feb. 1, 1930, or on any interest date thereafter prior to Feb. 1, 1935, at 105 and interest, and on Feb. 1, 1935, or any interest date thereafter at par and interest.

Sinking Fund—Beginning Aug. 1, 1935, a sinking fund will operate to retire semi-annually one-twentieth of the principal amount of bonds of this issue outstanding on Feb. 1, 1935, either by delivery to the Trustee of bonds by Company or by redemption thereof by lot at par and interest.

Security—Secured by a direct first mortgage on substantially all of the real property of Company, now owned or hereafter acquired with the proceeds of the bonds, including the electric power plants and coal mining rights, subject, as to certain relatively small portions of the Company's real estate, to existing liens aggregating only about $166,667.

Relation to Dawes Plan—Inasmuch as all of the stock of Company is owned by the State of Saxony, Company is not required to issue either negotiable or non-negotiable debentures under the so-called "Dawes Plan," but is required to make certain annual payments, the amount of which, it is believed, will not exceed $74,000 per annum.

Tax Provisions—Interest is payable without deduction for any past, present or future taxes or duties levied by or within the German Reich or the Free State of Saxony. Company does not assume U. S. Federal Income Tax.

Legal Opinion—Shearman & Sterling, New York City and German counsel.

Original Offering—First publicly offered ($15,000,000) in February, 1925, at 92 and interest, to yield about 7.80%, by The National City Co., New York, etc.

Guaranty—Bonds are unconditionally guaranteed as to principal and interest by endorsement by the Free State of Saxony.

Listed—New York Stock Exchange.

(2)

$15,000,000 GENERAL AND REFUNDING MORTGAGE GUARANTEED GOLD BONDS, 6½% SERIES DUE 1951; DUE MAY 1, 1951

Dated May 1, 1926.

Interest Payable May and November 1 in New York City, in United States gold coin of the present standard of weight and fineness at The National City Bank of New York, or at the option of the holders, either in London, England, in pounds sterling, at the City Office of The National City Bank of New York; or in

Amsterdam, Netherlands, in guilders, at Nederlandsche Handel-Maatschappij, Mendelssohn & Co. or Pierson & Co. in each case at the then current buying rate for sight exchange on New York.

Denominations—Coupon, $500 and $1,000; principal may be registered.

Trustee—The National City Bank of New York. Deutsche Bank, Berlin, Co-Trustee.

Provisions of Issue—Authorized, $50,000,000; issued, $15,000,000 6½% Series due 1951. Additional bonds may be issued in series, from time to time, having such rates of interest, maturities, sinking funds and other provisions, and payable in such places and in such currencies, as may be determined by the Company, subject to the restrictive provisions of the Indenture. Of such additional bonds (1) not exceeding $15,000,000 principal amount, may be issued in principal amounts equal to and for the acquisition or retirement of a like face amount of the existing First Mortgage Bonds of the Company, and (2) not exceeding $20,000,000 principal amount may be issued for not more than 50% of the cost of fixed property of the Company or its constituent companies (or, under certain conditions, for the cost of stocks of a Constitutent Company owning fixed property), acquired after May 1, 1926, which fixed property shall be mortgaged as security for the General and Refunding Mortgage Guaranteed Gold bonds, provided, net earnings after operating expenses, maintenance and taxes for 12 consecutive calendar months shall have been not less than twice the sum of the annual interest charges on all underlying bonds outstanding in the hands of the public and all General and Refunding Mortgage Guaranteed Gold bonds outstanding and then proposed to be issued and the maximum annual fixed charges on any Industrial Debentures.

Purpose of Issue—Proceeds were used to reimburse the Company in part for expenditures in connection with the construction of new generating stations of large capacity and the acquisition of electric power and distribution properties, and, in addition, to permit the further expansion of the Company's distribution system required by the continuing rapid increase in demands for electric energy through the State of Saxony.

Callability—Subject to call as a whole or in part, either at the option of the Company or for the sinking fund, on any interest date on 30 days' notice at 100.

Sinking Fund—Indenture provides for a sinking fund with respect to each new series of bonds, requiring semi-annual payments in amounts sufficient to retire by equal installments during the last three-quarters of the period intervening between the date and the maturity of such bonds, not less than one-half of the aggregate principal amount of bonds of such series issued. As a sinking fund for the bonds of the 6½% Series due 1951, sinking fund requires semi-annual payments to the Trustee in each of the years 1930 to 1939, inclusive, equal in each case of 1¼% of the aggregate principal amount of such bonds issued, and in each of the years 1940 to 1950, inclusive, equal in each case to 1¾% of such aggregate principal amount. Such moneys shall be applied toward the purchase or redemption and cancellation of bonds of the 6½% Series due 1951.

Security—Bonds are the direct obligation of the Company and are secured by direct mortgages on the operating properties of the Company and the Electric Power Works of West Saxony, subject only to the charges securing not more than $825,000 Industrial Debentures issued under the "Dawes Plan" and to closed mortgages on the property of the Company securing $15,442,501 of indebtedness, including $15,000,000 of the Company's First Mortgage 20-year 7% Guaranteed External Loan bonds, due Feb. 1, 1945, similarly guaranteed by the Free State of Saxony.

Guaranty—Unconditionally guaranteed as to principal and interest by endorsement on each bond by the Free State of Saxony.

Tax Provisions—Free from any past, present or future taxes or duties levied by or within the German Reich or any of its component States.

Legal Opinion—Shearman & Sterling, New York, and Dr. Ernst Wolff, Berlin, Germany.

Original Offering—First publicly offered ($11,000,000) in July, 1926 at 91½ and interest, yielding 7.24% by National City Co. and Lee, Higginson & Co., New York, etc. $4,000,000 were offered in various European markets, including $2,000,000 placed in the Netherlands by an Amsterdam group composed of Nederlandsche Handel-Maatschappij, Mendelssohn & Co. and Pierson & Co.

Listed—New York Stock Exchange.

History—Incorporated Dec. 5, 1906, in New York and New Jersey; consolidation of the Hoboken & Manhattan R. R. Co. (of N. J.), the New York & Jersey R. R. Co. (of N. Y.) and the Hudson & Manhattan R. R. Co. (of N. Y.) The period of the existence of the corporation is unlimited. By virtue of such consolidation the company owns and operates a double-tube tunnel system extending from the Hudson Terminal at Cortlandt and Church Sts., New York, under the Hudson River to the Pennsylvania Station, Jersey City, thence making connections with the Erie Station, at Pavonia Ave. and continuing to the Hoboken Terminal, adjoining the Delaware, Lackawanna & Western R. R. station. About midway between the Erie and Lackawanna Terminals, connection is made with a second pair of tunnels under the Hudson River to Christopher St., whence the line proceeds via Sixth Ave. to Thirty-third St., New York. Operations were begun from Nineteenth St. and Sixth Ave., New York, to D. L. & W. Terminal on Feb. 26, 1908. On July 19, 1909, train service was commenced between the Hudson Terminal and the Pennsylvania station at Jersey City and on Aug. 2, 1909, the service was extended to the Erie Terminal at Pavonia Ave., and to the D. L. & W. station at Hoboken.

In Sept., 1910, the station at Henderson and Grove Streets, Jersey City, was opened, and in Nov. of same year the extension from 23rd St. and 6th Ave. to Broadway and 33rd St. was completed and put in operation. The car-storage yard and repair shops at Henderson St. and Railroad Ave., Jersey City, were completed in the fall of 1910. Joint rapid transit service, in connection with the Pennsylvania R. R. Co., was put in operation through the Manhattan Transfer on Oct. 1, 1911, and on Nov. 26, 1911, the Newark Extension was opened for traffic, the terminus being located at Park Place, in the heart of the business and shopping district of Newark. The Hudson Terminal has thus become the downtown terminal of the Pennsylvania RR. and Lehigh Valley RR., with connection for through traffic at the Manhattan Transfer, just east of Newark. The Pennsylvania RR. and the Lehigh Valley RR. have established ticket offices at Hudson Terminal and their tickets are valid on the Hudson & Manhattan Railroad to or from their connecting trains at the Jersey City Terminal of the Pennsylvania Railroad or at Manhattan Transfer.

In addition to its railroad Company is the owner of the Hudson Terminal Buildings, which are twin office buildings facing on Church Street and extending for two blocks from Cortlandt to Fulton Streets and from which substantial real estate rental revenues are derived. The Company also owns a large portion of the block of real estate bounded by Christopher, Greenwich, Hudson, and West Tenth Streets, New York, N. Y., part of which is occupied by the Company's sub-station No. 1, and from the remainder rent revenues are derived.

Power Supply—An agreement was entered into Jan. 5, 1920, with the New York Edison Co., under which, for a term of years, the Edison Co. will take over and operate the power plant and supply electric power either from the Hudson & Manhattan R. R. Co.'s plant or from their own plants, on a scale of charges based on varying prices of fuel. Under terms of the agreement the Company is assured an adequate and practically uninterrupted power supply.

OKLAHOMA RAILWAY COMPANY

History—Incorporated June 14, 1904, in Okla., as Oklahoma City Ry. Co.; name changed to present title Sept. 21, 1907. It acquired, by direct conveyance, all the property and franchises of the Metropolitan Ry. Co. on July 1, 1904, consisting of a local street railway system of about 11 miles. The Company has a perpetual charter, under the laws of the territory of Oklahoma, authorizing the incorporation of electric railways under the General Railway Law, conferring power on such companies, in addition to building standard railroads propelled by electricity, to own, buy, acquire and operate electric street railways and lighting plants.

Leased the Oklahoma Electric Terminal Co. for ten years from June 1, 1911, at an annual rental of $24,000, but on Oct. 1, 1913, acquired title to part of the property of that Company, by assuming $200,000 of the Terminal Co.'s First Mortgage bonds and $140,000 Junior Mtge. Notes. On April 1, 1911, purchased from Oklahoma City & Suburban Ry. all its lines, comprising 20.69 miles of first track, 3.77 miles second track and 0.66 miles sidings, a total of 25.12 miles of track. On Aug. 1, 1911, purchased line and equipment of El Reno Interurban Ry., including the city lines and franchises in the City of El Reno. At the time of purchase this line was built and in operation between the city limits of Oklahoma City and Yukon, Okla., a distance of 11.15 miles. Line has since been completed, and the entire division, with City lines, comprising 26.52 miles of first track and 1.21 miles of sidings, were placed in operation Dec. 3, 1911. The Norman extension was placed in operation Nov. 15, 1913. The **Guthrie-Edmond Electric Ry.**—incorporated in Dec. 1915, with $500,000 capital to build the extension from Edmond to Guthrie, 15 miles, was placed in operation July 20, 1916, and purchased by Oklahoma Ry. Co., July, 1916. Effective Dec. 31, 1916, the Oklahoma Ry. Co. purchased the North Canadian Valley R.R. (see Manual for 1916, page 558).

Receivership—On Sept. 8, 1924, the Mississippi Valley Trust Co., Trustee for Junior Mortgage bonds of Oklahoma Ry. Co., filed a petition in the U. S. District Court for the Western District of Oklahoma, for appointment of receiver, alleging that company was operating certain of its lines of street railways in Oklahoma City which were unprofitable and non-compensatory and could only be operated at a deficit, owning to lack of density of population and patronage, and asked for the appointment of a receiver to conserve the lines of railway and other property covered by the mortgage. A hearing was had Dec. 27, 1924, when Judge Kennamer, George A. Henshaw, Oklahoma City and John W. Shartel, Pres. of company, were appointed receivers. The receivership was terminated on Dec. 16, 1927.

Mileage—The Oklahoma Railway System comprises: Oklahoma City lines, 62.56 miles; an interurban to Norman, 15.45 miles, an interurban to Guthrie, 32.22 miles, and an interurban to El Reno, 31.46 miles—total all lines, 141.69 miles.

Equipment—Includes 131 passenger and 51 line, freight and dump cars, 33 motor buses, 3 electric locomotives and 2 electric shovels.

In Dec., 1927, the Company sold its electric power plant to the Oklahoma Power Holding Company (see appended statement). The Oklahoma Railway Company owns all of the capital stock of the new company, which is under contract to supply the Oklahoma Railway Company with the latter's power requirements.

Franchises—About two-thirds of road on private right of way (including over 27 miles of track within city); Oklahoma City franchise perpetual, subject to right of city to purchase property on Jan. 31, 1932, or at end of any 15-year period thereafter. Franchise in City of El Reno expires Aug. 3, 1933; other franchises perpetual.

PENINSULAR TELEPHONE COMPANY

History and Property—Incorporated April 19, 1901, in Fla., to construct, install, maintain and operate a telephone system in southern Florida. Has 4 exchanges at Tampa, and one each at Port Tampa, St. Petersburg, Lakeland, Clearwater, Plant City, Bartow, Sarasota, Winter Haven, Lake Wales, Haines City, Mulberry, Tarpon Springs, Frostproof, Largo, New Port Richey, Bradenton, Auburndale, and Venice, and 12,964 miles of connecting toll lines. Purchased properties in certain of the above districts from the southern Bell Telephone & Telegraph Co. Connects with long line systems of the Southern Bell and American Telephone and Telegraph Cos. Population served, approximately, 320,000. Franchise in Tampa, expires in 1943. Exchanges, 22; telephones in service on Dec. 31, 1927, 48,172.

During the month of November, 1923, Company purchased the business and properties of the West Coast Telephone Co., which operated a common battery exchange in the City of St. Petersburg, Fla., and a toll system connecting the nearby islands. This property has since been converted to the automatic type of switchboard.

CAPITAL STOCK

Authorized, $10,000,000; outstanding, Dec. 31, 1927, $2,389,500 Common and $3,500,000 7% cumulative Pfd. Series "A"; par, $100.

Preferred Stock Provisions—Pfd. stock has preference for assets and dividends and is redeemable as a whole or in part on any dividend date at 110 and accrued dividend, on 60 days' notice. It is issuable in three classes—though the Company may issue other classes of it to bear cumulative dividends not to exceed 8% per annum—as 6%, 6½% and/or 7% cumulative Pfd. stock, all, however, in other respects entitled to the same preferences and priorities and subject to the same conditions, limitations and restrictions. Under Florida laws the Company may increase the Pfd. stock by reclassifying the authorized capital up to an amount equal to twice as much Pfd. stock as there is Common stock outstanding. No Pfd. stock of a different class having priority or preference over this Pfd. stock shall be authorized or issued. The Pfd. stock has no right to vote except if the Corporation shall at any time be in arrears in the payment of dividends on its Pfd. stock in amount equal to the dividends accrued thereon for twelve months, then all Pfd. stock shall, thereafter and until all accumulated and unpaid dividends are paid, become entitled to the same rights as to vote or consent as the Common stock. The holders of Pfd. stock have no right by virtue of such ownership, to subscribe for either Pfd. or Common stock issued in the future by the Corporation.

Transfer Agent—American Exchange Irving Trust Co., New York.

Preferred Stock Offerings—During 1925, $1,550,000 7% Pfd. stock, Series "A", was publicly offered at $100 per share plus accrued dividend to yield 7%, by Coggeshall & Hicks, New York, and Bodell & Co., Providence, New York and Boston. In November, 1926, $1,200,000 additional 7% Pfd. stock, Series "A" was publicly offered at 103 and dividend to yield 6.79% by the same bankers.

Legal Opinion (Pfd. Stock)—Hawkins, Delafield & Longfellow, New York.

Annual Meeting—Second Tuesday in February.

Dividends—Dividends on Common of 2% paid in 1915; 3% in 1916; 4% and 1% extra in 1917; 5% and 1% extra in 1918; 1919, 6%, 1920, 6%; 1921, 6%; 1922, 6%; and ½ of 1% extra; 1923 to date, 7% per annum; payments J, A, J & O 1. In addition a stock dividend of 5% was paid April 1, 1919, one of 10% Jan. 1, 1923, and one of 20% April 1, 1924.

Dividends on Pfd. stock regularly paid; payments F, M, A & N 15.

FUNDED DEBT

(1)

$5,000,000 FIRST MORTGAGE GOLD BONDS, 5½% SERIES, DUE 1951; DUE JANUARY 1, 1951

Dated January 1, 1926.

Interest Payable January and July 1, at office or agency of Company in New York City.

Denominations—Coupon (principal may be registered) $500 and $1,000; and registered, $1,000. $5,000 and $10,000; coupon and registered bonds and the several denominations interchangeable and exchangeable.

Trustee—American Exchange Irving Trust Co., New York City.

Provisions of Issue—The 5½% Series due 1951 is limited to $5,000,000; all of which has been issued to satisfy existing liens, including existing first mortgages, under which $963,300 bonds were outstanding at the time the first of these bonds were issued, to pay current indebtedness incurred for additions and extensions to the property and to provide approximately $1,200,000 for future extensions and additions to Company's telephone plant and system from which Company should realize substantial increases in earnings. Additional first mortgage bonds are issuable for (a) telephone property in Florida, or permanent improvements, extensions or additions thereafter made to such properties or made after June 30, 1925, to the telephone properties now owned, but only in case such property is covered by the Indenture as a direct first mortgage, subject only to (1) prior mortgages and liens not exceeding $100,000, for which an equal amount of cash is deposited with the Trustee, and (2) taxes for the then current year and liens incident to construction which are not reasonably determinable; and for (b) an equal amount of bonds issued for such properties (including the 5½% Series due 1951 now outstanding) surrendered to the Trustee or redeemed, and for (c) cash to be deposited with the Trustee equal to the amount of bonds to be issued subject to withdrawal for property of the character specified in (a). The indenture authorizes the issue of bonds in series. The bonds of each series may be of such amounts and in such denominations, bear such date, maturity, interest rate not exceeding 8% per annum, and such conversion, redemption, sinking, amortization, improvement or analogous fund and tax provisions, and may otherwise vary from the bonds of other series, as shall be determined from time to time by the Board of Directors of Company at time of authorization of the original issue of bonds of each series, subject, however, in respect of all bonds issued thereunder to the restrictive provisions of the indenture securing said bonds. Additional bonds may be issued for not exceeding 80% of cash cost or fair value, whichever is less, of additional property and/or of permanent improvements, extensions or additions, of the kind above stated, provided, however, that net

earnings of Company, determined as provided in the indenture, for a period of 12 consecutive calendar months shall have been equal to at least two times annual interest charges on all the outstanding First Mortgage Gold bonds, including those proposed to be issued, except that for the 5½% Series due 1951 and for additional bonds issued subject to these restrictions, not purchased with sinking fund moneys, surrendered to the Trustee or redeemed, and for cash deposited with the Trustee, subject to withdrawal as above stated, an equal amount may be issued.

Callability—Subject to call as a whole or in part on any interest date upon 30 days' notice, on or before January 1, 1949, at 105 and interest, and thereafter at 100 and interest.

Sinking Fund—Mortgage provides for a sinking fund of 1% per annum, payable semi-annually commencing June 1, 1927, to be used to purchase First Mortgage Gold bonds entitled to the benefit of purchase therefrom at the sinking fund prices of such bonds (at or below 102 and interest for 5½% Series due 1951) if purchasable at such prices, and, if not, such sinking fund moneys may be used to reimburse Company for properties for which additional bonds might otherwise be issued.

Security—Secured by a direct first mortgage on all of the fixed assets of Company (save for tax and other liens which cannot be discharged, not exceeding $10,000 and certain small parcels of real estate and short telephone lines specifically excepted, and which under all of the circumstances are not necessary or important to the operations of Company).

Tax Provisions—Company pays Normal Federal Income Tax up to 2%.

Legal Opinion—Hawkins, Delafield & Longfellow, New York.

Original Offering—First publicly offered ($3,500,000) in Dec., 1925, at par and interest, by Coggeshall & Hicks, New York, and Bodell & Co., New York, Providence and Boston. In June, 1926, $1,000,000 additional 5½% Series due 1951 were publicly offered at 101½ and interest to yield over 5.40% by the same bankers. In November, 1926, $500,000 additional of the same series were offered at 101½ and interest by the same bankers.

(2)

$335,500 TEN-YEAR CONVERTIBLE DEBENTURE GOLD 6½s, SERIES "A"; DUE APRIL 1, 1934

Dated April 1, 1924.

Interest Payable April and October 1, at Bankers Trust Co., New York.

Denominations—Coupon, (interchangeable denominations), $500 and $1,000; principal may be registered.

Trustee—Bankers Trust Co., New York.

Provisions of Issue—Authorized and issued, Series "A," $1,250,000 of which $914,500 converted into Common stock to Dec. 31, 1927. Additional Debenture bonds may be issued in series in such amounts and in such denominations, bear such date, maturity, interest rate not exceeding 8% per annum on the principal amount thereof, and such conversion, redemption, sinking fund, tax, and other provisions as shall be determined from time to time by the directors of the Company, at the time of authorization of the original issue of Debenture bonds of each series, subject, however, in respect of all Debenture bonds issued thereunder to the restrictive provisions of the Agreement securing the said Debenture bonds.

Additional Debenture bonds may not be issued unless the net earnings shall have been for twelve consecutive calendar months at least 1¾ times the annual interest requirements on all indebtedness of the Company, including the Debenture bonds then to be certified, except that for Debentures issued subject to these earnings restrictions, and for Series "A" Debentures surrendered to the trustee or redeemed, an equal principal amount may be issued.

Callability—Subject to call in whole or in part on any interest date on and after Oct. 1, 1926, upon 30 days' notice at 105 up to and including April 1, 1929; and thereafter at 100 plus ½ of 1% for each full year or fraction thereof prior to maturity, in every case plus accrued interest.

Sinking Fund—None.

Convertibility—Series "A" Debenture bonds are convertible into Common stock of Company, at the option of the bondholder, after March 31, 1926, and before April 1, 1931, on the following basis: The first $450,000 of Debenture bonds to be presented for conversion will be converted on the basis of 10 shares of stock for each $1,000 bond, the next $450,000 on the basis of 9½ shares for each $1,000 bond and the next $350,000 on the basis of 9 shares for each $1,000 bond.

Security—A direct obligation of Company, but not secured by mortgage.

Tax Provisions—Company pays Normal Federal Income Tax up to 2%.

Original Offering—First publicly offered ($1,250,000) in May, 1924, at 98 and interest, by Bodell & Co., and Coggeshall & Hicks, New York.

History—Incorporated Jan. 15, 1898, under special charter granted by the Provincial Government of Quebec. The Company's charter is not limited as to time. Company acts as a holding company which, through its subsidiaries, generates power on the St. Maurice River and distributes it to a population of about 1,750,000 people, through some 25 owned or controlled companies. The various properties are operated under practically perpetual franchises, and include an available capacity of 684,000 h.p., and 1,548 miles of high tension transmission lines, which distribute power over a territory of 250 miles, along the St. Lawrence River.

In 1927, either directly or indirectly, the Company gave electrical service to 306 towns and municipalities, and produced 2,000,656,974 k.w. hours of primary, as well as 680,375,018 k.w. hours of secondary power. In addition to the power generated by its own subsidiaries, the Company has contracts for continuous power with the Laurentide Power Company, Ltd. (87,500 h.p.) and with the St. Maurice Power Company, Ltd. (now acquired) (120,000 h.p.) and purchases from outside companies a total of 110,000 h.p. Undeveloped power and water conservations are being planned (in the spring of 1928) to permit further developments amounting in all to 140,000 h.p.

Through stock ownership the company is associated with or has control of, a vast network of power and traction companies, including Montreal Light, Heat & Power Consolidated, United Securities, Ltd., Montreal Tramways Company, Quebec Power Company, etc. The Company also operates various manufacturing enterprises, which make use of the power generated at the Company's plants, and by means of wholly owned or controlled subsidiaries, is engaged in retail as well as wholesale distribution of power.

Acquisition of St. Maurice Power Company, Limited.—Stockholders of St. Maurice Power Company, Limited, on February 24, 1928, approved the sale of their Company to Shawinigan Water and Power Company. Stockholders of St. Maurice Power Company, Limited, received either $175 per share in cash or two shares of stock of Shawinigan Water and Power Company for each share of stock of St. Maurice Power Company, Limited, and 70,800 shares of stock of Shawinigan Water and Power Company were reserved for this purpose. All outstanding First Mortgage 30-Year 6½% Sinking Fund Gold bonds, due Feb. 1, 1953, and First Mortgage 6½% Sinking Fund Debenture stock, due Feb. 1, 1953, have been called for redemption on August 1, 1928 at 107½ and interest.

FUNDED DEBT

(1)

$35,000,000 FIRST MORTGAGE AND COLLATERAL TRUST SINKING FUND GOLD BONDS, SERIES A 4½%; DUE OCTOBER 1, 1967

Dated October 1, 1927.

Interest Payable April and October 1 in New York in United States gold coin, in Montreal in Canadian gold coin, or in London in pounds Sterling at $4.86 2/3.

Denominations—Coupon, $500 and $1,000; principal may be registered.

Trustee—Montreal Trust Co., Montreal, Que.

Provisions of Issue—Authorized, $200,000,000; issued, Series "A" 4½%, $35,000,000 and Series "B" 4½%, $10,000,000.

The remainder of the authorized bonds may be issued for future additions, improvements and acquisitions only when net earnings, as defined in the Mortgage, applicable to interest charges, for the last fiscal year prior to such issue, or, at the Company's option, for 12 months ending within 16 months prior to such issue, shall have been at least 1½ times interest charges on all bonds outstanding including those proposed to be issued. They may be issued to an amount, face value, not exceeding 80% of the cost or fair value, whichever is less, of additional property acquired by the Company on which the bonds will be a direct first mortgage and/or 80% of the cost or fair value, whichever is less, of future acquired first mortgage bonds of other companies, whether controlled or otherwise, pledged under the Mortgage, except in the case of acquisition of bonds already issued for not exceeding 80% of the cost or fair value of properties covered thereby, in which event bonds may be issued for the face amount of first mortgage bonds so acquired; provided, however, that the amount of bonds issued upon the basis of first mortgage bonds of other companies subsequent to the present issue shall at no time exceed 25% of the principal amount of all bonds then outstanding under the Mortgage, including those applied for.

The Mortgage provides for the issuance of bonds in series. Bonds of any series other than Series "A" shall bear such interest rate or rates, mature at such date or dates, not later than January 2, 1988, be issuable in such denominations and currencies, be callable at such prices and have such tax provisions and other variations not inconsistent with the general provisions of the Mortgage as may be determined by the Board of Directors at the time of issue.

The Mortgage provides that its terms and provisions, with certain exceptions, may be modified upon vote of 66 2/3% of the First Mortgage and Collateral Trust bonds outstanding, but that no such modification shall be permitted to make any change in maturity, interest rate, principal amount or terms of payment of principal or interest of any bond, without consent of the holder of such bond.

Purpose of Issue—Proceeds of the $35,000,000 Series "A" bonds, together with proceeds of 100,000 shares of capital stock, were used to retire, through call, all outstanding funded debt of the Company, aggregating $26,392,500, and to supply more than $9,000,000 to defray cost of additions, improvements and acquisitions.

Callability—Subject to call on 30 days' notice as a whole at any time, or in part on any interest date, at 103½ and interest on or before Oct. 1, 1932, the premium thereafter decreasing ½% during each 5-year period to 100½ during the last ten years prior to maturity.

Sinking Fund—Provision is made for a sinking fund of 1% per annum (first payment Dec. 31, 1928) on the largest amount of bonds outstanding in each year, to be used to retire bonds by purchase at not exceeding the calling prices or by call if not so purchasable.

Security—Bonds are secured by a direct first mortgage on the Company's lands, rights in lands, water powers, dams, power houses and transmission lines now owned, or hereafter acquired from proceeds of bonds of this issue, by pledge of certain first mortgage bonds of electric and manufacturing companies now controlled; and by a floating charge on all other present and future assets of the Company. Except as stated above or as otherwise provided in the Mortgage the lien of the Mortgage will not extend to future acquired property or securities other than such as are made the basis of the issue of additional bonds.

Tax Provisions—When held by residents of the United States, bonds are free from present or future taxes imposed by any taxing authority in Canada.

Legal Opinion—Simpson, Thacher & Bartlett, New York (for the Bankers) and Lafleur, MacDougall, Macfarlane & Barclay, Montreal (for the Company.)

Listed—New York Curb Market.

Original Offering—First publicly offered ($35,000,000) in Dec., 1927, at 95½ and interest to yield over 4.75% by Brown Brothers & Co., Lee, Higginson & Co., Jackson & Curtis, Minsch, Monell & Co., Inc., New York; Alex. Brown & Sons, Baltimore, etc., and Chase & Co., Boston.

(2)

$10,000,000 FIRST MORTGAGE AND COLLATERAL TRUST SINKING FUND GOLD BONDS, SERIES "B" 4½%; DUE MAY 1, 1968

Dated May 1, 1928.

Interest Payable May and November 1 in New York, Montreal and in London in like manner as for Series "A" Bonds.

Denominations—Coupon $500 and $1,000; principal may be registered.

Trustee—Montreal Trust Co., Montreal.

Provisions of Issue—Part of an authorized issue of $200,000,000 of which $35,000,000 Series "A" and $10,000,000 Series "B" have been issued, including this issue. The authorized amount of Series "B" bonds is $25,000,000, of which $22,000,000 have been certified, $10,000,000 being outstanding.

For full details of Provisions of Issue see under Series "A" above.

Purpose of Issue—The proceeds of $10,000,000 Series "B" bonds and of 329,200 shares of capital stock were sold for cash and used to retire all funded debt of St. Maurice Power Company, Limited; to advance funds to Quebec Power Company (a controlled company) to retire all existing funded debt of its subsidiary com-

QUEBEC POWER COMPANY

(Controlled by The Shawinigan Water and Power Company)

History and Properties—Incorporated in 1915 in Canada. A holding and operating company which operates directly, or through its subsidiaries, the entire gas, electric light, and power business, and street railway system in Quebec city and vicinity.

The Company had its origin in the Dorchester Electric Company, which installed a 2,000 h.p. steam electric plant in 1912; increased its capacity to 3,500 h.p. in 1915, and passed to the control of The Shawinigan Water and Power Company in 1916, and the name was changed to the Public Service Corporation of Quebec, when it was connected by transmission line with Shawinigan Falls generating station of the latter company. In 1923 the name "Public Service Corporation of Quebec" was changed to Quebec Power Company, and control of The Quebec Railway, Light, Heat & Power Company Ltd., which also distributed hydro-electricity in Quebec and Levis, was acquired (see appended statement). In 1925 control of the Laurentian Power Company, Ltd., which held a long term contract for the sale of hydro-electricity in bulk to The Quebec Railway, Light, Heat & Power Co., Ltd., was acquired. In July 1927 La Corporation d'Energie de Montmagny, and its two subsidiaries, La Compagnie Electrique de Montmagny and La Compagnie Electrique de Bellechasse, were purchased. In August 1927 the Kamouraska Hydro-Electrique Limitee was purchased. The distribution system of this company is under construction, and will distribute power in the county of Kamouraska. Later in 1927 the Company acquired the Montmorency Electric Company, distributing light and power on the Island of Orleans. The Company also purchased, the same year, the Basin Electric Company, which has the lighting contract for the city of Montmagny.

The properties include power plants at Montmorency Falls, Natural Steps (Montmorency River), St. Gabriel, Chaudiere, Seven Falls, St. Raphael, and Armagh, with an installed capacity of 26,060 k.w., and in addition, an auxiliary steam power station in Quebec with a capacity of 2,500 k.w. Power is purchased in bulk from The Shawinigan Water and Power Company. The gas plant has a capacity of 1,000,000 cu. ft. per day.

There are 500 miles of transmission and distribution lines; 29 miles of street railway; 32 miles of electric railway; and an additional five miles of road leased to the Canadian Northern Railway.

Acquisition of Laurentian Power Co., Ltd.—In January, 1928, Company offered to purchase all the properties and assets of its subsidiary, Laurentian Power Co., Ltd., as a going concern as and from Dec. 31, 1927, the whole for the sum of $2,935,420 payable in cash. All of the Laurentian Power Co., Ltd. First & Refunding Mortgage 6% bonds, due January 1, 1936 were called for redemption on Jan. 3, 1928, at 110 and interest. Under date of Feb. 9, 1928 the sale was approved by shareholders of Laurentian Power Co., Ltd., (for last published statement see 1927 Public Utility Volume page 339).

Acquisition of The Quebec Railway, Light, Heat & Power Company, Ltd.—At a special meeting on April 3, 1928, shareholders of The Quebec Railway, Light, Heat & Power Company, Ltd., aproved sale of the Company as a going concern, to the Quebec Power Company, for a price sufficient to discharge all outstanding obligations of the Company, including principal, interest and redemption premium of all outstanding bonds, including all outstanding bonds of the Quebec-Jacques Cartier Electric Company, whose properties and assets were to be taken over by The Quebec Railway, Light Heat & Power Co., Ltd., with the purchase price sufficient to enable the Company, on liquidation, to pay to all holders of its Common shares a sum of $80 in cash. Of a total of 100,000 shares, 99,923 shares were voted in favor of the sale. The outstanding bonds were as follows: $9,151,000 5% Consolidated Gold bonds and $6,199,400 6% 30-Year General and Refunding Mortgage Sinking Fund Gold bonds of The Quebec Railway, Light, Heat &

Power Co., Ltd. and $849,000 First Refunding 5% Gold bonds of Quebec-Jacques Cartier Electric Company. Statement of The Quebec Railway, Light, Heat & Power Co., Ltd. is appended. For last published statement of Quebec-Jacques Cartier Electric Company see 1927 Public Utility Volume, p. 342.

Authorized, 600,000 shares Common stock of no par value; outstanding, Dec. 31, 1927, 400,000 shares. In addition directors on Feb. 9, 1928, authorized the issuance of 2,200 shares in exchange for stock of The Quebec Railway, Light, Heat & Power Co., Ltd. The Shawinigan Water & Power Co. owns a majority of the stock.

Changes in Capital Stock—In November, 1926, the capital stock of the Company was increased from $10,000,000 to $15,000,000, by the issuing of 50,000 shares of $100 par value Common stock.

The Preferred stock of Company was called for redemption January 1, 1927, at $110, the option being given to the holder to convert his Preferred holdings into Common, at the same price as the call price of Pfd.

In order to provide funds for the purposes of the Company, in February, 1927, the directors authorized the issue and sale of 22,865 shares of the Company's stock, in the proportion of three new shares for every ten shares held. These shares were sold at a price of $100 per share, and were fully subscribed by the shareholders.

In July, 1927, the existing shares of $100 par value were each converted into four shares without par value, so that the Company had outstanding at December 31, 1927, 400,000 shares of capital stock without par value, standing on the books of the Company at a value of $10,000,000.

THE QUEBEC RY., LIGHT, HEAT & PO WER CO., LIMITED

(Controlled by Quebec Power Company)

History—Incorporated Nov. 19, 1909, under the Canadian Companies Act. A consolidation of various light, gas, power and traction companies, operating in and about the City of Quebec. Since the acquisition of most of this company's capital stock by the Quebec Power Company the subsidiary companies are gradually being liquidated, and their assets incorporated under the operating company. Three subsidiaries which have been absorbed in this way are the Canadian Electric Light Company, Frontenac Gas Company, and the Quebec Gas Company.

SUBSIDIARIES

The Quebec Railway, Light & Power Co. Ltd. operates a water power plant, with 7,000 h. p. capacity, at Montmorency Falls; an electric light and power business; a railway system in Quebec; 17 miles of street railways in Quebec; 59 miles of suburban electric railway. Capital stock (outstanding) $2,500,000 Common and $750,0000 Preferred, all owned by The Quebec Railway, Light, Heat & Power Co. Ltd. and pledged under its Consolidated mortgage.

Quebec County Railway operates four miles of railway extending out of Quebec city. Capital stock (outstanding) $25,000, all owned by parent company and pledged under its consolidated mortgage. Funded debt (outstanding) $130,000 debentures, all owned by parent company and pledged under its consolidated mortgage.

SALE OF COMPANY APPROVED

At a special meeting on April 3, 1928, shareholders of Company approved sale of the Company as a going concern, to the Quebec Power Company, for a price sufficient to discharge all outstanding obligations of the Company, including principal, interest and redemption premium of all outstanding bonds, including all outstanding bonds of the Quebec-Jacques Cartier Electric Company, whose properties and assets were to be taken over by The Quebec Railway, Light, Heat & Power Co., Ltd., with the purchase price sufficient to enable Company, on liquidation, to pay to all holders of its Common shares a sum of $80 in cash. Of a total of 100,000 shares, 99,923 shares were voted in favor of the sale.

CAPITAL STOCK

Authorized and outstanding, $2,500,000; par, $25. On April 15, 1925 the capital stock was reduced from $10,000,000 to present amount by reducing the par value from $100 to $25. The Quebec Power Co. owns $2,228,375 of the stock.

CANADIAN HYDRO-ELECTRIC CORPORATION, LIMITED

(Controlled by International Paper Company through International Electric Securities Corporation)

History and Business—Incorporated in 1927 under the laws of Canada as a Dominion Company. Company was organized to enable the International Paper Company to segregate, for reasons of economy, operation and management, its hydro-electric power activities from its other Canadian business. Controls through stock ownership the Gatineau Power Company, Gatineau Electric Light Company, Ltd., and St. John River Power Company. As at Dec. 31, 1927 the power subsidiaries had an aggregate potential capacity

of approximately 1,100,000 h.p. of which 220,000 h.p. was developed and an additional 322,000 h.p. under construction.

The Gatineau Electric Light Company, Limited, is a distributing company formed to operate transmission lines and wholesale and retail distribution systems formerly owned by Bonhomme Electric Company, La Compagnie Electrique de Papineauville (Papineauville Electric Company), Hull Electric Company, Maniwaki Power & Telephone Company, Quebec Southern Power Corporation, The Laurentian Hydro-Electric, Limited, Ottawa-Montreal Power Company, Limited, and La Compagnie d'Eclairage de Napierville, Limitee (Napierville Lighting Company). This Company serves all territories formerly served by the above-mentioned companies. The territory served covers more than 5,000 square miles, with a population of about 200,000.

The St. John River Power Company has acquired the power rights at Grand Falls on the St. John River, in the Province of New Brunswick, and has under construction a hydro-electric power plant at that point, which when completed will have a capacity of 76,000 h. p.

The Gatineau Power Company (see statement appended) at the end of 1927 had an aggregate installed capacity of 220,000 h.p., and an additional 262,000 h.p. was under construction on the Gatineau River.

CAPITAL STOCK

Authorized, 1,000,000 shares Common of no par value, $37,500,000 6% cumulative First Pfd. of $100 par value and $25,000,000 6% non-cumulative Second Pfd. of $100 par value; outstanding, 1,000,000 shares Common, $12,500,000 First Pfd. and $25,000,000 Second Pfd. Both Second Pfd. and Common shares are held by International Electric Securities Corporation a wholly owned subsidiary of International Paper Company.

In addition to the $12,500,000 First Pfd. stock outstanding, $25,000,000 is reserved for conversion of the 6% non-cumulative Second Pfd. Such conversion can be made only when consolidated net operating earnings of the Corporation and its subsidiaries (after deducting depreciation reserve of 6% of gross income derived from sales of electrical energy) for the most recent 12 months period are equivalent to more than twice the amount required for a year's dividends on the then outstanding First Pfd. stock including that to be issued on such conversions.

First Preferred Stock Provisions—In the event of liquidation or dissolution, whether voluntary or involuntary, the holders of First Preferred Shares are entitled, before any of the assets of the Corporation shall be distributed among the holders of any other class of stock, to be paid in full the par amount of their shares, together with all unpaid accrued dividends and, in addition, a further amount equal to $10 per share.

By resolution of the Board of Directors all or any part of the First Preferred Shares may be redeemed at $110 per share, plus all accrued and unpaid dividends to date of redemption.

The holders of the First Preferred Shares are not entitled to notice of nor vote at any meeting of the shareholders except if and whenever and so long as dividends shall be in arrears to an amount equivalent to one year's dividend. The First Preferred Shares are not liable to cancellation or reduction by reason of loss or depreciation of the assets of the Corporation.

The preferences and restrictions carried by or attached to the First Preferred shares shall not be altered in any way unless authorized by By-Law of the Corporation sanctioned and approved by the favorable vote of the holders of at least 75% of the then outstanding First Preferred Shares. This rule does not apply to any increase of the authorized amount of the First Preferred Shares, which increase may be effected by By-Law of the Corporation approved by the vote of holders of two-thirds of all the shares represented by shareholders present in person or by proxy at a meeting called for the purpose, at which meeting the holders of all outstanding shares of the Corporation, including the First Preferred, shall be entitled to vote.

GATINEAU POWER COMPANY

(Controlled by International Paper Co. through Canadian Hydro-Electric Corp., Ltd.)

History and Business—Incorporated in Province of Quebec, Canada, in 1926. Owns or holds through long term government leaseholds, water power sites in the provinces of Quebec and Ontario, Canada, with an aggregate potential capacity of over 1,000,000 h.p. At the end of 1927 the aggregate installed generating capacity was 220,000 h.p. and an additional 262,000 h.p. was under construction on the Gatineau River. The Company has two plants in operation on the Gatineau River, at Chelsea and Farmers Rapids, seven miles north of Ottawa, and construction work is progressing rapidly on the Paugan, Quebec, hydro-electric development on the Gatineau River, 33 miles north of Ottawa. This latter plant will be one of the largest hydro-electric plants on the North American continent, being designed for 272,000 h.p. in eight generators of 34,000 h.p. each, of which six will be installed initially. It is expected that the first generator will be in operation and delivering electric energy by the early summer of 1928.

Of the total generating capacity, 24,000 h.p. is being produced at the Company's Kipawa plant on Gordon Creek, an outlet of Lake Kipawa and a tributary of the Ottawa River flowing into it about 260 miles above Ottawa, and 16,000 h.p. is being produced in nine smaller hydro-electric power plants in the Province of Quebec between Ottawa and Montreal.

Power Contracts—Long term contracts for the sale of power have been entered into with The Hydro-Electric Power Commission of Ontario, Canadian International Paper Co., Canada Cement Co., Ltd., and these plus the power distributed through Gatineau Electric Light Co., Ltd., will provide for the disposition of the entire power to be developed under the present construction program.

New Acquisitions—Arrangements have recently been completed for the purchase of the Ottawa and Hull Power Company, Ltd. and the Ottawa River Power Co., Ltd. The Ottawa and Hull Power Company, Ltd., owns a part of the Chaudiere power at Hull, opposite Ottawa, where it has power houses with a designed capacity of 44,100 h.p. of which 36,600 h.p. is now installed. The Ottawa River Power Company, Ltd., owns a development upstream on the Ottawa River at Bryson with a designed capacity of 75,000 h.p. of which 25,000 h.p. is now installed and 25,000 h.p. is in process of installation. The greater part of the power generated by these companies is now being sold in Ottawa and the vicinity. In 1928 the **Gatineau Transmission Company,** an entirely owned subsidiary, was formed for the purpose of extending various transmission lines.

CAPITAL STOCK

FUNDED DEBT

(1)

$43,292,500 FIRST MORTGAGE GOLD BONDS, 5% SERIES; DUE JUNE 1, 1956.

Dated June 1, 1926.

Interest Payable June and December 1 in U. S. gold coin at Chase National Bank, New York, and Harris, Forbes & Co., Inc., Boston, and in Canadian gold coin at Bank of Montreal.

Denominations—Coupon, $500 and $1,000; registerable as to principal, and fully registered bonds of $1,000, $5,000 and $10,000 and authorized multiples; interchangeable in like principal amounts.

Trustee—The Royal Trust Co., Montreal and Toronto.

Provisions of Issue—Authorized up to $250,000,000 under the conservative restrictions of the Trust Deed of which $43,500,000 5% Series 1956 has been issued and $43,292,500 outstanding at Dec. 31, 1927. Payable in United States or Canadian gold coin of 1926 standard. Under the terms of the Trust Deed no funded debt in addition to $37,500,000 First Mortgage Gold bonds and $12,500,000 6% Gold Debentures will be issuable against the present development up to the initial capacity of 397,500 h.p. of the Paugan, Chelsea, Farmers and Kipawa plants.

The Trust Deed provides that additional bonds, either of the 5% Series due 1956 or of other series having such rates of interest, maturity dates and other provisions as the Board of Directors may determine and as are permitted by the Trust Deed, may be issued as follows: (a) For the purpose of refunding an equal principal amount of bonds of any series outstanding under the Trust Deed, or (b) for not more than 75% of additional property, including securities of other corporations engaged in supplying or transmitting electric power, but only when net earnings for 12 consecutive calendar months out of the 15 months immediately preceding application for issue (together with 80% of estimated future net earnings from contracts shall have been at least equal to twice the annual interest requirements on all First Mortgage bonds issued and outstanding including those proposed to be issued. Not more than 15% of the aggregate amount of bonds issued under the Trust Deed other than for refunding may be issued in connection with the future acquisition of securities of such other corporations; and then only upon the pledge of all the first mortgage bonds of such other corporations, which shall be at least equal in face amount to the bonds so issued, and the bonds so issued shall at their face amount not exceed 75% of the property of such other corporations.

The Trust Deed also provides for the modification or alteration thereof or of any supplemental indenture, with the assent of the holders of from 50% to 75% in aggregate principal amount of the bonds.

Guarantee of Completion—A deposit sufficient, in accordance with careful estimates checked by independent engineers, to provide funds for the completion of the present development program up to the initial capacity of 397,500 h.p. will be held in escrow so long as required, subject to withdrawal as expenditures are made for this purpose. International Paper Co. has, furthermore, guaranteed to provide any additional funds which may be necessary for the completion of this initial development program.

Callability—Subject to call on any interest date on 30 days' notice at 105 through June 1, 1936; thereafter at 104 through June 1, 1941; thereafter at 103 through June 1, 1946; thereafter at 102 through June 1, 1951; and thereafter and prior to maturity at 101; accrued interest to be included in all cases.

Sinking Fund—The Trust Deed provides for a minimum annual sinking fund, payable in cash or bonds at the current redemption price, commencing Dec. 1, 1927,

Dated March 1, 1912.

Interest Payable March and September 1, at American Exchange Irving Trust Co., New York, and in London, Eng.

Denominations—Coupon, $500 and $1,000; principal may be registered in multiples of $1,000. Bonds may be issued in denominations of foreign currency.

Trustee—American Exchange Irving Trust Co., New York.

Provisions of Issue—Authorized, $50,000,000. Issued, $10,465,500 ($4,724,000 5s, $2,259,500 Stamped 5s, and $3,482,000 6s), of which $1,662,000 5s cancelled by sinking fund to Dec. 31, 1927. Additional bonds can only be issued for future improvements, betterments and acquisitions, (a) at 75% of cash cost, and (b) only when the consolidated net earnings of the properties and acquisitions for a period of 12 months, ended not more than three months prior to date of application for issuance, equal at least twice the interest on all bonds outstanding and to be issued, and (c) in case of acquisition of new companies or their securities, only when at least 95% of all bonds and fixed charge obligations and at least 60% of outstanding stock of each such company are deposited with the Trustee of the First Mortgage, and when such acquisition is approved by the bankers.

Supplemental Indenture—The Supplemental Indenture contains, among others, the following provisions: (a) That at the option of the Company, moneys accruing to the sinking fund, under the provisions of the First Mortgage, may be expended on properties subject to the lien of the First Mortgage in lieu of in the purchase of bonds; (b) that all subsidiary companies may create, issue, negotiate and sell Pfd. stocks without requiring such stocks to be made subject to the lien of the First Mortgage, provided that at all times the control of all subsidiary companies, the control

of which is now subject to the First Mortgage, shall remain subject thereto and that the present provisions of the First Mortgage concerning the creation of debt by such subsidiary companies, be retained unaltered; (c) that bonds may be issued under the First Mortgage to refund all outstanding Springfield Gas and Electric Co. First Mortgage 5% bonds and the Central Arkansas Ry. & Light Corp. First Lien 15-yr. 5% bonds, and for such further amount of bonds as may be issued under either of the mortgages of said companies.

Callability—The 5% bonds are subject to call as a whole, but not in part, at 102 and interest. The stamped bonds of this issue, bearing interest at the rate of 6% per annum, are subject to call in whole or in part at option of company on any interest date after 30 days' notice at 105 up to and including March 1, 1932, and at 104 thereafter up to and including March 1, 1935 and thereafter at 102, in each case plus accrued interest.

Sinking Fund—From March 1, 1913, to March 1, 1923, 1½% bonds outstanding; March 1, 1923, to March 1, 1933, 2%; March 1, 1933, to maturity, 2½%. At Dec. 31, 1927, $1,662,000 of the 5% bonds had been cancelled by the sinking fund.

Security—The principal of the bonds and interest thereon, at the rate of 5% per annum, are secured by first lien (through deposit of the entire issues of first mortgage bonds) on all the properties of the operating companies with the exception of the Springfield Gas and Electric Co., Central Arkansas Ry. & Light Corp., Willapa Electric Co. and New Brunswick Power Co. They are additionally secured by the pledge of the entire 50,000 shares Common stock of the Springfield Gas and Electric Co. The additional interest of 1% per annum is to be secured by any mortgage which the Company may hereafter execute. Under the terms of the first mortgage, none of the companies whose bonds and/or notes are deposited is permitted to increase its fixed charge obligations unless such obligations are made subject to the lien of the first mortgage.

Tax Provisions—Company does not pay Normal Federal Income Tax. Pennsylvania 4 mill tax refunded.

Legal Opinion—Spooner & Cotton, New York (for the bankers), and Hawkins, Delafield & Longfellow, New York (for the company).

(2)

$2,500,000 30-YEAR DEBENTURE GOLD BONDS, SERIES "B" 6%; DUE DECEMBER 1, 1954

Dated Dec. 1, 1924.

Interest Payable June and December 1, at The New York Trust Co., New York.

Denominations—Coupon, $500 and $1,000; principal may be registered. Fully registered bonds, without coupons, in denominations of $1,000 and multiples thereof. Registered bonds and coupon bonds are interchangeable and bonds of one denomination are also interchangeable for bonds of other denominations of equal aggregate principal amount, restricted only by the denominations of the fully registered bonds.

Trustee—The New York Trust Co., New York.

Provisions of Issue—These Debenture bonds are the direct obligation of the Federal Light & Traction Co. and were issued under an Agreement dated as of March 1, 1923. This Agreement authorized issues of Debenture bonds in series, and in the case of the Debenture bonds of each series, except Series "A," they may be of such amounts and in such denominations, bear such date, maturity, interest rate not exceeding 8% per annum, and such conversion and redemption provisions as shall be determined from time to time by the Board of Directors of the Company, at the time of authorization of the issue of Debenture bonds of each series, subject, however, in respect of all Debenture bonds issued thereunder to the restrictive provisions of the Agreement securing the said Debenture bonds.

The amount of bonds which may be issued, is limited by a provision in the Agreement, that no additional series of Debenture bonds may be issued under it, except for refunding the Debenture bonds of another series, unless the net income, as defined therein, for 12 consecutive calendar months within the preceding 15 calendar months, shall equal or exceed 1¾ times the annual interest charges on all indebtedness of the Company, as defined in the Agreement, including the Debenture bonds then to be issued.

The Agreement contains provisions for declaring the principal of the Debenture bonds due, in the event of default.

Purpose of Issue—The proceeds of this issue of bonds were used (1) to retire on March 1, 1925, the unconverted outstanding Convertible Debenture Bonds, Series "A" 7%, (2) to reimburse the Treasury for moneys expended for additions to the properties and (3) to provide funds for additions and extensions to the properties during 1925.

Callability—Subject to call as whole or in part on any interest date upon 60 days' notice at 105 on or before Dec. 1, 1941, thereafter at 100 to maturity, in every case plus accrued interest.

Tax Provisions—Company pays Normal Federal Income Tax up to 2% and will upon application within 60 days after payment, refund to resident holders the Pennsylvania and Connecticut State Tax not exceeding 4 mills and the Massachusetts income tax on income derived from said bonds not exceeding 6% thereof per annum.

Legal Opinion—Hawkins, Delafield & Longfellow, New York.

Original Offering—First publicly offered ($2,500,000) in Dec. 1924, at 91 and interest, yielding 6.70% by Bodell & Co., New York, Providence and Boston.

Annual Meeting—First Monday in February, at Richmond, Va.

Dividends—Preferred dividends are guaranteed by Federal Light & Traction Co., and are regularly paid, quarterly, M, J, S & D 1 by American Exchange Irving Trust Co., New York.

FUNDED DEBT

$1,831,000 CENTRAL ARKANSAS RAILWAY & LIGHT CORP. FIRST LIEN 5% GOLD BONDS; MATURED AND PAID MARCH 1, 1928

$2,700,000 CENTRAL ARKANSAS PUBLIC SERVICE CORP. FIRST LIEN AND COLLATEDAL TRUST 5% GOLD BONDS, SERIES A; DUE FEBRUARY 1, 1948

Dated February 1, 1928.

Interest Payable February and August 1, at American Exchange Irving Trust Co., New York.

Denominations—Coupon, $500 and $1,000; principal may be registered; denominations interchangeable.

Trustee—American Exchange Irving Trust Co., New York.

Provisions of Issue—Additional First Lien and Collateral Trust bonds, of Series "A" or of other series, may be issued (a) for 80% of the cash cost or fair value, whichever is less, of additions, extensions and improvements to properties or of additional properties, used in electric power and light, gas or water supply business, to be directly owned by the Corporation or by subsidiary companies engaged in any of said businesses, all of whose stock, bonds or notes or other evidences of indebtedness (other than current operating accounts) are owned by the Corporation, or against the deposit of cash with the Trustee under restrictions provided in the Indenture, and (b) when net earnings for 12 out of 15 months next preceding shall have been at least twice the annual interest charges on total First Lien and Collateral Trust bonds outstanding, including the additional bonds then proposed to be issued; or, par for par, for refunding other First Lien and Collateral Trust bonds. The Indenture provides that its terms and provisions, with certain exceptions may be modified upon vote of 80% of the First Lien and Collateral Trust bonds outstanding, but that no such modification shall be permitted to make any change in maturity, interest rate, principal amount, or terms of payment of principal or interest of any bond, without the consent of the holder of such bond.

Purpose of Issue—Proceeds were applied to the redemption of the Corporation's outstanding issue of $1,831,000 First Lien Fifteen-Year 5% Sinking Fund Gold bonds, maturing March 1, 1928, for additions and extensions to property, and for other corporate purposes.

Callability—Except in case proceeds of property taken by eminent domain equal or exceed outstanding bonds, in which case bonds may be called on the first day of any month at 100 and interest, bonds are subject to call on 30 days' notice as a whole at any time, or in part on any interest date, at 103 and interest during the first 5 years, at 102 and interest during the next 5 years, at 101½ and interest during the next 5 years and at 101 and interest during the last five years preceding maturity.

Improvement and Sinking Fund—Indenture provides for an annual improvement and sinking fund at the rate of 1% of the total First Lien and Collateral Trust bonds outstanding, based upon the average amount of bonds outstanding during each calendar year, to be used for additions, extensions or improvements which could otherwise be made the basis for the issuance of bonds, or for purchase or call and retirement of bonds.

Security—Secured by a first lien on all the securities of the four subsidiary operating companies consisting of their total outstanding issues of first mortgage bonds and their entire capital stocks (except directors' qualifying shares). No additional stocks, bonds or notes or other evidences of indebtedness (other than current operating accounts) may be issued by the subsidiary companies except to the Central Arkansas Public Service Corp. for pledge under the Indenture securing these bonds.

Tax Provisions—Company pays Normal Federal Income Tax up to 2%. Pennsylvania and Connecticut 4 mills personal property taxes and the Massachusetts Income Tax up to 6% per annum of interest received, refunded under conditions stated in the Indenture.

Legal Opinion—Ropes, Gray, Boyden & Perkins, Boston (for the Bankers) and Hawkins, Delafield & Longfellow, New York (for the Company).

Original Offering—First publicly offered ($2,700,000) in Feb., 1928, at 94½ and interest, to yield about 5.45% by Lee, Higginson & Co., White, Weld & Co., West & Co., and Bodell & Co., New York, etc.

NEW BRUNSWICK POWER COMPANY

(Controlled by Federal Light & Traction Company)

History and Property—Company was incorp. April 20, 1912, by Special Act of the Province of New Brunswick, Can., for the purpose of operating public utilities and acquiring and developing hydro-electric powers. Franchises perpetual. Successor to The St. John Ry. Co. (see Manual for 1916, page 703), and Eastern Electric Co., Ltd. Company has been granted valuable rights and privileges on the Magaguadavic and the Lepreaux Rivers, 34 and 18 miles respectively from St. John, New Brunswick. The Federal Light & Traction Co. acquired control of this Company as of April 1, 1923.

Property—Owns and operates the electric light and power business, the gas business and the system of street railways in St. John, New Brunswick and vicinity, serving a present estimated population of 65,000.

The street railway system, aggregating 22.3 miles of equivalent single track, is operated in St. John, East and West St. John, Fairville, Glen Fall and vicinity. The rolling stock includes 34 closed cars. Power is supplied from the central power station. The steam power station, conveniently and centrally located in St. John, has an installed capacity of 5,831 h.p. and is so constructed as to permit of future expansion. The gas plant serves the city of St. John proper through 20.9 miles of mains. The company owns valuable lands and water power sites on the Magaguadavic River, and in addition extensive charter rights of expropriation of water powers and regulation of stream flow on this river and on the Lepreaux River, thus controlling proposed hydro-electric developments having an ultimate installed capacity estimated at 19,000 h.p.

CAPITAL STOCK

Authorized, 20,000 shares Common of no par value, $3,500,000 7% cumulative First Pfd., par $100 and $1,500,000 7% cumulative Second Pfd., par $100; outstanding 20,000 shares Common, $1,000,000 First Pfd. and $350,000 Second Pfd. Substantially all the Common stock owned by Federal Light & Traction Co.

Preferred Stock Provisions—First Pfd. stock has preference for assets and dividends; redeemable as a whole or in part at 115 and accumulated dividends. Holders of First Pfd. stock ordinarily have no general voting powers, but have exclusive voting power if at any time two quarterly First Preferred stock dividends have accumulated and remain unpaid and as long as there are any arrears of dividends on the First Pfd. stock. Holders of First Pfd. stock are given no right to subscribe to new issues of stock. The Second Pfd. stock at any time outstanding may, as a whole, be converted into First Pfd. stock only when the net earnings are two and one-half times the dividend requirements on the combined issues of First and Second preferred stocks.

The by-law establishing the rights of the several classes of stock may be amended only with the vote of 75% of the First Pfd. stock; and a 95% vote of the First Pfd. stock is necessary for any change in the right to a 7% cumulative dividend and to payments in case of call or liquidation or dissolution.

Transfer Agents—For First Pfd. stock, The First National Bank, Boston, Mass.; for Second Pfd. and Common stocks, Secretary of Company, St. John, N. B.

Annual Meeting—First Monday in May.

Dividends—Dividends on the First Preferred stock are payable in Boston, Mass., in gold coin of the United States, without deduction for taxes of any nature imposed by any taxing authority of or in the Dominion of Canada; payments quarterly, M, J, S & D 1. Owing to the great increase in operating expenses the company was compelled to pass its First and Second Pfd. stock dividends, payable Sept. 1, 1918, and the dividends on its Second Pfd. stock payable Dec. 1, 1918. Full dividends were paid on First Pfd. stock during 1919, also the payment due Sept. 1, 1918, which was paid May 24, 1919, but the dividend due March 1, 1920, was passed. All dividends on First Pfd. have been paid to March 1, 1925; none thereafter until June 1, 1926, when 1% was paid, like payments being made each quarter thereafter to date. On Second Pfd. stock the payment due Sept. 1, 1918, was made May 24, 1919, and dividends of 1¾% each were also paid June 1, 1919, and Dec. 1, 1919. No dividends have been paid on Second Pfd. since May 17, 1920. Common dividends are payable only out of surplus earnings from the transaction of business after April 1, 1917. No dividends have ever been paid on Common.

FUNDED DEBT

Industrial concerns, including the Interlake Pulp and Paper Co., the Thilmany Pulp and Paper Co. and the Combined Locks Paper Co. lease water rights totaling approximately 17,000 horsepower and also items of physical equipment such as buildings and water wheels. In addition the company owns two hydro-electric properties. The first, located at Rapide Croche, has recently been completed and has an installed capacity of 3,200 horsepower. The second, or Badger plant, to which extensive additions are now being made, will have a capacity of approximately 6,500 horsepower. These two hydro-electric plants are leased to the City of Kaukauna.

The total developed horsepower controlled by the company will be in excess of 30,000 horsepower. The company also owns a power site near the City of Kaukauna where an additional 6,000 horsepower may be developed. The company at the present time does not retail or wholesale electric energy.

PHILADELPHIA SUBURBAN WATER COMPANY

(Controlled by American Pipe and Construcion Company)

History and Properties—Incorporated in Pa.; successor as of April 27, 1925, by change of name, to Springfield Consolidated Water Company, (for last published statement, see 1925 Public Utility Volume, page 445). Company with its predecessors, has been in continuous operation since 1886. The company owns and operates the water system supplying without competition substantially the entire suburban district of Philadelphia, serving a population estimated at 275,000. The Company obtains its supply of water from three sources, Crum Creek, near Swarthmore; Pickering Creek, near Phoenixville, and Neshaminy Creek, at Neshaminy Falls. In connection with these supplies of water, the Company operates three pumping stations, one on each of the streams, each equipped with mechanical filtration plants, largely of the rapid sand type. The plants have a capacity of 20,000,000 gals. daily, and the distribution mains aggregating 855 miles in length serve over 62,293 customers.

Valuation—The value of the property of the company was fixed as of Dec. 31, 1923, at $17,500,000 by the Pennsylvania Public Service Commission. Expenditures for additions during 1924, aggregated approximately $1,000,000; during 1925, $1,100,000; during 1926, $2,400,000; and during 1927, $1,300,000 making a total of $23,300,000.

Dated 5% Series, May 1, 1925; 4½% Series, Nov. 1, 1927.

Interest Payable May and November 1, at The Pennsylvania Co. for Insurances on Lives & Granting Annuities, Philadelphia.

Denominations—Coupon, $500 and $1,000; principal may be registered.

Trustee—The Pennsylvania Co. for Insurances on Lives & Granting Annuities, Philadelphia.

Provisions of Issue—Authorized amount unlimited; issued, $10,041,000 5% Series due 1955, and $2,500,000 4½% Series due 1967; outstanding, Dec. 31, 1927, $9,944,000 5% Series and $2,500,000 4½% Series. Not more than $1,000,000 additional bonds of 5% Series due 1955 may be issued in principal amounts equal to the actual cost or fair value (whichever is less) of permanent additions, extensions, betterments or improvements made after Dec. 31, 1924, to property now owned by the Company. The 4½% Series due 1967 is not limited as to principal amount. Additional bonds

of this series, as well as bonds of other series, may be issued but only for the purposes and under the conservative restrictions provided in the Mortgage which include the following:

(a) For not in excess of 80% of the actual cost or of the fair value, whichever is less, of (1) physical plants or properties hereafter acquired by the Company, which properties may be subject to closed prior mortgages not in excess of 75% of such cost or fair value, or (2) permanent additions, extensions, betterments or improvements to the property of the Company now owned or hereafter acquired, or (3) at least 95% of the stock of water companies which shall become subsidiary companies as defined in the Mortgage, or (4) permanent additions, extensions, betterments or improvements made to the properties of subsidiary companies, to the extent that first mortgage demand bonds of such subsidiary companies shall have been issued to the Company to the full value of such additions and improvements and shall have been pledged with the Trustee; provided that in each case net earnings, as defined in the Mortgage, for 12 consecutive calendar months out of the 15 preceding calendar months shall have been not less than 1¾ times the annual interest charges on all First Mortgage bonds and underlying bonds then outstanding and those proposed to be issued.

(b) To refund at or before maturity an equal principal amount of (1) First Mortgage Bonds of any series and the $249,000 underlying divisional bonds outstanding, (of which $149,000 are Wayne Water Works Co. First 4½s, due 1933, and $100,000 are Conshohocken Gas & Water Co. First 4s, due July 1, 1929); (2) Bonds secured by closed mortgages on property hereafter acquired upon which the First Mortgage shall, when all of said bonds have been refunded, become a first mortgage provided that the outstanding indebtedness secured by such closed mortgages shall not exceed 75% of the fair value of such property. Not more than 25% of the total amount of bonds at any time outstanding under the mortgage shall have been issued with respect to any plant or property owned in fee or betterments thereto, as to which the mortgage is not at the time a first mortgage.

Purpose of Issue—Proceeds of the $10,000,000 5% Series due 1955 bonds and of an issue of Pfd. stock were used to retire all the present funded debt (except the $249,000 divisional underlying bonds described above), and to reimburse Company in part for expenditures already made for additions and extensions to its property. Proceeds of the $2,500,000 4½% Series due 1967 were used to reimburse Company in part for expenditures made for additions and extensions to its property.

Callability (5% Series due 1955)—Subject to call as a whole or in part and for the sinking fund on any interest date on not less than 30 days' notice at 105 and interest on or before May 1, 1935; thereafter 102½ and interest on or before May 1, 1945; thereafter at 101 and interest on or before May 1, 1954; thereafter at par and interest to maturity. 4½% Series due 1967—Subject to call as whole or in part and for sinking fund on any interest date on not less than 30 days' notice at 104 on or before Nov. 1, 1937; thereafter at 103 on or before Nov. 1, 1947; thereafter at 102 on or before Nov. 1, 1957; thereafter at 101 on or before Nov. 1, 1965; thereafter at par to maturity; in each case with accrued interest.

Sinking Fund—The Mortgage provides that the Company in respect of the 5% Series due 1955, shall pay to the Trustee as a Sinking Fund annually beginning Aug. 1, 1926, a sum equivalent to ½ of 1% of the total amount of bonds of this Series outstanding. The Supplemental Indenture for the 4½% Series due 1967 provides that Company in respect of this series shall pay to the Trustee as a sinking fund annually beginning Feb. 1, 1929, a sum equivalent to ½ of 1% of the total amount of bonds of this series outstanding. The moneys are to be applied to the purchase of bonds of the respective Series at or below the redemption price existing at the next ensuing interest date; if not so purchasable bonds shall be called by lot at such redemption price on such interest date. All bonds so purchased or redeemed are to be cancelled.

Security—The First Mortgage bonds are secured by direct first mortgage on the entire property of Company now owned except for two small divisions upon which they are subject to $249,000 (closed) underlying bonds, as follows: $149,000 Wayne Water Works Co. First 5s, due Jan. 1, 1933, and $100,000 Conshohocken Gas & Water Co. First 4s, due 1929. In addition, the mortgage is a direct lien on all the property of Company (except shares of stock, bonds and other securities unless specifically pledged) hereafter acquired, subject to existing prior liens (if any) upon such property, for which additional bonds may be issued under the conservative restrictions contained in the mortgage.

Tax Provisions—Company pays Normal Federal Income Tax up to 2% and agrees to refund the Massachusetts Income tax up to 6% per annum on income derived from the bonds.

Legal Opinion—Morgan, Lewis & Bockius, Philadelphia.

Original Offering—5% Series due 1955 first publicly offered ($10,000,000) in May, 1925, at 97½ and interest, yielding over 5.15%, by Drexel & Co., Philadelphia. 4½% Series due 1967 first publicly offered ($2,500,000) in October, 1927, at 97 and interest, to yield over 4.66% by the same bankers.

CITIZENS GAS COMPANY OF INDIANAPOLIS

History and Properties—Incorporated May 23, 1906, in Ind., and on Oct. 31, 1907, acquired the distributing system and property formerly owned by the Consumers' Gas Trust Co., a natural gas company which had been placed in liquidation by order of the courts. The Company immediately constructed a water gas plant with a capacity of about 2,000,000 cu. ft. of gas per day, which was placed in operation in April, 1909. It also constructed 50 by-product coke ovens, which were first put into commission in Nov., 1909. In 1913 it constructed 50 additional coke ovens of the same type and in 1919 placed in operation another battery of 40 ovens of improved design. In 1927, it constructed a new battery of 40 coke ovens of latest design to replace the 100 ovens built in 1909 and 1913, which were removed from service. On Oct. 1, 1913, the company acquired by 99-year lease the plant and distribution system of The Indianapolis Gas Co., which company had a well-equipped water gas plant having a capacity of over 4,000,000 cu. ft. of gas per day, and had undertaken the construction of by-product coke ovens for its regular supply of gas. The Citizens Gas Co. completed the ovens and put them into commission about the middle of Feb., 1914. Under ordinary conditions the entire supply of gas for the city of Indianapolis is derived from the by-product coke ovens, the water gas plant being operated only in times of emergency, or when there is a sudden increase in the demand for gas. Both the owned and the leased plants are operated regularly, and the entire business is conducted as a unit. The population served is about 375,000, and this company conducts the entire gas business for the city and

suburbs. No. of customers, Dec. 31, 1927, 75,449, compared with 73,730 in 1926.

By the terms of the merger the Citizens Gas Co. leases the property of The Indianapolis Gas Co. for a period of 99 years and pays the interest on that company's Consolidated Mortgage bonds, and will pay the interest on such additional bonds as may be issued from time to time for extensions to the leased property. The lessee also pays a rental equivalent to 6% per annum on the $2,000,000 of capital stock of The Indianapolis Gas Co.

The present gas rate is $1.05 per 1,000 cu. ft. for the first 10,000; $1.00 for the next 40,000; 95 cents for the next 150,000; 90 cents for the next 300,000; 85 cent for the next 500,000; and 75 cents for all over 1,000,000 with 10c per thousand cu. ft. discount for prompt pay ment of bills.

Milburn By-Products Coal Co.—The Company own the entire $100,000 capital stock of the Milburn By Products Coal Co., a West Va. corporation. The ac quisition of control of this company is expected to re sult in securing for the Citizens Gas Co. for many years to come a far better supply of coal for the oper ation of its coke ovens than would otherwise have been possible.

On March 31, Aug. 31 and Dec. 31, 1924, and March 20, June 20 and Sept. 19, 1925, dividends of 3% each were paid; Dec. 31, 1925, 1%; also 13% was paid on account of accrued dividends for years 1921, 1922, 1923 and 1924; on Feb. 27, April 30, June 30, Aug. 31 and Oct. 30, 1926, 4% each and on Dec. 31, 1926, 3%, a total of 23% in the year 1926, of which 13% was paid on account of accrued dividends for years 1921, 1922 and 1923. On April 1, June 30 and Oct. 1, 1927, 4%, and on Dec. 31, 1927, 3%, of which 5% was paid on account of dividends for years 1923 and 1924. On March 31, 1928, 3% was paid.

On June 30, 1916 a special dividend was paid at rate of 10% per annum on the stock outstanding Dec. 31, 1909, from the date of issue of certificates to Dec. 31 1909, less dividends already applied to that period This dividend called for $125,000 and paid off accumulations to Dec. 31, 1909. Another special dividend o 10% was paid April 30, 1917, on stock of the Company outstanding Dec. 31, 1911 from Jan. 1, 1910 or from date of issue of the respective certificates if later than Jan. 1, 1910, to June 30, 1911, less dividends already applied to that period.

Scrip Redemption—On June 7, 1920, for the purpose of equalizing stock sold prior to July 1, 1915 with that sold thereafter, the Company issued to the holders of the earlier stock a form of scrip known as "Accrued Dividend Certificates," representing the amount by which the dividends paid prior to July 1, 1915, had failed to equal 10% per annum. Holders of such scrip should present same at office of Citizens Gas Company and they will receive the face value thereof, on proper endorsement to the Milburn By-Products Coal Company, whose accumulated reserves are being applied to payment of scrip. The total amount of scrip issued was $125,250, representing $2.62½ a share on the 50,000 shares of Common stock issued prior to July 1, 1915, and of this less than $1,000 remains unpaid.

History, Etc.—Chartered in Washington, March 13, 1889, for 50 years. Owns all the property formerly belonging to the following companies: Big Bend Light & Power Co., Edison Electric Illuminating Co., Post Falls **Water Power Co., and Spokane County** Electric Co. On May 2, 1919, acquired at receiver's sale property of the Spokane Heat, Light & Power Co., the electrical business being retained by company and the heating plant and business being sold to the Spokane Central Heating Co., a subsidiary. The street railway properties of The Washington Water Power Co. and those of the Spokane City Railways Co. were sold on June 30, 1922, to Spokane United Railways, thus consolidating these operating street railways in a new corporation in which The Washington Water Power Co. owns a large controlling interest. Owns the entire capital stock of the **Idaho-Washington Light & Power Co.** and the **St. Maries Light & Power Co.**, acquired July 1, 1913, **Shoshone County Power Co.** organized May 26, 1917, the Spokane Central Heating Co., acquired May 2, 1919, the Intermountain Power Co., acquired July 1, 1922, and the Okanogan Valley Power Co., acquired Jan. 1, 1923. (see appended statement for last three named companies), and **Chelan Electric Co.**, acquired in May, 1926. In June, 1925, purchased "Nine Mile" hydro-electric plant with a generating capacity of 16,000 h.p. from the Spokane & Eastern Ry. & Power Co. During 1927 acquired the distribution property of the following companies: Potlatch Consolidated Electric Co., La Crosse Electric Co., and Greenacres Light & Power Co.

Company operates electric light and power distributing systems in: Spokane, Albion, Almira, Belmont, Colfax, Creston, Colton, Davenport, Diamond, Endicott, Elberton, Ephrata, Farmington, Govan, Garfield, Hartline, Harrington, Johnson, Krupp, La Crosse, Latah, Lind, Neppel, Oakesdale, Odessa, Palouse, Pullman, Quincy, Ritzville, Rockford, Reardan, St. John, Sprague, Stratford, Spangle, Tekoa, Wilson Creek, Uniontown, Wilbur, Okanogan, Riverside, Omak, Oroville, Tonasket, Brewster, Pateros, Bridgeport, Chelan, and Mansfield, in Washington, and Genesee, Moscow, Osborne, St. Maries, Bovill, Deary, Juliaetta, Kendrick, and Troy, in Idaho, also supplies power for operation of other companies at Cheney, Clarkston, Coulee City, Fairfield, Medical Lake, Newport and Steptoe, in Washington and Coeur d'Alene, Harrison, Kellogg, Lewiston, Plummer, Post Falls, Rathdrum, Wallace and Wardner in Idaho, also furnishes and distributes power for mining and smelting purposes in the Coeur d'Alene District of Idaho.

In Nov. 1917, entered into a contract with the Intermountain Power Co. to furnish power for the operation of the trains of the Chicago, Milwaukee & St. Paul Ry. Co. over the electrified section of its road on the Western extension over the Cascade Mountains. Company began supplying power for use of the railroad in the summer of 1919.

The hydraulic power plants owned by company have a rated capacity as follows: Monroe St. Plant, Spokane, 11,800 h.p.; Upper Falls Plant, Spokane, 13,400 h.p.; Post Falls Plant, Idaho, 15,000 h.p.; Little Falls Plant, Wash., 32,800 h.p.; Long Lake Plant, Wash., 94,000 h.p.; "Nine Mile" plant, 16,000 h.p.; Similkameen (near Oroville) Plant, Wash., 4,300 h.p.; Chelan Plant, 33,200 h.p.—total, 219,500 h.p. In addition owns and operates 1,205 miles of high tension transmission lines.

Owns all the water power on the Spokane River at Spokane, Wash., also at Long Lake, Little Falls and Nine Mile, Wash., and at Post Falls, Idaho; on the Similkameen River, near Oroville, Wash., and on the Columbia River, at Kettle Falls, Wash., (acquired in 1921), the Federal Power Commission having granted preliminary permit for the construction of the plant on July 26, 1922.

Chelan Electric Co.—This company, a subsidiary of The Washington Water Power Co., has secured a license from the Federal Power Commission for development of power in the Chelan River. The work on this power project was started in the spring of 1926 and the first unit of 32,000 h.p. was completed Sept. 16, 1927. Orders for a second unit of the same capacity have been placed and delivery is expected in time for installation to be completed prior to the low water period in 1928. The power plant is designed to hold equipment sufficient to generate approximately 128,800 h.p.

Franchises—Franchises for electric lighting and power in Spokane run to June 1, 1944; in smaller towns for various periods up to 50 years.

New Control—In Jan., 1928, holders of Common stock of Washington Water Power Co. were offered an opportunity to exchange their stock for American Power & Light Co. $6 cumulative Pfd. stock in the ratio of 2 2/10 shares of American Power & Light Co. Pfd. for each share of Washington Water Power Co. Common stock. In March, 1928, the Plan and Agreement for exchange of stock was declared operative.

CAPITAL STOCK

Authorized, $35,000,000 Common and $5,000,000 6½% cumulative Pfd.; outstanding, Dec. 31, 1927, $25,418,000 Common and $4,241,300 Pfd.; par, $100.

Stock Increase—Stockholders on March 11, 1926, authorized an increase in the capital stock from $35,000,000 to $40,000,000, said increase to consist of 50,000 shares of cumulative Pfd. stock, par, $100. The entire issue of 50,000 shares bearing 6½% dividends has been sold to employees and customers of Company. Common stockholders of record Sept. 23, 1927

received the right to subscribe to additional Common stock at $100 per share to the extent of one new share for each ten old shares, payment to be made in full in Nov. 1927. This additional stock is included in the amount shown above as outstanding on Dec. 31, 1927.

Proposed New Preferred Stock Issue—In the summer of 1927 the Trustees adopted resolutions to be presented to the stockholders for approval at the annual meeting in March, 1928, to provide for the creation of a new issue of Pfd. to be sold from time to time to customers and employees, the dividend rate to be not more than 6%, the authorized amount to be $10,000,000 of which $5,000,000 will be reserved for the possible retirement of the present issue of 6½% Pfd. when such action shall be deemed advisable. In order to facilitate the purchase of this stock by customers and employees of limited means thereby increasing its distribution and reducing the cost of the new capital to Company, the par value will be $25 a share. It will be callable as a whole at $26 a share (104%) and in part at the discretion of the Trustees at $25 a share, when such part may in the future have passed into hands other than customers and employees or have been accumulated in larger amounts than the limit established from time to time by the Trustees.

In order to maintain the parity of voting rights between Pfd. and Common stocks and to accomplish the aim set forth above, the Trustees were also to ask the approval at the annual meeting of a resolution providing for the issue of four shares of new Common in place of one share of the present Common then outstanding. Such new Common is to be either $25 par or no par value, as may be decided upon.

Transfer Agents—For Common stock: Company's office, Spokane, Wash., and Farmers' Loan & Trust Co., New York. The Pfd. stock is transferable at Company's office, Spokane, Wash.

Registrars—Spokane & Eastern Trust Co., Spokane, Wash., and Brooklyn Trust Co., Brooklyn, N. Y.

Annual Meeting—Second Monday in March.

THE BATON ROUGE WATER WORKS COMPANY

History and Property—Incorporated April 5, 1910, in Louisiana. Purchased the property, franchises, etc., of the Baton Rouge Water Co., organized in 1888. Owns and operates a complete water works system supplying water, without competition, for domestic, municipal and industrial purposes to the City of Baton Rouge, La., and its principal sub-divisions, including Fairfields, Capital Heights and College Town. The source of supply is from wells. Pumping capacity is in excess of 16,000,000 gallons per day; average daily consumption 2,400,000 gallons. Owns all of the capital stock, except directors' qualifying shares, of Plumbing & Supply Co., Inc.

Franchise—The Company operates under a franchise from the city of Baton Rouge, which is effective until Nov. 9, 1947, at which time the city is required to either purchase the physical property of the Company at its then appraised value or extend the franchise for a period of thirty years. The city, however, has the option to purchase the physical property, franchise and going value of the company on Jan. 1, 1930. This franchise has been validated by a decree of the United States Circuit Court of the Eastern District of Louisiana sustaining it.

FUNDED DEBT

$400,000 FIRST MORTGAGE SINKING FUND GOLD BONDS, SERIES "A" 5½%; DUE AUGUST 1, 1947

Dated August 1, 1927.

Interest Payable February and August 1, at Whitney-Central Trust & Savings Bank, New Orleans, or at Continental National Bank & Trust Co., Chicago.

Denominations—Coupon, $500 and $1,000; principal may be registered.

Trustee—Whitney-Central Trust & Savings Bank, New Orleans.

Provisions of Issue—Authorized, $500,000 Series "A"; issued $400,000 Series "A." Additional bonds may be issued under the terms of the indenture for new extensions or improvements. The maximum amount that could be issued would be $1,500,000 against property valued at $2,833,000 and only then provided that for 12 consecutive months out of the 15 consecutive preceding months the earnings before depreciation and interest shall have been at least twice the interest charges on the bonds then outstanding together with those to be issued. The indenture au-

thorizes the issuance of bonds, in addition to Series "A" bonds, to the extent of 75% of the sound value of new extensions and improvements under the above conditions.

Purpose of Issue—Approximately $100,000 of the proceeds from sale of these bonds were used for extensions and improvements to Company's plant. Remainder were used to refund Company's mortgage and other indebtedness and for other corporate purposes.

Callability—Subject to call as a whole or in part on any interest date, on 3 weeks' notice, at 103 and interest.

Sinking Fund—3% annually of the largest amount of bonds of this Series issued, to be used for the retirement of bonds outstanding by purchase or call or for extension or improvement to plant, which, if made, are not to be available as security for further loans.

Security—Bonds are direct obligation of Company and are secured by a closed first mortgage on all of its property, having an appraised value of $1,300,000. In addition bonds are secured by pledge of entire capital stock of Plumbing & Supply Co., Inc.

Tax Provisions—Company pays Normal Federal Income Tax up to 2%.

Legal Opinion—Milling, Godchaux, Saal & Milling, New Orleans.

Original Offering—First publicly offered ($400,000 Series "A") in Aug., 1927, at par and interest to yield 5.50%, by Whitney-Central Trust & Savings Bank, Mortgage & Securities Co., Marine Bank & Trust Co., Sutherlin-Barry & Co., C. MISSISSIPPI VALLEY RAILWAY & POWER COMPANY

History—Incorporated July 1, 1915, in Del. to take over the Rock Island Southern Ry. Co., the Aledo Terminal Ry. Co., the Rock Island Alexis Ry. Co. and the Edwards River Power Co. (all formerly operated by the Rock Island Southern Ry. Co.) as per Plan and Agreement of Readjustment dated June 28, 1915 (see Manual for 1916, page 1696, or consult our Information Department). The plan was declared operative and the committee discharged in May, 1916. Under the plan acquired all the Common and Pfd. stocks of these companies and $1,341,200 (out of $1,873,200) First Mortgage bonds of the Rock Island Southern Ry. and $415,000 Aledo Terminal Ry. First Mortgage bonds.

The road runs north from Monmouth to a connection with the Chicago, Rock Island & Pacific Ry. at Monmouth Junction, 31 miles, and thence operating into city of Rock Island, a distance of 22 miles, over line leased for 25 years from Chicago, Rock Island & Pacific Ry. which has been electrified. Also operates 7 miles from Gilchrist Junction to Aledo, and 6 miles from Alexis Junction to Alexis. Total miles of single track operated 72.29. Has connections for Davenport, Ia., Moline and Galesburg, Ill. Passenger cars, 10; freight cars, 243; express and freight cars, 2; work cars, 7; steam locomotives, 7. Also operates power house at Edwards River.

Default—Interest Funding Plan—The Company being in need of at least $150,000 for the rehabilitation of the Rock Island Southern Ry. property, and deeming inadvisable to sell additional Prior Lien bonds in view of the unsettled financial situation, entered into an agreement with the holders of the $532,000 Rock Island Southern Ry. bonds not owned, by which the time of payment of interest on those bonds and the bonds held by the Mississippi Valley Ry. & Power Co. were to be extended for three years. The Mississippi Valley Ry. & Power Co. being without funds to pay the interest due July, 1917, on its First and Refunding 5% bonds, holders of said bonds were requested to exchange their coupons for the three years beginning July 1, 1917, for bonds of the same issue, par for par. The unissued prior lien bonds are to be cancelled. The Company is still (Feb., 1927) in process of reorganization.

Sale of Collateral—The principal and interest due June 1, 1917, on the $266,000 Collateral Trust Notes, dated June 1, 1914, of the Rock Island Southern Ry. remaining unpaid, the $532,000 First Mortgage 5% bonds of that Company pledged as collateral were sold at foreclosure Aug. 27, 1917.

Receivers for Subsidiary Appointed—Federal Judge Martin J. Wade, of the Southern District of Iowa, in April, 1920, appointed C. H. Abbott, Vice-Pres. of Central Trust Co., Chicago, and T. H. Beacon, Vice-Pres. in charge of operation of the Chicago, Rock Island & Pacific Ry., as Receivers for the Rock Island Southern Ry. Co. Judge Fitz Henry, of the Federal Court of Peoria, concurred in the action of Judge Wade.

The communities served constitute what is generally known as the "East Bay" territory with an estimated population of 500,000.

The aggregate mileage track operated by the company is 263.98 miles. The rolling stock consists of 410 passenger street cars, 130 interurban coaches, 103 work cars, 4 wreckers and 3 electric locomotives; also 47 buses. The ferry service is maintained with 7 modernly equipped ferry boats, the two largest of which were placed in service during the spring of 1927.

During 1927, the company handled 87,924,381 street car passengers, and 16,564,961 ferry and suburban passengers, a grand total of 104,489,342. The basic street car fare is seven cents, increased from six cents January 15, 1926. The system is divided into five seven-cent zones, the interurban fares and suburban fares varying from six cents to 42 cents. Both street car and interurban fares and suburban commutation rates are fixed by the Railroad Commission of the State of California.

Company Protests Rates—On Nov. 19, 1927, Company filed a petition with the California Railroad Commission for a rehearing of the Commission's recent order establishing new rates on Company's ferry and street car systems. The order is protested on the ground that the changes do not give the relief asked and that the rate increases are not sufficient to build up Company's earnings. The petition states that the new rates ordered were based on a valuation of properties which are declared to be lower than justified.

MONTANA CITIES GAS COMPANY

History and Business—Incorporated in Delaware, to construct and operate a pipe line, with necessary gathering lines, for the purpose of purchasing, transporting and selling natural gas. The northern terminus of the pipe line will connect with the producing wells of Northern Natural Gas Development Company, in the vicinity of Shelby, Montana, and will

extend south to the city boundary of Great Falls, Montana, where it will connect with the intake line of Great Falls Gas Company. Total length of the main pipe line, together with gathering lines, will be approximately 102 miles. Capacity of the line will be about 25,000,000 cu. ft. of gas per day.

Construction and Management Contract—Company entered into a contract with Hope Engineering & Supply Company of Mt. Vernon, Ohio, for the construction of its pipe line, which it was anticipated would be completed by May 1, 1928. Funds sufficient to complete the line in accordance with this contract were to be deposited with Trustee of Company's First Mortgage and released only upon certificates, countersigned by independent engineers. Completion of the line was further insured by deposit with the Trustee of a surety bond of National Surety Company. The properties will be operated during the life of the First Mortgage bonds and Debentures described below, under the supervision of Hope Engineering & Supply Company.

Sales Contracts—Company has contracted to furnish entire gas requirements of Great Falls Gas Company, under which contract it is estimated Company will sell an average of approximately 6,000,000 cu. ft. of gas per day, which amount should be substantially increased in subsequent years. In addition Company has a contract to supply Anaconda Copper Mining Company's reduction plant with their entire gas requirements. Under this contract it is estimated Company will sell an average of 6,000,000 cu. ft. daily.

Gas Supply—Company will obtain its gas under long-term purchase contracts with representative independent producers in the Shelby Gas Field, Toole County, Montana, about 87 miles northwest of the city of Great Falls. Nineteen wells will be connected with Company's lines, on leases totaling more than 8,660 acres, with present estimated open flow capacity of over 110,000,000 cu. ft. per day. Additional wells are being drilled. Geologists and engineers have reported that in their opinion an adequate supply of gas, to meet the requirements of the Company, is available many years beyond the life of its present outstanding funded debt. As a further reserve, in the Canadian Boundary Field, about 32 miles distant, there are available wells having an estimated open flow capacity of approximately 65,000,000 cu. ft. of gas per day.

FUNDED DEBT

(1)

$1,500,000 FIRST MORTGAGE 7% SINKING FUND GOLD BONDS, SERIES "A"; DUE NOVEMBER 1, 1937

Dated November 1, 1927.

Interest Payable May and November 1, at Chatham Phenix National Bank & Trust Co., New York.

Stock Purchase Privilege—Each Series "A" bond will entitle the holder thereof to purchase Common stock of the Company, represented by Voting Trust Certificates, at the rate of 15 shares for each $1,000 principal amount of bonds at $5.00 per share at any time up to and including Nov. 1, 1932, and at any time thereafter up to and including Nov. 1, 1937, at $10.00 per share, irrespective of previous redemption of bonds. The Mortgage contains appropriate provisions to protect the stock purchase privilege in event of the issuance of Common stock dividends or the division of Common stock into a greater number of shares or the sale of Common stock under subscription rights. When any Series "A" bond is redeemed prior to maturity without this stock purchase privilege having been previously exercised, the holder thereof will be furnsihed with a certificate evidencing his right to purchase such stock up to and including Nov. 1, 1937, at the prices above stated.

Denominations—Coupon, $100, $500 and $1,000; principal may be registered.

Trustees—Chatham Phenix National Bank & Trust Co., New York and James F. McNamara, Co-Trustees.

Provisions of Issue—Authorized amount, unlimited; issued, $1,500,000. Under the terms of the Mortgage, additional bonds, issuable in one or more series, may be issued for refunding purposes and also in amount not to exceed 70% of the cost or fair value (whichever is less) of permanent additions, improvements, extensions and additional properties acquired, provided, however, that earnings applicable to First Mortgage bond interest for a period of 12 consecutive months out of the preceding 15 months shall have been at least three times annual interest charges on First Mortgage bonds then outstanding and proposed to be issued, excepting that a sufficient principal amount of First Mortgage bonds (in addition to the $1,500,000 of Series "A") for the construction of a pipe line from Shelby to Canadian Boundary Gas Field (approximately 32 miles) may be issued without regard to such earnings restrictions. All series other than Series "A" shall have maturities later than November 1, 1927.

Purpose of Issue—Proceeds from the sale of Series "A" bonds and junior securities were used to meet the cost of constructing a pipe line system, to provide cash reserves and working capital and for other corporate purposes.

Callability—Subject to call as a whole or in part by lot, on 30 days' notice on any interest date at 105 and interest on or before Nov. 1, 1932, the redemption premium decreasing 1% for each year thereafter.

Sinking Fund—The mortgage provides for a fixed sinking fund payable in monthly installments in cash to the Trustee for the retirement of Series "A" bonds at or below the current redemption price and if not so obtainable for the redemption of Series "A" bonds to be selected by lot. Payments commence Nov. 1, 1928 in amounts equivalent to $120,000 per annum, until Nov. 1, 1929, increasing regularly thereafter each year to the sum of $216,000 for the last year prior to maturity. In addition to this fixed sinking fund 25% of the net earnings as defined in the Mortgage, will be paid semi-annually to the Trustee for similar retirement of additional Series "A" bonds. The Mortgage also provides that 50% of the cash received by the Company through the exercise of the stock purchase privilege shall be applied to the retirement of Series "A" bonds. In the event of the issue of additional bonds under the Mortgage, the Mortgage provides for the creation of sinking funds sufficient to retire, at or prior to maturity, at least 75% of all bonds (other than Series "A") to be issued thereunder.

Security—Bonds are the direct obligation of the Company and are secured by a first mortgage on the entire fixed properties of the Company now owned or hereafter acquired, subject to any existing farm mortgages on the lands to be traversed by the pipe line rights of way, and subject to prior liens, if any, on hereafter acquired property.

Tax Provisions—Company pays Normal Federal Income Tax up to 2%. Personal property or income taxes of any State and the District of Columbia refunded upon timely appropriate application.

Legal Opinion—Cadwalader, Wickersham & Taft, New York (for the Bankers) and C. D. Scully, Pittsburgh, Pa. (for the Company).

Original Offering—First publicly offered ($1,500,000) in Nov., 1927 at par and interest by Yeager,

Young & Pierson, Inc., New York; Paul & Co., Philadelphia and Freeman, Smith & Camp Co., Portland, Ore.

OHIO VALLEY GAS CORPORATION

History and Business—Incorporated in West Virginia to acquire, own and operate natural gas properties in West Virginia supplying gas under long-term contract to the Hope Natural Gas Company. The

Corporation through its subsidiaries, **Mid-East Gas Company** and **The Zane Gas Company** also owns and operates an extensive natural gas pipe line and producing system in Ohio serving a number of large industrial consumers at Zanesville.

The Corporation and its subsidiaries own 138 miles of pipe line, and control through lease or gas purchase contract, 113 gas wells and the gas rights in more than 22,000 acres of land in the gas-producing districts of Roane and Jackson Counties, West Virginia, and Muskingum, Licking, Coshocton and Perry Counties, Ohio. The pipe lines are connected to wells with total present open flow capacity in excess of 25,000,000 cu. ft. per day. The properties of the Corporation distributed more than 1,700,000,000 cu. ft. of gas during each of the years 1926 and 1927.

The properties and business of the Corporation and its subsidiaries have been estimated by Ralph E. Davis, Engineer, Pittsburgh, Pa., to have a value of approximately $2,650,000 and the same engineer has given his opinion that gas reserves including gas available through purchase contracts, will be more than sufficient for the proposed amortization of the First Mortgage bonds and notes of Ohio Valley Gas Corporation.

Hope Natural Gas Company is under contract to purchase all of the gas produced from the West Virginia Field of the Corporation (up to 5,000,000 cubic feet per day), with the exception of that required by domestic and industrial consumers at Spencer, W. Va. The contract further provides that the Hope Natural Gas Company will maintain and operate a compressor station of sufficient capacity to take up to 5,000,000 cu. ft. per day, and will pay for all gas monthly at a fixed rate, plus one-third of specified rate increases received by the Hope Natural Gas Company in the future.

CAPITAL STOCK

Authorized, 200,000 shares Common of no par value and 5,000 shares $7 cumulative Preferred of no par value; outstanding, 200,000 shares Common, including 26,000 shares reserved for stock purchase warrants attached to First Mortgage bonds of Corporation.

FUNDED DEBT

(1)

$1,800,000 FIRST MORTGAGE 6½% SINKING FUND GOLD BONDS; DUE JANUARY 1, 1943

Dated January 1, 1928.

Interest Payable January and July 1, at The New York Trust Co., New York.

Stock Purchase Warrants—Each $1,000 bond carries a warrant entitling the bondholder to purchase a unit of ten shares of the Common stock of the Corporation at $5 per share. Warrants may be exercised upon presentation at the office of the Trustee, of bonds with warrants attached at any time on or before Jan. 1, 1943, unless all outstanding bonds of this issue shall have been previously called for redemption, in which case warrants may be exercised on or before the interest payment date next succeeding the publication of the redemption notice. Each $500 bond will carry proportionate stock purchase privileges. The mortgage provides that all cash received by the Corporation through the exercise of the stock purchase warrants shall be applied to the retirement of these bonds.

Denominations—Coupon, $500 and $1,000; principal may be registered.

Trustee—The New York Trust Co., New York, N. Y.

Provisions of Issue—Authorized and issued, $1,800,000.

Purpose of Issue—Proceeds were used to reimburse the Corporation in part for the cost of the properties acquired, for new pipe lines and other improvements, and for other corporate purposes.

Callability—Subject to call as a whole or in part on any interest date upon 30 days' notice, to and including July 1, 1933, at 105 and accrued interest, the redemption premium decreasing ½% during each year thereafter.

Sinking Fund—Mortgage provides for a fixed sinking fund payable monthly to the Trustee, beginning Jan. 25, 1929, and for an additional annual sinking fund payable out of income, as provided in the Indenture. The Corporation may deposit either cash or bonds at par, and the Trustee will use the cash thus deposited for the purchase of bonds at not exceeding the then call price. In the event that bonds cannot be purchased at less than the call price, the Trustee will call bonds by lot.

Security—Secured by a first closed mortgage on all of the fixed physical properties and developed leases of the Corporation and of the Mid-East Gas Co., subject only to the outstanding contracts for the sale of gas and the usual farm mortgages. In addition thereto these bonds are secured by pledge with the Trustee of all of the capital stock of The Zane Gas Co., except directors' qualifying shares, proper covenants being contained in the Indenture against the creation of any funded indebtedness by The Zane Gas Co.

Tax Provisions—Company pays Normal Federal Income Tax up to 2%. Certain California, Connecticut, District of Columbia, Iowa, Kansas, Kentucky, Maryland, Massachusetts, Michigan, Minnesota, New Hampshire, Oregon, Pennsylvania, Virginia and Washington taxes, refunded upon timely and proper application, as provided in the mortgage.

Legal Opinion—Chapman & Cutler, Chicago, and Koontz, Hurlbutt and Revercomb, Charleston, W. Va.

Original Offering—First publicly offered ($1,800,000) in January, 1928, at 98.50 and interest, to yield over 6.65%, by P. W. Chapman & Co., Inc., New York.

(2)

$500,000 (PLEDGED) GENERAL MORTGAGE 7% GOLD BONDS; DUE JANUARY 1, 1938

Provisions of Issue—Authorized, $1,000,000 of which $500,000 are pledged with the Trustee of Corporation's Five-Year 7% Secured Gold Notes, due Jan. 1, 1933 described below. The balance of these bonds may be issued under restrictions, as provided in the mortgage.

Sinking Fund—The General Mortgage provides for a fixed sinking fund payable monthly to the Trustee thereunder, beginning January 25, 1929, and for an additional annual sinking fund payable out of income, as provided in the trust indenture.

Security—Secured by a general mortgage on all of the fixed physical properties and developed leases of the Corporation and of the Mid-East Gas Company, subject only to $1,800,000 First Mortgage bonds due January 1, 1943 described above, and to outstanding contracts for the sale of gas and the usual farm mortgages.

(3)

$400,000 FIVE-YEAR 7% SECURED GOLD NOTES, DUE JANUARY 1, 1933

Dated January 1, 1928.

Interest Payable January and July 1, at Fidelity Trust Company of New York.

Stock Purchase Warrants—Each $1,000 note carries a warrant entitling the holder to purchase a unit of 20 shares of Common stock of the Corporation at $5 per share. Warrants may be exercised upon presentation at the office of the Trustee, of notes with warrants attached, at any time on or before January 1, 1933, unless all outstanding notes of this issue shall have been previously called for redemption, in which case warrants may be exercised on or before the interest payment date next succeeding the publication of the redemption notice. Each $500 note carries proportionate stock purchase privileges. The Trust Agreement provides that all cash received by the Corporation through the exercise of stock purchase warrants attached to the notes shall be applied to the retirement of these notes.

Denominations—Coupon, $500 and $1,000; principal may be registered.

Trustee—Fidelity Trust Company of New York.

Provisions of Issue—Authorized and issued, $400,000.

Purpose of Issue—Proceeds from sale of this issue were to be used to reimburse Corporation in part for the cost of properties acquired, for new pipe lines and other improvements, and for other corporate purposes.

Callability—Subject to call as a whole or in part on any interest date, upon 30 days' notice, to and including July 1, 1930, at 103 and interest, the redemption premium decreasing 1% during each year thereafter.

Sinking Fund—Through the operation of the General Mortgage sinking fund it is calculated that the Trustee under the Trust Agreement securing these notes will receive cash, or notes at par, sufficient for the retirement of approximately 50% of this issue prior to maturity, at which time it is estimated that the outstanding First Mortgage bonds will have been reduced by approximately $584,000 . The cash thus received by the Trustee will be applied to the purchase or redemption of notes at not exceeding the then call price.

Security—A direct obligation of Ohio Valley Gas Corporation, secured by pledge with the Trustee of $500,000 General Mortgage 7% Gold bonds, due January 1, 1938.

Legal Opinion—Chapman & Cutler, Chicago, and Koontz, Hurlbutt & Revercomb, Charleston, W. Va.

Tax Provisions—Corporation pays Normal Federal Income Tax up to 2% and agrees to refund certain California, Connecticut, District of Columbia, Iowa, Kansas, Kentucky, Maryland, Massachusetts, Michigan, Minnesota, New Hampshire, Oregon, Pennsylvania, Virginia and Washington taxes, upon timely and proper application, as provided in the Trust Agreement.

Original Offering—First publicly offered ($400,000) in March, 1928, at par and interest, with Common stock purchase warrants, by Sawyer Brothers, Inc., Boston, and Pirnie, Simons & Co., Inc., Springfield, Mass.

FUNDED DEBT

(1)

$1,400,000 FIRST LIEN TWENTY-YEAR 6% GOLD BONDS, SERIES "A"; DUE FEBRUARY 1, 1948

Dated February 1, 1928.

Interest Payable February and August 1, at American Exchange Irving Trust Co., New York, or in Chicago.

Denominations—Coupon, $500 and $1,000; principal may be registered.

Trustee—American Exchange Irving Trust Co., New York.

Provisions of Issue—Open mortgage. Authorized, $2,000,000 Series "A," issued, $1,400,000. Additional Series "A" bonds up to $2,000,000, including present issue, and additional bonds of other series to an unlimited principal amount, may be issued under the Indenture provided the consolidated net earnings of the Corporation and its subsidiaries for 12 consecutive calendar months within 15 calendar months immediately prior to calendar month in which application for issue of such additional bonds is made, shall have been not less than twice annual interest requirements on all bonds then outstanding under Indenture and on all the additional bonds application for issue of which is then made, and then only under further conservative restrictions of Indenture some of which are to be that such additional bonds may be issued: (a) For not exceeding 80% of cost or fair value, whichever is lower, of properties acquired by subsidiaries subsequent to creation of Indenture, including betterments, improvements, extensions, additions or enlargements to or of properties of subsidiaries. (b) For not exceeding 80% of cost to Corporation or fair value, whichever is lower, of capital stocks of subsidiaries or newly acquired subsidiaries directly engaged in the public utility business. In event application is made for issue of additional bonds against any property or interest therein which property is subject to lien of a mortgage to remain outstanding after issue of such additional bonds and not pledged with Trustee under Indenture, or against any stock of a subsidiary which has any funded debt or Pfd. stock outstanding and not theretofore or then pledged with the Trustee under Indenture, there shall be deducted from principal amount of additional bonds otherwise issuable upon such application an amount equal to principal amount of such mortgage, plus principal amount of such funded debt, plus par value or redemption price, whichever is greater, of such Pfd. stock or in case it shall have neither par value nor redemption price then its market value or book value, whichever is greater. (c) In an amount sufficient to retire a like principal amount of bonds previously issued under the Indenture.

Purpose of Issue—Proceeds from sale of these bonds, together with proceeds from sale of junior securities, were used to acquire stocks of certain subsidiaries, to retire funded indebtedness of subsidiaries outstanding in hands of public, to complete improvements and for other corporate purposes.

Security—Secured by a direct first lien through pledge with Trustee under Indenture of not less than 98% of outstanding capital stock of subsidiaries to be controlled upon completion of present financing and also by pledge with Trustee of all outstanding funded debt of such subsidiaries or cash sufficient to acquire or redeem such funded debt. The Corporation covenants in Indenture to cause all stocks and bonds of subsidiaries issued after the creation thereof to be pledged thereunder as additional security for bonds.

Tax Provisions—Corporation pays Normal Federal Income Tax up to 2% and agrees to refund to the holders of these bonds, upon proper and timely application, Pennsylvania, Connecticut and California personal property taxes not exceeding 4 mills per annum, Maryland securities tax not exceeding 4½ mills per annum, District of Columbia and Kentucky personal property taxes not exceeding 5 mills per annum, and Massachusetts Income Tax not exceeding 6% per annum on the interest.

THE SAN ANGELO TELEPHONE COMPANY

History and Property—Incorporated in Texas. Company provides local and long distance telephone service without competition, to the City of San Angelo, Texas and twenty surrounding communities including Sonora, Sterling City, Robert Lee, Sherwood, Rowent, Bronte, Fort Chadbourne, Blackwell, Christoval, Eden, Maryneal, Wall, Carlsbad, Mertzon, Eldorado, Barnhart, Miles, Mereta, Best and Big Lake.

The system at present comprises 7,967 telephones, operating through eighteen exchanges. In addition to local exchange service, the Company maintains a privately owned toll system of 2,900 miles and also affords its subscribers national service outside its territory through a joint operating agreement with the Southwestern Bell Telephone Company and the American Telephone & Telegraph Company.

The system includes 5,189 miles of aerial cable and 21.8 miles single duct underground vitrified clay conduit containing 7,057 miles of wire. The Company will erect immediately, in San Angelo, a modern two-story and basement office building in which will be housed the latest type automatic equipment (dial system) and a new manual toll board, thereby providing the City with the most modern telephonic facilities. The new building and equipment is to be available on or before Sept. 1, 1928, and will provide for the increased facilities now required and permit further expansion as the growth of the City and the demand for telephone service increases.

CAPITAL STOCK

Authorized and outstanding, $600,000 Common; par, $100. A substantial amount of the stock is owned by the Southwestern Bell Telephone Co.

Dividends—Since 1915, the Company has paid dividends in cash amounting to $357,600 and additional stock dividends. The present rate is 10% per annum.

FUNDED DEBT

$1,000,000 FIRST MORTGAGE THIRTY-YEAR SINKING FUND 5% GOLD BONDS, SERIES "A"; DUE FEBRUARY 1, 1958

Dated February 1, 1928.

Denominations—Coupon, $500 and $1,000; principal may be registered.

Trustees—St. Louis-Union Trust Co., St. Louis, Mo., and Claude M. Means.

Provisions of Issue—Authorized amount, not limited; issued, Series "A," $1,000,000. Additional bonds may be issued for not more than 75% of the cost of permanent improvements, extensions, additions and/or acquisitions, provided that net earnings for twelve consecutive months in all preceding fifteen months shall be equal to at least twice the annual interest charges on all first mortgage bonds outstanding, including those to be issued.

Purpose of Issue—Proceeds were used to erect a modern fireproof building, to install automatic equipment of the latest type, and for other corporate purposes.

Callability—Subject to call as a whole or in part on any interest date at not less than 30 days' notice at 103 on or before Feb. 1, 1933; at 102½ thereafter and on or before Feb. 1, 1938; at 102 thereafter and on or before Feb. 1, 1943; at 101½ thereafter and on or before Feb. 1, 1948; at 101 thereafter and on or before

Feb. 1, 1953; and after Feb. 1, 1953 and prior to Feb. 1, 1958 at 100½, plus accrued interest in each case.

Sinking Fund—While any of the Series "A" bonds are outstanding, the Company will pay to the Trustee on or before the first day of February in each year from Feb. 1, 1929, to and including Feb. 1, 1958, an amount equal to 1½% of the aggregate principal amount of Series "A" bonds theretofore outstanding to be applied to the purchase or call of bonds at not exceeding the then current redemption price and accrued interest; said sinking fund is to be increased proportionately in the event of the issuance of any additional series of bonds with greater proportional sinking fund provisions.

Security—Secured by a direct first mortgage on all fixed property and franchises of the Company, including land, buildings, equipment and conduits, and by a direct lien on property hereafter acquired (subject to certain permitted existing liens).

Tax Provisions—Company pays Normal Federal Income Tax up to 2%. Pennsylvania 4 mills tax refunded upon timely application.

TERNI-SOCIETA PER L'INDUSTRIA E L'ELETTRICITA
("TERNI")

History and Property—Company was organized under the laws of Italy in 1884 and well known throughout Europe as "Terni", owns and operates extensive hydro-electric and industrial properties which place it among the foremost Italian business enterprises. The Company not only supplies its own needs for manufacturing purposes but also, on account of its large production of electrical energy, is able to sell current under contract at wholesale to the City of Rome, to important Italian utility companies including Societa Elettricita e Gas di Roma, Societa Elettrica del Valdarno, Unione Esercizi Elettrici and to some miscellaneous customers. The utility systems thus purchasing power from "Terni" serve a territory which includes substantially all of central Italy and embraces the provinces of Tuscany, Umbria, Marche, Abruzzi and Lazio. In this territory "Terni" is the only large wholesaler of electric power.

The following yearly sales of electricity, including that consumed by the Company's own industrial plants, show consistent progress:

Year Ended December 31	Sales of Electric Current in Kwh.*
1923	357,419,000
1924	394,948,000
1925	418,843,000
1926	470,164,000
1927	517,364,000

*The figures given include the output of two small generating stations, the operation of which is being gradually discontinued in favor of the Company's larger plants described below; in 1927 the current produced by these small stations amounted to approximately 3.3% of the above sales for the year.

"Terni", in addition to its electric business, has large, well equipped, industrial plants, the output of which falls principally into two classes; namely (a) special iron and steel products, machinery, etc.; (b) chemical products consisting mainly of ammonium sulphate, calcium cyanamide, calcium carbide, and synthetic ammonia. Other assets of the Company include lignite mines, cement and brick plants, and two freight steamers. In all of its various operations "Terni" employs some 7,800 people.

"Terni" has twelve subsidiary companies which are from 60% to over 98% owned. These companies are largely engaged in activities similar in character or supplementary to the parent Company's business, including the manufacture of chemicals, iron and steel products, machinery, ship building, etc.

Hydro-Electric Properties—The properties of the Company now in operation include four hydro-electric power stations located near the City of Terni, in the Apennine Mountains about sixty miles northeast of Rome. These plants have a combined generating capacity of 86,200 k.w. and reserve equipment with a capacity of 6,800 k.w. Very favorable natural conditions, including a comparatively regular flow of water throughout the year, enable the plants to operate with high efficiency. Besides its generating stations the Company owns switch and transformer stations and a completely interconnected system of approximately 130 miles of high tension transmission lines of 30,000, 66,000 and 130,000 volts. To provide adequate reserve facilities for its present business and also to meet the increasing demand for current, the Company is building a new hydro-electric plant which will have an initial generating capacity of 105,000 k.w., and in addition a subsidiary of "Terni," Societa Elettrica dell'Alto Nera, which is over 98% owned, has under construction a plant with an initial generating capacity of 9,000 kw. The initial installations of both plants are expected to be completed and in operation on or before Sept. 30, 1928. These plants can be subsequently enlarged. "Terni" is also building a high tension transmission line of about 30 miles which will connect its system with the Alto Nera plant.

CAPITAL STOCK

1,500,000 shares, with a par value of Lire 400 each, consisting of 1,094,880 fully paid shares and 405,120 partially paid shares. The Company called for payment in Jan., 1928, the balance due on its partially paid shares.

FUNDED DEBT

(1)

$12,000,000 FIRST MORTGAGE HYDRO-ELECTRIC 6½% SINKING FUND GOLD BONDS, SERIES "A"; DUE FEBRUARY 1, 1953

Dated February 1, 1928.

Interest Payable February and August 1, in U. S. gold coin at office of W. A. Harriman & Co., New York.

Denomination—Coupon, $1,000; principal may be registered.

Trustee—Harris Trust & Savings Bank, Chicago, Ill.

Provisions of Issue—Issued, $12,000,000 Series "A". The Indenture authorizes an additional $13,000,000 of bonds which may be issued in one or more other series and which may vary as to date, interest rate, denominations, maturities, redemption provisions, etc., subject to the following restrictions: (a) such additional bonds may be issued only to the extent of 60% of the cost or fair value, whichever is less, of new electric power properties which will have been subjected to the Mortgage; (b) consolidated earnings (as defined in the Indenture) of the Company and subsidiaries, for 12 consecutive calendar months within the 15 calendar months immediately preceding the application for the issuance of the additional bonds, shall have been not less than 2½ times the annual interest and sinking fund requirements of the total funded debt of the Company and its subsidiaries including the new bonds to be issued; (c) as long as any Series "A" bonds are out-

standing: (1) all bonds issued under the indenture, including the additional bonds, shall not exceed 60% of the fair value of all the property subjected to the mortgage; (2) no such additional bonds shall mature prior to the Series "A" bonds; (3) any additional series shall have a sinking fund sufficient to retire such series by maturity and at approximately the same rate as the Series "A" bonds will be retired.

Purpose of Issue—Proceeds of Series "A" bonds were to be used for the retirement of outstanding funded indebtedness, the completion of the hydro-electric properties being built (including reimbursement for certain expenditures already made) and the construction of further additions to the hydro-electric system of the Company or its subsidiary, Societa Elettrica dell'Alto Nera.

Callability—Subject to call on any interest date, as a whole or in part, on 60 days' notice, except for sinking fund, as follows: At 103 up to and including Feb. 1, 1933; thereafter at 102 up to and including Feb. 1, 1938; thereafter at 101 up to and including Feb. 1, 1943; thereafter at 100.

Sinking Fund—The Indenture provides for progressively increasing, semi-annual, sinking fund payments beginning June 1, 1928, which will be sufficient to retire the entire issue by maturity. In lieu of cash payments the Company, in accordance with the Indenture, may deliver bonds at their principal amount. Sinking fund monies will be used, in so far as it is possible, to purchase bonds in the open market at or below 100; any monies not so used, other than those paid immediately before the final maturity date, will be applied to the redemption of bonds by lot on the next succeeding interest payment date at 100. Notice of drawn bonds will be published in New York City 30 days prior to the redemption date.

Security—A direct obligation of Terni-Societa per l'Industria e l'Elettricita, secured by First Mortgage on the Company's hydro-electric properties described above, including the new work under construction, subject only to the lien securing Lire 48,660,351 ($2,561,071) principal amount of existing funded indebtedness. Company covenants with the Trustee to retire such indebtedness by Aug. 10, 1928, and for this purpose will deposit a sufficient sum in lire with Banca Commerciale Italiana, Milan. Further secured by First Mortgage on the hydro-electric plant being constructed by Societa Elettrica dell'Alto Nera.

According to J. Buchi, Esq., Swiss engineer, the properties to be subjected to the Mortgage, including work under construction when completed, will have a reproduction value less depreciation based on Dec. 31, 1927 prices of $18,600,000. This valuation is composed of the following items: (a) $16,600,000 representing property existing on the above date, which was to be subjected forthwith to the Mortgage; (b) $2,000,000 which has been estimated by the above engineer as sufficient at present prices for the additional work necessary to complete the properties under construction. Of the latter amount, $1,597,000 was to be deposited with Banca Commerciale Italiana Trust Co., New York, in a dollar account to be used for new construction as the Indenture provides; the balance of $403,000 represents advance payments on machinery for the new plants, which Company agrees to subject to the Mortgage. Company covenants to invest a portion of the proceeds of this issue in additional properties which will form a part of the hydro-electric system and to subject such properties to the Mortgage. This amount, calculated at current rate of exchange, will increase such total present value of the mortgaged property to at least $20,000,000.

Tax Provision—Interest payable without deduction for any taxes, present or future, levied by or within the Kingdom of Italy.

Legal Opinion—Sullivan & Cromwell, New York, except as to matters of Italian law which were to be passed upon by Avv. Roberto Pozzi, Milan.

Original Offering—First publicly offered ($12,000,000) in January, 1928, at 90¼ and interest, to yield about 7.35% by W. A. Harriman & Co., Inc., Harris, Forbes & Co., Banca Commerciale Italiana Trust Co., New York; Harris Trust & Savings Bank, Chicago; Harris, Forbes & Co., Inc., Boston, and Harris, Forbes & Co., Ltd., Montreal.

Listed—Boston Stock Exchange.

(2)

There was also outstanding at Dec. 31, 1927 a 4% Mortgage Loan of Lire 4,850,000 ($255,263), issued 1904 and due 1928-32, secured by Mortgage on metallurgical plants.

(Aktieselskabet Vamma Fosskompagni)

(Controlled by the Hafslund Company)

History and Property—The Hafslund Company (Aktieselskabet Hafslund) is the oldest and, together with its two subsidiaries, the second largest producer of electric power in Norway. It was organized in 1898 to operate on the Glommen River the first important hydro-electric plant in Norway. In 1906 it acquired all the shares (except three directors' qualifying shares) of Glommen Woodpulp Company (Aktieselskabet Glommens Traesliberi) which originally owned only a small pulp mill but has since developed a large hydro-electric plant so that it has now become principally a power company. In 1912 the Hafslund Company acquired all the shares (except two directors' qualifying shares) of Vamma Water Power Company (Aktieselskabet Vamma Fossekompagni) which now owns the largest and most modern of the three plants in the system with a present installed capacity of 102,000 h.p. The three plants have a total installed capacity of 173,000 h.p. and are thoroughly interconnected by a system of 50,000 volt transmission lines which extends to the City of Oslo and to the more important municipalities served by the Companies.

The Hafslund Company also owns and operates a carbide factory which is one of its large consumers of electric power. It has in addition certain comparatively small investments in other Norwegian companies.

About 90% of the Companies' output is wholesaled under long term contracts, about half of the power thus contracted for being taken up by industrial concerns and the other half by municipalities and other public bodies mostly for domestic purposes. The largest contract is with the City of Oslo calling for 18,075 k.w. per year (24,229 h.p.) at a price which gradually declines from $9.38 per k.w. per year to a low of $7.23 in 1945. The remaining 10% of the Companies' output is retailed by the Companies in rural districts from their own distribution system. Total power sold in 1926 amounted to over 628,000,000 k.w.h.

The territory served by the Companies includes the City of Oslo, population 258,000, and the Counties of Oestfold and Akershus situated to the east and northeast of Oslo Fjord. This is one of the most densely

populated and one of the most important industrial sections in Norway. The total population of the territory exceeds 600,000.

Franchises—The Norwegian Concession Law now requires a company to obtain a concession and pay an annual royalty in order to operate a hydro-electric plant or transmission lines. The three plants in the Hafslund system, however, were erected prior to the passage of this Law and the Companies have the perpetual right to operate them without the necessity of concessions or payment of royalties except for a small part of the transmission lines. This right, however, cannot be pledged or transferred directly but is not affected by a change in ownership, through pledge or otherwise, of the stock of the Vamma Company all of which, except directors' qualifying shares, is specifically pledged as security for the guarantee of the Hafslund Company.

CENTRAL GAS AND ELECTRIC COMPANY

(Controlled by Central Public Service Corporation)

History and Property—Incorporated July 25, 1925, in Delaware, as the Wisconsin Public Utility Company; name changed to present title in March, 1926. Through subsidiary companies, Central Gas and Electric Company furnishes public utility service in various communities of Illinois, Wisconsin, Michigan, Indiana, Pennsylvania, Maryland, Maine, New Brunswick and Florida, comprising a population of approximately 435,000.

The sources of net revenue are as follows:

Electric light and power	80.8%
Gas	12.0%
Water	2.7%
Railway, ice and heat	4.5%

The majority of the properties in Wisconsin, Lower Peninsula of Michigan, Maine and New Brunswick are hydro-electric. The present capacity of the electric stations equals 90,745 h.p., of which 23,515 h.p. is hydro-electric. Connected to these stations are 1,038 miles of transmission lines. The gas plants have a rated capacity of 5,070,000 cubic feet of gas per day and the gas distribution systems total 371 miles of mains.

The operating subsidiary companies of Central Gas and Electric Company are as follows:

Illinois Public Utility Company.
Hoosier Public Utility Co.
Zoller Gas Co.
Princeton Utilities Co.
Princeton Water & Light Co.
Central States Gas Co.
Wisconsin Public Utility Co.

Southern States Power Co.

Illinois—Electric power and light is distributed in the agricultural districts lying between Springfield and Danville, including Lincoln, Heyworth, Wapella, Mt. Pulaski, Bement, Homer, Ivesdale, Philo, Sidney, Fairmount, Jamaica, Kenney, Latham, Chestnut, Atwood and, farther south, in Albion and Bellmont. Gas and water are also supplied in Lincoln, and gas in Freeport, Ill. Rockford, Ill., is supplied with electric light, power and heat.

Wisconsin—Electric power and light is furnished to a dairying and manufacturing district, 30 miles northwest of Milwaukee, including West Bend, Barton, Young America, Kohlsville, Newburg, Saukville, Waubeka, Fredonia, Random Lake and adjoining territory—all connected by transmission lines. At West Bend, on the Milwaukee River, energy is generated from a combined hydro-electric and steam power plant.

Indiana—Electric and gas service is supplied to the City of Greensburg, county seat of Decatur County. Water service is furnished in Princeton. Gas is also supplied to Princeton and Vincennes. Electric light and power is also supplied to Hope and Osgood, Ind.

Michigan—Electric light and power is distributed from a combined hydro-electric and steam station at Plainwell to Plainwell, Martin, Shelbyville, Hopkins, Hopkinsburg, Bradley, Wayland, Moline, Byron Center and Cutlerville. The northern half of this district is rapidly becoming a suburban residential section of Grand Rapids. From a hydro-electric station on the Betsie River near Frankfort, Mich., energy is transmitted to, and distributed in Frankfort, Benzonia, Beulah, Crystal Lake, Elberta, Bear Lake and Arcadia. In the upper peninsula, electricity is furnished to Iron River and Stambaugh. The electric properties at Houghton supply Houghton, Hancock, Red Jacket, Laurium, Lake Linden, Hubbell, South Range, Dollar Bay and mining locations of Atlantic, Isle Royale, Quincy, Osceola, Wolverine, Allouez, Ahmeek and Mohawk, Mich.

Florida—In Northern Florida, Marianna, Blountstown and Fernandina are supplied with both electric light and power and ice, with Cottondale supplied with electricity. In addition water service is supplied to Marianna and Fernandina by a pumping station having a daily capacity of 750,000 gallons and a distribution system comprising 13 miles of mains. The Company owns an ice manufacturing plant having a capacity of 100 tons per day. Electric light and power is supplied from both the steam and hydro generating stations of the Company.

Pennsylvania—Gas service is furnished to Pottsville and two adjacent communities. Pottsville is located in the eastern part of the State on the Schuylkill River in the center of one of the most important coal mining and metal manufacturing sections of the country.

Maryland—In Hagerstown, having a population of approximately 35,000, gas service is supplied. Hagerstown is a well established industrial community in the heart of a prosperous mining, quarrying and agricultural section of the United States.

Maine and New Brunswick—The output from the Company's 11,000 h.p. hydro-electric plant at Tinker, New Brunswick, is distributed in, or wholesaled to, various towns in northeastern Maine and the adjoining territory in New Brunswick, the most important of which are Presque Isle, Easton, Fort Fairfield, Fort Kent and Madawaska, Maine, and Grand Falls, Carleton and Woodstock, New Brunswick. Electricity is also supplied to Patten, Medway, Island Falls and Oakfield, Maine. Farther south in the state, Milo and seven adjacent towns are served. This section is exceedingly prosperous and affords an exceptional opportunity for new power and light business.

FUNDED DEBT

(1)

$5,808,900 CENTRAL GAS & ELECTRIC CO. FIRST LIEN COLLATERAL TRUST SINKING FUND GOLD BONDS, 6% SERIES OF 1926; DUE MARCH 1, 1946

Dated March 1, 1926.

Interest Payable March and September 1, at Central Trust Co. of Illinois, Chicago, and The Chase National Bank, New York.

Denominations—Coupon bonds in interchangeable (upwards) denominations of $100, $500 and $1,000; principal may be registered.

Trustee—Central Trust Co. of Illinois, Chicago.

Purpose of Issue—The proceeds from the sale of these bonds and other securities were used to provide funds to retire outstanding securities, for the acquisition of property, and for other corporate purposes.

Provisions of Issue—Issued, $6,500,000; outstanding, $5,808,900 6% Series of 1926. Additional bonds, issuable in series may be issued up to 75% of the cost or value (whichever is lower) of after acquired physical operating properties on the basis of the deposit and pledge of 100% of the outstanding capital stock and funded debt thereof (reserving bonds out of those otherwise issuable for securities not so acquired and deposited) and also for not exceeding 75% of the cost or value (whichever is lower) of extensions or betterments to the operating physical properties, provided, however, net consolidated earnings (as defined in the indenture) for a period of twelve months out of the preceding fifteen months shall equal 1¾ times the annual interest on all bonds outstanding and those to be issued. Additional bonds may also be issued par for par for refunding purposes. The Indenture provides for a maintenance and renewal provision equal to 12½% of gross operating revenues.

Callability—Subject to call as a whole or in part on the first day of any calendar month after 60 days' notice at 105 through March 1, 1931, and thereafter decreasing ¼ of 1% each 12 months and accrued interest.

Sinking Fund—A sinking fund equal to 1% of the highest principal amount of bonds of the 6% series of 1926 theretofore issued, is to be applied semi-annually to the purchase of such bonds at not exceeding the call price at the time in effect and to the extent not so applied in respect of betterments to operating properties not theretofore used, or thereafter usable, as a basis for issue of bonds. All bonds purchased shall be cancelled and not reissued.

Security—These bonds will constitute a first lien on the constituent properties through deposit with the Trustee of all outstanding bonds and stock of operating properties, excepting $562,000 5% bonds of the Freeport Gas Co., due 1932, $2,320,000 Rockford Electric Co. First Refunding 5s of 1939, $600,000 Michigan Water Power Co. First Mortgage 6s of 1946, and $291,000 Hagerstown Light & Heat Co., First Mortgage 5s of 1962, for the retirement of which a like amount of additional bonds will be reserved. No securities may be issued on any constituent property unless deposited with the Trustee and pledged directly or indirectly under the Indenture.

Tax Provisions—Company pays Normal Federal Income Tax up to 2%. Pennsylvania and Connecticut 4 mills taxes, Maryland 4½ mills tax, District of Columbia and Kentucky 5 mills taxes, California tax not exceeding in the aggregate 5 mills, Michigan 5 mills exemption tax and the Massachusetts 6% income tax, refunded upon application.

Legal Opinion—Chapman, Cutler & Parker, Chicago (for the Company), and Roberts & Montgomery, Philadelphia (for the Bankers).

Original Offering—First publicly offered in April, 1926, at 98½ and interest, to yield 6.13% by H. M. Byllesby & Co., Inc., and West & Co., New York, etc.; Federal Securities Corp., Pearsons-Taft Co. and Thompson Ross & Co., Chicago, etc., and W. S. Hammons & Co., Portland, Ore.; $2,300,000 additional offered in March, 1927, at 95 and interest, to yield about 5.95%, by Federal Securities Corp., H. M. Byllesby & Co., Inc., West & Co., and Thompson Ross & Co., Inc.

Listed—Chicago Stock Exchange.

Price Range—1926: High, 98½; low, 97.

Receivership—On Nov. 29, 1921, Samuel B. Tuell, Houghton, Mich., was appointed Federal Receiver to take possession of and manage the properties of the company. During 1925 the Receiver continued to operate with the 8-ct. cash fare, which went into effect Dec. 9, 1920, and the weekly transferable zone pass which went into effect, replacing the seven-cent tickets, on July 24, 1922. On July 1, 1926, Receiver Tuell resigned, and John Ralph, Houghton, Mich., was appointed Receiver.

Default—Protective Committee—The Committee named below, in Dec. 1922, notified holders of the First Consolidated Gold 5% bonds, dated Sept. 1, 1908, that it had been advised that the Receiver would be unable to pay semi-annual coupon due Jan. 1, 1923, on the bonds. Bondholders were asked to forward their bonds to the Old Colony Trust Co., Boston, Depositary, for deposit under a deposit agreement. Upon adoption of any plan or in case of any amendment of the depositary agreement, depositors have the right to withdraw on terms specified in the agreement, which include the payment of a pro-rata share of the Committee's expenses, not exceeding however 2% of the face value of the bonds withdrawn. Committee: Frank B. Bemis, Ernest B. Dane and Nathaniel H. Stone, with V. D. Vickery, 147 Milk St., Boston, as Secretary, and Ropes, Gray, Boyden & Perkins, Boston, as Counsel. Last interest coupon paid, due Jan. 1, 1926, paid in January, 1928.

In October, 1927, it merged with the Michigan Water Power Company forming a new corporation, viz.: Lower Peninsula Power Company having 15,000 shares without par value Common stock. Serves Frankfort, Plainwell, Wayland and their neighboring towns with electric light and power.

The Company owns all the land, flowage rights, water rights, State rights, etc., and two hydro developments on the Thornapple River, located at Cascade

and Ada, about ten miles from the city of Grand Rapids, Mich.

The entire output of these two plants, modern throughout with reinforced concrete arched dams and two most efficient modern power houses, operating under 22 foot and 28 foot heads, respectively, with a total installed capacity of 7,200 h.p., is contracted for by the Consumers Power Company of Michigan, for a period of fifty years.

CAPITAL STOCK

Authorized and outstanding, 15,000 shares Common stock of no par value. Stock control is held by Central Public Utility Company.

Annual Meeting—First Tuesday in February.

FUNDED DEBT

(1)

$594,000 MICHIGAN WATER POWER COMPANY FIRST (CLOSED) MORTGAGE SINKING FUND GOLD 6s; DUE JANUARY 1, 1946

Dated January 1, 1926.

Interest Payable January and July 1, at National Bank of the Republic, Chicago, Ill., or at Michigan Trust Co., Grand Rapids, Mich.

Denominations—Coupon $100, $500 and $1,000; principal may be registered.

Trustee—National Bank of the Republic, Chicago, Ill.

Provisions of Issue—Authorized and issued, $600,000; retired by sinking fund, $6,000.

Callability—Subject to call in whole or in part on any interest date on sixty days' notice at 105 and accrued interest.

Sinking Fund—The mortgage provides for an annual sinking fund of 1% of the total amount of bonds issued, to be used to purchase or redeem bonds beginning Jan. 1, 1928.

Security—Secured by a mortgage on all of the Company's property now owned or hereafter acquired, including land, flowage rights, generating plants and transmission lines connecting the dams having an appraised value in excess of $1,500,000, subject only to a contract with the Consumers Power Company and to the prior lien created on said property by the terms thereof, which provide that no mortgage shall impair the obligation of the Company under its contract and that in even of default under the contract the Consumers Power Company shall have right to possess and operate the property for the purpose of securing due performance of the contract. This contract for the entire current generated and all profits arising therefrom have been pledged under the mortgage, thus assuring that all net earnings of the Company will be at all times available for the requirements of these bonds both principal and interest.

Tax Provisions—Company pays Normal Federal Income Tax up to 2%. Tax exempt in Michigan.

Legal Opinion—Chapman, Cutler & Parker, of Chicago, and Butler, Lamb, Foster & Pope, of Chicago.

FUNDED DEBT

(1)

$11,000,000 FIRST LIEN COLLATERAL TRUST GOLD BONDS, 5½% SERIES OF 1927; DUE MARCH 1, 1957

Dated March 1, 1927.

Interest Payable March and September 1, at Harris Trust & Savings Bank, Chicago, Ill., and The Chase National Bank of the City of New York.

Denominations—Coupon, $500 and $1,000 interchangeable (upwards); principal may be registered.

Trustee—Harris Trust & Savings Bank, Chicago, Ill.

Provisions of Issue—Issued, $11,000,000 5½% Series of 1927. Additional bonds, issuable in series, may be issued up to 75% of the cost or value (whichever is lower) of after-acquired physical operating properties on the basis of the deposit and pledge of 100% of the outstanding capital stock and funded debt thereof (reserving bonds out of those otherwise issuable for securities not so acquired and deposited) and also for not to exceed 75% of the cost or value (whichever is lower) of extensions or betterments to the operating physical properties, provided, however, net consolidated earnings (as defined in the indenture) for a period of 12 months out of the preceding 15 months shall equal 1¾ times the annual interest on all bonds outstanding and those to be issued. Additional bonds may also be issued par for par for refunding purposes.

Purpose of Issue—The proceeds from sale of these bonds were used in part to pay for the acquisition of properties, to retire indebtedness and for other corporate purposes.

Callability—Subject to call as a whole or in part on the first day of any calendar month after 60 days' notice at 105 through March 1, 1932; and thereafter decreasing ¾ of 1% for each 5-year period ending and including March 1 of the respective year; and at par during the last year; plus accrued interest.

Maintenance and Renewal—The indenture includes maintenance and renewal provisions, including 10% of gross on gas revenues, and 8% of gross on revenues from water.

Security—Secured by a first lien on the constituent properties through deposit and pledge, with the Trustee, of all outstanding bonds, notes and stock of the operating companies, excepting and subject to $2,275,365 divisional bonds, for the retirement of which a like amount of these bonds may be issued, and certain securities for the retirement whereof cash will be deposited with the Trustee. No securities may be issued on any constituent property unless pledged directly or indirectly under the trust indenture. Operating properties have been recently appraised by independent engineers at net depreciated value in excess of $24,600,000.

Tax Provisions—Company pays Normal Federal Income Tax up to 2%, and will refund upon proper and timely application the Pennsylvania and Connecticut 4 mills taxes, Maryland 4½ mills tax, District of Columbia and Kentucky 5 mills taxes, California taxes not exceeding in the aggregate 5 mills, Michigan 5 mills exemption tax and the Massachusetts 6% income tax.

Legal Opinion—Roberts & Montgomery, Philadelphia (for the Bankers) and Chapman, Cutler & Parker, Chicago (for the Company).

Original Offering—First publicly offered ($7,500,000) in March, 1927, at 94¾ and interest, to yield over 5.87% by H. M. Byllesby & Co., Thompson Ross & Co., Inc., Hambleton & Co., New York, etc., Federal Securities Corp., Chicago, and West & Co., Philadelphia; $3,500,000 additional offered in November, 1927, by the same bankers.

Listed—Chicago Stock Exchange.
Price Range—1927: High, 99; low, 92½.

(2)

$2,500,000 THREE-YEAR 5½% GOLD NOTES; DUE NOVEMBER 1, 1930

Dated November 1, 1927.

Interest Payable May and November 1, at Harris Trust & Savings Bank, Chicago, or at The Chase National Bank of the City of New York, N. Y.

Denominations—Coupon, $500 and $1,000, interchangeable (upwards); principal may be registered.

Trustee—Harris Trust & Savings Bank, Chicago.

Provisions of Issue—Authoried and issued, $2,500,000.

Purpose of Issue—Proceeds were used in part to pay for the acquisition of properties, to retire indebtedness and for other corporate purposes, or to reimburse the Company for such expenditures.

Callability—Subject to call as a whole or in part on the first day of any calendar month after 30 days' notice at 101½ for the first six months, and thereafter decreasing ¼ of 1% each succeeding six months, and accrued interest.

Sinking Fund—None provided.

Security—Notes are the direct obligation of the Company, subject only to the First Lien Collateral Trust Gold bonds and divisional bonds outstanding. Notes are issued under a Trust Indenture which provides that no additional secured or unsecured funded debt (other than First Lien Collateral Trust Gold bonds) may be issued unless consolidated net earnings (as defined in the Indenture) for twelve consecutive months out of the preceding fifteen months, shall equal 1½ times the consolidated annual fixed charges (as defined in the Indenture).

Tax Provisions—Company pays Normal Federal Income Tax up to 2%. Pennsylvania and Connecticut four mills taxes, Maryland 4½ mills tax, District of Columbia and Kentucky 5 mills taxes, California tax not exceeding in the aggregate 5 mills, Michigan 5 mills exemption tax and Massachusetts 6% income tax refunded upon proper and timely application.

Legal Opinion—Roberts & Montgomery, Philadelphia (for the Bankers), and Cutting, Moore & Sidley, Chicago (for the Company).

Original Offering—First publicly offered ($2,500,000) in November, 1927, at 98⅞ and interest, to yield over 5.90%, by Federal Securities Corp., Thompson, Ross & Co., Chicago, H. M. Byllesby & Co., Inc., Hambleton & Co., New York, and West & Co., Philadelphia.

FUNDED DEBT

$1,250,000 FIRST LIEN SINKING FUND 5½% GOLD BONDS, SERIES "A"; DUE JANUARY 1, 1953

Dated January 1, 1928.

Interest Payable January and July 1 in Chicago, New York, or at The Continental National Bank of Indianapolis, Ind.

Denominations—Coupon, $500 and $1,000, interchangeable; principal may be registered.

Trustee—The Continental National Bank of Indianapolis, Ind.

Provisions of Issue—Authorized amount unlimited; issued, Series "A", $1,250,000. Additional bonds may be issued in series on the following basis: provided the net consolidated earnings, as defined in the Trust Agreement, for twelve consecutive calendar months within fifteen calendar months immediately prior to the application for such additional bonds shall have been not less than two and one-half times the total interest charges on all bonds outstanding under the Agreement and on all additional bonds then proposed to be issued, and then only (a) for not in excess of 66 2/3% of the cost or fair value, whichever, is lower, of extensions, enlargements, additions, betterments or improvements to the properties owned or operated by the subsidiaries; (b) for subsequently acquired subsidiaries or systems in an amount not in excess of 66 2/3% of the cost or fair value, whichever is lower, as determined by independent engineers, provided the Company owns or is concurrently acquiring and pledging under the Trust Agreement not less than 95% of the Common stock and all other outstanding stock and securities of each company to be operated as a subsidiary. Additional bonds may also be issued to refund a like principal amount of bonds of any previous series of bonds issued and outstanding under the Trust Agreement.

Purpose of Issue—Proceeds were used to retire all of the outstanding funded indebtedness of subsidiary companies, not pledged with the Trustee, to reimburse the Company for expenditures made in the acquisition of new properties and extensions thereto and for other corporate purposes.

Callability—Subject to call, as a whole on any interest date, on 30 days' notice to and including Jan. 1, 1929 at 105 and accrued interest; thereafter to and including Jan. 1, 1938 at 103 and accrued interest; thereafter, to and including Jan. 1, 1943 at 102 and accrued interest; thereafter, to and including Jan. 1, 1948 at 101 and accrued interest, and thereafter at 100 and accrued interest. Subject to call in part on any interest date on 30 days' notice to and including Jan. 1, 1933 at 105 and accrued interest; thereafter, to and including Jan. 1, 1938 at 104 and accrued interest; thereafter, to and including Jan. 1, 1943 at 103 and accrued interest; thereafter, to and including Jan. 1, 1948 at 102 and accrued interest; thereafter to and including Jan. 1, 1952 at 101 and accrued interest; thereafter at 100 and accrued interest.

Sinking Fund—Company covenants that it will in each of the years 1929 to 1952, both inclusive, pay to the Trustee in cash a sum equal to 1% of the then outstanding first lien bonds of such series, such sums to be used in the redemption of first lien bonds of said series in the manner and method set forth in the Trust Agreement.

Maintenance and Improvement Fund—The Company covenants that it will, out of the annual gross earnings of each subsidiary beginning with the year 1928, and for each current year thereafter, pay an amount equal to not less than 25% of its gross earnings as a special trust fund, which may, upon proper showing to the Trustee, be expended for improvements, maintenance and additions to the properties, but against which expenditures no bonds may be issued. Any balance of this fund remaining on deposit with the Trustee on Dec. 31, subsequent to payment to the Trustee, shall be used by the Trustee in the purchase and retirement of bonds of this issue.

Security—Bonds are a direct obligation of the Company and in addition are secured by deposit with the Trustee of all of the outstanding capital stock (except qualifying shares) of the Winona Telephone Co., Commercial Telephone Co., Whitley County Telephone Co., Johnson County Telephone Co., Pennville Telephone Co., Geneva Telephone Co., Roann Telephone Co., Salamonia Telephone Co., The Syracuse Home Telephone Co., Pierceton Telephone Co., Home Telephone Co. of Portland, Mt. DOMINION POWER & TRANSMISSION COMPANY, LIMITED

History—Incorporated Jan. 22, 1907, in Canada, as a holding Company, with perpetual charter. The companies controlled supply light and power to the Cities of Hamilton, St. Catharines, and Brantford, and the municipalities of Port Colborne, Grimsby, Dundas, Oakville, Beamsville and Burlington. Also operates street and interurban railways in the City of Hamilton and adjoining municipalities. The population served is in excess of 300,000.

Companies owned or controlled are: Hamilton Cataract Power, Light & Traction Co., Ltd., Brantford & Hamilton Electric Ry. Co., Hamilton, Grimsby & Beamsville Electric Ry. Co., Hamilton Terminal Co., Ltd., Hamilton Street Ry. Co., Hamilton Electric Light & Power Co., Ltd., Dundas Electric Co., Ltd., Hamilton Radial Electric Ry. Co., Lincoln Electric Light & Power Co., Ltd., and Western Counties Electric Co., Ltd. Operation of the Hamilton & Dundas Street Ry. Co. has been discontinued.

The Company's water power plant located at De Cew Falls, St. Catharines, Ont., 33 miles from Hamilton, has a present generating capacity of 50,000 h.p. Water is taken from the Lake Erie level of the Welland Canal under contract with the Dominion Govt., which with renewals, extends to 1961. The power is developed under a static head of 265 ft., or 120 feet greater than at Niagara. An auxiliary steam plant at Hamilton designed for a capacity of 80,000 h.p. has a present installed capacity of 26,000 h.p. This allows the Company to use its entire hydro-electric development instead of having to keep one unit in reserve. With the addition of this station the Company now has a total installed generating capacity of 76,000 h.p. The Company has four transmission lines from its power development at De Cew Falls to Hamilton, the last one was erected in 1926 on the Company's own right of way. The total length of the Company's transmission lines is now over 287 miles, and of distribution lines, 183 miles. Substations, 12.

The street railway system consists of over 33 miles of lines in Hamilton and 85 miles of interurban lines. including an extension to Brantford, over private right of way, completed in 1907. Total track, 136 miles.

The Hamilton Bus Company was operating a service under a Provincial License between Hamilton and St. Catharines in competition with the Hamilton, Grimsby & Beamsville Electric Ry. Co. In order to improve its position the Dominion Power & Transmission Co., Ltd., negotiated with that Company and in 1927 purchased its seven buses and is now operating the same.

An agreement eliminating charges for mileage and percentage and giving the Company an exclusive franchise after June 30, 1928, and the right to apply to the Ontario Railway Board for an adjustment of the fares, based on an adequate return on the capital invested, was voted on May 10, 1926, and was carried by a large majority, and was ratified by the Ontario Legislature. The franchise is perpetual. The City, at any time, has the option of purchasing on an appraisal value fixed by arbitration.

Franchises—The franchises of the Company are generally of a satisfactory character, the most important covering the supply of power and light in the City of Hamilton runs until 1928 and is renewable thereafter for 5-year periods. Should the City not wish to renew this franchise it must take over the entire properties of the Company both within and without the City limits.

CAPITAL STOCK

ISARCO HYDRO-ELECTRIC COMPANY

(Societa Idroelettrica dell'Isarco)

History and Property—Organized under Italian law on December 21, 1924, for the purpose of constructing and operating hydro-electric works at Cardano on the Isarco River in Trentino, Italy. Duration of charter is 60 years. The water rights concession granted by the Italian Government to the Company is for a period of 60 years beginning from May 20, 1923, and, upon its expiration, all of the properties connected with the derivation and flow of waters become the property of the Government. When completed, the plant will have a total installed capacity of about 227,000 h.p., of which 49,000 h.p. is reserve. Average annual output is calculated at over 500,000,000 kilowatt hours. As of April, 1928, it was about 65% completed, and it is expected to be ready for operation at full capacity by Jan. 1, 1930, with at least one unit of 40,000 h.p. in operation in the Spring of 1929 and the other units at intervals thereafter.

The total cost of the plant when completed has been estimated at approximately Lire 250,000,000 ($12,500,000), including interest and return on capital payable under Italian law during construction. In addition to the proceeds of the bonds described below, and the amount paid in on its capital stock, the Company will also be entitled to a subsidy from the Italian Government under Royal Decree Laws providing for annual subsidies to hydro-electric plants commenced after Jan. 1, 1919, and in an advanced state of construction before Dec. 31, 1928. The capitalized value of this subsidy is estimated at approximately one-sixth of the total cost of the work.

Power Contracts—Total output, except a small amount reserved by the Company for local sale, has been contracted for with Piedmont Hydro-Electric Company (Societa Idroelettrica Piemonte) and the Italian State Railways (Ferrovie dello Stato Italiano). Under these contracts power is sold at the station, the users constructing the necessary transmission lines and accessories. The Company covenants that neither of these contracts will be cancelled or modified without the consent of the American Trustee.

The Piedmont Hydro-Electric Company with its controlled companies is the second largest producer and distributor of electrical energy in Italy. It supplies the rich industrial district centering in Turin, and the cotton manufacturing district of Lombardy, and has over 240,000 customers. The production of Piedmont Hydro-Electric Company for the calendar year 1926 was approximately 1,300,000,000 k.w.h. As shown by the last public figures (March 31, 1926) the net worth of the Piedmont Hydro-Electric Company was over Lire 684,000,000 ($34,200,000).

The basis of the contract with the Piedmont Company is, that the latter shall make payments to the Isarco Company at the annual rate of 17% on the total net cost of the completed plant. After allowance for the Government subsidy above referred to, this net cost is estimated to be approximately Lire 210,000,000 ($10,500,000).

CAPITAL STOCK

Authorized and outstanding, December 31, 1927, Lire 115,000,000 (about $5,750,000), all of which has been paid in cash; par value, Lire 250 per share. A majority of the stock is owned by the Banco di Roma, guarantor during construction, and about 26% is owned by the Piedmont Hydro-Electric Company, contractor for its output.

Annual Meeting—Within three months after close of fiscal year which ends December 31, at principal office of Company.

Dividends—Company has paid dividends at rate of 5% per annum since its organization. This is in accordance with an article in the Italian Code of Commerce which permits a corporation for the first three years to pay 5% dividends by way of interest, charged to organization expenses.

INDIANA ELECTRIC CORPORATION

(Controlled by Central Indiana Power Co.)

History and Property—Organized under the laws of Indiana. Owns the mineral rights of over 3,300 acres of proven coal lands, and has completed the construction of a central-station generating plant, with an initial electrical equipment installation of 60,000 k.w. capacity. The site combines the availability of cheap fuel and adequate condensing water, being located on the Wabash River in the heart of the Indiana coal fields immediately adjoining the Company's coal lands. The plant is connected by high tension transmission lines with the distribution system of subsidiaries of the Central Indiana Power Co. The Company operates under an indeterminate permit pursuant to the laws of the State of Indiana.

Plan of Consolidation—Tentative plans for consolidation of Central Indiana Power Company (see General Index) and subsidiaries with Terre Haute, Indianapolis & Eastern Traction Co. (see General Index) and certain subsidiaries announced in June, 1926, provided that Indiana Electric Corp. should acquire by purchase or consolidation all franchises and other assets of Central Indiana Power Co. as adjusted, and should acquire by consolidation all of the property, frachises and other assets of Terre Haute, Indianapolis & Eastern Traction Co. as adjusted, including virtually the entire Common stock of the Indiana Central Rapid Transit Co. (a new company) to be presently outstanding. It would also acquire all the property franchises and other assets of the Terre Haute Traction & Light Co. as adjusted. On completion of plan, mortgage of the Indiana Electric Corp. would attach as a direct first lien to all physical property already owned by it, together with the properties previously owned by the Terre Haute, Indianapolis & Eastern Traction Co. with certain exceptions and the properties of the Terre Haute Traction & Light Co. subject only to $1,500,000 prior lien divisional bonds. It was announced in April, 1928 that terms of security exchange had been so altered that many more months might elapse before the consolidation plan would be presented for approval of Indiana Public Service Commission.

CAPITAL STOCK

FUNDED DEBT

(1)

$4,658,800 FIRST MORTGAGE GOLD 6s, SERIES "A"; DUE NOVEMBER 1, 1947

Dated November 1, 1922.

Interest Payable May and November 1, at office of Halsey, Stuart & Co., Inc., in Chicago or New York.

Denominations—Coupon (interchangeable denominations), $100, $500 and $1,000; principal may be registered.

Trustee—Union Trust Co., Chicago; Rufus F. Chapin, Co-Trustee.

Provisions of Issue—The mortgage provides that additional bonds of this series (or other series bearing such rates of interest, maturing at such times and having such other provisions as the Board of Directors at the time of issuance may determine) may be issued par for par for cash, or United States obligations, or for refunding purposes and to the extent of 75% of the cost of additions, betterments, and new property coming under the lien of the mortgage (exclusive of the generating plant and equipment above mentioned). Bonds may also be issued to the extent of 75% of the cost or value (whichever is less) of stock of a subsidiary pledged under the mortgage, provided that the amount of such bonds, plus the funded debt of the subsidiary at the time of pledge, shall not exceed 75% of the then value of the latter's property. A subsidiary is defined as a corporation of which 95% of its capital stock having full voting rights and not less than 75% of each other class of its outstanding capital stock which might become entitled at any time to voting rights without the consent of the deposited voting stock are pledged under the mortgage, and its mortgage debt outstanding does not exceed 75% of the value of its permanent property at the date of such pledge. Bonds may also be issued to the extent of 75% of the cost of additions, betterments and new property of a subsidiary, and on account of the payment or refundment par for par of its funded debt. $286,000 of these bonds are owned by Central Indiana Power Co.

Callability—Subject to call as a whole or in part at any time on 30 days' notice at the following prices and accrued interest: On and from Nov. 1, 1932, to Nov. 1, 1937, at 107½; on and from Nov. 1, 1937, to Nov. 1, 1942, at 105; on and from Nov. 1, 1942, to May 1, 1947, at 102½, and on and after May 1, 1947, at 100.

Guaranty and Power Contract—Unconditionally guaranteed principal and interest by the Central Indiana Power Co., which has also entered into a contract to cause its subsidiaries to purchase annually, during the life of these bonds, such an amount of electricity to be generated at the new plant and at such rates as will when added to the moneys derived from the sale of electricity to others, be sufficient to meet all operating expenses, taxes, fixed charges and all other necessary disbursements (other than for capital purposes, for the year).

Security—Secured equally with Series "B" and "C" bonds by a first mortgage on the new power station and by a mortgage on all future acquired property, subject to underlying bonds, if any.

Tax Provisions—Company pays Normal Federal Income Tax up to 2%. Massachusetts income tax not exceeding 6%, Pennsylvania and Connecticut taxes not exceeding four mills refunded upon request within 60 days.

Legal Opinion—Isham, Lincoln & Beale, Chicago.

OKLAHOMA NORTHERN GAS COMPANY

History and Business—Company, through its subsidiaries, produces, purchases and distributes gas to a number of towns and industries in Oklahoma and Kansas. The gas is collected from the wells of Company's subsidiary, **Kay Oil Company,** in the Deer Creek Field in north central Oklahoma and from additional acreage by contract. Kay Oil Company owns leases in this field estimated to contain not less than twenty billion cubic feet of natural gas and in addition has a contract in force as long as gas is produced and extending beyond the life of the First Lien Sinking Fund 6½% Gold bonds, due June 1, 1934, described below, for gas from an additional large producing area in the same field. The major portion of the gas is transported to the various markets through the subsidiary company's own pipe lines consisting principally of two eight-inch lines extending 33 miles from the field to Enid, Oklahoma, and a four-inch pipe line extending northward to the Kansas State line, in which a subsidiary of this Company owns a one-half interest. The principal sales of gas at wholesale to the utility companies are under contracts which extend beyond the life of Company's First Lien bonds and are as follows: The Oklahoma Gas & Electric Co. at Enid, Okla.; The Oklahoma Natural Gas Co. for the supply of a number of small towns in Oklahoma; The Oklahoma Northern Utilities Company for the supply of gas to Medford, Okla., and The Caldwell Gas Company for the supply of gas to Caldwell, Kans. Gas is also sold in the field under contract to another pipe line company for retailing in Blackwell, Okla. The gas so purchased by the distributing companies is served at retail to a rapidly growing district with a present population in excess of 66,000, through aproximately 13,000 meters.

TURNERS FALLS POWER & ELECTRIC COMPANY

(Controlled by Western Massachusetts Companies)

History and Properties—Originally incorporated as the Proprietors of the Upper Locks and Canals on the Connecticut River in 1792 as a navigation company. In 1866 it was reorganized as the Turners Falls Company for the purpose of selling water power. In 1914 the Turners Falls Company was consolidated with the Turners Falls Power & Electric Company, which owned the transmission system south of Turners Falls, and became a public utility. Company besides supplying power to all of the public utilities associated with Western Massachusetts Companies, serves directly large industrial plants in Turners Falls, Easthampton, Chicopee, Ludlow, West Springfield, Huntington, Chester, Agawam, Westfield, Woronoco and Pittsfield. Company owns one of the largest hydro-electric stations in New England, which is known as Cabot station, near Turners Falls on the Connecticut River. This is a 52,000 k.w. station and there is also a smaller station of 5,000 k.w. capacity located on the same canal at Turners Falls. These two plants produce about 250,000,000 k.w. hrs. in the average year. It also owns a steam relay plant known as Hampden Station, located at the Junction of the Connecticut and Chicopee Rivers, which has a turbine capacity of 30,000 k.w. and a boiler capacity of 24,000 k.w. Company also owns a complete transmission system which connects all of the companies now affiliated with Western Massachusetts Companies. It did a gross business in 1927 of $2,965,223 with 46 wholesale customers.

Company owns all of the stock of **The Montague Company,** a real estate organization operating in Turners Falls and other places, and 63% of the capital stock of the **Connecticut River Conservation Company,** a corporation organized under the laws of Maine for the purpose of developing storage on the Connecticut River and its tributaries.

ST. LOUIS PUBLIC SERVICE COMPANY

History—Incorporated Jan. 14, 1926, in Missouri; successor in accordance with reorganization plan dated October 1, 1924, to United Railways Company of St. Louis (for last published statement see 1926 Public Utility Manual, p. 1957). The Company took over the properties from the Receiver as of midnight between Nov. 30, 1927 and Dec. 1, 1927.

Transfer of Properties, Etc.—On April 1, 1927, a Final Decree of Foreclosure and Sale of all of the properties and franchises of United Railways Company and its Receiver was filed. On August 1, 1927, all of the properties and franchises of United Railways Company and its Receiver were duly sold pursuant to the terms and provisions of said Final Decree to representatives of the Reorganization Committee for the sum of $8,301,000 in cash. The purchasers assumed all liabilities of the Company, including the outstanding principal amount of United Railways Company of St. Louis First General Mortgage 4% bonds. Prior to said sale, the Reorganization Committee made offer of settlement of unsecured claims against said United Railways Company on the basis of two-thirds of a share of Preferred stock of St. Louis Public Service Company for each $100 principal amount of unsecured claims, or 33 1/3% in cash for each $100 of unsecured claims. Deeds conveying the properties to St. Louis Public Service Company and to City and Suburban Public Service Company were delivered to said companies on Nov. 27, 1927.

Plan Operative—The Reorganization Committee declared the Plan operative as of October 11, 1927, and called on holders of certificates of deposit for St. Louis Transit Company 5% bonds and subscription receipts to Common stock of St. Louis Public Service Company to pay on or before Nov. 8, 1927, the last installment of $4 per share on the Common stock of St. Louis Public Service Company. On or about Dec. 16, 1927, the Reorganization Committee instructed the depositaries to make delivery of securities and/or cash to persons entitled to receive the same. The $36,300,000 United Railways Co. of St. Louis First General Mortgage 4% bonds remained undisturbed. All underlying bonds have been paid off in reorganization and St. Louis Public Service Company has also retired $2,000,000 St. Louis & Suburban Consolidated First General Mortgage 8% bonds.

Subsidiaries—Company controls through stock ownership Missouri Electric Railroad Company (see appended statement), Florissant Construction, Real Estate & Investment Company, St. Louis Bus Company and City & Suburban Public Service Company.

City and Suburban Public Service Company—Pursuant to the terms of the Plan of Reorganization of United Railways Company of St. Louis, the Reor-

ganization Committee organized the City and Suburban Public Service Company. The Company was incorporated on July 21, 1927, with an authorized capitalization of 200 shares of Common stock without nominal or par value, of which 100 shares were subscribed for by the incorporators at $30 cash per share. This Company was incorporated for the purpose of acquiring all of the property of St. Louis & Suburban Railway Company and placing thereon a mortgage to secure its First Mortgage Gold bonds (see description below). Subsequently, City and Suburban Public Service Company conveyed all of its property to St. Louis Public Service Company.

Holding Company—City Utilities Company has been organized as a Delaware Corporation, it became known Nov. 30, 1927. It acts as a holding company for certain Common shares (less than a controlling interest) of St. Louis Public Service Co. and also owns certain Common shares of Kansas City Public Service Co. Officers include J. K. Newman, Pres. and A. T. Perkins, V-P.

Properties—Controls substantially all the street railway lines in St. Louis. In April, 1898, its predecessor secured a 50-year franchise from the city authorizing it to build 79½ miles of street railroad on several important streets in the city, and giving it permission to acquire by lease or otherwise other street railway companies in the city.

Mileage and Equipment—Total mileage of track owned (as of Dec. 31, 1927), 497.65 miles, of which 381.94 miles is in the city and 115.71 miles in St. Louis County. Gauge, 4 ft. 10 in.; rail, 60 to 132 lb. T and girder. Passenger cars owned Dec. 31, 1927, 1,624 of which 1,446 are motor and 178 trailers.

Power—At the present time power for the operation of the St. Louis Public Service Co. is obtained (peak load basis) from; (1) water power purchased, 22,400 k.w.; (2) Union Electric Light & Power Co. power purchased, 16,060 k.w.; (3) power produced in the plants of the St. Louis Public Service Co. located at (a) Park and Vandeventer Avenues, capacity 12,000 k.w. and (b) Broadway and Salisbury St., capacity, 9,600 k.w.

St. Louis Bus Co.—Incorporated August 4, 1924; organized by Reorganization Committee of United Railways Company of St. Louis; opened its first bus line on Nov. 9, 1924, and at Dec. 31, 1927, owned 37 busses operating on 8 lines. For a 10c fare passengers are furnished a transfer to the city street cars of the St. Louis Public Service Co. while street car patrons who desire to transfer to the buses receive a transfer for an extra 3c fare.

Fares—Street car fares of 8 cents, or two tokens for 15 cents, charged by Company or its predecessor since July 5, 1927 were continued for at least six months from Jan. 5, 1928.

Property Valuation—The City of St. Louis in a brief filed with the Missouri P. S. Commission declared that the value of the properties of Company does not exceed $53,000,000. This is $1,000,000 greater than the tentative valuation fixed by the State board, but company maintains that the value, on the reproduction new basis, less depreciation, is $98,573,000, and that the minimum valuation, taking all elements into consideration, is $75,000,000.

CAPITAL STOCK

Authorized, 500,000 shares Common; 250,000 shares Prior Preferred and 500,000 shares Preferred, all of no par value; outstanding March 23, 1928, 344,145 shares Common and 73,193 shares Series "A" $7 cumulative Preferred.

Prior Preferred Stock Provisions—Prior Preferred stock may be issued from time to time either as a series to be designated as Prior Preferred stock, Series "A," or in whole or in part as one or more series. All series shall be preferred over the Preferred stock of all series and over the Common stock and over any other stock of the corporation as to earnings, assets and dividends. In event of any liquidation, dissolution or winding up of the corporation, or any decrease or reduction of its capital stock, or any distribution, whether voluntary or involuntary, of any of its capital assets to its stockholders, the shares of Prior Preferred stock shall be entitled to payment at $100 per share, plus, if such distribution be voluntary, in the case of Prior Preferred stock Series "A," a premium of $20 per share, and in case of each other series, a premium not exceeding $20 per share, with accrued dividends, before any distribution to holders of any other stock of the Corporation. Holders of Prior Preferred stock shall be entitled to receive dividends when and as declared by the board of directors, in case of Series "A" at rate of $8 per share per annum and no more, and in case of each other series at the dividend rate not exceeding $8 per share per annum fixed for such series. No dividend shall be declared, paid or set apart for any other stock of the Corporation, and no sum shall be paid or set apart for purchase or redemption of any other stock of the Corporation, unless all dividends accrued on Prior Preferred stock have been provided for. Prior Preferred stock is subject to redemption at any time as a whole, or the whole of any series, on any dividend date at $100 per share, plus, in the case of Prior Preferred stock, Series "A," a premium of $20 per share, and in case of each other series thereof, a premium not exceeding $20 per share. Without consent of holders of at least a majority of Prior Preferred stock the corporation shall not (a) increase the number of authorized shares of Prior Preferred; or (b) create any additional class of stock having preference or priority over or parity with Prior Preferred as to earnings or assets. Prior Preferred shall have no voting rights except as above or as may be required by law unless the corporation shall fail to declare and pay the full amount of dividends on said stock for four quarterly periods, in which event holders of Prior Preferred shall be entiled to full voting power with holders of Preferred and Common stock.

Preferred Stock Provisions—Preferred stock may be issued from time to time either as a series to be designated as Preferred stock, Series "A," or in whole or in part as one or more series. All series shall be preferred over the Common stock, and over any other stock of the Corporation other than Prior Preferred stock, as to earnings and assets. In event of any liquidation, dissolution or winding up of the Corporation, or any decrease or reduction of its capital stock, or any distribution, whether voluntary or involuntary, of any of its capital assets to stockholders, holders of Preferred stock shall be entitled to payment at $100 per share and accrued dividends, but no more. After full dividends upon outstanding Prior Preferred stock have been provided for, holders of Preferred stock shall be entitled to receive cumulative dividends when and as declared by directors, in case of Preferred stock, Series "A," at rate of $7 per share per annum and no more and in case of each other series at dividend rate not exceeding $7 per share per annum fixed for such series. No dividends shall be declared or paid on Common and no sum shall be paid or set apart for purchase or redemption of Prior Preferred stock or Preferred stock of any series, until all dividends accrued on Prior Preferred and Preferred stocks have been paid in full. Preferred stock is subject to redemption at any time as a whole or the whole of any series on any dividend date at $100 and accrued dividends. Without consent of at least a majority of Preferred at any time outstanding, the corporation shall not (a) increase the authorized number of shares of Prior Preferred stock or Preferred stock; or (b) create any additional class of stock having preference or priority over or parity with Preferred stock. Dated January 1, 1928.

Interest Payable January and July 1 at Mississippi Valley Trust Co., St. Louis, Mo.

Denomination—Coupon, $1,000; principal may be registered.

Trustee—Mississippi Valley Trust Co., St. Louis, Mo.

Provisions of Issue—Authorized, $7,500,000 of which $4,500,000 shall be known as Series "A"; issued, $4,479,000 of which $405,000 had been retired through sinking fund to April 2, 1928. The remaining $3,000,000 of the authorized bonds (other than Series "A") may be issued from time to time in series, payable at such date not later than January 1, 2027, having such date, rate of interest, redemption, conversion, sinking fund, etc. provisions as directors may determine at time such series is authorized. Such bonds may be issued in exchange for, or for the purpose of retiring bonds previously outstanding under this indenture, or may be issued up to an aggregate amount equal to 80% of actual cash cost to the Company of new equipment, permanent improvements, betterments, extensions or additions to its property.

Purpose of Issue—Under the Plan of Reorganization of United Railways Company of St. Louis each $1,000 of the $4,500,000 St. Louis & Suburban Railway Company General Mortgage Gold 5s, due April 1, 1923, was entitled to receive $1,000 of this issue and all but 21 of the bonds were so exchanged.

Callability—Series "A" bonds are subject to redemption as a whole or in part on any interest date upon 30 days' notice at 102 and interest, or in case of redemption through sinking fund, at par and interest.

Sinking Fund—Company covenants that so long as any Series "A" bonds shall be outstanding, it will pay to the Trustee for a sinking fund on or before Feb. 1, 1928 and on or before the first day of each calendar month thereafter, the sum of $8,333.34. Company shall have the right to exceed said sinking fund requirements in any month and to have the excess payments credited against its said sinking fund obligation in subsequent months as the Company shall designate; provided however, that the total payments to said sinking fund shall not exceed in the aggregate $800,000.

Guaranty—In a supplemental indenture, dated January 1, 1928, St. Louis Public Service Company agreed: (a) To unconditionally guarantee the payment of $8,333.34 every calendar month commencing February 1, 1928 as sinking fund for the Series "A" bonds, and (b) in addition, to pay to the Trustee on or before March 1, 1928 the sum of $325,000 to be applied as a sinking fund for said Series "A" bonds; (c) for the term of Series "A" bonds, to keep the properties subject to the lien of said First Mortgage free from the lien of all taxes and charges that would be superior to the rights of said Series "A" bonds, and to operate and maintain said properties in good operating condition and property equipped; (d) to pay to the trustee in cash, on or before February 1, 1928 and on or before the first day of every month thereafter, in monthly installments, an amount equivalent to total amount of interest accrued for the next preceding monthly period on all the Series "A" bonds then outstanding; (e) that it will on or before March 1, 1928, pay or cause to be paid the 5% (8%) Consolidated First Mortgage Gold bonds of St. Louis & Suburban Railway Company issued under deed of Trust dated May 27, 1899.

Security—Secured on all of the property, rights and franchises formerly owned by St. Louis & Suburban Railway Company and St. Louis & Meramec River Railroad Company. Equipment includes 112 passenger cars and 16 other cars. Line of road extends from Richmond Heights, through Brentwood, Webster Groves, Glendale, Kirkwood to Meramec Highlands; also includes certain tracks in St. Louis, Mo., a line to the City of Ferguson and one to Brentwood. The property was acquired by City and Suburban Public Service Company pursuant to the terms of the Plan of Reorganization of United Railways Company of St. Louis, and was subsequently conveyed to St. Louis Public Service Company, which company owns all of the capital stock of City and Suburban Public Service Company.

Tax Provisions—Company pays Normal Federal Income Tax up to 2%.

AMERICAN ELECTRIC POWER CORPORATION

History—Incorporated August 29, 1927, in Delaware. Acquired the entire capital stock of American Electric Power Company and the entire Class "B" Common stock of Pennsylvania Gas & Electric Corporation in September, 1927. Also caused the Old Dominion Gas & Electric Corporation to be incorporated for the purpose of acquiring a franchise for the construction of a maufactured gas system to supply gas in Hopewell, Va. In February, 1928, acquired from its subsidiary, the American Electric Power Company, a group of properties supplying electricity and street railway service in Wilmington, Del., and vicinity. Control of these properties was then transferred to United Gas Improvement Company in exchange for control of Iowa Public Service Company and Sioux City Gas & Electric Company.

Business and Territory—American Electric Power Corporation owns and/or controls through subsidiaries a group of properties supplying a diversified public utility service in more than 278 communities having an aggregate population estimated to exceed 1,200,000. The communities served are either important industrial cities or are the centers of prosperous agricultural regions. Among the more important operating companies are: Iowa Public Service Co., Sioux City Gas & Electric Co., Southeastern Ice & Utilities Co., Pennsylvania Gas & Electric Co.

Electric power and light service is supplied in Sioux City, Iowa and in 200 other communities in western and north central Iowa, and in 13 communities in eastern North Carolina. Manufactured gas is supplied at retail in Sioux City and four other communities in Iowa; in 38 communities in Pennsylvania, including York and Pittston; 5 in New York; 5 in North Carolina; in Petersburg, Va., and in a suburban district tributary to Washington, D. C. Manufactured gas is

also supplied at wholesale in Addison and Elmira, N. Y. Natural gas is furnished at wholesale in and near Oil City, Pa., and at retail in 7 nearby communities. Manufactured ice is supplied in Portsmouth, Va., Columbia, S. C., Winston-Salem, N. C., and 9 other cities in Virginia, North Carolina and South Carolina. Transportation service is furnished in Sioux City, Iowa, and in Dayton, Ohio.

Plant and Property—The capacity of the electric generating plants (including a unit under construction) totals 64,400 kw. and service is rendered to more than 65,000 customers. High voltage transmission lines total more than 1,535 miles. Aggregate sales of electric energy during 1927 were 120,000,000 kw. hrs. During 1927, 2,900,000,000 cu. ft. of manufactured gas and 2,400,000,000 cu. ft. of natural gas were distributed to more than 70,000 customers through approximately 1,600 miles of mains. The ice properties consist of 19 manufactured plants with an aggregate daily capacity of 1,225 tons. Sales for the year 1927 totalled approximately 162,000 tons. The transportation systems in 1927 carried 28,170,000 passengers and have an equipment of 121 cars operating over 85 miles of track.

CAPITAL STOCK
(To be outstanding upon completion of financing of April, 1928)

200,000 shares Common stock, 35,000 shares cumulative Pfd. stock, $6 Series of 1928, 850 shares cumulative Pfd. stock, $7 Series, and 13,700 shares Second Pfd. stock; all of no par value.

Preferred Stock Provisions—The total authorized issue of Pfd. stock is 300,000 shares of no par value. Of this amount 40,000 shares has been designated as of the $6 Series of 1928, 65,000 shares has been designated as of the $7 Series (into which the 6% Gold Debentures are convertible) and 15,000 shares has been designated as of the $6 Series of 1927 (into which the Second Pfd. stock is convertible under restrictions hereinafter stated). The remaining authorized Pfd. stock has not been designated as yet as of any series. All of the foregoing series rank equally and have preference over the Second Pfd. and Common stocks both as to assets and dividends. Upon any dissolution, liquidation or winding-up of the Corporation, whether voluntary or involuntary, such stock shall be entitled to receive $100 per share plus accrued dividends before any distribution shall be made to the holders of the Second Pfd. and Common stocks. Except as required by the laws of Delaware, the holders of this stock shall have no voting rights; provided, however, that if the Corporation shall have failed to pay full dividends on this stock for successive dividend periods totalling one year, the holders of this stock shall be entitled to one vote for each share held. Whenever all arrears of dividends on this stock shall be fully paid the holders shall have no right thereafter to vote, unless and until there shall be a new and similar default in the payment of dividends.

The issue of Pfd. stock, $6 Series of 1928, is preferred as to cumulative dividends at the rate of $6 per annum and may be redeemed in whole or in part at the option of the Corporation on the first day of any calendar month on not less than 30 days' prior notice at $107.50 per share and accrued dividends.

The Second Pfd. stock is convertible after Sept. 1, 1941 into Pfd. stock of the above mentioned $6 Series of 1927 provided the consolidated net income of the Corporation and its subsidiaries, as shown by a consolidated net income certificate, computed as provided in the Certificate of Incorporation, for the required 12 months' period shall have been not less than 2½ times the amount payable as dividends for the year next ensuing after the date of such certificate upon the Pfd. and/or Second Pfd. stock outstanding at the date of such certificate.

The Corporation shall not create or issue any class or kind of stock entitled to dividends or share in the distribution of assets in priority to the Pfd. stock without the consent of 67% of the total number of shares of Pfd. stock then issued and outstanding.

Purpose of Issue—The proceeds from the sale of $6 Series of 1928 Pfd. stock provided part of the funds for the retirement of all the Ten-Year Second Gold Debentures then outstanding in the hands of the public.

Transfer Agents—Bankers Trust Co., New York, and Old Colony Trust Co., Boston.

AMERICAN ELECTRIC POWER COMPANY

(Controlled by American Electric Power Corporation)

History—Incorporated July 2, 1900, in New Jersey, as The American Railways Company; name changed to present title Feb. 13, 1923. The company was organized to control and operate public utility properties in various parts of the United States.

The American Railways Co. was a consolidation of a former American Railways Co. and the United States Electric Ry. & Light Co.

Properties—The company operates without competition, among other places, the electric light and power business of the city of Wilmington, Del., and vicinity, extending north and west to the Pennsylvania and Maryland State lines, and south through New Castle to Delaware City, Del., and east through the State of New Jersey south of Camden by high voltage cables under the Delaware River, serving the large industrial centers on both sides of the Delaware river, south of Philadelphia and Chester, Pa.; its railway lines serve the cities of Wilmington, Del., Chester and Media, Pa., and the surburban districts lying between these places and the western city line of Philadelphia, where its tracks connect with the street railway system of the Philadelphia Rapid Transit Co. It also operates the street railway lines in Springfield, O., and the principal traction line in Dayton, O.

The company also operates without competition, gas, electric, heat and power service to eleven cities, in four of which it furnishes both.

It also owns nearly 200 acres of land for parks, 106 acres being near Altoona, Pa., 35 acres at Roanoke, Va., and 28 acres at Lynchburg, Va. For the purpose of acquiring real estate in the vicinity of Lynchburg, Va., Peakland Corporation was formed in 1910, its entire capital stock being owned by the American Electric Power Co.

New Control—Under a contract signed May 29, 1924, the American Gas & Electric Co. and the Appalachan Power Co. (now Appalachian Electric Power Co.) agreed to purchase not less than 75% of the Common shares of American Electric Power Co. outstanding at $62.50 net per share, and arrangements were made whereby this offer was extended to all holders of Common stock of the company. In excess of 95% of the shares were turned in at this price.

Properties Owned and Controlled by American Electric Power Co., as of Dec. 31, 1925, since which date the companies marked (*) have been disposed of to Appalachian Electric Power System:

IOWA PUBLIC SERVICE COMPANY

(Controlled, directly or indirectly, by American Electric Power Corporation, through ownership of entire Second Pfd. and Common stocks.)

History and Property—Incorporated March 21, 1927, in Delaware, and acquired the properties of the Central Iowa Power & Light Company and the Iowa Light, Heat & Power Company (see 1927 Public Utility Manual, page 2217). The Company serves electric light and power in 200 communities in western and north central Iowa, including Waterloo, Charles City, Cherokee and Lemars. Manufactured gas is furnished in Waterloo, Cedar Falls, Hampton and Eagle Grove, and the Company also carries on a small water and steam heat business. In addition to its own generating stations, the Company has available a large power supply from the 66,000 volt high-tension transmission line of the Sioux City Gas & Electric Company, an affiliated company, extending eastward from its new generating station at Sioux City to Rutland. The population of the territory served is approximately 500,000.

The generating equipment consists of hydro-electric and steam plants having a total capacity of 32,789 k.w. with adequate boiler and steam turbine facilities. In addition, a large amount of energy is purchased from Sioux City Gas and Electric Company. The aggregate sales of electric energy for the 12 months ended Dec. 31, 1927, including purchased power, were 59,720,781 k.w.h., this energy being distributed by means of 1,729 miles of high tension transmission lines and the necessary distribution lines to more than 50,700 customers. The gas manufacturing plants have a total daily rated capacity of 3,816,000 cu. ft., distributed by means of 181 miles of gas mains to more than 13,600 customers. The sales for 12 months ended Dec. 31, 1927 were 390,580,000 cu. ft.

FUNDED DEBT

(1)

$12,000,000 FIRST MORTGAGE GOLD BONDS 5% SERIES DUE 1957; DUE JUNE 1, 1957

Dated June 1, 1927.

Interest Payable June and December 1, at Halsey, Stuart & Co., New York, or at Central Trust Co. of Illinois, Chicago, Ill.

Denominations—Coupon, $500 and $1,000, interchangeable; principal may be registered.

Trustee—Central Trust Co. of Illinois, Chicago, Ill.

Provisions of Issue—Authorized amount, not limited; issued, $12,000,000. Mortgage provides that bonds may be issued in different series, bearing such dates, interest rates, sinking fund provisions and other provisions as the Board of Directors may from time to time determine. In addition to the $1,000,000 bonds issuable against the property of the Company as it existed April 30, 1927, further bonds to be secured by this mortgage may be issued for 75% of the cost or fair value (whichever is less) of plants or property and of additions, improvements, extensions and betterments, to the Company's plants or properties, acquired or made after April 30, 1927, provided, however, that net earnings (as defined in the Mortgage) for 12 consecutive months within the 15 months next preceding the application for bonds shall have been equal to either at least twice the aggregate annual interest charges on or to at least 12% of the aggregate principal amount of, all bonds outstanding, under the mortgage, the bonds then applied for and outstanding prior lien indebtedness, if any, on after acquired property. Additional bonds may also be issued in accordance with the terms of the mortgage, to refund bonds issued under the mortgage and to refund prior lien bonds, if any, on after-acquired property and to provide money to be deposited with the Trustee for any of the foregoing purposes. The mortgage contains certain provisions permitting, on conditions stated therein, the modification or alteration of the bonds or the mortgage or of any supplemental indenture with the assent of the Company and of the holders of not less than 85% in aggregate principal amount of the outstanding bonds, not including any bonds owned by the Company; provided that any such modification or alteration shall not permit, without the consent of the holders affected, the extension of the maturity of any bond, or the reduction in rate of interest thereon, or any other modification in the terms of payment of such principal or interest.

Purpose of Issue—Proceeds were used to reimburse the Company for expenditures in the retirement of $6,500,000 First Mortgage Gold Bonds, Series "A," 6%, and $1,000,000 Convertible General Mortgage Gold Bonds, Series "A," 7% of the Central Iowa Power & Light Co. and $1,630,000 First Mortgage 5% 30-year Sinking Fund Gold Bonds and $450,000 First Mortgage 7% 30-Year Sinking Fund Gold Bonds of the Iowa Light, Heat & Power Co., for improvements and extensions heretofore made, and for other corporate purposes.

Callability—Subject to call as a whole or in part at any time on not less than 30 days' notice at 105 and accrued interest up to and including June 1, 1937, with successive reductions of 1% during each five year period until June 1, 1952, and at the principal amount and accrued interest thereafter to maturity.

Sinking Fund—A sinking fund is provided to retire bonds of this series by semi-annual payments beginning June 1, 1928, equal to 1% annually on the bonds outstanding at the time of the payments. Bonds will be purchased at not exceeding prevailing redemption

price, or will be called by lot at the prevailing redemption price and bonds so acquired will be cancelled.

Maintenance and Depreciation Reserve—The Company covenants under the mortgage that it will at all times make or cause to be made such expenditures by means of repairs, maintenance, renewals and replacements or otherwise as shall be necessary to maintain, preserve and keep the mortgaged property as an operating system or systems in good repair, working order and condition; and that it will maintain in its accounts a reasonably adequate reserve for renewals and replacements.

Security—Secured by a direct first mortgage on all the fixed properties of the Company, now owned or hereafter acquired, subject to prior liens, if any on hereafter acquired property.

Tax Provisions—Company pays Normal Federal Income Tax up to 2%. Pennsylvania, Maryland, Connecticut or Massachusetts taxes (other than estate, succession and inheritance taxes) not exceeding in each year $4.00, $4.50, $4.00 or $3.00 per $1,000 bond respectively, refunded by the Company upon proper request within 60 days' after date of payment, but not more than one such State tax will be refunded on the same bond for the same year.

Original Offering—First publicly offered ($12,000,000) in June, 1927, at 97½ and interest to yield 5.16% by Halsey, Stuart & Co., Inc., New York, and Stroud & Co., Inc., Philadelphia.

(2)

$1,500,000 GOLD DEBENTURES, 5% SERIES DUE 1968; DUE MARCH 1, 1968

Dated March 1, 1928.

Interest Payable March and September 1, at Bankers Trust Co., New York, or at First Trust and Savings Bank, Chicago.

Denominations—Coupon, $100, $500 and $1,000; principal may be registered; denominations interchangeable.

Trustee—Bankers Trust Co., New York.

Provisions of Issue—Authorized amount, unlimited; issued, 5% Series due 1968, $1,500,000. Additional debentures may be issued from time to time as authorized by the Board of Directors or Executive Committee of the Company, provided that the consolidated net earnings of the Company and its subsidiaries for a period of twelve consecutive calendar months within the fifteen calendar months immediately preceding the date of the filing of the application therefor, after providing for interest requirements on all underlying bonds, shall have been at least equivalent to three times the annual interest requirements on all Debentures then outstanding and those then proposed to be issued, all as defined in the Debenture Agreement. Additional debentures may also be issued to refund equal principal amounts of the same or other series of Debentures issued under the Agreement, provided that the interest rate of Debentures issued for such purpose shall not exceed the interest rate of those about to be refunded under this provision. Additional debentures may be issued in series bearing such dates, rates of interest, maturing at such times and carrying such redemption, sinking fund and such other varying or distinguished provisions as may be determined by the Board of Directors or Executive Committee not inconsistent with the provisions of the Debenture Agreement.

Purpose of Issue—Proceeds were used for the acquisition of a substantial interest in the Common stock of the Sioux City Gas and Electric Company, an affiliated company, and for other corporate purposes.

Callability—Subject to call as a whole or in part on any interest date on 30 days' notice at 105% and accrued interest up to and including March 1, 1936, with successive reductions of 1% of the principal amount during each eight year period thereafter up to and including March 1, 1967, and at the principal amount and accrued interest thereafter to maturity.

Security—Debentures are a direct obligation of the Company.

Tax Provisions—Company pays Normal Federal Income Tax up to 2%. Pennsylvania 4 mills tax, California tax not in excess of 4 mills, Connecticut tax up to 4 mills annually, Maryland securities tax not in excess of 4½ mills per annum, and the Massachusetts Income Tax not in excess of 6% per annum, refunded to holders resident in those States.

Legal Opinion—Winthrop, Stimson, Putnam & Roberts, New York.

Original Offering—First publicly offered ($1,500,000) in March, 1928, at 95 and interest, to yield about 5.30%, by Bonbright & Co., Inc., and A. C. Allyn & Co., Inc., New York.

PENNSYLVANIA GAS & ELECTRIC CORPORATION

(Controlled by American Electric Power Corporation)

History—Incorporated September 20, 1924, in Delaware, as Continental Power & Light Company (see 1925 Public Utility Manual, page 1015); name changed to Pennsylvania Gas & Electric Corporation in 1925. The Corporation owns, either directly or through subsidiaries, practically all of the Common stocks (except directors' qualifying shares) of a group of companies operating public utilities in Pennsylvania, New York, North Carolina, Maryland, and Virginia, and 75% of the Common stock of the Southeastern Ice Utilities Corporation, operating in North Carolina, South Carolina and Virginia.

Subsidiary Companies—Pennsylvania Gas & Electric Corporation directly controls the following subsidiaries:

Pennsylvania Gas & Electric Company (formerly York Gas Company).
Bradford Gas Company
Carolina Gas & Electric Co.
Crystal City Gas Company
North Penn Gas Company
Saugerties Gas Light Company
Saugerties Realty Corporation.
Southeastern Ice Utilities Corporation

During 1926 the Corporation acquired the Peoples Light Company of Pittston, Pa. (and transferred the ownership thereof to Pennsylvania Gas & Electric Company); Interborough Gas & Fuel Company of Dallastown, and Red Lion, Pa., and acquired a 51% interest in Crystal City Gas Co. of Corning, N. Y. In 1927, acquired Alum Rock Gas Company and Eastern States Utilities Company. Later organized North Penn Gas Company to which was conveyed part of the properties and all of the stock of Allegany Gas Company, as well as the stock of Alum Rock Gas Co. and Dempseytown Gas Co. In the North Penn Gas Co. the Pennsylvania Gas & Electric Corporation retains the entire Common stock.

Subsequent Developments—(1) All securities of Eastern States Utilities Company in hands of public retired. Name of Hyattsville Gas & Electric Company changed to Washington Suburban Gas Company May 10, 1927 and sold by Eastern States Utilities Company to Pennsylvania Gas & Electric Company. All subsidiaries of Eastern States Utilities Company operating in North Carolina were merged June 2, 1927 to form Carolina Gas & Electric Company, control of which was sold to Pennsylvania Gas & Electric Corporation. (2) Moncton Tramways, Electricity & Gas Co., Ltd., sold Sept. 1, 1927 to Central States Power & Light Corporation (3) Control of Bradford Gas Company acquired in 1927 by Pennsylvania Gas & Electric Corporation. (4) Control of Petersburg (Va.) Gas Company acquired by Pennsylvania Gas & Electric Company in March, 1928. (5) Control of Peoples Light Co. of Pittston and Interborough Gas & Fuel Co. transferred by Pennsylvania Gas & Electric Corporation to Pennsylvania Gas & Electric Company during 1927.

The gas manufacturing properties of the subsidiary companies consist of plants located at York and Pittston, Pa., Saugerties, New York, and at Roulette, Pa. Oil and gas rights are owned in 59,266 acres of land located in Potter and McKean Counties, Pa., and Allegany County, New York. The natural gas from this area is now used largely for enrichment of the gas manufactured at the new Roulette Plant. 3,000 acres of gas land are owned and an additional 2,000 acres are leased in Venango, Forest and Clarion Counties, Pa.

The ice properties consist of 19 ice manufacturing plants which have an aggregate daily capacity of 1,225 tons. The output in 1927 from these plants was 161,943 tons. The properties are located in Winston-Salem, Statesville, Charlotte, Salisbury, Lexington, Spencer and Albemarle, N. C.; Chester and Columbia, S. C., and Portsmouth and Suffolk, Va.

Operating Statistics, Dec. 31, 1927—Gas output during year, 5,106,234,000 cu. ft. Gas customers, 39,192. Miles of mains, 1,478.

CAPITAL STOCK

Authorized, 350,000 shares Class "A" Participating stock of no par value, 350,000 shares Class "B" stock of no par value; $1,000,000 7% cumulative Pfd., par, $100 and 40,000 shares $7 cumulative Pfd. of no par value; outstanding, Dec. 31, 1927, 97,375 2/5 shares (including scrip) Class "A," 150,000 shares Class "B," $1,000,000 7% Pfd., and 20,000 shares $7 Pfd. In addition, sufficient shares of Class "A" stock are reserved for the exercise of subscription warrants which expire March 1, 1929. Class "B" stock is all owned by American Electric Power Corporation.

PREFERRED STOCK PROVISIONS

The 7% cumulative Pfd. stock and the $7 cumulative Pfd. stock, rank equally in every respect. They have preference over the Class "A" and Class "B" stocks both as to assets (up to $100 per share and accrued dividends) and dividends, and are fully paid and non-assessable. The cumulative Pfd. stock may be retired at the option of the Company on any dividend date on 30 days' prior notice; at $110 per share and accrued dividends.

Additional Preferred stock may be issued, in accordance with the terms and provisions thereof, from time to time as determined by the Board of Directors of the Company, for proper corporate purposes, provided that the consolidated net earnings of the Company and its subsidiaries, as defined in such terms and provisions, for 12 consecutive months within the 15 months immediately preceding the date of issuance thereof, shall be equivalent to at least three times the amount of the annual dividend requirements on the preferred stock outstanding, together with that about to be issued.

The Company will reimburse or refund, to stockholders resident in the following States respectively, taxes paid by reason of the ownership of, or the deriving of income from, said stock as follows: The Pennsylvania four mills tax, the Massachusetts Income Tax not exceeding 6% per annum, and the California personal property tax up to four mills per dollar of the taxable value; upon receipt of written application for such reimbursement or refund within sixty days after payment of the tax, accompanied by satisfactory proof thereof.

Class "A" Stock Provisions—Class "A" stock has priority over Class "B" stock as to assets as well as dividends. Shares are fully paid, non-assessable and non-redeemable. Class "A" stock is entitled to receive in each year, when and as declared, non-cumulative dividends at rate of $1.50 per share per annum before any dividends are paid on Class "B" stock in such year; dividends may then be declared on Class "B" stock at rate of $1.50 per share per annum and thereafter additional dividends may be declared for payment in such year on both Class "A" and Class "B" stocks at such rates that each class will receive one-half the total amount of such additional dividends. The number of shares of Class "B" to be outstanding at any time shall not exceed twice the number of Class "A" shares then outstanding. On liquidation or dissolution, Class "A" stock is entitled to receive in priority over Class "B" stock, an amount equal to $35 per share. Class "A" stock is non-voting except in the event that dividends on Class "A" stock shall be in default in an aggregate amount of $3 per share in any period of 24 consecutive months, then holders of Class "A" stock shall be entitled as a class to elect one-third of the Board of Directors of Corporation until a quarterly dividend at rate of $1.50 per share per annum shall have been thereafter declared for Class "A" stock.

Transfer Agents (All Classes)—The Seaboard National Bank, New York, and Central Trust Co. of Illinois, Chicago.

Registrars (All Classes)—The Equitable Trust Co., New York, and The Northern Trust Co., Chicago.

PENNSYLVANIA GAS & ELECTRIC COMPANY

(Controlled by Pennsylvania Gas & Electric Corp.)

History—Incorporated in 1849 in Pennsylvania as the York Gas Company (see 1925 Public Utility Manual, page 514); name changed to Pennsylvania Gas & Electric Company in 1925. Supplies manufactured gas in York, West York, North York and Elmwood, Pa. In 1925 acquired from Pennsylvania Gas & Electric Corporation all but thirty-three shares of the capital stock of Moncton Tramways, Electricity & Gas Company, Ltd., but this interest was sold Sept. 1, 1927 to Central States Power & Light Corp. Also owns entire Common stock of Peoples Light Company of Pittston and 13,160 shares of the Pfd. stock of North Penn Gas Company. Also owns the entire stock of Interborough Gas & Fuel Company, Valley Gas Company and Washington Suburban Gas Company (formerly Hyattsville Gas & Electric Co.). In March, 1928, acquired entire Common stock of Petersburg (Va.) Gas Co.

Additional First Lien & Refunding Mortgage bonds of this series (or other series of such interest rate, maturity, redemption, tax and other permitted features as the Board of Directors may determine) are issuable up to 80% of the cost or fair value (whichever is less) of additions, improvements, betterments and extensions to the property of the Company or that of any present or future subsidiary and up to 80% of the cost or fair value (whichever is less) of new property or securities hereafter acquired, provided earnings applicable to bond interest (as defined in the mortgage) for 12 consecutive calendar months within the 15 calendar months immediately preceding the date of application for issuance of bonds, shall have

been not less than twice annual interest charges on all First Lien & Refunding Mortgage Gold bonds outstanding, including those proposed to be issued (and on outstanding prior liens, if any, as defined in the mortgage); or additional bonds may be issued to a principal amount not exceeding 75% of the cost or fair value (whichever is less) of any such property if such net earnings shall have been not less than 1¾ times such interest charges. First Lien & Refunding Mortgage bonds may also be issued against the deposit with Trustee of an equal principal amount of cash, and such cash may be withdrawn only in the manner and to the extent that bonds may be issued under this mortgage. First Lien & Refunding Mortgage Gold bonds may also be issued par for par to refund underlying bonds (as defined in the mortgage), and under defined restrictions for bonds of another series previously issued and retired. The mortgage will provide that its terms and provisions may be modified, with certain restrictions, by vote of 75% of the net principal amount of the bonds outstanding. Principal is payable at office of the Trustee.

Callability—Subject to call as a whole or in part on any interest date, on 4 weeks' notice, to and including September 1, 1931, at 105 and interest; thereafter to and including September 1, 1937, at 104 and interest; thereafter to and including September 1, 1943, at 103 and interest; thereafter to and including September 1, 1949, at 102 and interest; thereafter to and including September 1, 1954, at 101 and interest, and thereafter at 100 and interest.

Sinking Fund—Company covenants to provide an annual sinking fund for the Series "A" bonds, beginning September 1, 1927, equivalent to 1% of the amount of Series "A" bonds outstanding, to be used exclusively for the purchase or redemption of bonds of that series.

Security—Secured by a direct mortgage on all fixed property of Company, constituting the gas manufacturing and distribution system in and about York, Pa., subject only to $1,300,000 (closed) underlying bonds, which are refundable under the mortgage securing this bond issue, and of which $1,261,000 are now outstanding with the public, and by pledge with the Trustee of all Common stock of Peoples Light Co. of Pittston, Washington Suburban Gas Company, Interborough Gas & Fuel Company, and The Petersburg (Va.) Gas Company.

Tax Provisions—Company pays Normal Federal Income Tax up to 2%. Upon application as provided in the mortgage, Company will refund any taxes assessed and paid upon the income derived from or on the ownership of bonds of this issue under the laws of any State or Possession of the United States not in excess of Five Mills per annum to holders resident in such State or Possession. Tax free in Pennsylvania.

Legal Opinion—Walker & Redman, New York (for the Bankers) and H. M. Billingsley, New York (for the Company).

Denominations—Coupon, $100, $500 and $1,000; principal may be registered; denominations interchangeable.

Trustee—The Equitable Trust Co. of New York.

Provisions of Issue—Issued, $1,000,000; retired by sinking fund, $35,300; outstanding, $964,700. Debentures in addition to the $1,000,000 originally issued may be issued from time to time, as authorized by the Board of Directors of Company, but only when net earnings available for interest charges on these debentures (as defined in the Trust Agreement) for a period of 12 consecutive months ending not more than 3 months immediately preceding the application for the issuance of such additional Debentures, after providing for interest requirements on all underlying bonds, shall be not less than 2½ times the annual interest requirements on all Debentures outstanding and those then proposed to be issued.

Callability—Subject to call as a whole or in part on any interest date upon 30 days' notice to and including June 1, 1935, at 105 and interest, this premium of 5% of the principal decreasing at the rate of 1% on each December 1 thereafter, and at 100 and interest on December 1, 1939, and thereafter to maturity.

Sinking Fund—Company covenants to pay to the Trustee on December 1, 1927, and on each December 1 thereafter to maturity, the sum of $35,000, which is to be used for the purchase of these Series "A" Debentures in the market at or below the current redemption price or for their retirement by lot at such price. All debentures so acquired for the sinking fund are to be cancelled.

Security—These debentures are a direct obligation of Company, but are not secured by mortgage.

Tax Provisions—Company pays Normal Federal Income Tax up to 2%. Free of Pennsylvania State 4 Mill Tax. Upon application, as provided in the trust indenture, Company will refund any taxes assessed and paid upon the income derived from or on the ownership of these Debentures, under the laws of any State or Possession of the United States not in excess of 5 mills per annum to holders resident in such State or Possession.

Legal Opinion—Wherry & Mygatt, New York (for the Bankers) and H. M. Billingsley, New York (for the Company).

Original Offering—First publicly offered ($1,000,000) in December, 1925, at 95½ and interest, to yield about 6.50%, by A. C. Allyn & Co., Inc., New York, etc.

Price Range—1927: High, 98; low, 93½.

Bonds may also be issued to refund equal principal amounts of the same or other series of bonds issued under the mortgage or prior liens as defined in the mortgage. Bonds may be issued from time to time in series with such provisions as may be determined by the Board of Directors, subject to the restrictions of the Mortgage. The bonds of additional series may bear such dates, rates of interest, mature at such time and carry such redemption, sinking fund, tax refund provisions, and such other varying or distinguishing provisions as may be determined by the Board of Directors, subject to the restrictions of the mortgage, but as to sinking funds, which may be established for the exclusive benefit of a particular series, all bonds of all series shall be equally and ratably secured by the mortgage.

Callability—Subject to call as a whole or in part on any interest payment date on 30 days' notice at 105 and interest to and including May 1, 1937, the premium of 5% of the principal amount decreasing ¼ of 1% of the principal on each Nov. 1, thereafter, the bonds being redeemable on Nov. 1, 1956, at 100 and accrued interest.

Sinking Fund—None provided.

Security—Secured by a first mortgage on all the physical property owned by the Company. Bonds are further secured by pledge with the Trustee of all of the outstanding capital stock (except directors' qualifying shares) of its present subsidiaries. These subsidiary companies have no bonds or Pfd. stock outstanding with the public, and the mortgage securing this issue provides that all bonds and stocks issued by these subsidiaries shall be deposited as additional security under this mortgage.

Tax Provisions—Company pays Normal Federal Income Tax up to 2%. Upon application as provided in the mortgage, the Company will refund any taxes assessed and paid upon income derived from or on the ownership of bonds of this issue under the laws of any State or possession of the United States, not in excess of five mills per annum, to holders resident in such State or possession.

Legal Opinion—Wherry & Mygatt, New York (for the Bankers) and H. M. Billingsley, (for the Company).

Original Offering—First publicly offered ($3,000,000) in May, 1927, at 99 and interest to yield over 5.55% by A. C. Allyn & Co., New York, etc.

COUNTY GAS COMPANY

(Controlled by Lone Star Gas Corp. through Dallas Gas Corp.)

History—Incorporated Dec. 3, 1912, in Texas. This Company and The Dallas Gas Co., subsidiaries of the Dallas Gas Corp., do the entire gas business in Dallas, Tex., and environs, serving an estimated population of 279,500. The County Gas Co. serves without competition all the nearby territory outside the city limits of the City of Dallas as such limits existed March 30, 1912. Due to repeated extensions of the city limits since that date, approximately one-half of this population is now situated within the present city limits. Suburban territory outside the city limits served by the company, includes Highland Park, Dalworth, Eagle Ford, Arlington, and others. The gas is at present obtained from natural gas production and transportation com-

panies operating in the Oklahoma and Texas gas fields. The company operates under franchises which extend beyond the maturity of the bond issue and which allow it to supply natural gas or artificial gas or both.

FUNDED DEBT

$1,600,000 FIRST MORTGAGE 5% GOLD BONDS; DUE APRIL 1, 1946

Dated April 1, 1926.

Interest Payable April and October 1, at American Trust Co., New York.

Denominations—Coupon, $500 and $1,000; principal may be registered.

Trustee—American Trust Co., New York.

Provisions of Issue—Authorized amount of mortgage unlimited; issued $1,600,000 5s due 1946. Additional bonds in series, varying with respect to rates of interest, dates, maturities, redemption privileges and other distinguishing features. No bonds, in addition to the $1,600,000 outstanding may be issued unless the net earnings, as defined in the mortgage, for 12 consecutive months within the 15 months, immediately preceding the application for the issuance of any additional bonds shall have been at least twice the annual interest charges on all First Mortgage bonds outstanding and those proposed to be issued. With the exception of not over $559,000 bonds which may be issued against the present property, additional bonds, of any series, may be issued from time to time for refunding bonds of series previously issued under the mortgage, or for not exceeding 80% of the actual cost or fair value (whichever is less) of acquisitions of new or additional properties or permanent betterments, extensions, improvements or additions to the property made subsequent to Dec. 31, 1925.

Purpose of Issue—The proceeds from the sale of these $1,600,000 bonds were used to retire the First Mortgage 6% Gold bonds due 1941, to pay off floating indebtedness, and for other corporate purposes.

Callability—Subject to call as a whole or in part on the first day of any month on 30 days notice at 105 and interest through April 1, 1941, thereafter at 104 and interest through April 1, 1942, thereafter at 103 through April 1, 1943, thereafter at 102 through April 1, 1944, thereafter at 101 through April 1, 1945, and thereafter at 100, plus accrued interest in each case.

Maintenance and Improvement Fund—Company covenants in the mortgage as supplemented to expend annually for maintenance, renewals and replacements, or for new property betterments or improvements, not used as a basis for the issue of bonds or for the acquisition or retirement of bonds, or else to deposit in a fund to be used only for such purposes an amount equal to 1½% of the book value of the physical property of Company, subject to due credits for excess expenditures made in prior years.

Security—A direct, first and only mortgage upon all the property (except securities), rights and franchises of Company.

Tax Provisions—Company pays Normal Federal Income tax up to 2%, Pennsylvania 4 mills tax and Massachusetts Income tax up to 6% refunded.

Legal Opinion—Roberts & Montgomery, Philadelphia (for Company), and Ropes, Gray, Boyden & Perkins, Boston (for Bankers).

Original Offering—First publicly offered ($1,600,000) in March, 1926, at 93¾ and interest, to yield over 5½% by Arthur Perry & Co. and Paine, Webber & Co., New York, etc.

THE DALLAS GAS COMPANY

(Controlled by Lone Star Gas Corp. through Dallas Gas Corp.)

History and Property—Incorporated June 5, 1905, in Tex. The Dallas Gas Co. and the County Gas Co., subsidiaries of the Dallas Gas Corporation, do the entire gas business in Dallas, Tex., and environs, serving an estimated population of 279,500. The Dallas Gas Co. serves without competition all the city of Dallas, defined by the city limits of March 30, 1912, including over 85% of the city's entire population. Property includes regulator stations and a distributing system with 456 miles of high and low pressure mains. No. of consumers, 38,233. Output for 1926, 9,086,156,400 cu. ft., compared with over 7,684,202,000 cu. ft. in 1925. Prior to April, 1910, the company supplied artificial gas; since that time it has furnished gas which it obtains from natural gas production and transportation companies operating in the Oklahoma and Texas gas fields.

Franchises—The franchise under which the company now operates was approved on Dec. 3, 1917, and established a definite "Property Value" which aggregated as of Dec. 31, 1926, $4,364,428. Under the franchises the company is authorized to appropriate to itself, as a first charge, net earnings to the extent of 8% of the "Property Value" and to accumulate "Surplus," "Accident," and "Maintenance and Depreciation" reserves. Rates are not to be reduced until the net earnings have been sufficient and available to pay the rate of return for the entire period and not until "Surplus Reserve" shall be 50% in excess of normal, and "Accident Reserve" and "Maintenance and Depreciation Reserve" as provided in the franchise have been accumulated. The duration of the franchise is indeterminate, except that any time after Feb. 1, 1928, the City or its licensee may purchase the property; in which event the franchise provides that the City shall pay the company at least 105% or the City's licensee shall pay at least 110% of the then "Property Value."

FUNDED DEBT

$2,128,000 FIRST MORTGAGE GOLD 6s; DUE OCTOBER 1, 1941

Dated October 1, 1921.

Interest Payable April and October 1, at American Trust Co., New York.

Denominations—Coupon, $500 and $1,000; principal may be registered.

Trustee—American Trust Co., New York.

Provisions of Issue—The Indenture provides for the issuance of bonds in series, varying with respect to rates of interest, dates, maturities, redemption privi-

leges and other distinguishing features, subject to the restrictive provisions of the mortgage. Bonds may be issued for not exceeding 75% of the actual cost or fair value (whichever is less) of acquisitions of new or additional properties or permanent betterments, extensions, improvements or additions to the property made subsequent to Dec. 31, 1922; but only if the net earnings, as defined in the mortgage, for 12 consecutive months within the 15 months immediately preceding the issuance of any additional bonds shall have been at least twice the annual interest charges on all First Mortgage bonds outstanding and those proposed to be issued, provided that, in any case such earnings must equal at least 10% and need not exceed 12% of such bonds. Bonds of one series may also be issued par for par in exchange for or to refund bonds of another series.

Callability—Subject to call as a whole or in part on the first day of any month on 30 days' notice at 107½ and accrued interest through Oct. 1, 1927, and thereafter at a premium decreasing ½ of 1% each year to 100½ and accrued interest during the last year of life.

Sinking Fund—The Mortgage provides a sinking fund beginning April 1, 1924, amounting annually to 1¼% of the maximum amount issued of this series of bonds due 1941. Monies deposited therein are to be used solely to retire such bonds at or below the prevailing call figure.

Maintenance and Improvement Fund—The Company covenants in the mortgage to expend for maintenance, renewals and replacements, or for new property, betterments or improvements not used as a basis for the issue of bonds, or for the retirement of bonds, or else to deposit in a fund to be used only for such purposes, an amount equal to 2% of the face amount of bonds outstanding plus 1% of the book value of the physical property of the Company, or 1% of the then "Property Value" under the franchise, whichever is greater, subject to due credits for excess expenditures made in prior years.

Security—Secured by a direct, first and only mortgage upon all the property (except securities), rights, and franchises of the company.

Guaranty—Unconditionally guaranteed as to payment of principal, interest and sinking fund by endorsement thereon, by the Dallas Gas Corporation, which owns over 99% of the Common stock of the Company, together with all the stock (except directors' qualifying shares) of the County Gas Co.

Tax Provisions—Company pays Normal Federal Income Tax up to 2%. Pennsylvania 4 mills tax and Massachusetts Income Tax up to 6% refunded.

Legal Opinion—Roberts & Montgomery, Philadelphia (for the Company) and Ropes, Gray, Boyden & Perkins, Boston (for the Bankers).

Original Offering—First publicly offered ($1,800,000) in April, 1923, at 97½ and interest to yield about 6.22%, by Arthur Perry & Co., New York, Boston and Philadelphia, Paine Webber & Co., Boston, New York and Chicago, and Cyrus Peirce & Co., New York, San Francisco and Chicago; $400,000 additional offered in Oct., 1923 at 97½ and interest by Arthur Perry & Co., New York, Boston and Philadelphia.

KANSAS CITY PUBLIC SERVICE COMPANY

History—Incorporated June 16, 1925 in Missouri, as successor under a Plan of Reorganization dated June 1, 1925, to the Kansas City Railways Co., whose property was sold at foreclosure Jan. 4, 1926 (for details of Plan, etc., see Manual for 1926, pages 639, et seq.). The sale was confirmed by the Federal Court on June 16, 1926. The property was officially lifted from receivership on May 15, 1927, but it had been in the hands of its new owners since Oct. 15, 1926. At that time the Kansas City Public Service Co. transferred the fixed physical property in Kansas to its Kansas subsidiary, The Wyandotte Railways Co.

Properties—Company owns the street railway system in Kansas City, Independence and Jackson County, Missouri, consisting of 318 miles of single track, and the motorbus system in Kansas City, Mo. It has leased the Kansas property (68 miles of track) from the Wyandotte Railways Co., all the bonds and stock (except directors' qualifying shares) of which it owns. Also owns 13 substations; 69 buses and 769 motor cars and trailers in addition to work cars and service cars.

Rehabilitation—Since taking over the property on Oct. 15, 1926, substantial progress has been made in the rehabilitation and improvement program. Approximately 28 miles of track on important trunk lines have been completely rebuilt, together with new concrete foundations and paving. The elevated railroad in the so-called "West Bottoms," condemned as unsafe and abondoned in 1923, has been restored as a combined elevated and surface line, with necessary inclines, thereby giving much needed service to the industrial districts along the Kaw River. The rolling stock is being thoroughly reconditioned and numerous other improvements installed over the system.

On May 9, 1927 Company sold its power plant at Second St. and Grand Avenue, Kansas City, Mo., to the Kansas City Power & Light Co. for $2,500,000.

Franchises—On March 21, 1927 the Kansas City, Mo., Council granted the Company a thirty-year franchise expiring Jan. 1, 1957, which was accepted and became effective by such acceptance, April 6, 1927. The rates of fare were fixed at 8c cash; tokens at the rate of 2 for 15c; tickets at the rate of 10 for 70c; and 15 for $1.00. Under the franchise the Company is permitted to earn initially at the above schedule of fares $2,000,000 plus 8% on capital additions since Oct. 1, 1926, which allows present annual earnings to the extent of more than $2,120,000. In case of specified advances in costs of operation, the Company is authorized to apply to the proper public authorities for increased fares. When net earnings for any year exceed $2,000,000 plus 8% on capital additions, fares are to be reduced through sale of tickets at reduced rates. In Kansas the Company has no franchise, the grant having expired during 1922, during Receivership of the old company.

Litigation—As of March 30, 1928 there was pending in the Federal Circuit Court of Appeals, three appeals by junior bondholders, other creditors and stockholders of the old company from various decrees of the Court entered in the receivership proceedings. The Preferred stockholders have appealed from the final decree of foreclosure; and the Second Mortgage bondholders and Preferred stockholders have appealed from the decree confirming sale.

CAPITAL STOCK

Authorized, 250,000 shares Common, 150,000 shares Prior Pfd. and 250,000 shares $7 cumulative Pfd., Series "A" all classes of no par value; issued Dec. 31, 1927, 183,645.4 shares Common and 83,364 shares Pfd. None of the Prior Pfd. stock has been issued. Of the Common stock, 1,000 shares were issued at time of incorporation and the balance, 182,645.4 shares, issued under the plan of reorganization.

Voting Trust—All the issued Common and Pfd. stock is held under a Voting Trust Agreement expiring July 1, 1931, the Voting Trustees being Walter S. McLucas, J. K. Newman, George W. Davison, William G. Woolfolk and Powell C. Groner.

$7 Pfd. Stock Provisions—Series "A" Pfd. stock has preference for assets and cumulative dividends over Common and is subject to call at $107.50 a share and accrued dividends. In the event of dissolution or liquidation it is entitled to $100 a share and accrued dividends. Both Common and Pfd. stocks have equal voting power.

Transfer Agents (Voting Trust Certificates)—Central Union Trust Co. of New York and First Trust & Savings Bank, Chicago.

Registrars (Voting Trust Certificates)—The Chase National Bank, New York and Harris Trust & Savings Bank, Chicago.

Dividends—Initial dividend of $1.75 was paid on the Pfd. Series "A" stock on Nov. 10, 1927; Jan. 3 and April 2, 1928, $1.75 per share each.

FUNDED DEBT

$15,000,000 FIRST MORTGAGE 6% GOLD BONDS, SERIES "A"; DUE JULY 1, 1951

Dated July 1, 1926.

Interest Payable January and July 1 in New York, Chicago and Kansas City, Mo.

Denominations—Coupon, $100, $500 and $1,000, interchangeable; principal may be registered, and fully registered, $1,000 and $5,000. Coupon and registered bonds, interchangeable.

Trustees—First Trust & Savings Bank, Chicago, and Walter S. McLucas, Kansas City, Mo.

Provisions of Issue—Authorized amount, unlimited; issued, $15,000,000. Under the provisions of the mortgage, $5,000,000 additional Series "A" bonds may be issued to reimburse the Company for the actual cost of additions, extensions and improvements to its property, upon compliance with earnings requirement set forth below. Additional First Mortgage bonds of other series may be issued, each series to bear such date, interest rate, redemption provisions and other provisions as the Board of Directors may determine, for 75% of the actual cost or fair value (whichever is less) of additions, improvements and extensions to the Company's property, provided that net earnings as defined in the mortgage for 12 consecutive months within the fifteen months next preceding the application for the bonds shall have been equal to at least twice the annual interest charges on, or 12% of the aggregate principal amount of, all bonds outstanding under this mortgage, including bonds to be issued, and outstanding prior lien indebtedness, if any, on hereafter acquired property. Additional bonds may also be issued in accordance with the terms of the mortgage to refund bonds issued under this mortgage, and to refund prior lien bonds. When certain conditions fully set forth in the mortgage are complied with, including the earnings requirements set forth above and the deposit and pledge of all then outstanding First Mortgage bonds and voting stock of The Wyandotte Railways Co., bonds may be issued against deposited and pledged bonds of The Wyandotte Railways Co. issued for not exceeding 75% of the cost or fair value (whichever is less) of additions, improvements and extensions to its property and for refunding prior lien bonds.

Callability—Subject to call as a whole or in part on four weeks' notice at the following prices and accrued

interest: On or before July 1, 1931 at 105; after July 1, 1931 and on or before July 1, 1936 at 104; after July 1, 1936 and on or before July 1, 1941 at 103; after July 1, 1941 and on or before July 1, 1946 at 102; after July 1, 1946 and on or before July 1, 1950 at 101; after July 1, 1950 to maturity at 100.

Sinking Fund—None provided.

Security—Secured by a first mortgage on all the physical property, rights and franchises of the company now owned or hereafter acquired, subject only to prior liens, if any, on hereafter acquired property.

Tax Provisions—Company pays Normal Federal Income Tax up to 2%.

Offering—$4,400,000 Series "A" bonds were publicly offered in March, 1928, at 95 and interest by Halsey, Stuart & Co., Inc., Chase Securities Corp., and Newman, Saunders & Co., Inc., New York.

MISSISSIPPI VALLEY PUBLIC SERVICE COMPANY

History—Incorporated Jan. 16, 1913, in Wis. as Wisconsin Railway Light & Power Company (name changed to present title Jan. 1, 1926). Has acquired and now owns in fee all the properties formerly belonging to the La Crosse Water Power Co., the La Crosse City Ry. Co., and the Winona Ry. & Light Co. (see Manual for 1912, page 2528, or apply to our Information Department). Lighting contract with City of Winona expires Jan. 1, 1929. Estimated population served, 75,000.

Properties—Owns and operates hydro-electric power plant located on the Black River at Hatfield, Wis.; street railway systems in Winona, Minn., and La Crosse, Wis.; electric light and power in Winona, Rolling Stone, Minnesota City, Minneiska, Homer, and Altura, Minn.; Fountain City, Onalaska, Ettrick, Holman, Melrose, and North Bend, Wis. Furnishes power wholesale to city of Black River Falls, village of Trempealeau, Wis. to Galesville Co., Wis., and to Inter-State Power Co., Minn. Also operates under lease the La Crosse & Onalaska Street Ry. (see statement appended).

The hydro-electric development consists of a concrete dam, with earthen embankments having concrete corewall, concrete tainter gate section, and head gates with a canal about 2.6 miles long leading from the dam to the power house situated a short distance below Hatfield, Wis. The property also includes 81.24 miles of high tension transmission line (of which 54.05 miles is erected upon steel towers) connecting the Hatfield Power house with the cities of La Crosse, Wis., and Winona, Minn. The transmission line is almost entirely located upon private right of way.

The Hatfield Power House contains two generators each of 3,000 k.w. normal rated capacity direct connected to water turbines rated at 4,300 h.p. each. The storage capacity of the reservoir is about 15,000 acre feet. The head of water at the power house is 90 feet.

A steam station was completed at Winona in May, 1917, equipped with 5,000 k.w. Allis-Chalmers steam turbine, water tube boilers, stokers, and coal conveying apparatus. Fireproof building, brick on concrete foundation, steel structure, located on full city block acquired for the purpose. Water for condensing from Mississippi River. In 1927 an additional steam turbine of 6,000 k.w. was installed.

The street railway system in the City of La Crosse comprises a steam reserve station of 530 h.p. installed generating capacity, about 17.3 miles of track, with car barn, power house and all necessary cars and equipment. Winona Street Railway System consists of 6.5 miles of track, with car barn, etc.

History—Incorporated June 14, 1890 in New Jersey; successor to the assets and properties of The Oregon & Transcontinental Co. The business of the company is the financing and control of electric, gas and street railway and coal properties.

The initial public utility holdings of the company consisted of common stocks of numerous street railway and electric light and power companies in Milwaukee, Wis., predecessor companies of the present The Milwaukee Electric Railway and Light Company. These acquisitions were followed by numerous others in St. Louis and elsewhere and the Company continued with its Wisconsin and Missouri utility subsidiaries until 1921, when it acquired the Common stock of The Cleveland Electric Illuminating Company. Later the same year the Company acquired the Common stock of The East St. Louis and Suburban Company and in 1925 acquired stock control of Western Power Corporation, Mississippi River Power Company and Central Mississippi Valley Electric Properties.

The population served by the company's present subsidiaries aggregates over 5,400,000, including more than 800 communities and covering an area of approximately 25,600 square miles. For property and business of subsidiaries see descriptions of individual companies.

Dividends—The Company paid dividends quarterly on its old Capital stock (of $100 par value) at the rate of 4% per annum from March 2, 1903, to Dec. 1, 1903. incl.; at the rate of 5% from March 1, 1904, to Sept. 2, 1907, incl., and from April 1, 1909, continuously to and including July 1, 1921. On Aug. 26, 1921, the stockholders voted to amend the Certificate of Organization to classify the old stock of $100 par value into shares of 6% cumulative Pfd. stock of $50 par and shares of Common stock of $50 par, and to exchange one share of such Pfd. stock and one share of such Common stock for each share of old stock. Since such classification became effective the Company has paid dividends quarterly on its Pfd. stock at the rate of 6% per annum, and on its Common stock at the rate of 6% per annum to and including Jan. 3, 1922; on April 1, 1922, the dividend on the Common stock was increased to 10% per annum, a quarterly dividend of 2½% being paid on that date, of which 1½% (75 cents) was paid in cash, and 1% was paid in Preferred stock. On July 1, 1922, paid 2½% in cash; Oct. 1, 1922, 2½% in cash; Jan. 1, 1923, 2½% in cash. In Apr, 1923, the par value of Common stock was changed from $50 to $10. Dividends were paid on April 2, 1923 at rate of 2½% in Common stock at par, and on July 1, 1923, at rate of 5% in cash. On Oct. 1, 1923, and quarterly since that date dividends on Common stock have been regularly paid at the rate of 2½% per quarter in Common stock. At the time of the declaration of each dividend paid in Common stock in case the stockholder does not wish to receive the dividend stock, the Company will arrange to sell such stock at the then maket price, the stockholder receiving the proceeds in cash. Payments on both classes quarterly, J, A, J & O 1.

Depreciation Reserve—Appropriations from earnings are made currently by subsidiaries to insure replacement of physical property and are credited to depreciation reserves in accordance with the best principles of management and engineering practice. When property is retired its original cost is charged against the depreciation reserves. The appropriations to the depreciation reserves are made in addition to adequate expenditures for maintenance and repairs, which are included in monthly operating expenses, and which serve to maintain all parts of the properties in good repair and in first-class operating condition.

NORTH AMERICAN EDISON COMPANY

(Controlled by The North American Company)

History—Incorporated March 25, 1922, in Delaware. In April, 1922, the Company acquired from The North American Company the entire outstanding Common stock of Union Electric Light & Power Co., St. Louis (which see below). It also acquired from other interests more than 77% of the Common stock of The Cleveland Electric Illuminating Co. In Oct., 1923, acquired the interests in all the companies formerly owned by The Wisconsin Edison Co., Inc., and also acquired from The North American Co. its interest in Wisconsin Traction, Light, Heat & Power Co. and Wisconsin Electric Power Co. In Dec., 1924, acquired from The North American Co. its interest in Peninsular Power Co. During Jan., 1926, acquired control of Iron Mountain Light & Power Co., Iron Mountain, Mich., and Niagara Light & Power Co., Niagara, Wis. In May, 1927 sold its interest in Wisconsin Traction, Light, Heat & Power Co., Iron Mountain Electric Light & Power Co. and Niagara Light & Power Co. to Wisconsin Michigan Power Co. (name changed from Peninsular Power Co.)

CAPITAL STOCK

Authorized, 500,000 shares (increased from 400,000 Oct., 1925) Common of no par value and 500,000 shares $6 cumulative Pfd. of no par value (created Oct., 1925); outstanding, 385,000 shares Common and 200,000 shares Pfd. The North American Co. owns all of the Common stock.

Preferred Stock Provisions—Has preference over the Common shares as to cumulative dividends at rate of $6 per share per annum and as to assets in case of liquidation, at $100 per share and accrued dividends. Additional Pfd. stock may be issued from time to time at such price or prices as may be determined by the board of directors at the time of issuance, but only when net earnings of Company for 12 consecutive months out of the 15 preceding calendar months, available for dividends on the Pfd. stock shall have been at least equal to twice the annual dividend requirements on all the Pfd. stock outstanding and proposed to be issued. Holders of Pfd. stock are not entitled to vote or to subscribe for additional stock of any class.

Callability—Pfd. stock is subject to redemption at any time, as a whole or in part, upon 30 days' notice at $105 per share and accrued dividends.

Tax Provisions—Dividends are free of present Normal Federal Income Tax.

Transfer Agents (Pfd.)—Robert Randall and Albert E. Taylor, 60 Broadway, New York.

Registrar (Pfd.)—Bankers Trust Co., New York.

Original Offering—Pfd. stock first publicly offered (200,000 shares) in October, 1925, at $97 per share and accrued dividend, to yield about 6.18%, by Dillon, Read & Co.

Annual Meeting—Second Wednesday in April, at New York.

Listed (Pfd.)—New York Stock Exchange.

Price Range—

	1927	1926	1925
High	105	97	97½
Low	96⅝	91⅛	93

Pfd. Dividends—Initial quarterly dividend of $1.50 a share paid Dec. 1, 1925, which quarterly rate maintained to date; payments M, J, S & D 1, to stock of record about the fifteenth of the preceding month.

FUNDED DEBT

$25,000,000 5% DEBENTURES SERIES "A"; DUE MARCH 1, 1957

Dated February 16, 1927.

Interest Payable March and September 1 at office or agency of company in New York.

Denomination—Coupon, $1,000; principal may be registered.

Trustee—Central Union Trust Co. of New York.

Provisions of Issue—Authorized amount unlimited, subject to indenture restrictions below stated.

Issued and outstanding, $25,000,000 Series "A" 5s. The proceeds from the sale of these debentures were used for the retirement of the 6% and 6½% Secured Sinking Fund Gold bonds, Series "A" and Series "B" both of which issues were paid off by March 15, 1927 (see below), and for other corporate purposes.

Additional debentures of Series "A" or of any other series may be issued from time to time (each series to bear interest at such rate or rates, and have such maturity or maturities, redemption and other characteristics, as may be determined by the Board of Directors at the time of issuance) or the Company may create other funded debt, provided actual net income of the Company from dividends, interest, and other sources, for 12 months out of the preceding 15 months shall be at least twice the annual interest on all funded debt of Company including that proposed to be issued.

Callability—Subject to call as a whole, or in part by lot, on the first day of any month on 30 days notice, (1) to and including Feb., 1928, at 102 and interest, and thereafter to and including Aug., 1928, at 105 and interest, with successive reductions in the redemption price of ¼ of 1% during each 18 months' period thereafter until maturity; and (2) under certain conditions upon sale of certain assets, to and including March 1, 1928, at 102 and interest, and thereafter until maturity at 100 and interest.

Convertiblity—The indenture provides that the Series "A" debentures may be converted at holders' option into Company's Pfd. stock (without par value and entitled to cumulative dividends of $6 per share per year) after Mar. 1, 1928, to and including Mar. 1, 1936, at the rate of one share of Pfd. stock for each $100 principal amount of debentures. Debentures are not to be so convertible during the intervals between dividend record date and dividend payment date. Under the provisions of the Company's charter, this conversion privilege can be exercised only when the net earnings of the Company, for 12 consecutive calendar months out of the 15 preceding calendar months, available for dividends on its Pfd. stock shall have been equal to at least twice the annual dividend requirements on all the Pfd. stock outstanding and on the additional Pfd. stock proposed to be issued. At the time of conversions, adjustment will be made so that both interest on the debentures and dividends on the Pfd. stock will not be paid for the same period.

Purchase Fund—Beginning Sept. 1, 1927, and semi-annually thereafter, Company agrees to apply funds in the purchase of ½ of 1% of the principal amount of Series "A" debentures outstanding at such times if obtainable during the succeeding 60 days at or below 100 and interest, any unexpended balance reverting to the Company's general funds.

Security—A direct obligation of Company and secured under an indenture which provides among other things that Company may not make any sale of the voting shares of The Cleveland Electric Illuminating Co. or Union Electric Light and Power Co. (St. Louis) or The Milwaukee Electric Railway and Light Co. which would result in the Company owning less than two-thirds of the voting shares of any one or more of the above companies unless all the voting shares owned by it in any such company shall be sold. In the event of any such sale by the Company, for cash, of all the voting shares owned by it in any one or more of the above companies, the Company is to covenant to apply the entire proceeds of such sale to the retirement of debentures by purchase or redemption, ratably as to all series at the time outstanding. The redemption prices applicable to Series "A" debentures upon any such retirement are to be as above stated.

The Company may not mortgage or pledge any of the voting shares of any subsidiary (any corporation in which the Company shall own a majority of the voting shares) without securing the debentures equally and ratably with the obligations secured by any such mortgage or pledge; but this restriction shall not apply to the assumption of indebtedness secured by pre-existing liens or the creation of purchase money liens on additional voting shares hereafter acquired, or to the renewal, extension or refunding thereof.

Certain terms and provisions of the indenture may be modified with the consent of the holders of not less than 80% of the outstanding debentures.

Tax Provisions—Company pays Normal Federal Income Tax up to 2%. Pennsylvania 4 Mills Tax refunded.

Original Offering—First publicly offered ($25,000,000 Series "A" 5s) in Jan., 1927, at 98 and interest, to yield about 5⅛%, by Dillon, Read & Co., New York.

Listed—New York Stock Exchange.

Price Range—1927: High, 102½; low, 96¼.

THE CLEVELAND ELECTRIC ILLUMINATING COMPANY

(Controlled by North American Edison Co.)

History—Incorporated Sept. 29, 1892, in Ohio, as The Cleveland General Electric Co., which was a consolidation of the Brush Electric Light Co. and the Cleveland Electric Light Co. Name changed in 1894 to present title. Between 1907 and 1916 the Company acquired the Cuyahoga Light Co. and the Bedford Electric & Power Co. as well as the Municipal plants of Lakewood and Rocky River, Ohio. During 1925 and 1926 the property of 16 privately and municipally owned utilities were purchased. During 1927 purchased the properties of the Chagrin Valley Electric Co. and the Solon Light & Power Co., serving the Villages of Chagrin Falls and Solon, Ohio, and adjacent territory.

The territory now served with electric light and power by the Company extends from the Company's Avon plant in Lorain County, on the west, to the Pennsylvania State Line, on the east; and includes the major portion of Cuyahoga, Lake, Geauge and Ashtabula Counties. The Company also sells bulk power to the Ohio Public Service Company at Lorain, and The Northern Ohio Power and Light Company at Akron, and also furnishes steam heating service in downtown section of the City of Cleveland serving a

population of 1,300,000 in 126 communities covering an area of 1,640 square miles.

Franchises—Franchises are without burdensome restrictions, and, in the opinion of counsel, are unlimited as to time.

Property—Company owns and operates 4 steam electric generating stations and one steam heating plant. The Lake Shore plant is located on the shore of Lake Erie, east of the center of Cleveland, with adequate railroad facilities, unlimited water supply and ample coal facilities, including coal storage for 100,000 tons. The present capacity of this plant is 288,000 k.w. The Canal Road Plant, which is used for supplying electricity for the business district, has an installed electric generating capacity of 10,900 k.w. and boilers of capacity sufficient to furnish an output of 26,000 Bhp. to the steam heating system. The Conneaut plant was acquired during 1926 and has a capacity of 2,450 k.w. The Avon plant placed in service in 1926 now has a capacity of 70,000 k.w. It is located at Avon, 23 miles west of the center of Cleveland and consists of 28 acres of land situated on the shore of Lake Erie with excellent rail facilities and an unlimited supply of water, with storage facilities for more than 275,000 tons of coal. In addition to the electric generating stations company also owns the Central Steam Heating plant which is used exclusively for the purpose of supplying steam heat to the business district of the City of Cleveland. This plant has a boiler capacity of 4,338 Bhp. capable of operating at 300% rating.

UNION ELECTRIC LIGHT AND POWER COMPANY (MISSOURI)

(Controlled by North American Edison Co.)

(See Accompanying Map)

History—Citizens' Electric Light & Power Co. and the Imperial Electric Light, Heat & Power Co. (No. 2) [Imperial Electric Light, Heat & Power Co. (No. 2) was formed by consolidation of the Imperial Electric Light, Heat & Power Co. (No. 1) and Consolidated Electric Co. of St. Louis] were consolidated under name of Union Electric Light & Power Co. on May 20, 1902, under laws of Missouri. On Sept. 11, 1903, Missouri Edison Electric Co. was merged. On Jan. 22, 1917, Perry County Public Utilities Co. was also merged. Union Electric Light & Power Co. by deed dated Jan. 29, 1917, acquired the property and franchises of the Electric Co. of Missouri. On Nov. 21, 1922 the Company effected a plan of reorganization whereby a new company, incorporated in Missouri on that date and bearing the same name, acquired all of the properties and business of its predecessor.

In Aug., 1923, the property of the Western Power & Light Co. was merged and controlling interest was acquired in Cupples Station Light, Heat & Power Company, and St. Charles Electric Light & Power Company. During 1924 control of the Light and Development Company of St. Louis was acquired.

In December, 1925, controlling interest was acquired in Mississippi River Power Co. and Central Mississippi Valley Electric Properties.

The Company owns the entire capital stock (except directors' qualifying shares) of the **Union Colliery Co.**, which owns approximately 3,200 acres of coal lands located at Duquoin, Ill., about 75 miles from St. Louis. During 1926 the Union Colliery Co. produced 895,938 tons of coal, an increase of 6.68% over 1925.

The Company does the entire light and power business in the following principal cities and towns: St. Louis and suburban towns, St. Charles, Festus, Crystal City, De Soto, Washington, Flat River, Bonne Terre and as far south as Fredericktown, Missouri. Also does heating business in City of St. Louis. The Company has favorable contracts (the principal one for 99 years) for the purchase of hydro-electric energy from Mississippi River Power Company. The hydro-electric capacity thus available is 60,000 k.w.

Population served, 1,035,000, in about 96 communities covering approximately 1,650 square miles.

The Company owns and operates one steam electric generating station (Ashley Street Plant, St. Louis), located on the Mississippi River, with a capacity of 122,000 k.w. Company also owns the large Page Avenue sub-station located outside the city limits, which has a capacity of 60,000 k.w. and affords the means of transforming the hydro-electric power purchased from the Mississippi River Power Co. to voltage suitable for local distribution. In addition the Company has favorable contracts (the principal one being for 99 years) for the purchase of power from the hydro-electric plant of the Mississippi River Power Co. An adjustment of the price paid for Keokuk water power, as provided by contract, was made with the Mississippi River Power Co. to cover the period ending July 31, 1928. On May 15, 1920, the Public Service Commission of Missouri approved the adjustment of the price of hydro-electric energy under this contract, involving the payment of approximately $250,000 additional annually by the Union Electric Light & Power Co. It also owns an extensive distribution system which is underground in the business section of St. Louis and overhead throughout the remainder of the territory served. This distribution system is served by numerous substations located at advantageous points and tied together with the various power stations by means of a net work of high tension transmission lines.

The Union Electric Light & Power Co. (Missouri) has also leased the plant of the Union Electric Light & Power Co. of Illinois, situated on the east bank of the Mississippi, at Cahokia, Ill., which is directly across the river from St. Louis. This plant is designed to have an ultimate capacity of 350,000 k.w. The station is one of the most modern, being designed to operate entirely on pulverized coal for fuel. The present installed capacity of the Cahokia station is 195,000 k.w.

THE MILWAUKEE ELECTRIC RAILWAY AND LIGHT COMPANY

(Controlled by North American Edison Co.)

(See Accompanying Map)

History and Business—Incorporated Jan. 30, 1896, in Wis.; successor to Milwaukee Street Ry., sold under foreclosure. In Feb., 1919, acquired the operating utility property of Milwaukee Light, Heat & Traction Co. In 1921 the Company acquired the property of North Milwaukee Light and Power Company. During 1922 the Company acquired all the Common and Second Preferred stocks of Milwaukee Northern Railway Company. It was announced April 30, 1928, that Milwaukee Northern Railway had been merged with Company. Wells Power Company, whose properties had been operated under lease by The Milwaukee Electric Railway and Light Company since 1921 was taken over as part of the Company's system in September, 1926.

Company owns and operates the local street railway service and the entire central station electric light and power and steam-heating in the City of Milwaukee, and the following principal cities and towns are served by electricity: North Milwaukee, South Milwaukee, Cudahy, Racine, Wauwatosa, West Allis, Oconomowoc, West Milwaukee, Shorewood and Whitefish Bay. Also operates a system of suburban and interurban railway within a radius of about 50 miles of the City of Milwaukee and local street railway in the City of Racine. Also operates a system of motor coaches with direct service to Fond du Lac and Green Bay, and to other cities in the State by connecting with its interurban railway lines. The Milwaukee Electric Railway and Light Company also has in addition to their generating capacity, capacity of 15,000 Kw. hydro energy which is purchased.

Population served by Company, 1,000,000,000, in about 175 communities covering approximately 3,527 square miles

Property—The Company owns or operates under lease six electric generating stations: Lakeside plant, operated under lease and owned by Wisconsin Electric Power Company, is located on the shore of Lake Michigan south of the City of Milwaukee, has ample space for expansion of its coal storage; the present capacity of this plant is 167,000 Kw. Commerce Street plant (Milwaukee) with a usable capacity of 61,900 Kw. Oneida Street plant (Milwaukee) with a usable capacity of 4,750 Kw. Holton Street plant (Milwaukee) with a usable capacity of 5,500 Kw. Wells plant (Milwaukee) with a usable capacity of 550 Kw. Racine plant with a usable capacity of 25,000 Kw. is located in the City of Racine. The Company also owns an extensive electric distribution system with a large

number of substations serving both electric and railway systems. These substations are connected with the various power stations by a network of high tension transmission lines, the principal tie-lines being of steel tower construction and operating at 66,000 volts. The Company's railway system is of standard gauge overhead trolley construction, practically all of the interurban lines being constructed on private right-of-way. The local street railway service in Milwaukee is now being supplemented by the constructed of rapid transit lines on private right-of-way for the use of city railway cars. The Company owns five modern car houses and an extensive and modern car repair shop in Milwaukee as well as car storage facilities at other locations. The general offices of the Company and the Milwaukee terminal of its interurban rail and bus lines are housed in the Public Service Building owned by the Company and located in the center of the Milwaukee business district.

Franchises—All of the Company's franchises are indeterminate, subject to the purchase of all property by the municipality at a valuation fixed by the Railroad Commission of Wisconsin.

Depreciation Policy—In accordance with the best principles of management and engineering practice, appropriations from earnings are made currently to insure replacement of physical property and are credited to the depreciation reserve. When property is retired its original cost is charged against the depreciation reserve. The appropriations to the depreciation reserve are made in addition to adequate expenditures for maintenace and repairs which are included in operating expenses, and which serve to maintain all parts of the properties in good repair and in first-class operating condition.

WISCONSIN GAS & ELECTRIC COMPANY

(Controlled by North American Edison Co.)

History—On Sept. 25, 1912, the Articles of Association of Racine Gas Light Co. (see Manual for 1912, page 2718) were amended, its charter powers enlarged and its name changed to Wisconsin Gas & Electric Co. In Oct., 1912, it acquired Kenosha Gas & Electric Co. and Kenosha Electric Ry. Co. In July, 1915, acquired the Fort Atkinson transmission line of the Milwaukee Light, Heat & Traction Co., from Watertown southwest to Ft. Atkinson; it also acquired the properties and business of the Watertown Gas & Electric Co. and Burlington Electric Light & Power Co. In June, 1923, the property of the Waukesha Gas & Electric Co. was acquired and in May, 1924, property of Whitewater Electric Light Co. was acquired. In Oct., 1926, it acquired the Carey Electric Light and Power Co., and the gas and electric property of the City of Fort Atkinson was also acquired in Dec., 1926. During 1927 the properties of the LaFayette Light & Power Co. and Helenville Light & Power Co. were acquired. In Jan., 1928, Badger Public Service Co., a subsidiary of The Milwaukee Electric Railway and Light Company, was acquired and merged with Wisconsin Gas and Electric Company.

Business—Company does the electric light and power business in the following principal cities and towns: Kenosha, Watertown, Waukesha, Whitewater, Fort Atkinson, Burlington, Menomonee Falls, Marshall, Reeseville, Eden, Lomira, Campbellsport, Theresa and Thiensville, all in Wisconsin. It does the entire gas business in Racine, Kenosha, Watertown, Waukesha, Fort Atkinson, South Milwaukee and Cudahy and furnishes Kenosha with electric railway service. It does a central heating business in the city of Waukesha. Most of the electric power distributed by the company is purchased from The Milwaukee Electric Railway and Light Company.

Population served is approximately 218,000 in 118 communities having an area of 2,558 square miles.

Property—The Company owns one steam electric generating station and four hydro-electric plants. Waukesha steam plant has a capacity of 2,500 k.w.; and the four hydro plants: Watertown 300 k.w., Burlington 125 k.w., Grafton 150 k.w. and Elkhart Lake 150 k.w.

Racine coal gas plant has a daily output capacity of 3,400,000 cu. ft. and a storage holder of 1,400,000 cu. ft. This installation is supplemented by a water gas set having a daily output capacity of 2,225,000 cu. ft. Kenosha water gas plant has a daily output capacity of 500,000 cu. ft. and a storage holder of 1,040,000 cu. ft. Watertown coal gas plant has a daily output capacity of 240,000 cu. ft. with a storage holder of

190,000 cu. ft. Waukesha coal gas plant has a daily output capacity of 420,000 cu. ft. with a storage holder of 230,000 cu. ft. Fort Atkinson gas plant has a daily capacity of 250,000 cu. ft.

The Company also owns extensive electric distribution systems covering the area served as well as a network of high tension transmission lines, the principal ones being steel tower lines operating at 66,000 volts.

Franchises—All franchises are indeterminate subject to purchase of the property by the municipalities at valuations fixed by the Railroad Commission of Wisconsin.

WISCONSIN ELECTRIC POWER COMPANY

(Controlled by North American Edison Co.)

History and Property—Incorporated Aug. 19, 1920, in Wis., and owns the Lakeside power plant, located on the shore of Lake Michigan, just south of the southern boundary of the City of Milwaukee, designed for an ultimate capacity of 230,000 k.w. with a present installed capacity of 167,000 k.w. This plant is leased to and operated by The Milwuakee Electric Ry. & Light Co. for a term extending until Sept. 30, 1964, and the latter company has in connection with this lease guaranteed the payment of principal and interest of the 30-year First Mortgage Series "A" bonds of Wisconsin Electric Power Co.

CAPITAL STOCK

Authorized, $4,000,000 Common, par, $20, and $6,000,000 (increased from $2,000,000 in 1925) Pfd., par, $100; outstanding, $3,500,000 Common, $500,000 7% cumulative Pfd. and $3,483,028 6½% cumulative Pfd. Entire Common stock, except directors' qualifying shares, owned by North American Edison Co.

Preferred Stock Provisions—Both issues have equal preference over Common stock as to assets, dividends, etc., and are non-voting except except in event of default of four quarterly dividends when the stock votes share for share with Common.

Callability—Both issues are redeemable at 105 and dividends.

Annual Meeting—Third Wednesday in February.

Dividends—Dividends on both issues of Pfd. stock payable quarterly, J, A, J & O 1, and have been paid regularly since issuance of stock.

7% Preferred Stock Redeemed—The 7% Pfd. stock of Company, $500,000 outstanding, was called for redemption on Jan. 1, 1928. Authorization was obtained from Railroad Commission of Wisconsin for the issuance of $1,000,000 par value of 6% Pfd. stock.

FUNDED DEBT

$8,495,500 FIRST MORTGAGE 5% GOLD BONDS, SERIES "A"; DUE FEBRUARY 1, 1954

Dated February 1, 1924.

Interest Payable February and August 1, at 60 Broadway, New York, or at Company's office, Milwaukee, Wis.

Denominations—Coupon, $500 and $1,000; principal may be registered.

Trustee—Central Union Trust Co. of New York.

Provisions of Issue—Authorized amount unlimited; issued, $9,000,000 Series "A" 5s, of which $544,500 retired through sinking fund to Dec. 31, 1927. Additional bonds may be issued to refund a like amount of bonds previously issued under the mortgage (exclusive of bonds retired by sinking funds); and in a principal amount not exceeding 75% of the cost of property, extensions and improvements in excess of the original property costs of $12,000,000, when actual earnings for 12 months (or subsequent earnings provided by the terms of lease or contract approved by the Railroad Commission or other governmental authority having jurisdiction) available for interest and depreciation reserves, all as defined in the mortgage, are at least 2½ times interest charges on all outstanding bonds and those proposed to be issued. Such additional bonds are issuable in series, with such interest rates, maturities, sinking funds, if any, redemption provisions, etc., as may be determined at time of issuance.

Callability—Subject to call as a whole or in part by lot on 30 days' notice on any interest date to and including Feb. 1, 1925, at 105 and interest, with the redemption price reduced ½ of 1% during each three year period thereafter.

Sinking Fund—The company covenants to purchase and retire $180,000 per annum of the total issue of Series "A" bonds if obtainable at or below par and accrued interest, any unexpended balance of the fund to revert to the company.

Lease and Guaranty—The plant is leased to The Milwaukee Electric Railway & Light Co., which guarantees principal and interest of the bonds. Under the lease, which extends beyond the life of these bonds, The Milwaukee Electric Railway & Light Co. operates and maintains the property, paying rental, which includes taxes, depreciation of nearly 3%, and a fixed return based on capital expenditures which is equal to 2⅛ times maximum interest charges on the present issue, comprising the company's total funded debt. The lease is pledged as additional security for the bonds.

Security—These bonds are secured by direct first mortgage liens on the entire fixed property now owned or hereafter acquired; also principal and interest guaranteed by endorsement of The Milwaukee Electric Railway & Light Co.

Tax Provisions—Company pays Normal Federal Income Tax up to 2%. Pennsylvania Four Mills Tax refunded.

Original Offering—First publicly offered ($9,000,000) in Feb., 1924, at 91¼ and interest, yielding over 5.60%, by Dillon Read & Co., New York, etc.

WISCONSIN MICHIGAN POWER COMPANY

(Controlled by North American Edison Co.)

History and Business—Incorporated 1911 (under the name of Peninsular Power Company, name changed in May, 1927) in Wisconsin. In May and June, 1927, it acquired by purchase and by merger the properties, franchises and business of The Iron Mountain Electric Light & Power Company (organized in 1890) and a number of smaller electric light and power companies in Wisconsin and the Upper Peninsula of Michigan, which had been in successful operation for various periods. It also acquired and merged the properties, franchises and business of Wisconsin Traction, Light, Heat & Power Company (see 1927 Public Utility Manual, page 1175).

Company does the electric light and power business in the following principal cities and towns: Crystal Falls, Iron Mountain, Norway and Iron River, Michigan, and Florence, Appleton, Menasha, Neenah, Shawano, and Weyanwega, Wisconsin. It does the entire gas business in Appleton, Neenah and Menasha, and also serves Menasha, Neenah and Appleton with local and interurban electric railway service. The territory served contains a population of 200,000 in 129 communities, covering approximately 4,350 square miles.

Property—The electric properties of the Company include seven generating stations having a present installed capacity of 41,598 k.w. including 15,218 k.w. of hydro-electric plants. The Appleton plant located in the City of Appleton on the south bank of the Fox River has a total installed capacity of 22,840 k.w. of which 1,040 is hydro. This station was recently remodeled to burn pulverized fuel. The other plants are as follows: Iron River Plant—4,580 k.w. capacity (Diesel engines). Hydro plants: Twin Falls, 5,000 k.w. Brule, 4,670 k.w. Pine, 3,600 k.w. Sturgeon, 800 k.w. Weyauwega, 108 k.w. All plants are located in Michigan with the exception of the Pine, Weyauwega and Appleton plants, which are in Wisconsin.

The gas plant at Appleton has a daily maximum output capacity of 2,100,000 cubic feet, of which 1,200,000 cu. ft. is water gas.

OPERATING STATISTICS, DECEMBER 31, 1927

Electric Department—	
K.w.h. output	195,455,724
Total generating capacity (k.w.)	41,598
Electric customers	21,236

Franchises—Franchises covering operations in the various municipalities served in Wisconsin are under the indeterminate permit law of that State, by the terms of which public purchase, otherwise than by mutual agreement, can be made only at a valuation to be fixed by the Railroad Commission of Wisconsin. Franchises in Michigan are of various maturities and are in general satisfactory and in the opinion of counsel contain no burdensome restrictions.

CAPITAL STOCK

Authorized, $7,000,000 Common and $6,000,000 6% cumulative Pfd., outstanding, $5,225,000 Common and $1,275,000 Pfd.; par, $100. All Common stock owned by North American Edison Company.

Preferred Stock Provisions—Pfd. stock has preference for assets and dividends over the Common, and is non-voting except in event of default of four quarter

yearly dividends, when it votes share for share with Common.

Callability—Pfd. stock is redeemable at $110 per share and dividends on 30 days' notice.

Annual Meeting—Third Wednesday in February in Milwaukee.

Dividends—Pfd. dividends are payable quarterly, M, J, S & D 15, and have been paid regularly since issuance.

FUNDED DEBT

(1)

$3,000,000 (CLOSED MORTGAGE) WISCONSIN TRACTION, LIGHT, HEAT & POWER CO FIRST GOLD 5s (INTEREST ON $1,500,000 OF WHICH INCREASED TO 7½% BY ADDITIONAL COUPON FOR 2½% IN 1921), DUE JULY 1, 1931

Dated July 1, 1901.

Interest Payable January and July 1, at First Wisconsin Trust Co., Milwaukee.

Denomination—Coupon, $1,000; principal may be registered.

Trustee—First Wisconsin Trust Co., Milwaukee.

Callability—Subject to call on any interest date at 110 and interest.

Security—A first lien on all the property of former Wisconsin Traction, Light, Heat & Power Co. A supplemental indenture provides that the 2½% additional coupons shall share equally in any future lien which may be placed upon the Company's property.

Sinking Fund—The Company agrees to set aside annually, the initial payment being June 30, 1922, the sum of $33,000, which shall be applied to the purchase and cancellation of bonds bearing the supplemental interest coupons, if obtainable at or below par. If in any year a sufficient number of such bonds is not obtainable to exhaust such sum, any balance shall be applied to the purchase of bonds secured under this mortgage bearing 5% interest at or below par; failing which, such sums shall be expended on permanent extensions and additions to the property.

Tax Provisions—Mortgage does not contain tax free covenant, but Normal Federal Income Tax up to 2% assumed by Company.

Legal Opinion—Olwell, Durant & Brady (for the company); Miller, Mack & Fairchild (for the bankers).

(2)

$5,000,000 WISCONSIN MICHIGAN POWER CO. FIRST AND REFUNDING MORTGAGE GOLD BONDS, 5% SERIES; DUE JUNE 15, 1957

Dated June 15, 1927.

Interest Payable June and December 15, at Company's office, 60 Broadway, New York.

Denomination—Coupon, $1,000; principal may be registered.

Trustee—Bankers Trust Co., New York.

Provisions of Issue—Issued, $5,000,000 5% Series, due 1957. Additional bonds, either of this series or of other series having such rates of interest, maturity dates and other provisions as the Company may determine, may be authenticated (a) for refunding an equal principal amount of outstanding underlying or prior lien bonds (as defined in the Mortgage) or bonds of any series authenticated under the Mortgage, (b) for cash to be deposited with the Trustee, and (c) for not more than 75% of the cost or fair value, whichever is less, of property additions (as defined in the Mortgage) made on or after June 15, 1927.

Additional bonds may not be authenticated, however, except for refunding purposes, unless net earnings (as defined in the Mortgage) for twelve out of the fifteen months immediately preceding the application for authentication shall have been equal to twice the actual annual interest requirements on all outstanding underlying and prior lien bonds and all bonds outstanding under the Mortgage, including those proposed to be issued.

The Mortgage contains certain provisions permitting the modification or alteration of the bonds or the Mortgage or of any supplemental indenture, in any particular, with the assent of the Company and of the holders of not less than 75% in aggregate principal amount of the outstanding bonds, not including any bonds owned by the company; provided that any such modification of interest thereon, or any other modification in the terms of payment of such principal or interest or (b) the creation by the Company of any mortgage lien ranking prior to or on a parity with the lien of the Mortgage with respect to any of the property covered thereby by the company; provided that any such modification or alteration shall not permit (a) the extension of the maturity of any bond, or the reduction in rate of interest thereon, or any other modification in the terms of payment of such principal or interest or (b) the creation by the Company of any mortgage lien ranking prior to or on a parity with the lien of the Mortgage with respect to any of the property covered thereby.

Callability—Subject to call on the first day of any month as a whole or in part by lot on 30 days' notice through November 1, 1928 at 105 and interest with the redemption price reduced ¼ of 1% on December 1, 1928 and again at the expiration of each 18 months' period after November 30, 1928 to 100¼ on and after December 1, 1955 and prior to maturity.

Security—Secured by a direct first mortgage lien on all of the physical properties now owned by the Company at the time of issue and are further secured by a direct mortgage lien upon all the physical properties later acquired from Wisconsin Traction, Light, Heat & Power Company subject only to $3,000,000 underlying (closed mortgage) bonds which mature on July 1, 1931.

Tax Provisions—Company pays Normal Federal Income Tax up to 2%.

Legal Opinion—Sullivan & Cromwell, New York.

Original Offering—First publicly offered ($5,000,000) in June, 1927 at 99 and interest, to yield 5.06%, by Harris, Forbes & Co., Spencer Trask & Co., New York; First Wisconsin Co., Milwaukee; Harris, Forbes & Co., Ltd., Boston; Harris Trust & Savings Bank, Chicago, and Harris, Forbes & Co., Ltd., Montreal.

UNION ELECTRIC LIGHT AND POWER COMPANY OF ILLINOIS

(Controlled by The North American Co.)

History and Property—Incorporated Jan. 10, 1923, in Ill., as Cahokia Power Co. (name changed to present title in July, 1923), to assume ownership of the steam power plant at Cahokia, Ill., directly across the Mississippi from St. Louis. On Sept. 1, 1927 acquired Venice Power Plant from Illinois Power and Light Corp.

The Company owns two steam electric generating plants. The Cahokia Power Plant is located on the east bank of the Mississippi River, just south of East St. Louis, Ill., which assures it almost unlimited water supply and also ample coal from the adjacent coal fields. The first unit was placed in operation in 1923. This station operates entirely on pulverized coal for fuel and is designed for an ultimate capacity of 350,000 k.w. of which 195,000 k.w. is now in operation. The Venice Power Plant, at Venice, Ill., is also located on the east bank of the Mississippi River with an installed capacity of 32,500 k.w.

The Cahokia plant is leased to Union Electric Light and Power Company (Mo.) and is operated by Power Operating Company, a subsidiary. The lease provides for rental which includes taxes, depreciation of nearly 3%, and a fixed return based on capital expenditures. The Venice plant is leased to and operated by Power Operating Company under terms substantially the same as those in the Cahokia lease.

CAPITAL STOCK

Authorized, $13,000,000 Common, par, $20, and $25,000,000 6% cumulative Preferred, par, $100; outstanding, as of Dec. 31, 1927, $5,000,000 Common and $7,999,900 cumulative Pfd. All the Common shares, except directors' qualifying shares, owned by The North American Co.

Preferred Stock Provisions—The Pfd. stock has preference as to principal and dividends over Common, and has equal voting rights, share for share, with the Common stock. It is free from all property taxes in Missouri and Illinois.

Callability—Pfd. stock is redeemable on 30 days' notice at 103 and accrued dividends.

Annual Meeting—Second Tuesday in February, at Monsanto, Ill.

Dividends—Pfd. dividends have been paid regularly since issuance, quarterly, J, A, J & O 1.

Legal Opinion (Pfd.)—Rassieur & Goodwin, (for the Company), and Fordyce, Holliday & White, (for the bankers).

Public Offering—$1,100,000 6% Pfd. was publicly offered in July, 1926 at par and dividend by G. H. Walker & Co., St. Louis.

FUNDED DEBT

(1)

$9,000,000 FIRST MORTGAGE GOLD 5½s, SERIES "A"; DUE JANUARY 1, 1954

Dated January 1, 1924.

Interest Payable January and July 1, in New York.

Denominations—Coupon, $500 and $1,000; principal may be registered.

Trustee—The Equitable Trust Co., New York.

Provisions of Issue—Authorized and issued, Series "A," $10,000,000, of which $1,000,000 retired by sinking fund to Dec. 31, 1927. Additional bonds are issuable in series to refund, par for par, bonds previously issued under the mortgage (except bonds retired by sinking fund) and for not exceeding 75% of the cost of property, extensions and improvements in excess of the initial property cost of $15,000,000, when earnings for twelve months available for interest and depreciation reserves are at least 2½ times interest charges on all bonds outstanding, including those to be issued.

Callability—Subject to call as a whole or in part by lot on 30 days' notice on any interest date to and including Jan. 1, 1925 at 105 and interest, with successive reductions in redemption price of ½ of 1% during each three years' period thereafter.

Sinking Fund—A semi-annual sinking fund is provided to retire the Series "A" bonds prior to maturity through redemption of 2½% per annum by purchase in the market at or below 100 and interest, or if not so obtainable, by call at that price. For this purpose the Company will pay to the Trustee on or before May 25 and Nov. 24 in each year, beginning with the year 1924 to and including the year 1952, the sum of $125,000 in cash, and on or before May 25, 1953, the sum of $250,000 in cash, together in each case with six months' interest thereon at the rate of 5½% per annum, or in lieu thereof the Company may deliver to the Trustee for cancellation at such semi-annual date any of such bonds of Series "A" purchased at or below par and interest, bonds so delivered to be applied against such semi-annual payment at the principal amount thereof with six months' interest thereon. All bonds redeemed to be cancelled.

Security—Secured by a first mortgage on entire property of Union Electric Light & Power Co. of Illinois. The power plant covered by this mortgage has been leased to Union Electric Light & Power Co. (Missouri) for a term of years extending beyond the maturity of these bonds.

Tax Provisions—Company pays Normal Federal Income Tax up to 2%. Pennsylvania four-mill tax refunded.

Original Offering—First publicly offered ($10,000,000) in Jan., 1924, at 95¾ and interest, to yield 5.80%, by Dillon, Read & Co., Harris, Forbes & Co. and Spencer Trask & Co., New York.

Listed—New York Stock Exchange.

FUNDED DEBT

$9,950,000 CONVERTIBLE COLLATERAL TRUST GOLD BONDS, SERIES "A" 5½%; DUE JANUARY 1, 1957

Dated December 1, 1926.

Interest Payable January and July 1 at office or agency of Corporation in New York or San Francisco.

Denominations—Coupon, $500 and $1,000, interchangeable; principal may be registered.

Trustee—National Bank of Commerce in New York.

Provisions of Issue—The authorized amount of Collateral Trust Gold Bonds to be outstanding at any one time is limited to $30,000,000 of which Series "A" is limited to $10,000,000. Additional bonds may be issued from time to time (each series to bear interest at such rate or rates, and have such maturity or maturities, redemption and other characteristics, as may be determined by the Board of Directors at the time of issue): (a) to reimburse the Corporation for not in excess of 66 2-3% of the cost or fair value (whichever is lower) of additional pledged securities; provided that (1) the Company whose securities are to be pledged is an operating public utility company which is located in California, Oregon, Nevada or Arizona, or which may be connected (as defined in the Indenture) with the properties of the Corporation's subsidiaries, and that a majority of the voting stock of any such company is pledged in case any of its Common stock is to be pledged; and (2) the consolidated net earnings (computed as provided in the Indenture), for 12 months out of the preceding 15 months, shall be at least 2½ times the annual interest on the bonds outstanding and those applied for and on any other funded indebtedness of the Corporation (as defined in the Indenture); (b) against cash or against bonds retired otherwise than out of the trust estates. The Corporation may withdraw pledged securities against bonds so retired on same basis as that on which additional bonds may be issued.

Purpose of Issue—Proceeds were used for the redemption of the 30-year 6½% Sinking Fund Secured Gold Debentures, Series A, outstanding and for additional investment in Pfd. and Common stock of the Corporation's subsidiaries.

Callability—Subject to call as a whole or in part by lot at 102½ and interest on the first day of any month on 30 days' notice.

Sinking Fund—On July 1, 1927 and semi-annually, thereafter, funds will be made available for the purchase of ½ of 1% of Series "A" Bonds outstanding at such times if obtainable within specified periods at or below 100 and interest, any unexpended balance reverting to the Corporation's general fund.

Convertibility—Convertible at their principal amount into Common stock ($10 par value) of the North American Company on or before Jan. 1, 1940, or prior redemption, as follows: The $2,000,000 of bonds first surrendered for conversion will be convertible into stock at $75 per share; the second $2,000,000 of bonds so surrendered, at $81.25 per share; the third $2,000,000 of bonds so surrendered at $87.50 per share; the fourth $2,000,000 of bonds so surrendered at $93.75 per share, and the remaining bonds so surrendered at $100 per share. At the time of conversion, adjustment will be made so that interest on the bonds and dividends on the stock will not be paid for the same period, and cash adjustment will be made for fractions of shares.

Security—Bonds are the general obligation of the Corporation and are secured by pledge with the Trustee of the following shares, constituting more than a majority of the total outstanding stock of each Company: 274,987 shares (being all but directors' qualifying shares) of Common stock of Great Western Power Co. of California; 99,000 shares (being 90%) of Common stock, 20,000 shares of 6% cumulative Prior Preferred stock, and 44,750 shares of 7% cumulative Pfd. stock of San Joaquin Light & Power Corp.; and 9,990 shares (being all but directors' qualifying shares) of Common stock of Midland Counties Public Service Corp.

Tax Provisions—Company pays Normal Federal Income Tax up to 2%. California Personal Property Tax refundable up to 5 mills per dollar of principal.

Legal Opinion—Sullivan & Cromwell and Glinn & Ganter (for the Company); and Breed, Abbott & Morgan (for the Bankers).

Original Offering—First publicly offered ($10,000,000) in Nov. 1926, at 99 and interest to yield over 5.55% by Peirce, Fair & Co., Blyth, Witter & Co., and E. H. Rollins & Sons, San Francisco, New York, etc.

PROPERTY

Power Plants—The company owns two hydro-electric plants and three steam generating plants and leases from California Electric Generating Company one steam generating plant at Oakland.

Big Bend hydro-electric plant is on the north fork of the Feather River in Butte County with a present installed capacity of 68,000 k.w.

Caribou hydro-electric plant is on the north fork of the Feather River in Plumas County with a present installed capacity of 65,000 k.w. and an ultimate capacity of 130,000 k.w.

North Beach steam plant is located in the city of San Francisco having an installed capacity of 18,000 k.w.

Phelan steam plant is located in San Francisco, having an installed capacity of 900 k.w.

Bush Street steam plant is located in San Francisco having an installed capacity of 2,000 k.w.

Oakland steam plant is located in Oakland and leased from the California Electric Generating Company, having a present installed capacity of 10,500 k.w.

Transmission System—Two three-phase circuits operating at 110,000 volts extend on steel towers from Big Bend plant 154 miles to Oakland and a 165,000 volt single circuit extends from Caribou on steel towers to Golden Gate Substation about 197 miles in length. The

GREAT WESTERN POWER COMPANY OF CALIFORNIA

Founded 1876
Boston Denver New York San Francisco Philadelphia Los Angeles Chicago London

Brighton-Merced Tie-line connecting this company with San Joaquin Light and Power Corporation was put into operation July, 1926. It enables these two companies to interchange power at all seasons through the year. It is 103 miles in length, a double circuit line with one circuit strung having a voltage of 165,000 k.v. The total length of transmission lines is 638.7 miles. Five submarine cables, three of which are four miles in length and two of which are nearly seven miles in length operated at 11,000 volts extend under the bay from Oakland to San Francisco.

Reservoir—Lake Almanor, located in Plumas County in the Sierra Nevada Mountains, at an elevation of approximately 4,500 feet, all but a small portion is owned by the Government and occupied by the Company under Federal Power Permit, has a storage capacity of about 1,300,000 acre feet as at present developed.

Undeveloped Rights and Land—The Company either owns in fee simple or holds permits from the Federal Government for power development purposes over practically all land and rights necessary to make an ultimate development of about 725,000 k.w. on the north fork of the Feather River in California, all in conjunction with the present reservoir. Such a vast amount of water power is not available under such favorable conditions on any other stream in the State of California. The entire territory in which the Great Western Power System operates is rapidly developing and the system is being even more rapidly developed, notwithstanding most formidable competition.

In June, 1925, a contract was entered into with Feather River Power Company (see General Index) for the construction by that Company of a power project on Bucks Creek, a tributary of the North Fork of the Feather River. The power house will have a capacity of 40,000 kilowatts, and will be located approximately twenty miles below Company's Caribou plant. Company has contracted to take its output for a period of 35 years, at which time title passes to the Great Western Power Company of California without further payment. This project contemplates the construction of a principal storage reservoir of 103,000 acre feet capacity, formed by a massive rock fill dam, three miles of tunnel and a power plant operating under a head of 2,450 feet. This plant is expected to be placed in operation late in 1927. Feather River Power Co. assumes the burden of financing constructing and operating this property during the 35-year period, although the entire project is being carried forward under the general direction of the Great Western Power Co. engineering organization.

Rights and Franchises—In the opinion of counsel, the rights to the use of the waters of Lake Almanor and the waters of the Feather River are vested in the Company in perpetuity. The transmission lines and a large part of the distributing system are on private right-of-way. The municipal franchises are of long duration and satisfactory terms.

Acquisition Approved—In April, 1928 Company was granted permission by the California Railroad Commission to purchase outstanding Common and Pfd. "B" stocks of Feather River Power Co. for $2,360,000, to be paid within two years with interest at 6%.

CAPITAL STOCK

Authorized, $30,000,000 Common, $15,000,000 7% cumulative Pfd. and $15,000,000 6% cumulative Pfd., Series "A"; outstanding, Dec. 31, 1927, $30,000,000 Common, $12,927,800 7% Pfd. and $4,691,092 6% Pfd., Series "A," par, $100. Western Power Corporation owns all of the Common stock.

Preferred Stock Provisions—On March 23, 1925, the 300,000 shares of Preferred stock of the Company were reclassified into 150,000 shares Preferred and 150,000 shares Preferred, Series "A."

Preferred Stock Series "A" carries dividends at rate of 6% and otherwise there is no distinction or priority as between the Preferred and the Preferred Series "A," the net effect of the reclassification being merely to lower the dividend rate on 150,000 shares of the Company's Preferred stock from 7% to 6% per annum. Both issues of Pfd. have equal voting rights share for share with Common, and are preferred over Common both as to assets and dividends.

Callability—Both issues of Pfd. are redeemable at 105 and dividends on 60 days' notice by mail.

Transfer Agents—Bank of America, 44 Wall St., New York, and H. A. Cooke, 530 Bush St., San Francisco.

FEATHER RIVER POWER COMPANY

(Controlled by Great Western Power Co. of California)

History and Properties—Inc. June 5, 1925 in Cal. Company was organized for the purpose of developing its water-rights on waterways tributary to the North Fork of the Feather River in Plumas County, California. Construction of its first hydro-electric development, known as the Bucks Creek Development, was begun in July, 1925, with a proposed initial installed generating capacity of 40,000 k.w., to be operated under an effective head of about 2,412 feet, capable of producing a mean annual output of 233,000,000 k.w.h. of primary power at 63% plant factor.

Company has entered into a contract for the construction of the project by R. C. Storrie & Co., Contractors, of San Francisco, at a contract price not to exceed $7,691,889. This price includes lands, water-rights, carrying charges during construction (including interest on the First Mortgage bonds described below), engineering and superintendence, and the office expenses of the Company. Company is not obligated to pay any portion of the contract price in excess of the net proceeds received by it from the sale of $5,500,000 First Mortgage bonds and 21,000 shares of capital stock, which it has been authorized by the Railroad Commission to issue, and the proceeds of such further shares of its capital stock as the Railroad Commission may hereafter authorize it to issue, for the purpose of constructing said project and paying the contract price thereof. Based on a rated output of 40,000 K. W., the total cost of this development will not exceed $192 per K. W. Contractors' faithful performance bond and labor and material bond in the aggregate amount of $6,850,000 have been deposited with the Trustee of Company's First Mortgage bonds, insuring completion of the project within the contract time and price free and clear of all liens and encumbrances, except the lien of Company's First Mortgage bonds.

The plant was expected to be placed in operation in March, 1928.

Great Western Power Company Contract—Company has entered into a purchase contract with the Great Western Power Company of California under the terms of which the latter Company agrees to purchase the entire output of the Bucks Creek plant at a 63% plant factor, as defined in said contract, at a flat rate of 4 mills per K. W. H. and, through such power purchase, will become the owner of the plant and all appurtenances and water-rights in 35 years from time of completion, subject, however, to the lien of any of the Feather River Power Co. First Mortgage bonds which may be outstanding at that time. This power contract extends to the last maturity of these bonds and has been approved by the State Railroad Commission. Payments for power are to be made quarterly direct to the Trustee of the Feather River Power Co. First Mortgage bonds, to whom the contract has been assigned. The Trustee shall have sole custody of these funds and shall apply them, first towards the payment of operating expenses and taxes and then towards the payment of principal and interest on said bonds.

New Control—Great Western Power Company of California in April, 1928, was granted permission by the California Railroad Commission to purchase outstanding Common and Preferred "B" stocks of Company for $2,360,000, to be paid within two years with interest at 6%.

CAPITAL STOCK

Authorized, $1,000,000 Common, $1,000,000 Class "A" 7% cumulative Pfd., and $2,000,000 Class "B" cumulative Pfd.; outstanding, March 2, 1928, $817,200 Common, $1,000,000 Class "A" Pfd., and $1,153,900 Class "B" Pfd.; par, $100. Pfd. stock is subject to serial redemption at par.

Class "A" Preferred Stock Provisions—Preferred as to assets and cumulative dividends and entitled to receive $100 per share and accrued dividend in the event of liquidation or dissolution of the Company. Company shall not issue any stock having any preference over, or additional stock on a parity with the Class "A" stock without affirmative vote of holders of at least three-fourths in amount of the Class "A" stock. Subject to redemption for the sinking fund, at par and accrued dividend on 20 days' notice Company is obligated to set aside in a sinking fund for retirement of Class "A" stock an amount each year which will be sufficient to effect retirement of all this stock within the life of the power contract. These amounts will vary from $6,000 on Jan. 1, 1929, to $68,000 on Jan. 1, 1963. Sinking fund moneys shall be used by the Trustee to purchase or call by lot at not more than par and accrued dividend sufficient Class "A" stock to exhaust such sinking fund.

Transfer Agents—Class "A" stock is transferred at Company's office, San Francisco. Class "B" and Common stocks at Harris Trust & Savings Bank, Chicago.

Registrars (Class "A")—Los Angeles-First National Trust & Savings Bank, Los Angeles, Cal. (Class "B" and Common): Harris Trust & Savings Bank, Chicago.

Tax Provisions—Dividends exempt from Normal Federal Income Tax under existing laws; exempt from the California Personal Property Tax.

Legal Opinian (Class "A" Pfd.)—Gibson, Dunn & Crutcher, Los Angeles, Cal.

Original Offering—Class "A" Pfd. stock first publicly offered ($1,000,000) in August, 1927, at 98 and dividend, by E. H. Rollins & Sons, Peirce, Fair & Co., and Wm. R. Staats Co., Los Angeles, Cal.

Annual Meeting—First Monday in June.

Dividends—Dividends on Class "A" Pfd. stock accrue from Sept. 1, 1927; initial payment of 58 1/3 cents

per share for one month period was paid Oct. 1, 1927; $1.75 per share Jan. 3, 1928; payments quarterly, J, A, J & O 1.

Annual Meeting—Second Tuesday in April, at Fresno, Cal.

FUNDED DEBT

$2,475,000 FIRST MORTGAGE THIRTY-YEAR 5% GOLD BONDS, SERIES "A"; DUE JANUARY 1, 1957

Dated January 1, 1927.

Interest Payable January and July 1, at The Union Bank & Trust Co., Los Angeles, Cal., at Wells Fargo Bank & Union Trust Co., San Francisco and office of North American Co., 60 Broadway, New York.

Denominations—Coupon, $500 and $1,000; principal may be registered.

Trustee—The Union Bank & Trust Co of Los Angeles, Cal.

Provisions of Issue—Authorized and issued, $2,500,000 Series "A"; outstanding, Dec. 31, 1927, $2,475,000. These Series "A" bonds were issued under the Corporation's General and Refunding (now a first) Mort-

gage, dated September 1, 1921, and an Indenture supplemental thereto, dated January 1, 1927. Additional First Mortgage bonds may be issued for a principal amount not exceeding 75% of the cost of additions to or extensions or improvements of the Corporation's properties, when the net income for 12 consecutive months out of the preceding 14 months has been at least equal to 1¾ times the annual interest on all outstanding bonds, including those for which authentication shall have been requested and may also be issued to refund a like amount of First Mortgage bonds.

Purpose of Issue—Proceeds of the $2,500,000 Series "A" bonds were to be used to reimburse Corporation's treasury for funds expended for the redemption of all previously outstanding bonds and for expenditures for additions, extensions or improvements to its system.

Callability—Series "A" bonds are subject to call as a whole or in part by lot on the first day of any month on 30 days' notice to and including June, 1928, at 105 and interest with the redemption price successively reduced ¼ of 1% during each 18 months' period thereafter. In the event of the acquisition of the property of the Corporation by San Joaquin Light and Power Corporation, the Corporation may also redeem all or any part of the Series "A" bonds upon at least 30 days' notice, in cash at the principal amount thereof plus accrued interest, provided, however, that in such event the holders of such Series "A" bonds may elect, in accordance with the terms of the supplemental indenture, to receive in lieu of cash a like principal amount of San Joaquin Light and Power Corporation Unifying and Refunding Mortgage 30-Year 5% Gold bonds, Series "D," to become due January 1, 1957.

Sinking Fund—The Mortgage provides for an annual sinking fund, commencing Sept. 1, 1927, amounting to 2% of the total bonded indebtedness at the time outstanding. Of this amount one-half must be used for the purchase or redemption of First Mortgage bonds; the other half may be invested by the Corporation in new construction, extensions and betterments against which no bonds can be issued, or, failing such use by the Corporation must be used to purchase or redeem First Mortgage bonds.

Security—Secured by a direct first mortgage on the Corporations' entire properties.

Tax Provisions—Company pays Normal Federal Income Tax up to 2%.

Legal Opinion—O'Melveny, Milliken & Tuller.

Original Offering—First publicly offered ($2,500,000) in June, 1927 at 96¾ and interest, to yield over 5.20% by Peirce, Fair & Co. and Blyth, Witter & Co., San Francisco, etc.

WEST KENTUCKY COAL COMPANY

(Controlled by The North American Company)

History and Property—Incorporated June 15, 1905, in New Jersey. On May 1, 1924, West Kentucky Coal Co. acquired the properties of St. Bernard Mining Co., with 50 years' operating history, and Kentucky Block Coal Corp.

Company owns mineral rights underlying more than 73,000 acres of coal lands and holds favorable leaseholds of additional mineral rights underlying 2,400 acres in Union, Webster and Hopkins Counties, Kentucky, with sufficient surface lands for mining operations. The total recoverable coal is estimated at more than 400,000,000 tons, sufficient for nearly 100 years' operation at present rate of output.

West Kentucky Coal Co. also owns the entire outstanding capital stock except directors' qualifying shares, consisting of 993 shares (par value) of St. Bernard Coal Co., and the entire outstanding capital stock, 1,000 shares (par value) of West Kentucky Coal Co., a Delaware Corporation. Both of these companies are selling organizations.

As of March 1, 1926, West Kentucky Coal Co. disposed of its interest in West Kentucky Electric Power Co.

The extent of the development of the company's output during the last ten years is disclosed by the following table, which shows the tonnage mined during the years 1918 to 1927:

Depreciation and Depletion—In accordance with the best principles of management and engineering practice, appropriations are made from earnings currently and credited to depreciation reserve to insure replacement of physical property, and to depletion reserve to provide for the depletion of mineral resources. When property is replaced or abandoned, original cost of such property is charged against depreciation reserve. These appropriations to depreciation and depletion reserves are additional to full maintenance and repair expenditures, which are included in monthly operating expenses and which serve to maintain all parts of the properties in good repair and in first class operating condition.

THE WESTERN OHIO RAILWAY COMPANY

History and Property—Incorporated Oct. 11, 1900, in Ohio. Owns an electric railway extending from Lima through Wapakoneta and St. Mary's to Celina, and from St. Mary's to Minster and from Wapakoneta to Piqua, a total of 80 miles. Owns the entire $4,000 capital stock of **Lima, Findlay & Toledo Ry. Co.**, a 32-mile road, extending from Lima to Findlay, making connections at Findlay for Toledo and Detroit. Total mileage owned and leased, 113.98 miles. Gauge, standard. Rails, 60, 70 and 73 lb. T and girder. Passenger cars, 18; freight and express cars, 74.

Franchises in all towns are for twenty-five years to Feb., 1947, except in Lima, where the tracks of the Ohio Electric Ry. are used under traffic agreement. Outside of towns line is built on private right of way.

Joint Protective Committee—Incident to the default, Nov. 1, 1921, of both principal and interest of First Mortgage 5% bonds, two committees were formed in the interest of holders, which in Feb., 1922 were merged to include the following: J. P. Harris, Chairman, I. F. Freiberger and L. J. Wolf, Cleveland; A. L. Chambers, Buffalo; R. G. Henning, Chicago; E. J. B. Huntoon, Boston, with Thos. H. Jones, Sec., Williamson Bldg., Cleveland; Tolles, Hogsett, Gin & Morley, Cleveland counsel. Depositary, The Union Trust Co., Cleveland. Sub-depositaries, The Fidelity Trust Co., Baltimore; State Street Trust Co., Boston; The Marine Trust Co., Buffalo, and Empire Trust Co., New York City.

Foreclosure Suit.—In Nov., 1921, The Union Trust Co., Cleveland, as Trustee, filed in the Common Pleas Court at Lima, O., formal bill of foreclosure. It is not contemplated, however, that any formal request for a receiver will be made.

Temporary Bond Extension—The joint committee adopted a temporary extension programme under which the bond and interest charges will be allowed to continue for the time being, and the mortgage securing same allowed to remain undisturbed, without limiting the rights of the committee or the bondholders to take legal steps at any time to foreclose the mortgage.

Defaulted Interest Payment—The schedule contemplated the resumption of current interest payments on Nov. 1, 1922, on which date and on each interest paying date thereafter the Company paid the current coupons. The May 1, 1921 defaulted interest was paid

Dec. 31, 1923, leaving the Nov. 1, 1921 coupon and May 1, 1922 interest to be paid. It is believed that out of the operations all depositing bondholders will receive not only principal and 5% interest on their investment but also interest on the defaulted interest, and on final settlement an additional 2% per annum as compensation for the extension.

CAPITAL STOCK

Authorized, $30,000 Common, par, $1 (decreased from $3,000,000, par, $100 in July, 1911), $500,000 7% cumulative Pfd., par, $100, and $500,000 6% cumulative Second Pfd., par, $100; outstanding, Dec. 31, 1927, $30,000 Common, $476,000 7% cum. First Pfd., and $450,000 6% cum. Second Pfd. The Cleveland Trust Co. holds $24,000 of the First Pfd. to provide for the conversion of an equal amount of convertible bonds described below.

First Preferred Stock Provisions—Has preference for assets and dividends and is subject to call at 107½ and dividends. No new or additional mortgage can be placed upon the properties of company in the event of dissenting vote of 25% of First Pfd. stock, the company under such circumstances having the right to purchase the dissenting shares at 107½ and dividends. First Pfd. stock has equal voting power with Second Pfd. and Com., except in case of default of 4 quarterly dividends on First Pfd., and so long as and until default is remedied the voting power of Common stock shall be decreased two-fifths.

Transfer Agents—Cleveland Trust Co., Cleveland.

Registrar—Cleveland Trust Co., Cleveland.

Annual Meeting—First Wednesday in April.

Listed (First Pfd.)—Cleveland Stock Exchange.

Dividends—Dividends on First Pfd. were regularly paid quarterly (J, A, J & O 1) to and including April 1, 1917; none since. On Second Pfd., 1½% paid Oct., 1910, which rate paid quarterly (J, A, J & O 1) to and including July, 1914; none since. None paid on Common.

INTERNATIONAL POWER SECURITIES CORPORATION

History—Incorporated April 30, 1923, in Delaware, as The Italian Power Company; name changed to present title in 1924. Commenced business Oct. 1, 1923. Company was organized primarily to acquire securities and obligations of leading electric light and power companies operating in the United States and foreign countries. Company has acquired certain obligations of the Societa General Italiana Edison di Elettricita (Edison Electric Company of Milan), of the Union d'Electricite, Paris, France, and Societa Italiana per il Gas, Torino (Italian Gas Co., Turin).

Edison General Italian Electric Co., Milan (Societa Generale Italiana Edison di Elettricita)—This Company was organized in 1884 under Italian laws, and was the first company in Europe to engage on a large scale in the generation and distribution of electricity for commercial purposes. It has also been a pioneer in hydro-electric and high-voltage transmission fields, its Paderno plant on the Adda River, connected with Milan by a 22,500 volt transmission line, having been in successful operation for twenty-eight years, since 1898. A most important step in its growth and development was taken in August, 1926, when, by an exchange of stock, the Company's most important subsidiary, the "Conti," was absorbed, thereby increasing its fixed assets by the addition of 200,000 horse-power of operating hydro-electric plants, and by the addition of transmission and distribution systems, etc. The Edison General Italian Electric Company had in operation at the end of 1926 an aggregate generating capacity of 400,000 horse-power (85% hydro-electric) and owned 661 miles of transmission lines exclusive of its distribution system.

The Company is both an operating and holding company. It furnishes practically the entire electric power requirements in the City of Milan and adjoining suburban districts and, under an operating agreement with the municipality, furnishes also a substantial portion of the lighting service in the city. The Company's holdings consist principally of stock in generating, transmission and distribution corporations, a number of which in turn have important holdings in additional companies. These subsidiary and affiliated companies, whose operations extend over territory adjacent to that of the Edison General Italian Electric Company, form with that Company an interconnected and co-ordinated Edison "Group" which has an aggregate installed generating capacity of 970,000 horse-power (82% hydro-electric), together with 400,000 horse-power under construction. The output of the System in 1925 was 1,649,000,000 kilowatt hours (94% hydro-electric) in addition to which 319,000,000 k.w.h. were purchased from outside sources. The Edison "Group" serves a territory having a population of over 12,000,000 and thus is one of the largest electric power systems in the world. It produces nearly one-quarter of the total electric energy sold in Italy.

A feature of this power supply system is that the Edison "Group", through high voltage transmission lines, has made possible the interchange of power between the Alpine installations and those in the Appenine watersheds in the south. This is of great economic importance, as the former have their high water periods in the summer months because of melting glacier ice, while the latter have their surplus flows in the spring and autumn.

Among the more important subsidiary companies of the Edison General Italian Electric Comapny are the "Negri" and its subsidiaries with 353,000 horsepower, operating in the zone lying along the Maritime Alps and the Italan Riviera (the Ligurian Coast) in the neighborhood of Genoa; the "Bresciana" with 59,400 h.p., operating to the east of Milan, centering around Brescia, Cremona, and extending southeast to Bologna; the "Emiliana" with 16,000 h.p., operating in the vicinity of Parma; the "Dinamo" with 65,000 h.p., operating to the west of Lake Maggiore and including parts of Lombardy and Piedmont; the "Interregionale-Cisalpina" with 105,000 h.p. in plants nearing completion and in plants located north of Lake Como and doing an extended high tension transmission business; and the "Orobia" with 29,000 h.p., operating around Lake Lecco, northeast of Milan.

The Union d'Electricite—See statement appended.

Italian Gas Co., Turin (Societa Italiana per il Gas, Torino)—This Company was organized in 1838 to manufacture and distribute gas in the City of Turin, but is now both an operating and holding company, and is the largest and most successful in the gas and by-product chemical field in Italy. It owns and operates three gas plants and, through controlling stock ownership, it administers eight other gas companies, supplying in all 28 cities and towns with a total population of about 2,500,000, including Milan, Turin, Florence, Venice, Carrara, Novara, Cremona, Bergamo, Livorno, Savona and Allessandria. It also controls the Societa Anonima di Lavorazione dei Carboni Fossili e loro Sottoprodotti, operating a large by-product coke oven plant near Savona. Through a subsidiary company, it operates a large coke oven plant near Venice supplying metallurgical coke in that vicinity and produces gas for the operation of glass works. In addition, other subsidiary Companies operate old-established plants producing dyes, drugs and other chemicals. All of the operations of the Company are carried on in the industrial sections of Northern Italy, where such activities are expanding on a large scale.

The following are among the more important of the subsidiary gas companies in which the Italian Gas Company owns the majority of the stock: Societa Torinese Industria Gas ed Elettricita, Societa "Gas e Coke Milano," Societa Italiana Dell' Industria Del Gas, Societe Anonyme de l'Eclairage au Gas de la Ville de Venise, Societe Civile de l'Eclairage par le Gas de la Ville de Florence, Societa Anonima di Lavorazione dei Carboni Fossili e loro Sottoprodotti, operating a large by-product coke oven plant at Vado, also a number of companies which were organized to work up the by-products of gas plants. One of the most important of the companies, obtaining many of its raw materials from the gas plants operated or controlled by the Italian Gas Company, is the large chemical company known as the Societa Italiana Prodotti Esplodenti which, in turn, owns and operates an important dye manufacturing company, the Societa Italiana Prodotti Artificiali. The most important of the gas companies, the coke and the by-product chemical works which utilize the special opportunities furnished by the gas companies and supplement and round out the usual activities of the latter, are parties

to the Italian Companies, obligations to the International Power Securities Corp.

Adamello General Electric Company, Milan (Societa Generale Elettrica dell'Adamello (G. E. A.)—This Company, organized in 1907 under Italian laws, derives its name from a group of glaciers located in the Italian Alps within 20 miles of the Swiss border and some 80 miles northeast of Milan, Italy's largest city and most important industrial and business center. Adamello is both an operating and a holding Company, is interconnected with practically every important electric system north of Rome, and interchanges power with many of them. Among its most important holdings in other companies are participations of approximately 90% each in two hydro-electric generating subsidiaries known briefly as Ozola and Allione. These two subsidiaries, together with Adamello itself, are referred to as the Adamello System. Melting glaciers are the primary source of water supply for both the Adamello and the Allione hydro-electric plants.

The business of the Adamello System consists almost entirely in the generation of hydro-electric power and the transmission of such power, plus a substantial amount of purchased power. The power is sold at wholesale to 17 customers located in Italy's principal industrial regions. Twelve of these customers redistribute purchased electric power combined with power generated in their owns plants, and together serve the larger part of northern Italy. These distributing customers include several of the most important electric companies of Italy, such as Edison General Italian Electric Company and two associated companies. The Adamello System does very little retail distributing business.

It is estimated that Adamello's distributing customers together serve over 1,250,000 power and light consumers in a territory containing most of Italy's principal industries and having over 21,000,000 inhabitants, or about 40% of Italy's total population. Over 380,000,000 kilowatt-hours were sold by the Adamello System during the twelve months ended Sept. 30, 1926.

The present installed generating capacity of the Adamello System's eight operating power plants is 230,780 h.p., all of which is hydro-electric. Of this amount, 32,960 h.p. is in the two plants of the subsidiary Ozola and 21,600 h.p. is in the two plants of the subsidiary Allione. In addition to this, the system now has under construction 100,500 h.p. of additional hydro-electric generating capacity and 26,800 h.p. of generating capacity in a new steam plant, the latter on the Po River at Piacenza. Upon completion of these installations, all of which should be in operation by the end of 1927, the Adamello System will have a total installed generating capacity of 358,080 h.p.

The transmission system owned by Adamello comprises 724 circuit miles of high tension lines on steel towers, 139 circuit miles of which is of 130,000 volts. Additional high tension lines are now under construction, including 155 miles of 130,000-volt steel tower line. An interesting feature of the properties is the system of canals and tunnels which deliver water to the power plants, these canals totaling over 23 miles in length and, for the most part, being driven through solid granite formation. There are 13 principal transformer and switching stations owned by the System.

CAPITAL STOCK

Authorized, 1,000,000 shares Common of no par value (increased from 350,000 shares in April, 1928), and 250,000 shares Preferred of no par value; outstanding, 175,000 shares Common and 75,000 shares $6 dividend, Series "A" Preferred. Authorized capital stock was changed from $5,000,000, all Common, par $100, to present amounts in 1927. The 50,000 shares of $100 par value formerly outstanding, were exchanged for new stock on the basis of one share of $6 Pfd., Series "A" and three shares Common for each share of old stock held.

Preferred Stock Provisions—The $6 Preferred stock, Series "A" is entitled in preference to Common stock to dividends, cumulative from June 15, 1927 at rate of $6 per share per year, and in distribution of assets other than by dividend from surplus or profits will have a preference over Common to the extent of $100 per share, plus accrued dividends. It is redeemable upon 30 days' notice on any dividend date at $110 per share and accrued dividend. Pfd. stock will not be entitled to vote, except in certain instances now required by law, but when dividends on Pfd. have been in arrears for a period or periods of twelve months, the voting power of the Common stock will cease, and holders of the Pfd., subject to rights of any future classes of stock, will acquire sole voting rights. The voting power of Pfd. will cease when all accumulated and unpaid dividends thereon have been paid in full. The remainder of the Pfd. stock may be issued in series by resolution of the Board of Directors, with such designations, preferences and relative, participating, optional or other special rights, or qualifications thereof as may be stated in the resolutions providing for the same, but additional series may be issued only when all dividends have been paid or set apart for payment on the then outstanding Preferred stock. An amount equal to 10% of the cash earnings applicable to dividends on the Common stock, as defined in the Certificate of Incorporation, will be paid annually, commencing Jan. 1, 1929, to a special fund for the retirement of $6 Preferred stock, Series "A" by purchase in the open market. If, after April 1 in any year thereafter, more than $5,000 remains in this fund, the Corporation will advertise inviting offers of stock at not more than $110 per share. After the acceptance of all such offers, the Corporation may use, as it deems wise, any cash remaining in the fund.

Transfer Agent—The New York Trust Co., New York.

Registrar—Bank of The Manhattan Company, New York.

Legal Opinion—Simpson, Thacher & Bartlett, New York.

Original Offering—First publicly offered (75,000 shares Series "A" Pfd. together with Common shares, in units of one share of $6 Preferred Stock, Series "A" and one share of Common stock) in May, 1927 at $106 per unit, by Aldred & Company, Old Colony Corporation and Minsch, Monell & Co., Inc., New York, etc., and Chase & Co., Boston.

Dividends—Since its organization the Company has paid dividends equivalent to 6% per annum on the respective amounts of capital from time to time paid in. Initial semi-annual dividend of $3.00 per share was paid on the $6 cumulative Pfd., Series "A," Dec. 15, 1927; payments J & D 15.

FUNDED DEBT

$4,000,000 6½% COLLATERAL TRUST SINKING FUND GOLD BONDS, SERIES "B"; DUE DECEMBER 1, 1954

Dated December 1, 1924.

Interest Payable June and December 1, in United States gold coin, at Bankers Trust Co., New York.

Denomination—Coupon, $1,000; principal may be registered.

Trustee—Bankers Trust Co., New York.

Callability—Subject to call as a whole or in part on any interest date upon sixty days' notice at the following prices: 107% and interest on or before Dec. 1, 1929; 105% and interest after Dec. 1, 1929 and on or before Dec. 1, 1930; the premium decreasing ½% annually thereafter until June 1, 1935. On and after June 1, 1935 the redemption price remains at 102½% and interest.

Sinking Fund—Provision is made for an annually increasing sinking fund, commencing in 1930, sufficient to retire the entire issue by maturity.

The Company reserves the right to redeem bonds by lot for this Sinking Fund at 100% and interest on Dec. 1 of any year, beginning with Dec. 1, 1930, in accordance with a fixed schedule. The Sinking Fund schedule provides for the retirement of bonds in annual installments from and after 1930, the installment for that year being $25,000; the annual installment is increased by $15,000 in each of the years from 1931 to 1934 inclusive, by $10,000 in each of the years from 1935 to 1949 inclusive and by $5,000 in each of the years from 1950 to 1954 inclusive, the 1954 installment being $260,000.

Security—The Series "B" bonds are a direct obligation of International Power Securities Corporation and are secured by pledge of $4,000,000 of 30-year 6½% External Gold Bonds of the Union d'Electricité, Paris, France, due Dec. 1, 1954, the principal and interest of which are payable in United States gold coin without deduction for any French taxes present or future. These $4,000,000 Thirty-Year 6½% External dollar gold bonds rank equally with 195,823,500 frs. ($10,574,469) internal obligations issued and outstanding in France. The entire properties of the Union d'Electricité are free at present from any mortgage, lien or other charge and the Company has agreed that if, while any of the bonds of this issue are outstanding, it shall place any mortgage, lien, or other charge on any of its properties or revenues, it will secure these External dollar bonds equally and ratably with any obligations secured by such mortgage, lien or charge. The proceeds of any of the External dollar bonds redeemed before maturity are to be applied to the retirement, through the Sinking Fund or otherwise, of 6½% Collateral Trust Gold Bonds of the International Power Securities Corporation (this issue).

Legal Opinion—Simpson, Thacher & Bartlett, New York and S. G. Archibald, Paris, France.

Original Offering—First publicly offered ($4,000,000) in Dec., 1924 at 93¾ and accrued interest, to yield about 7% by Aldred & Company and Minsch, Monell & Company, Inc., New York, Chase & Co., Boston, and Joseph W. Gross & Co., Philadelphia.

$9,826,000 THIRTY-YEAR 6½% SECURED SINKING FUND GOLD BONDS, SERIES "C"; DUE DECEMBER 1, 1955

Dated December 1, 1925.

Interest Payable June and December 1 at Bankers Trust Co., New York, in U. S. Gold coin of the present standard of weight and fineness.

Denomination—Coupon, $1,000; principal may be registered.

Trustee—Bankers Trust Co., New York.

Provisions of Issue—Authorized and issued, $10,000,000; outstanding, Sept. 30, 1927, $9,826,000. These bonds were issued to retire $2,000,000 6½% Series "A" Collateral Trust bonds, due Oct. 1, 1928, and to supply Edison General Italian Electric Co. with funds to pay for certain extensions under construction in the hydro-electric plants to be covered by the mortgage and for other corporate purposes.

Callability—Subject to call, except for sinking fund, as a whole only on any interest date upon 60 days' notice; at 107 and interest through December 1, 1930; thereafter at 105 and interest through December 1, 1935; the premium thereafter decreasing ½% per annum to 102½ and interest during 1940; thereafter, prior to maturity, at 102½ and interest. Bonds may be drawn by lot at par for the sinking fund.

Sinking Fund—The indenture provides for a sinking fund payable semi-annually in U. S. gold coin, which is sufficient to retire this entire issue of Series "C" bonds by maturity. Payments start on the first interest date, and will progressively increase from an initial payment of $56,000 to the final payment of $370,000, payable in cash or bonds of this issue at par. Bonds may be turned in for sinking fund purposes at par. To the extent not so turned in, the Trustee will draw bonds by lot at par. Bonds acquired for the sinking fund will be cancelled. Under its mortgage securing this issue, Edison General Italian Electric Co. will be obligated to make to the Trustee semi-annual payments on account of principal equivalent to the sinking fund payments to be made by the Corporation.

Security—These bonds are a direct obligation of International Power Securities Corp. and are secured by a first mortgage in the principal amount of $9,826,000 made to the Trustee by the Edison General Italian Electric Company. The first mortgage of the Edison General Italian Electric Co. is a general obligation of that Company covering all of its hydro-electric generating plants.

Legal Opinion—Simpson, Thacher & Bartlett, New York, S. G. Archibald, Paris, and Robert Pozzi, Milan.

$4,900,000 TEN-YEAR 7% SECURED SINKING FUND GOLD BONDS, SERIES "D"; DUE JANUARY 1, 1936

Dated January 1, 1926.

Interest Payable January and July 1 at Bankers Trust Co., New York.

Denomination—Coupon, $1,000; principal may be registered.

Trustee—Bankers Trust Co., New York.

Provisions of Issue—Authorized and issued, $5,000,000. As a result of this financing, the Italian Gas Co. was supplied with funds to pay off its entire floating indebtedness, to extend its plants and for general corporate purposes.

Callability—Subject to call as a whole or in part on any interest date, prior to maturity, on 30 days' notice, at 105 and interest on or before July 1, 1930; at 102½ and interest after July 1, 1930, and on or before July 1, 1932; and thereafter until maturity at 101 and interest.

Sinking Fund—The indenture provides for a sinking fund, payable annually in U. S. gold coin, which is sufficient to retire more than one-third of this issue by maturity. The annual sinking fund payments start Jan. 1, 1927, and will progressively increase from an initial payment of $100,000 to the final payment of $350,000, payable in cash or bonds of this issue at par. Bonds may be purchased in the open market for this purpose. To the extent not so purchased, the Trustee will draw bonds by lot at the prices stated

in the provisions for redemption. Bonds acquired for the sinking fund will be cancelled.

Security—These bonds are a direct obligation of International Power Securities Corp., specifically secured by the obligation of the Italian Gas Co. and three of its most important subsidiaries in the principal amount of $4,900,000, payable in United States gold coin. The indenture exidencing the obligation of the contracting Italian companies provides, as additional security, for the deposit with the Trustee of certain shares of some of the contracting and other allied operating companies, the market value of which shares, as of February, 1926, was estimated by Italian bankers at $10,380,000. All of the contracting companies and the companies whose stocks are pledged, are free from mortgage debt; and the contracting Italian companies covenant to place no mortgage on their properties while the obligation securing this issue is outstanding.

Legal Opinion—Simpson, Thacher & Bartlett, New York, S. G. Archibald, Paris and Sig. Roberto Pozzi, Milan.

Original Offering—First publicly offered ($5,000,000) in February, 1926, at par and interest together with stock purchase warrants, by Aldred & Co., Harris, Forbes & Co., Bankers Trust Co., Minsch, Monel & Co., Inc., and The First National Corp. of Boston and New York; Hanson Bros., Greenshields & Co., Dominion Securities Corp., Ltd., and Harris, Forbes & Co., Ltd., Montreal, etc., and Chase & Co., Boston.

Stock Purchase Warrants—Each $1,000 bond bears a Stock Purchase Warrant entitling holder to purchase 20 shares (par 100 lire each) of stock of Societa Italiana per il Gas at 420 lire per share after Mar. 31, 1926, and through Dec. 31, 1926; at 430 lire during 1927; at 440 lire during 1928; at 450 lire during 1929; and at 460 lire during 1930. For subscription before Jan. 1, 1927, warrants must be presented with the bonds to which they are attached. All shares of stock so subscribed for will earn dividends from April 1 of the calendar year within which subscription and payment therefore are made.

Trustee—Bankers Trust Co., New York.

Provisions of Issue—Authorized and issued, $10,000,000.

Purpose of Issue—As a result of this financing, Edison General Italian Electric Co. will be supplied with funds for completion of certain extensions in the hydro-electric plants under construction and for other corporate purposes.

Callability—Subject to call, except for sinking fund, as a whole only on any interest date, on 60 days' notice, at 105 and interest through Feb. 1, 1932; thereafter at 104 and interest through Feb. 1, 1937, the premium decreasing ½% immediately thereafter and at the end of every 5 year period until the call price reaches 102½ and interest, at which it continues prior to maturity.

Sinking Fund—Sinking fund is provided sufficient to retire all these Series E bonds by maturity. For this purpose, bonds may be turned in at par. To the extent not so turned in, the Trustee will draw bonds by lot for redemption at 100 and interest.

Security—Series "E" bonds are the direct obligations of International Power Securities Corp., secured by a Mortgage in the principal amount of $9,949,000 made to the Trustee by Societa Generale Italiana Edison di Elettricita (Edison General Italian Electric Co.) and two of its subsidiaries. This mortgage is not only a joint and several general obligation of the "Edison" Company and its subsidiaries, but also creates a first mortgage lien on six hydro-electric plants of these Italian companies, having an aggregate generating capacity of 198,000 horse-power and valued at over $15,000,000. Provision will be made whereby, upon the retirement by the sinking fund of approximately one-third and two-thirds respectively of this Series "E" issue of bonds, certain of the mortgaged property will be released.

Legal Opinion—Simpson, Thacher & Bartlett, New York and S. G. Archibald, Paris, and Sig. Roberto Pozzi, Milan, Italy.

Original Offering—First publicly offered ($10,000,000) in January, 1927, at 96.375 and interest to yield 7.30%, by Aldred & Co., Harris, Forbes & Co., Bankers Trust Co., Minsch, Monell & Co., Inc., New York; First National Corp. of Boston, Harris, Forbes & Co., Inc., Chase & Co., Boston; Harris Trust & Savings Bank, Chicago and Harris, Forbes & Co., Ltd., Montreal.

Listed—Boston Stock Exchange.

$5,954,000 7% SECURED GOLD BONDS, SERIES "F"; DUE JANUARY 15, 1952

Dated January 15, 1927.

Interest Payable January and July 15, at Bankers Trust Co., New York, in U. S. gold coin.

Denomination—Coupon, $1,000; principal may be registered.

Trustee—Bankers Trust Co., New York.

Purpose of Issue—Issued to supply Adamello Electric Company with funds for construction work on a new 80,400 H. P. hydro-electric plant, a new 26,800 H. P. steam plant, additional transmission lines and certain extensions in existing hydro-electric plants, as well as for other corporate purposes.

Callability—Subject to call, except for sinking fund, as a whole only on interest date, on 60 days' notice, at 105 and interest, through Jan. 15, 1931; at 104 and interest, through Jan. 15, 1935; at 103½ and interest, through Jan. 15, 1939; at 103 and interest, through Jan. 15, 1944, and thereafter prior to maturity at 102½ and interest.

Sinking Fund—A sinking fund will be provided sufficient to retire all of Series "F" bonds by maturity. For this purpose, bonds may be turned in at par. To the extent not so turned in, the Trustee will draw bonds by lot for redemption at par and interest.

Security—These Series "F" bonds are the direct obligations of Corporation. In addition they are secured by a closed first mortgage made to the Trustee by Societa Generale Elettrica dell'Adamello (Adamello General Electric Co.) and by one of its subsidiary companies, Societa Idroelettrica dell'Ozola (Ozola Hydro-Electric Co.) in the principal amount of $5,954,000, which equally and ratably secures 45,870,000 lire ($2,018,280) of debentures which are now outstanding. This mortgage created a first mortgage lien on six operating hydro-electric generating plants and certain transmission lines of company and its said subsidiary as well as on a steam generating plant now under construction, and is in addition a joint and several general obligation of company and of its subsidiary. The present reproduction value, after liberal depreciation, of the existing properties covered by the mortgage is over $17,000,000. This is exclusive of the cost of the new plant now under construction. Provision will be made whereby certain of the mortgaged properties will be released upon the retirement by the sinking fund of one-half of the Series "F" bonds and certain others will be released upon payment of the outstanding debentures.

Legal Opinion—Simpson, Thacher & Bartlett, New York; S. G. Archibald, Paris, and Sig. Roberto Pozzi, Milan.

CAPITAL STOCK

Authorized, 1,200,000 shares Common Class "A" (non-voting), 150,000 shares Common Class "B" (voting), 100,000 shares $7 cumulative Prior Preferred, and 150,000 shares $6 cumulative and participating Preferred, shares of all classes having no par value; outstanding, 970,000 shares Common Class "A," 150,000 shares Common Class "B" and 123,399 shares $6 cumulative and participating Preferred. The 970,000 shares Common Class "A" shown as outstanding include 202,000 shares deposited for satisfaction of option warrants attached to Corporation's 6% Gold Debentures.

Prior Preferred Stock Provisions—May be issued in one or more series as may be determined by the Board of Directors. The dividend rate may be fixed by the Board of Directors. Holders of Prior Preferred stock are entitled to receive cumulative dividends when declared before any dividends may be paid on the Preferred or Common stock of the Corporation. In the event of liquidation, holders of Prior Preferred stock are entitled to receive $100 per share and accrued dividends before any payment may be made on the Preferred or Common stock. For voting rights, see under Common Stock Provisions below.

Preferred Stock Provisions—Holders of Preferred shares are entitled to cumulative dividends at the rate of $6 per year and an additional dividend on each share equal to any dividend paid during the previous fiscal year on each share of Common stock, provided such additional dividend does not exceed $1 in any one fiscal year, before the Common stock may receive any dividend. It is subject to redemption at 105. In event of liquidation, holders are entitled to $100 before any payment may be made to Common stockholders, but they shall be entitled to no further share in the assets. The rest of the assets, if any, shall be divided among Common stockholders.

Common Stock Provisions—Class "A" and Class "B" Common stock are identical except that the voting rights are vested solely in the "B" stock except in the event of non-payment of dividends on any existing Prior Preferred stock for successive dividend periods totalling one year, in which case until this situation is corrected, the voting rights are vested wholly in holders of the Prior Preferred stock. The Charter of the Company provides that Common stock Class "B" shall be divided into two series consisting of 75,000 shares, each to be known as Common stock Class "B" of the First Series and Common stock Class "B" of the Second Series. The By-laws of the Company provide that Common stock Class "B" of the First Series shall elect by plurality vote directors representing Common "B" stock of that series, and Common stock Class "B" of the Second Series shall elect by plurality vote the directors representing that series.

IOWA RAILWAY AND LIGHT CORPORATION

History and Property—Incorporated May 25, 1925, in Iowa, and on October 1, 1925, acquired by stock ownership the properties formerly operated by Iowa Railway and Light Company (see 1925 Public Utility Manual, page 833), Boone Gas Co., Jefferson Electric Co., Wapsie Power and Light Company, Iowa Public Service Company and has since acquired other electric utilities in contiguous territory. The Corporation also owns all of the outstanding stock of Central Iowa Telephone Company and has substantial investments in other Iowa utilities.

The Corporation now owns and operates steam-electric generating plants in Cedar Rapids, Marshalltown, Boone, Perry Marion, Nevada and Jefferson. Diesel plants in Mt. Vernon, Perry and Coon Rapids; and hydro-electric plants in Cedar Rapids, Troy Mills and Central City. The aggregate capacity of these generating stations is more than 50,000 k.w. Water power sites capable of substantial production are held for future development.

Corporation owns and operates approximately 800 miles of high tension transmission lines, serving more than 100 cities and towns in the most prosperous section of Iowa, all the property served being interconnected by high tension transmission lines.

It owns and operates an electric railway between Cedar Rapids and Iowa City, and Cedar Rapids and Mount Vernon and Lisbon, Iowa. Also local street railways in Cedar Rapids, Marshalltown, and Boone. Its interurban electric railways are so constructed as to enable the handling of a general freight and passenger business, the present revenues exceeding $14,000 per mile. Substantially one-half of this revenue is derived from freight. The Corporation operates bus lines between Cedar Rapids and Davenport, Iowa, and Cedar Rapids and Washington, Iowa.

Gas service is supplied the cities of Marshalltown, Boone, Ames and Nevada, all except Marshalltown being regularly supplied from the Boone plant. The Ames plant is operated only as a reserve for Ames and Nevada.

CAPITAL STOCK

Authorized $20,000,000 Common and $15,000,000 cumulative Preferred; outstanding, Dec. 31, 1927, $8,500,000 Common, $6,429,398.34 7% cumulative Series "A" Pfd. and $904,812.25 6½% cumulative Series "B" Pfd. Stock transferred at Company's office, Cedar Rapids, Iowa. Annual meeting, First Tuesday in May.

Preferred Stock Provisions—Pfd. stock has preference as to assets as well as dividends. Pfd. stock has voting power only in case of an issue of stock wherein the security of this stock would be jeopardized.

Callability—Pfd. stock is redeemable as a whole or in part on any dividend date upon not more than 30 nor less than 10 days' notice at 102½ and accrued dividends. If less than all outstanding shares are to be redeemed at any time, stock for redemption shall be selected by lot.

$1,500,000 IOWA RAILWAY AND LIGHT CORPORATION FIRST AND REFUNDING MORTGAGE TWENTY-YEAR 5% GOLD BONDS, SERIES "B"; DUE JUNE 1, 1946.

Dated Series "A," October 1, 1925; Series "B," June 1, 1926.

Interest Payable—On Series "A," May and November 1; and on Series "B," June and December 1, at Harris Trust & Savings Bank, Chicago, or Harris Forbes & Co., New York.

Denominations—Coupon, $500 and $1,000; principal may be registered.

Trustee—Harris Trust & Savings Bank, Chicago, Ill.

Provisions of Issue—Authorized amount unlimited. The unissued bonds in excess of $4,600,000 are reserved to be issued at (a) 75% of the cost of permanent extensions and additions; (b) for acquiring property of other utilities; (c) for the retirement of bonds or other evidences of indebtedness of utilities acquired by the Company provided the net earnings of the Company for a 12 months period ending not more than 90 days preceding the filing of application, shall have been 1¾ times the annual bond interest charge. Future issues of bonds may be of various series bearing different rates of interest, with different call features and for different maturities not exceeding 20 years from date of issue, etc.

Callability—Series "A" bonds are subject to call on any interest date upon 60 days' notice at par plus a premium of 5% if redemption be effected on or before Nov. 1, 1935, or if effected after said date, premium is to be decreased ½ of 1% each year after Dec. 31, 1934, except that on May 1, 1945, such premium shall be ½ of 1%.

Series "B" bonds are subject to call on any interest date upon 60 days' notice at par plus a premium of 5% and interest if redemption be effected on or before June 1, 1930; thereafter and including June 1, 1935, at premium of 3%; thereafter and including June 1, 1940, at 2%; thereafter and including June 1, 1945, at 1% and without premium if redemption be effected on Dec. 1, 1945.

Sinking Fund—Prior to the expiration of four months after the last day of each fiscal year of the Corporation, beginning with the fiscal year ending in the calendar year 1926, and continuing so long as any bonds are outstanding, the Corporation will deposit with the Trustee a sum equal to 12½% of the aggregate gross earnings of the system from the operation of the plants and properties (excluding inter-company accounts and deducting an amount equal to the cost to the Corporation of the electric current and/or gas purchased and resold and rentals paid for electric and/or gas generating, transmitting and/or distributing properties leased during such period) less cash expenditures made during the period for maintenance, repairs, renewals or replacements of the plants and properties constituting the system, not including, however, that part of any expenditures for renewals or replacements which is in excess of the original cost of the property renewed or replaced.

Security—These bonds are secured by a first mortgage, subject only to the lien of the First and Refunding Mortgage of the Iowa Railway and Light Company and of the indenture securing additional interest certificates attached to $1,500,000 bonds of that issue, on the (1) steam generating plants in Cedar Rapids, Marshalltown, Boone, Perry, Marion, Nevada and Coon Rapids; the high tension transmission lines connecting these generating plants and the distribution system in the many cities and towns served by the system; (2) the steam heating distribution systems in the cities of Cedar Rapids, Boone, Marshalltown, Marion and Perry; (3) the local street railway systems in the cities of Cedar Rapids, Boone and Marshalltown; (4) the gas plants, distribution systems in Boone, Marshalltown, Ames and Nevada; (5) the interurban railway between Cedar Rapids, Iowa City, Mount Vernon and Lisbon and (6) the hydro-electric generating plants in Cedar Rapids and Central City.

Tax Provisions—Corporation pays Normal Federal Income Tax up to 2%.

Legal Opinion—Chapman, Cutler and Parker, Chicago, Ill.

CENTRAL IOWA TELEPHONE COMPANY

(Controlled by Iowa Railway & Light Corp.)

History and Business—Incorporated December 13, 1926, in Iowa. Acquired physical properties and franchises of the following companies: The Tama Telephone Company, Eldora Telephone Company, Williamsburg Telephone Company, Mutual Telephone Company of Traer, Home Telephone Company of Belle Plaine, Conrad Telegraph and Telephone Company, Collins Telephone Company, Baxter Telephone Company, and the properties located at Garwin and Beaman.

The system furnishes without competition, and under franchises which are satisfactory, local and long distance telephone service to 12 cities and towns in 9 counties in Iowa. The system operates a total of 7,826 stations and includes the following equipment: 1,728 miles of exchange aerial wire, 33,649 feet of underground conduit, 68,513 feet of aerial cable and 93,818 feet of underground cable. Through a joint operating agreement the company affords its subscribers the services of the Northwestern Bell Telephone Company and the American Telephone and Telegraph Company. The Company provides service in a territory in Central Iowa between Des Moines and Cedar Rapids with an estimated population of over 40,000. The counties in which the company operates have an estimated population of 158,000.

CAPITAL STOCK

Authorized, $700,000 Common and $300,000 cumulative Preferred; outstanding, $600,000 Common; par of both issues, $100. All owned by Iowa Railway & Light Corp. Annual Meeting, first Tuesday in April.

FUNDED DEBT

$350,000 FIRST MORTGAGE TWENTY-YEAR 5½% GOLD BONDS, SERIES "A"; DUE JULY 1, 1947

Dated July 1, 1927.

Interest Payable January and July 1, at the Seaboard National Bank, New York, Harris Trust & Savings Bank, Chicago, or at the Cedar Rapids Savings Bank and Trust Co., Cedar Rapids, Iowa.

Denominations—Coupon, $100, $500 and $1,000; principal may be registered.

Trustees—Cedar Rapids Savings Bank and Trust Co., Cedar Rapids, Iowa and L. J. Derflinger.

Provisions of Issue—Authorized amount, not limited; issued, Series "A," $350,000. Additional bonds may be issued in series with such interest rates, maturity dates, redemption provisions and other terms and conditions as may be determined by the Board of Directors at the time of the creation of such series and subject to the terms of the mortgage. Additional bonds may be issued up to 75% of the cost of permanent additions and betterments to the property, provided that net earnings, for twelve consecutive calendar months within the fifteen months preceding the application for the issuance thereof shall have been equal to at least twice the annual bond interest charges of the company, including interest on those bonds for which certification is requested.

Purpose of Issue—Proceeds were used in part payment of purchase price of properties, retiring indebtedness of the predecessor corporations, making improvements to the Company's properties, and for other corporate purposes.

Callability—Subject to call as a whole or in part on any interest date on not less than 30 days' notice, at 104 on or before July 1, 1932; at 103 thereafter and on or before July 1, 1937; at 102 thereafter and on or before July 1, 1942; at 101 thereafter and on or before July 1, 1946, and thereafter at 100, plus accrued interest in each case.

Sinking Fund—None provided.

Maintenance and Renewal Fund—The company covenants that an amount equivalent to not less than 15% of the gross earnings shall annually be expended for maintenance or set aside as a renewal reserve for repairs to or replacements of its property. Any part of this fund not used for such purposes may be expended for improvements and additions to the property, such expenditures, however, not to be used as a basis for issuing First Mortgage Gold bonds. The Company shall utilize any balance of this fund for the purchase or redemption of First Mortgage Gold bonds, which will thereupon be cancelled.

Security—Secured by a direct first mortgage on all fixed property and franchises of the company, including land, buildings, equipment and conduits, and by a direct lien on property hereafter acquired.

Valuation—The present reproduction value of the combined properties of Company as fixed by independent appraisers and auditors is $821,256. Present sound depreciated value of the property as determined by independent telephone engineers is $666,932.

Tax Provisions—Company pays Normal Federal Income Tax up to 2%.

Legal Opinion—Chapman, Cutler & Parker, Chicago.

Original Offering—First publicly offered ($350,000) in July, 1927, at 97 and interest to yield over 5.75% by Oliver J. Anderson & Co., St. Louis, W. D. Hanna & Co., Burlington, Iowa, and Merchants National Bank, Cedar Rapids, Iowa.

BRAZOS RIVER GAS COMPANY

History and Property—Incorporated in October, 1926, in Texas, to acquire a group of properties which for some time had been producing, transporting and marketing natural gas for domestic, industrial and commercial purposes in Parker, Palo Pinto and Young Counties, North Central Texas. All operations are conducted within a radius of about 30 miles of Mineral Wells, Texas, in which vicinity the Company has 24 producing wells. Under the Texas Statutes, the Company is a public utility and as such operates by authority of the Railroad Commission of Texas.

Company supplies gas for domestic consumption to the cities of Mineral Wells, Weatherford and adjacent towns such as Palo Pinto, Millsap, Bennett, and Graford, as well as to rural consumers in this section. It also serves important industries in this territory, supplying by contract the Mineral Wells Electric Company and the Weatherford Water and Light Company, serving the cities of Mineral Wells and Weatherford, respectively.

The Company controls about 5,167 acres of gas and oil lands, of which about 3,938 acres are in Palo Pinto County (273 acres in the Dalton field and 3,665 in the Mineral Wells fields); the remaining acreage is in Parker and Young Counties. Some of the largest gas wells in the country are located in Palo Pinto County. The Company has a valuable contract with the Phillips Petroleum Company for the purchase of gas from that company on very advantageous terms and for a substantial period. The Company's oil wells are located mostly in the Dalton and Mineral Wells fields.

The properties are thoroughly equipped for the production and transportation of natural gas. They comprise the main line transportation system running from Mineral Wells to Herron City, from Mineral Wells to Brazos, from what is known as Shallow Field Junction to Mineral Wells, from Dalton field to Graford, from Palo Pinto to Mineral Wells, and from Millsap to Shallow Field Junction and Weatherford. There are also extensive field lines. In addition to the field acreage, the properties include meter installation, real estate, buildings, etc.

In Nov., 1926, the Company had 34 producing wells, of which 24 were in the Mineral Wells fields, 4 in the Dalton field (both fields in Palo Pinto County), and 6 in the Millsap field, Parker County. The production of oil is comparatively small, amounting to 9,036 barrels in 1925.

The Company's production of natural gas during 1925 averaged about 4,200,000 cu. ft. daily. The gas reserves are estimated to exceed 9,700,000,000 cubic feet. This does not include reserves resulting from the acquisition of new leases or new wells which may be purchased. In respect to the gas purchased from the Phillips Petroleum Company, the supply from this source is assured for some years to come.

CAPITAL STOCK

Authorized, 55,000 shares Common stock, no par value, and $250,000 7% cumulative Pfd., par $100; outstanding, 43,750 shares Common and $250,000 Pfd. The remaining 11,250 authorized Common shares are reserved for issuance against exercise of Stock Option Warrants.

Dividends—Initial Common dividend of 25 cts. per share paid Jan. 3, 1927; April 1, 1927, 25 cents; none since; payments quarterly, J, A, J & O 1.

FUNDED DEBT

$750,000 FIRST (CLOSED) MORTGAGE 7% FIVE-YEAR SINKING FUND GOLD BONDS; DUE OCTOBER 1, 1931

Dated October 1, 1926.

Interest Payable April and October 1, at Guardian Trust Co. of New Jersey, Newark, N. J.

Denominations—Coupon, $500 and $1,000; principal may be registered.

Trustees—Guardian Trust Co. of New Jersey, Newark, N. J. and Ralph S. McDonald.

Provisions of Issue—Authorized and issued, $750,000. Proceeds were used in connection with the acquisition of the properties, for working capital and for other corporate purposes.

Stock Option Warrants—Each $1,000 bond is accompanied by a detachable Stock Option Warrant entitling the holder thereof to purchase a unit of 15 shares of Common stock of the Company, without par value, at $20 per share on or before Oct. 1, 1927; thereafter and on or before Oct. 1, 1928, at $22.50 per share; thereafter and on or before Oct. 1, 1929, at $25 per share; and thereafter to and including Oct. 1, 1931, at $30 per share. Each $500 bond is accompanied by a detachable Stock Option Warrant entitling the holder thereof to purchase a unit of 7½ shares at the above rates.

Callability—Subject to call as a whole or in part, also for the sinking fund, on any interest date on 30 days' notice at 105% and accrued interest on or before Oct. 1, 1927, with successive reductions of 1% during each year thereafter to maturity.

Sinking Fund—Mortgage provides for a monthly sinking fund, the first installment to be due Dec. 1, 1926 in the amount of $16,000, payable thereafter $8,000 monthly to and including Oct. 1, 1927; thereafter $10,000 monthly during the next 12 months; thereafter $11,000 monthly during the next 12 months; thereafter $12,000 monthly during the next 12 months and thereafter $15,000 monthly during the next 11 months, the last payment Sept. 1, 1931. Payments to the sinking fund are to be used for the purchase of bonds at not exceeding the current redemption price; any balance unexpended in such purchase to be applied to the redemption of bonds by lot on the next

interest date. The Company may be credited upon its sinking fund obligation with the cost (up to the prevailing redemption price) of bonds surrendered by it to the sinking fund. Through the operation of the sinking fund all but $93,000 total principal amount of this issue will be retired by maturity.

Security—Secured by a closed first mortgage on all the fixed properties of the Company, now owned or hereafter acquired, including land, leaseholds, buildings and equipment, and the entire transportation and distribution system.

Tax Provisions—Company pays Normal Federal Income Tax up to 2%. All personal property taxes of any State or the District of Columbia, not exceeding in any year 5 mills on each dollar of principal amount, and all income taxes of any State or such District, not exceeding in any year 6% of the income derived from the bonds, refunded upon timely appropriate application.

Legal Opinion—Cadwalader, Wickersham & Taft (for the Bankers) and C. D. Scully, Pittsburgh, Pa., and Penix, Miller & Perkins, Mineral Wells, Texas (for the Company).

Original Offering—First publicly offered ($750,000) in Nov., 1926, at 99¾ and interest to yield about 7.05% by A. M. Lamport & Co., Inc., F. J. Lisman & Co., and the Guardian Securities Co., New York.

EARNINGS

Net earnings of the properties, as certified by Main and Company, available for interest charges, sinking fund, depreciation, depletion, federal taxes, etc., for the 2 fiscal years ended Aug. 31, 1926, averaged $264,401 per annum; for the 6 months ended June 30, 1926, corresponding net earnings were at the annual rate of $301,852.

INDIANA TELEPHONE UTILITIES COMPANY

History—Incorporated in 1926, in Delaware, and owns entire capital stock, both Common and Pfd., except directors' qualifying shares, of the La Porte County Indiana Telephone Company and the Liberty Telephone Utilities Company. The Company, through its subsidiaries, operates without competition in the communities served under indeterminate permits granted by the Public Service Commission of Indiana. The properties of the subsidiaries consist of eight exchanges, of which four are owned in fee simple. Serves the City of La Porte and the following named towns: Hanna, La Crosse, Rolling Prairie, Union Mills, Wanatah and Westfield, Ind. Through subsidiaries, the Company has two physical connections with the Indiana Bell Telephone Co. and one with the American Telephone & Telegraph Co.

CAPITAL STOCK

Authorized, 8,000 shares Common stock of no par value, and $1,000,000 7% cumulative Pfd., par, $100; outstanding, 8,000 shares Common.

FUNDED DEBT

$300,000 SECURED SINKING FUND CONVERTIBLE GOLD BONDS, SERIES "A" 6s; DUE DECEMBER 1, 1946

Dated December 1, 1926.

Interest Payable June and December 1, at Continental National Bank & Trust Co., Chicago, Ill.

Denominations—Coupon, $100, $500 and $1,000; principal may be registered.

Trustee—Continental National Bank & Trust Co., Chicago, Ill.

Provisions of Issue—Authorized issue, unlimited; outstanding, $300,000 Series "A" 6s. Additional bonds of a subsequent series may be issued from time to time provided that consolidated net earnings of the corporation (of which not less than 80% shall be from properties of subsidiaries) during the period of 12 consecutive months within the 15 months preceding shall have been not less than 1½ times the amount of the annual fixed charges of the corporation and its subsidiaries. The indenture requires when additional bonds are issued against securities, the pledge of those securities, and also provides for the pledge with the Trustee, when any additional bonds are applied for, of collateral in the form of securities having a value of 125% of the amount of the additional bonds applied for or cash 100%.

Callability—Subject to call as a whole or in part on the first day of any month upon 30 days' notice at 105% on or before Dec. 1, 1931; at 104% thereafter and on or before Dec. 1, 1934; at 103% thereafter and on or before Dec. 1, 1937; at 102% thereafter and on or before Dec. 1, 1940; at 101% thereafter and on or before Dec. 1, 1943; at 100½% thereafter to maturity, plus accrued interest in each case.

Sinking Fund—Indenture provides a sinking fund for the bonds of this series, payable semi-annually, beginning Dec. 1, 1928, equivalent to ½% of the bonds at the time outstanding, to be applied to the purchase or redemption of bonds, or may be used for the acquisition of additional securities of such character that they may properly be pledged under the indenture and which shall be pledged thereunder but not made the basis for the issuance of additional bonds thereunder.

Conversion Privilege—These bonds may, at the option of holder, be converted on or after Dec. 1, 1927 into the 7% cumulative Pfd. stock of the Corporation on the basis of each $1,000 bond receiving $1,000 Pfd. stock, with adjustment of accrued interest and dividends.

Security—These bonds are the direct obligations of the Company and constitute its only funded debt. AUGUSTA-AIKEN RAILWAY & ELECTRIC CORPORATION

History—Incorporated Nov. 9, 1910, in Maine, and reincorporated in South Carolina on April 26, 1911. Company owns and operates properties formerly belonging to Augusta-Aiken Railway & Electric Co., the Augusta and Aiken Railway Co., and the Augusta Railway & Electric Co. The corporation operates the entire street railway system in Augusta and vicinity, also railway from Augusta to Aiken, S. C. Also owns all the stock of the Georgia-Carolina Power Co.

The company furnishes the entire electric lighting service for the city of Augusta and for North Augusta. It has two separate power plants, the main one being located in the city, and having both steam and hydraulic equipment. The operation of the 25,000 h.p. hydro-electric plant of the Georgia-Carolina Power Co., was taken over July 1, 1914, and practically all power is now generated by water. Supplies power to manufacturing plants in Georgia and South Carolina. The railway property comprises 55.75 miles of equivalent single track of which 30.65 miles are in the city and suburbs and serves the territory well.

Franchises—The interurban division of the system is practically all on private right-of-way. Franchise for railway in Augusta expires in 1939, and for electricity in 1939.

GEORGIA-CAROLINA POWER COMPANY

(Controlled by Augusta-Aiken Railway & Electric Corp.)

History and Property—Incorporated March 1, 1909, under South Carolina laws. Property consists of hydro-electric plant and 44 Kv.—110 Kv. Transformer and switching substation on Savannah River, near Stephens Creek, about eight miles from Augusta, Ga. Initial development of about 15,700 h.p. was completed February 17, 1914. Upon completion of the initial development, the plant was turned over to the Augusta-Aiken Ry. & Electric Corp. for operation under a contract dated July 1, 1912. Three additional units of 3,125 h.p. each have been added, bringing the total generating capacity of the plant to about 25,000 h.p. The Augusta-Aiken Railway and Electric Corp. guarantees the bonds of the Georgia-Carolina Power Co., as to interest, sinking fund and principal at maturity in 1952, in so far as they are not retired by the sinking fund.

CAPITAL STOCK

Authorized and outstanding, $500,000 Common and $750,000 7% Pfd.; par, $100. All owned by Augusta-Aiken Railway & Electric Corp. Annual meeting, last Monday in February, at North Augusta, S. C.

FUNDED DEBT

$3,321,000 GEORGIA-CAROLINA POWER COMPANY FIRST MORTGAGE SINKING FUND GOLD 5s; DUE JULY 1, 1952

Dated July 1, 1912.

Interest Payable January and July 1, at Central Union Trust Co. of New York.

Denominations—Coupon, $500 and $1,000; principal may be registered.

Trustee—Central Union Trust Co. of New York.

Provisions of Issue—Authorized, $5,000,000; issued, $3,750,000, of which $429,000 retired by sinking fund, leaving $3,321,000 outstanding in hands of public at April 1, 1928. The remaining bonds may be issued as follows:

$1,000,000 for increase of plant capacity as provided in the mortgage ($750,000 of these bonds have been issued).

$1,250,000 (and as many of the $1,000,000 as are not required for the increase in capacity above stated) may be issued for 90% of the cost of improvements, extensions and additional property, provided the combined 12 months' net income of the Augusta-Aiken Railway and Electric Corporation and the Georgia-Carolina Power Company shall have amounted to at least one and one-half times the interest on all bonds outstanding on the properties of both companies (including as outstanding the bonds then to be issued) and on any bonds guaranteed by the Augusta-Aiken Railway and Electric Corporation.

Callability—Subject to call at 105 and interest as a whole, or in part for sinking fund, on notice by publication 60 days in first case and 30 days in second case.

Sinking Fund—Beginning April 1, 1918, payments have been made semi-annually to the sinking fund for

the purpose of purchasing or drawing these bonds. These payments are at the rate of 1% per annum of bonds outstanding (including those held in the sinking fund) from 1918 until 1942 inclusive, and at the rate of 2½% per annum from 1943 to 1951, inclusive, payable either in cash or bonds. Bonds are kept alive in the sinking fund, which will thus retire by maturity all of the bonds which were issued before April 1, 1918, and a proportionate amount of any issue after that date. The interest on bonds kept alive in the sinking fund added to the sinking fund accruals have been used towards purchasing bonds.

Security—A direct first and only mortgage on entire property of Company now owned or hereafter acquired, including a hydro-electric plant of about 25,000 h.p capacity, solid concrete dam and transmission lines.

Guaranty—Guaranteed as to interest, sinking fund and principal at maturity in 1925 insofar as they are not retired by sinking fund by Augusta-Aiken Ry. & Electric Corporation.

Tax Provisions—Company pays Normal Federal Income Tax up to 2%.

Legal Opinion—Byrne & Cutcheon, New York.

Original Offering—$1,590,000 of these bonds were offered in London in July, 1913, at 90.

Listed—London Stock Exchange.

NORTHERN ELECTRIC COMPANY
(Wisconsin)
(Controlled by Northern Paper Mills, Green Bay, Wis.)

History—Incorporated June 23, 1926, in Wisconsin. Owns approximately 83 miles of recently completed 132,000-volt steel tower transmission line, running north from the mills of the Northern Paper Mills at Green Bay to connect with its two hydro-electric power plants being developed on the Menominee River. The aggregate installed capacity of the two plants will be about 22,600 H. P., and estimates by independent engineers place the total annual output at 66,000,000 K. w. h.

Contract and Leases—The entire output from one plant has been contracted for by The Milwaukee Electric Railway & Light Co., to be delivered over the transmission line of the Wisconsin Gas & Electric Co. which now occupies under lease one-half of the completed tower line. Both of these companies are subsidiaries of the North American Edison Co. The other plant and half of the transmission line have been leased to the Northern Paper Mills.

CAPITAL STOCK

Authorized, 10,000 shares. All of the issued stock except directors' qualifying shares, is owned by Northern Paper Mills. (see statement in Industrial Volume.)

FUNDED DEBT

$3,000,000 THREE-YEAR 6% FIRST (CLOSED) MORTGAGE GOLD BONDS; DUE JULY 1, 1929

Dated July 1, 1926.

Interest Payable January and July 1, at Halsey, Stuart & Co., Inc., New York and Chicago, and at The Minnesota Loan & Trust Co., Minneapolis.

Denominations—Coupon, $500 and $1,000, interchangeable; principal may be registered.

Trustee—The Minnesota Loan & Trust Co., Minneapolis.

Provisions of Issue—Authorized and issued, $3,000,000.

Purpose of Issue—Proceeds from these bonds used towards the acquisition of the Company's present properties, and funds not immediately so applied will be deposited with the Trustee to be expended only in connection with the completion of the dams, generating stations, transmission lines and necessary auxiliary apparatus, and the acquisition of such additional lands and rights as required.

Callability—Subject to call as a whole or in part at any time on 30 days' published notice at the following prices and accrued interest: Prior to July 1, 1927 at 103; on and from July 1, 1927 to July 1, 1928 at 102; on and from July 1, 1928 to Jan. 1, 1929 at 101; on and subsequent to Jan. 1, 1929 at 100.

Sinking Fund—All payments made under contract and leases will be paid direct to the Trustee, to be held by it as security for these bonds and used only in paying operating expenses, taxes and maintenance of the mortgaged properties, bond interest, and in retiring bonds through purchase or call in accordance with the provisions of the Sinking Fund.

Security—Secured by a direct (closed) first mortgage upon all of the Company's physical property and rights now owned or hereafter acquired, subject only to lease with the Wisconsin Gas & Electric Co. for space on one-half of tower line which will produce a rental amounting to about $21,000 per year. As additional security, the contract and leases referred to above are pledged under the mortgage securing these bonds.

Guaranty—Payment of principal and interest guaranteed by endorsement, by Northern Paper Mills.

Tax Provisions—Company pays Normal Federal Income tax up to 2%; the Company agrees to refund Pennsylvania and Connecticut 4 Mills and Maryland 4½ Mills taxes. District of Columbia Personal Property taxes not exceeding 5 Mills per $1.00 per annum, and Massachusetts Income Tax on the interest of the Bonds not exceeding 6% of such interest per annum.

SILESIA ELECTRIC CORPORATION

(Elektrizitatswerk Schlesien Aktiengesellschaft)

History—Organized Nov. 18, 1909, in Germany. In 1910, purchased the Eulengebirgs-Elektrizitatswerk in Molke with its distribution system. The Silesia Electric Corporation owns 88.21% of the stock of the Niederschlesische Elektrizitats und Kleinbahn Aktiengesellschaft (Lower Silesia Electric and Railway Corporation) which was formed in 1896 and owns an electric business together with a small but profitable electric railway line in the southwest division of the Company's territory. The entire properties of this subsidiary are leased to and operated by the Silesia Electric Corporation under a lease which continues until June 30, 1952, with a provision that if notice of termination is not given three years before that date, the lease contract automatically extends for an additional ten years. By this lease there was added to the properties operated by the Company the power plant at Waldenburg, its distribution system, concession contracts for three counties and one city, and an electric railway serving Waldenburg and its suburbs. This acquisition brought the territory of the Company to its present extent.

Business—The Company supplies, directly or through the operation of the properties of its subsidiary, an essential electric power and light service in the Province of Silesia, Germany, in an area having a total population estimated at over 2,100,000. More than 1,050 communities are to be found in the 38 counties of Silesia that are supplied, directly or indirectly, with the Company's power. In area this territory has over 8,050 square miles. The principal communities served directly by the Company are Waldenburg, Langenbielau, Oels, Landeshut, Dittersbach, Nieder-Hermsdorf, Gottesberg, Freiburg, Ohlau and Strehlen, while indirectly the Company's power is distributed in such communities as Oppeln, Brieg, Hirschberg, Schweidnitz, Neisse, Reichenbach and Bunzlau. The Company's 57,000 electric customers include three important utility systems, 14 communities and 448 cooperative systems which purchase power from the Company at wholesale for redistribution through their own systems to many thousand additional consumers.

Properties—The chief properties of the Company and of its subsidiary consist of three large steam plants, known as Tschechnitz, Molke and Waldenburg, having an aggregate installed capacity of 71,400 k.w. Additional installations for generating 30,000 k.w. are now in course of construction, which, when completed, will make the total installed capacity 101,400 k.w. Transmission and distribution system comprises over 1,880 miles of lines.

CAPITAL STOCK

Issued and outstanding, $5,952,381 Common (25,000,000 Reichsmarks) and $71,428 6% special voting Preferred (300,000 Reichsmarks). The outstanding stock is divided into 20,000 shares of Pfd. stock of the par value of 10 Reichsmarks each and one share of the par value of 100,000 Reichsmarks; and 180,000 shares of Common stock of the par value of 100 Reichsmarks each, 10,000 shares of the par value of 300 Reichsmarks each, and 4,000 shares of the par value of 1,000 Reichsmarks each. Stock certificates are issued to bearer. Dividends have been paid by company since 1912; in 1924, 8% was paid on Common, and in 1925, 10%. Pfd. dividends of 6% per annum are being paid.

FUNDED DEBT

$4,000,000 SINKING FUND MORTGAGE GOLD BONDS, 6½% SERIES DUE 1946; DUE FEBRUARY 1, 1946

Dated February 1, 1926.

Interest Payable February and August 1, at Harris Forbes & Co., New York, or Harris Trust & Savings Bank, Chicago, in U. S. gold coin of the standard of weight and fineness existing Feb. 1, 1926.

Denominations—Coupon, $500 and $1,000; principal may be registered.

Trustee—Treuhand-Vereinigung Aktiengesellschaft Berlin, Germany. Harris Trust & Savings Bank Chicago, Ill., Co-Trustee.

Provisions of Issue—Authorized, $15,000,000 (or equivalent in other currency); issued, $4,000,000 proceeds of which were to be used largely to reimburse Company for expenditures on property additions made and to be made, including new 30,000 k.w. generating unit being installed in February, 1926. The remaining $11,000,000 (or equivalent) may be issued from time to time to reimburse Company for not to exceed 50% of the cost or fair value, whichever is less, of the construction or acquisition of additions to the mortgaged properties made subsequent to February 1, 1926, provided that net earnings (defined in the Indenture) for 12 consecutive calendar months out of the 15 months immediately preceding application for issue shall have been at least equal to three times the actual annual interest requirements on all bonds issued and outstanding under the Indenture, including those proposed to be issued. Bonds may be issued in series, with various rates of interest, maturities, etc., under an Indenture with the above named trustees.

Callability—Bonds of the 6½% Series due 1946 are subject to call as a whole or in part on any interest date upon 60 days' notice, at par and interest.

Sinking Fund—The Indenture provides for annual sinking fund payments commencing February 1, 1927 which are calculated to be sufficient to retire a minimum of 50% of bonds of 6½% Series, due 1946 at or before maturity, with provision for increased sinking fund payments under certain conditions. The Company may tender bonds for cancellation in lieu of making cash payments into the sinking fund.

Security—Bonds of the 6½% Series due 1946 are secured by direct first mortgage on substantially all the fixed properties of the Company and of Neukag, subject only to prior charges under the Dawes Plan estimated as not exceeding $1,297,714 principal amount, and to existing mortgages amounting to approximately $90,000 for the discharge of which, within four months, provision has been made. The maximum annual Dawes charges are estimated as not exceeding $80,000. The Indenture provides for the extension of the lien of the mortgage to cover fixed properties hereafter acquired either by the Company or by Neukag.

Valuation—The present reproduction value of the properties directly subject to the lien of this mortgage, based on the estimates of independent American engineers, amounts after liberal depreciation to over 3.8 times this issue of $4,000,000 bonds. Based on costs in the United States such value would be considerably greater.

Tax Provisions—Interest is payable without deduction for any German taxes of any nature, past, present or future.

Legal Opinion—Sullivan & Cromwell, New York City, Dr. Heinrich, F. Albert and G. A. Westrick, Berlin, Germany.

Original Offering—First publicly offered ($4,000,000 bonds of 6½% Series, due 1946) at 87⅜ and interest, to yield 7¼%, by Harris, Forbes & Co., New York; Harris, Forbes & Co., Inc., Boston; Harris, Forbes & Co., Ltd., Montreal, and Harris Trust & Savings Bank, Chicago.

Listed—New York and Boston Stock Exchanges.

Price Range—1926: High, 87⅜; low, 87⅛.

Relation to Dawes Plan—The annual payments which the Company will be required to make under the Dawes Plan and the German laws enacted to carry the Dawes Plan into effect are estimated as not exceeding $80,000 per annum, these payments being secured in accordance with the so-called Industrial Charges Law of August 30, 1924. Neither German law nor any international engagements assumed by the German Government involve any restrictions upon the acquisition by the Company of the foreign exchange requisite to permit the Company to meet the external obligations to be evidenced by these bonds.

SALEM & PENNSGROVE TRACTION CO.

History and Property—Incorporated Sept. 13, 1915, in N. J. Franchises extend for 50 years. The line is 14.85 miles in length, the first section, from Pennsgrove to the most distant entrance to the duPont Plant, at Carney's Point, about 5 miles, was completed and put in operation about Sept. 1, 1916, and the remaining 9 miles were completed and put in operation about Feb. 1, 1917. The line extends from the Wilmington ferry landing, at Pennsgrove, N. J., through Pennsgrove, and the new duPont villages, known as Rubberoid Village and Riverview, past the duPont Plants, known as Plants Numbers 1, 2, and 3, and Deep Water Point Plant, past Pennsville and through several small villages to Salem, N. J. Power is supplied under a favorable long time contract from the American Electric Power Co. by way of Wilmington, Del., and Bridgeton, N. J. The Company owns 14 cars of modern approved prepayment type, and financial provision has also been made for the purchase of additional cars. Gauge, 4 ft. 8½ in. Rail, T, 70 lbs. Operated by overhead trolley.

CAPITAL STOCK

Authorized, $850,000; outstanding, $187,500; par, $10. Annual meeting, in February. No dividends paid.

Voting Trust—A Voting Trust has been formed, to last for five years, under which dividends are restricted to not over 6% in any one year, until at least half of the Second Mortgage bonds and all of the First Mortgage bonds outstanding, in excess of $225,000 face

value, have been retired. Until the bonded debt is reduced as above, any surplus earnings are to be used as an additional fund for redemption of bonds, or for permanent improvements, betterments, or extensions or any corporate purposes which in the opinion of the Voting Trustees, will be most advantageous to the bondholders. There are three Voting Trustees, one of whom is a member of the firm of Martin & Co., Philadelphia, Pa.

FUNDED DEBT

(1)

$369,100 First Gold 6s; dated Dec. 1, 1915; due Dec. 1, 1935; int. June and Dec. 1, at The Pennsylvania Co. for Insurances on Lives and Granting Annuities, Philadelphia, Trustee. Coupon, $100, $500 and $1,000; principal may be registered.

Provisions of Issue—Authorized issue, $750,000; the remaining bonds may be issued upon approval by the N. J. Board of Public Utility Commissioners, as follows: $117,600 for the construction of a power house and for other corporate purposes of the Company and the balance for acquisitions, extensions or improvements at 85% of the value thereof, but only when net earnings for the previous twelve months have been at least twice the amount of the interest required on bonds of this issue outstanding or proposed to be issued.

Callability—Subject to call as a whole or in part on any interest date at 100 and interest.

Redemption Fund—The Mortgage provides that all of the Company's net earnings, after payment of operating expenses, taxes and interest charges be applied, in the proportion of four-fifths to the First Mortgage and one-fifth to the Second Mortgage, to the purchase of bonds at not over par and interest, or to their call at that price, bonds so purchased or called to be cancelled. This fund is, however, limited to not over $50,000 in any one year and is reduced to 2% of bonds outstanding, at such time as half of the Second Mortgage bonds and all of the First Mortgage bonds outstanding in excess of $225,000 face value have been retired. This Redemption Fund commenced to operate on July 1, 1917 to Dec. 31, 1925, $63,300 First Mortgage and $8,000 Second Mortgage bonds had been retired.

Convertibility—Company has arranged under supplemental agreement to give to holders of maturing or called First Mortgage bonds, a 50% Convertible Privilege, which will make it optional on the part of the bondholders, whether they accept all cash or half cash and half stock. This convertible privilege is subject to the approval of the Board of Public Utility Commissioners of the State of New Jersey, which must be obtained at such times as conversion may be requested by bondholders.

Security—A direct first lien on entire property.

Tax Provisions—Company pays Normal Federal Income Tax up to 2%.

BUFFALO, NIAGARA AND EASTERN POWER CORPORATION

History—Incorporated May 14, 1925, In New York, for the purpose, among others, of acquiring, through stock control, the properties of Buffalo General Electric Co., The Niagara Falls Power Co., Niagara, Lockport & Ontario Power Co., and the Tonawanda Power Co. (see appended statements). Formal approval of the plans was voted May 11, 1925, at simultaneous directors' meetings of the four companies and on July 16, 1925, the Public Service Commission of the State of New York gave Company permission to hold Common capital stock of the four companies. The exchange of stock was agreed upon on the basis of 1.1 share each of Common and Preferred stock of the Buffalo, Niagara & Eastern Power Corporation for each share of the Buffalo General Electric Company Common; 1.25 shares each of Buffalo, Niagara & Eastern Common and Preferred for each share of Niagara, Lockport & Ontario Power Company Common; one share each of Buffalo, Niagara & Eastern Common and Preferred for each share of The Niagara Falls Power Company Common, and 1.25 shares each of Buffalo, Niagara & Eastern Common and Preferred for each share of Tonawanda Power Company Common. Exchange privilege expired September 12, 1925, and more than 99% of the total issued Common capital stocks of the four companies are now owned by Buffalo, Niagara and Eastern Power Corporation.

On March 17, 1927 control of the Western New York Utilities Co., Inc., was taken over by Buffalo, Niagara & Eastern Power Corporation by the purchase of 27,500 shares of Common stock, the entire issue. This Company is now consolidated with Niagara, Lockport and Ontario Power Co.

Power Plants—The combined physical properties include electric generating stations with a total installed capacity of 725,000 kilowatts, of which 545,000 kilowatts is hydro and 180,000 kilowatts is steam. Limitations in the use of water for power development at Niagara Falls reduce the operating capacity of the hydro-electric plants to approximately 80% of their installed capacity. The Niagara generating plants were operated at capacity throughout the year 1927, within the limits of the governmental restrictions in the use of water. The kilowatt hour output for the Niagara system reached a new high level for the year with the total of 4,633,953,322 (3,642,689,920 generated and 991,263,402 purchased), an increase of more than 3.8% over the previous year.

Merger of Subsidiaries—Directors of the Corporation early in 1928 prepared a plan of reorganization under which the unification of this Company with its subsidiary electrical corporations operating in New York State will be consummated at or near the expiration of the year of 1928. The subsidiaries included are Buffalo General Electric Co., Niagara Electric Service Corp., The Niagara Falls Power Company, Niagara, Lockport & Ontario Power Company and Tonawanda Power Co. The first step in such plan will be carried out through the issuance of Buffalo, Niagara and Eastern Power Corporation First Pfd. stock for the purpose of acquiring by exchange or providing funds for the redemption of the existing Pfd. stocks of subsidiary companies. After the outstanding shares have been retired by exchange or redemption, action will be taken to further the progress of consolidation of Buffalo, Niagara & Eastern Power Corporation, Buffalo General Electric Company, Niagara Electric Service Corporation, Niagara Falls Power Company, Tonawanda Power Company and Niagara, Lockport & Ontario Power Company and their subsidiaries into a single unit operating corporation.

The following Pfd. stocks have been called for redemption: 680,724 shares of Niagara Falls Power Company, par $25, redeemable at $27.50 per share, on June 30, 1928; 4,568 shares of Pfd. "A" stock of Tonawanda Power Company, no par, redeemable at $27.50 per share, on July 2, 1928; 1,207 shares of Pfd. "B" stock of Tonawanda Power Company, no par, redeemable at $25.50 per share, on July 2, 1928; 497,735 shares of Niagara, Lockport & Ontario Power Co., par $25, redeemable at $26.25 per share, on June 30, 1928. Holders of these Pfd. stocks were given the opportunity of exchanging them until June 1, 1928, for First Pfd. stock of Buffalo, Niagara and Eastern Power Corporation on the basis of the redemption prices against $95 per share for the Buffalo, Niagara and Eastern Power Corporation First Pfd. stock, with adjustments for dividends.

Transmission Lines—The high-tension transmission system of the Niagara, Lockport & Ontario Power Company weaves a network of lines over the western and central part of New York State. It embraces 1,284 circuit miles of lines on steel towers and 864 circuit miles of lines on wooden poles. There are 1,107 miles of transmision circuits insulated for 110,000 volts, 298 miles insulated for 60,000 volts, and 743 miles insulated for from 6,600 volts to 60,000 volts. Right-of-way owned in fee, 389 miles; permanent easement for right-of-way, 500 miles. The land owned for transmission right-of-way approximates 5,220 acres. In addition to the transmission system above described, The Niagara Falls Power Company owns various high-tension circuits between Niagara Falls and Buffalo, and others connecting with the Niagara, Lockport & Ontario Power Company's lines, all on steel towers. The prin-

cipal step-up sub-station is located at Echota in Niagara Falls, N. Y. Provisions are made for stepping-up the voltage of the generating plants at Salmon River, Minetto, and at Lyons. Switching stations with step-down transformers are owned by the Niagara, Lockport & Ontario Power Company at Mortimer, south of Rochester; at Solvay, north of Syracuse; at Gardenville, near Buffalo; at Lockport; at Olean; and at Jamestown. These are its principal substations. Similar stations are owned by Buffalo General Electric Company at Charles R. Huntley Station, and at Terminals B and D Buffalo, and by the Tonawanda Power Company in the Tonawandas.

Distribution Systems—The output of the generating plants at The Niagara Falls Power Company is divided about equally between the electro-chemical industries on the Niagara Frontier and direct service as light, heat and power. The Buffalo General Electric Company is the largest retail distributing unit in the Buffalo, Niagara & Eastern group. It serves a population of about 600,000 with domestic and commercial meters numbering 163,182 and has a connected load of over 500,000 k.w.

In addition to its high-tension transmission service, the Niagara, Lockport & Ontario Power Company does a substantial retail distributing business in the Jamestown, Olean, Batavia, Medina, Pulaski, Camden, and Avon districts and various rural communities throughout Western and Central New York serving 55,403 residential and commercial lighting consumers and 1,363 industries. It also sells power in bulk to 20 privately owned distributing utilities, 21 municipalities, 19 electric urban and interurban railways, and furnishes street lighting in 29 cities and villages and in 123 lighting districts.

The Syracuse Lighting Company, serving a population of 265,000 people, obtains its entire electrical supply from the Niagara, Lockport & Ontario Power Company system. Among the other large retail distributors of electrical energy purchasing substantial blocks of power from this system are Rochester Gas & Electric Corporation, Rochester; Empire Gas & Electric Company, operating in Geneva, Auburn, Seneca Falls and adjoining territories; New York Central Electric Corporation, operating in Hornell, Warsaw, Perry and nearby towns and villages.

The power distributing agencies of the operating companies controlled by Buffalo, Niagara & Eastern Power Corporation make power available to a population of about 2,500,000, in over 500 cities, villages, towns, and lighting districts, located in a zone some 300 miles from east to west and 100 miles from north to south, having approximately 500,000 homes. No. of meters on lines Dec. 31, 1927, 251,817, compared with 239,476 in 1926, an increase of 5.6%. Miles of transmission lines were about 2,500, while miles of distribution line were about 15,500.

During 1927 the system's hydro-electric stations generated 3,476,917,460 k.w.h.; its steam stations produced 165,772,460 k.w.h.; and power purchased amounted to 991,263,402 k.w.h.—a total of 4,633,953,322 k.w.h. of electrical energy generated and purchased. The electrical energy sold by the system was 4,236,310,287 k.w.h., compared with 4,089,994,549 k.w.h. in 1926, an increase for the year of 146,315,738 k.w.h. or over 3.8%. The maximum peak load of the system during 1927 reached Oct. 18, was 715,100 k.w. (about 960,000 h.p.), compared with 687,000 k.w. in 1926.

BUFFALO GENERAL ELECTRIC COMPANY

(Controlled by Buffalo, Niagara & Eastern Power Corp.)

History and Property—Incorporated Aug. 1, 1892, in N. Y., as consolidation of the Brush Electric Light Company and Thomson-Houston Electric Light & Power Co., which latter company had previously absorbed the United States Electric Light & Power Co. On Sept. 1, 1915, acquired the properties of the Cataract Power & Conduit Co. (see Manual for 1915, page 488, or apply to our Information Department). Company does the entire electric lighting and power business of Buffalo, and also supplies Lackawanna, West Seneca, Blasdell, Cheektowaga, Amherst, Williamsville and Kenmore, and owns the entire capital stock of Niagara Electric Service Corporation (see appended statement), supplying Niagara Falls, N. Y. Population served, 600,000. Company's steam-electric power plant is equipped with three 20,000 kilowatt and one 35,000 kilowatt units, and one 60,000 kilowatt unit. Company now has under construction additional building and equipment for a 75,000 k.w. unit. Energy is also purchased from The Niagara Falls Power Company.

Change of Control—As of May 11, 1925, directors of Company approved acquisition of control of Company by Buffalo, Niagara & Eastern Power Corp., through exchange of stock on the basis of 1.1 share each of Common and Pfd. stock of the Buffalo, Niagara & Eastern Power Corp. for each share of the Buffalo General Electric Co. Common.

(3)

$10,000,000 BUFFALO GENERAL ELECTRIC COMPANY GENERAL AND REFUNDING MORTGAGE GOLD BONDS, SERIES A, 5%; DUE FEBRUARY 1, 1956

Dated February 1, 1926.

Interest Payable February and August 1 at Lee, Higginson & Co., New York and The Marine Trust Company of Buffalo, N. Y.

Denominations—Coupon, $500 and $1,000; principal may be registered or bonds may be fully registered.

Trustee—The Marine Trust Co. of Buffalo, N. Y.

Provisions of Issue—Issued, $10,000,000 Series "A," to provide funds for or to reimburse the Company for expenditures already made in construction of additions to its property, including an increase of 80,000 h.p. to be made to its steam electric power generating capacity and extensions to its distribution system, and to increase its working capital. Future series may bear interest at such rates, mature at such dates and may have such provisions as to callability or non-callability, sinking fund, privileges of conversion, as to payment of taxes, and as to payment in such currencies and at such places and such other provisions not at variance with the terms of the mortgage, as may be determined by the Board of Directors at time of creation of each series. Further bonds, either of Series "A" or of other series are issuable (a) par for par to retire the $9,404,000 underlying bonds now outstanding and to refund bonds issued under this mortgage; and (b) against not exceeding 75% of the cost or fair value, whichever is less, of additions, extensions and improvements to the properties of the Company made after February 1, 1926 and subject to the lien of the mortgage, provided net earnings, as defined in the mortgage and before deducting interest on these bonds and underlying bonds of the Company for 12 months ending within 16 months of the date of application for additional bonds shall have been at least 1¾ times all interest charges on underlying bonds and General and Refunding Mortgage bonds including the additional bonds then proposed to be issued. The mortgage provides that its terms and provisions, with certain exceptions, may be modified upon vote of 75% of the General and Refunding Mortgage bonds out-

standing, but that no such modification shall be permitted to make any change in maturity, interest rate, principal amount, or terms of payment of principal or interest of any bond, without consent of the holder of such bond.

Callability—Series "A" bonds are subject to call on 30 days' notice, as a whole at any time or in part on any interest date, at 105 and interest during the first 5 years; at 1% less premium each 5 years to February 1, 1946; and thereafter to maturity, at 101 and interest.

Security—Secured by mortgage on all present fixed property of the Company and on all such property hereafter acquired (but not covering in either case stocks or other securities), subject to respective liens of $9,404,000 underlying bonds (closed mortgages) for retirement of which General and Refunding Mortgage bonds may be issued. Book value of fixed properties, after depreciation, is over $39,800,000.

Legal Opinion—Herrick, Smith, Donald & Farley, Boston (for the Bankers) and Kenefick, Cooke, Mitchell & Bass, Buffalo (for the Company).

Original Offering—First publicly offered ($10,000,000 Series "A") in January, 1926, at 99 and interest, yielding over 5.05%, by Lee, Higginson & Co., Boston, etc., Blair & Co., Inc., New York, and Schoellkopf, Hutton & Pomeroy, Inc., Buffalo, etc.

History—Incorp. Oct. 31, 1918, in New York, as a consolidation of The Niagara Falls Power Company, (old company) Hydraulic Power Co. of Niagara Falls and Cliff Electrical Distributing Co. The consolidation was authorized by Chapter 596 of the Laws of 1918 of the State of New York, and was made under the terms of an agreement between the three constituent corporations, dated Sept. 20, 1918. (For latest published statements of the consolidated companies, see 1918 Public Utility Manual, pages 237, 793 and 945 or apply to our Information Department). On Nov. 22, 1920, the Company merged the Niagara Development Co., all of whose stock it then and formerly owned.

Subsidiaries—The Company owns all the stock of the **Niagara Junction Railway Co.,** a terminal switching railroad. It also owns all of the capital stock except 250 qualifying directors' shares without par value and all of the funded obligations of the **Canadian Niagara Power Co., Ltd.,** which has a separate electric power generating and distributing plant on the Canadian side of the Niagara River with a present installed capacity of about 125,000 h.p. The Canadian Company disposes of a considerable part of its output to customers in Canada. The remainder is transmitted over transmission lines of Canadian company to points in the international boundary between Canada and the United States opposite Niagara Falls, and Buffalo, respectively, where it is received, distributed, and sold in and about Niagara Falls, N. Y., by the Niagara Falls Power Co. and in Buffalo by the Buffalo General Electric Co. Its generating station is directly connected with the generating stations of the parent company and is operated, in part, in parallel therewith.

In January, 1925, acquired all the capital stock of **The Niagara Gorge RR. Co.,** thus securing its right-of-way at the river's edge through the Niagara Gorge, its riparian rights and franchises. This company for some time has operated a scenic railway carrying passengers along the gorge of the Niagara River from the Falls to Lewiston, N. Y.

Properties—The consolidated company owns two electric generating and distributing plants in the City of Niagara Falls, N. Y., and, through a subsidiary company, a third generating and distributing plant on the Canadian side of the Niagara River, the system plants having an aggregate generating installation of about 680,000 h. p. Until such time, however, as existing governmental restrictions are modified, the output of the plants will not greatly exceed 500,000 h.p.

It owns approximately 1,350 acres of land in or near the City of Niagara Falls, N. Y., for sites of factories using its power. Power is supplied in the form of mechanical or electric energy in a considerable part to lessees of the lands belonging to the Company and other consumers in the City of Niagara Falls and the remainder to power users in the City of Buffalo and throughout central and western New York.

On March 2, 1921, the Federal Power Commission issued its first license, under the Federal Water Power Act, for the project submitted under this company's application, and thereby authorized the company for a term of fifty years to divert water within the State of New York from the Niagara River above the Falls, for power purposes, up to but not exceeding in the aggregate a daily diversion at the rate (as subsequently enlarged) of 19,725 cu. ft. per second. The amount so allowed to be diverted is within 275 c.f.s. of the aggregate water diversion for power purposes permitted on the American side of the Niagara River above the Falls by present terms of the treaty with Great Britain, signed Jan. 11, 1909.

By the issuance of this license the company is made secure, during the term thereof, in the possession of its riparian rights under the common law of the State of New York, as confirmed by the Legislature of the State of New York, to the extent of the permitted diversion, and the questions which had been raised on behalf of the Federal Government, beginning with the enactment of the Burton Law of 1906, under claim that the Congress had power to prevent the company from exercising its proprietary rights as owner of the upland, lands under the waters of the river and otherwise, are set at rest.

Under the provisions of this license, the Company during 1924 completed the installation of a plant for an additional 200,000 e.h.p., including the necessary facilities for the delivery of the energy to distributing companies and consumers. Included in the project was an additional power transmission line to Buffalo by way of Grand Island, completed in 1922, which shortens by approximately 50% the distance traversed by the lines on the mainland along the north and east shore of the Niagara River, some parts of which were abandoned when the new line was placed in service. The new line consists of two 3-conductor circuits of 500,000 circular mil copper strung on steel poles or towers. The line operates at 60,000 volts, at which potential each of the two circuits will carry 65,000 h.p.

Change of Control—As of May 11, 1925, directors of Company approved acquisition of control of Company by Buffalo, Niagara & Eastern Power Corp., through exchange of stock on the basis of one share each of Buffalo, Niagara & Eastern Common and Pfd. for each share of The Niagara Falls Power Co. Common.

Merger Plan—See statement of Buffalo, Niagara and Eastern Power Corporation on a previous page.

$10,000,000 THE NIAGARA FALLS POWER COMPANY FIRST AND CONSOLIDATED MORTGAGE 6s, SERIES "AA"; DUE NOVEMBER 1, 1950

Dated November 1, 1920.

Interest Payable May and November 1, at Bankers Trust Co., New York, or The Marine Trust Co., Buffalo.

Denominations—Coupon, $500 and $1,000; principal may be registered.

Trustee—The Marine Trust Co., Buffalo.

Provisions of Issue—The amount of First and Consolidation Mortgage bonds is so limited that never at any time shall there be outstanding an aggregate principal sum exceeding $75,000,000. Of the bonds authorized under this mortgage, $40,000,000 are designated Series "A" maturing July 1, 1959, bearing 5% annual interest payable semi-annually Jan. 1 and July 1, redeemable prior to maturity at 105 and accrued interest upon two months' notice, and are reserved for acquiring by purchase or exchange or for refunding, paying, and retiring the several issues of bonds of the constituent companies (therein called "prior bonds"), except the $1,150,000 bonds of Cliff Electrical Distributing Co., all of which latter are now owned by the new company, subject to the pledges above stated; $15,000,000 are Series "AA", of which $10,000,000 issued and outstanding; the remaining $20,000,000 may be issued in one or more different series, bearing a different rate of interest but in no case to exceed 6% per annum. The Series "A" bonds are reserved for retirement of all underlying bonds, except the $1,150,000 bonds of Cliff Electrical Distributing Co., but upon cancellation of any of the prior mortgages any such reserved bonds which may not have been used for refunding purposes will be available, together with the $20,000,000 undesignated bonds and the $5,000,000 unissued Series "AA" for other corporate purposes. $100,000 Series "A" bonds are outstanding.

Additional Series "AA" bonds may be issued when cash cost or fair value (whichever is less) of the acquisitions, betterments, etc., in respect of which reimbursement is required shall exceed by at least 25% of the face amount of additional bonds from the proceeds of which such disbursement is to be made. Furthermore, proceeds of additional Series "AA" bonds may only be paid to company when net earnings for a period of twelve consecutive months out of the fifteen consecutive calendar months immediately preceding the application for such reimbursement shall be equal to at least one and one-half times the total annual interest charges on all bonds outstanding and those proposed to be issued.

Callability—Subject to call as a whole or in part at 105 and interest upon 60 days' notice.

Sinking Fund—Pursuant to provisions of the First & Consolidation Mortgage there was paid to the Trustee on July 1, 1921 to 1926, incl., and will be so paid prior to each succeeding July 1, for a sinking fund a sum equal to (1) 10% of the amount declared payable as dividends on the common stock of the Company not exceeding dividends of 5% during the then next preceding calendar year, and (2) 20% of the amount declared in excess of 5%. Such sum, together with any additional moneys received as interest on prior bonds acquired by the sinking fund, is to be applied to the purchase of prior bonds or of First and Consolidation Mortgage Bonds at the lowest prices obtainable but not exceeding 105 and accrued interest or, if First and Consolidation Mortgage Bonds cannot

be purchased at 105 and accrued interest, then to their redemption at that price, the Company having the privilege of designating the issue or issues to be purchased or redeemed. At Dec. 31, 1927, $1,040,000 in face amount of Refunding and General Gold 6s of The Niagara Falls Power Co. (constituent), had been acquired with sinking fund payments and $213,000 held in treasury reducing that issue outstanding to $6,973,000. $236,500 The Niagara Falls Power Co. First 5s, due Jan. 1, 1932 also are held in this sinking fund.

Security—The First and Consolidation Mortgage is a direct lien covering the plants, improvements, water rights and other rights relating to said plants and improvements then vested in or acquired by the new corporation for the production of power, and all franchises and properties then vested in or acquired by it for the distribution or sale of power, all property acquired with the proceeds of any bonds issued thereunder, and all the authorized and issued capital stock (except qualifying shares of directors) and $6,480,000, principal amount of 6% debentures, and all subsequently acquired stocks, bonds, debentures, and other obligations of Canadian Niagara Power Co., Ltd., subject to existing liens on a part thereof of the respective mortgages listed above. Also secured by a direct first mortgage upon real estate, electrical machinery and a transmission and distributing system of large value and constituting an important part of the Company's properties.

Tax Provisions—Company pays Normal Federal Income Tax up to 2%.

Legal Opinion—Masten & Nichols, New York (for the bankers).

Original Offering—First publicly offered ($4,000,000) in December, 1920, by Spencer, Trask & Co., and E. H. Rollins & Sons, New York, and Schoellkopf, Hutton & Pomeroy, Inc., Buffalo, at 87½ and interest; $6,000,000 additional offered in May, 1921, at 88 and interest, by the same syndicate.

NIAGARA, LOCKPORT AND ONTARIO POWER COMPANY

(Controlled by Buffalo, Niagara & Eastern Power Corp.)

History—Incorporated January 4, 1928 in New York; merger of company of same name which was incorporated May 21, 1894 in New York, and Western New York Utilities Company, Inc. (see appended statement). Holders of Pfd. stock, par $100, of Niagara, Lockport & Ontario Power Company (constituent (received 4 2/5 shares of Pfd. stock of the new Company in exchange for each share owned. Pfd. stockholders of the Western New York Utilities Company, Inc. received $2.50 in cash and four shares of Pfd. stock of the new Company, also the sum of 58 1/3 cents in lieu of dividend for December, 1927. Holders of the 300,000 shares of Common stock of the Niagara company and of the 27,500 shares of Common stock of the Western company received Common stock of the new company share for share.

For list of companies merged with Niagara, Lockport and Ontario Power Company prior to 1927 see 1927 Public Utility Manual page 1121. In the early part of 1927 it merged the Sanborn Pekin Power Company which operated in Niagara County and in December, 1927 merged Porterville Utility Company which operated in Cattaraugus County. Company owns all of the issued and outstanding capital stock of **Bradford Electric Company,** operating in McKean County, Pa.; and the **Warren & Jamestown Street Railway,** operating between Warren, Pa., and Jamestown, N. Y.; also controls **Hydraulic Race Co.**

Properties—Company owns and operates (a) hydro-electric plant on the Salmon River northeast of Syracuse of 35,000 h.p. capacity; (b) a steam generating plant at Lyons, N. Y., of 40,000 h.p. capacity; a steam generating plant at Olean, N. Y., of 5,000 h.p. capacity; leases from Northern New York Power Co. a hydro-electric plant on the Oswego River at Minetto, N. Y. of 12,000 h.p. capacity, and purchases from The Niagara Falls Power Company and the Ontario Power Company (Canadian), under long term contracts, 130,000 hydro-electric h.p.

The Western New York Utilities Co. properties included two hydro-electric generating stations on Oak Orchard Creek—one at Medina with 2,700 h. p. capacity, and one at Waterport with 6,200 h. p. capacity. This output amounts to about 25% of the electricity distributed, the balance having been supplied by Niagara, Lockport and Ontario Power Co.

The territory served includes some 1,600 square miles, embracing all of Orleans County, practically

all of Genesee County, and serving as well the towns of Attica, Covington, Newstead, Somerset, Hamlin, Sweden and Clarkson in neighboring counties. In 1927 Western New York Utilities Co. sold 63,378,807 k.w.h. of electric energy.

Interconnections—Distributing system is interconnected with the generating plants of The Niagara Falls Power Company and of the Hydro-Electric Commission of Ontario at Niagara Falls. It is also interconnected with the Buffalo General Electric Company system at Buffalo. The lines of the Niagara, Lockport & Ontario Power Company are also connected up for emergency service and for the interchange of surplus power with the following systems in contiguous territory: (a) Northern New York Utilities, Inc., which owns and operates hydro-electric and steam-electric generating plants and supplies electric service to cities, towns and villages in several counties in Northern New York State; (b) Adirondack Power & Light Corporation which owns and operates hydro-electric and steam-electric generating plants and serves cities, towns and villages in Central and Eastern New York State; and (c) Penn Public Service System operating hydro-electric and steam-electric plants and rendering electric service in the States of Pennsylvania and Maryland. The generating capacity of the various power sources interconnected through the Niagara, Lockport & Ontario Power Company's transmission system aggregates more than two million horsepower.

Transmission Lines—The high-tension transmission system of Company weaves a net work of lines over the western and central part of New York State. It embraces 1,278 miles of lines on steel towers and 669 miles of lines on wooden poles. There are 1,212 miles of transmission circuits insulated for 110,000 volts, 200 miles insulated for 60,000 volts, and 535 miles insulated for from 6,600 volts to 60,000 volts. Right-of-way owned in fee, 389 miles; permanent easement for right-of-way, 450 miles. The land owned in fee for transmission right-of-way approximates 5,220 acres.

Distribution—The territory reached and served in whole or in part, by the Niagara Lockport & Ontario Power Company embraces eighteen counties in New York State and one in Pennsylvania with a population in excess of two million people. The Company holds franchises in more than 229 cities, villages and towns. Electric power is sold at wholesale to other public utility companies and to municipalities, to electrically-operated railways, and retailed for manufacturing commercial and domestic service. In addition to its high-tension transmission service, the Company does a substantial retail distributing business in the Jamestown, Olean, Camden, Wilson and Avon districts and various rural communities throughout Western New York, serving 33,794 residential and commercial lighting consumers and 687 industries. It also sells power in bulk to 23 privately owned distributing utilities, 18 municipalities, 18 electric urban and interurban railways, and furnishes street lighting in 94 cities, villages and lighting districts.

The Syracuse Lighting Company obtains its entire electrical supply from the Niagara, Lockport & Ontario Power Company system. Among the other large retail distributors of electrical energy purchasing substantial blocks of power from this system are the Rochester Gas & Electric Corporation, Rochester; Empire Gas & Electric Company, operating in Geneva, Auburn, Seneca Falls and adjoining territories; New York Central Electric Corporation, operating in Hornell, Warsaw, Perry and nearby towns and villages.

WESTERN NEW YORK UTILITIES COMPANY, INC.

(Company Merged on January 3, 1928 with Niagara, Lockport and Ontario Power Company)

History and Properties—Incorporated May 28, 1923, as a consolidation of a company of the same name and the Genesee Light & Power Co. (see Public Utility Manual for 1923, pages 2102 and 452, respectively, or consult our Information Department), the latter company having purchased the former on Jan. 24, 1923. The generating and distributing system owned and operated by the company serves Medina, Albion, Middleport, Brockport, Gasport, Lyndonville, Barker, Holley and other adjacent communities situated in Orleans, Niagara and Monroe Counties. In addition serves the counties of Genesee, Erie and Wyoming, including the city of Batavia and villages of LeRoy, Oakfield, Attica, Bethany, Darien, Pembroke, Corfu, Byron, Elba and Akron. The counties of Genesee, Erie and Wyoming are served from stations for which power is purchased from Niagara, Lockport & Ontario Power Co. The population served is approximately 110,000. Owns 3 hydro-electric generating stations with a total capacity of 8,500 h.p., water for which is taken from three storage basins supplied from Oak Orchard Creek. Also owns 200 miles of high tension transmission lines and 300 miles of distribution lines, a new sub-station of 20,000 h.p. at Batavia and another of 5,300 h.p. at Oakfield, for which current is purchased from the Niagara, Lockport & Ontario Power Co. with which the company has a long term contract for power. Also manufactures and distributes gas in Albion, New York. The franchises, with two minor exceptions, are either unlimited in time or extend beyond the life of the bonds described below.

Merger—On Jan. 3, 1928, Company and Niagara, Lockport and Ontario Power Company (constituent) were consolidated under name of Niagara, Lockport and Ontario Power Company. For terms of stock exchange see statement of the latter company.

NORTHERN TEXAS UTILITIES COMPANY

History and Properties—Incorporated in May, 1926, in Delaware. It is a public utility, duly authorized to do business in the State of Texas and engaged, under such authority and various franchises, in the production, transportation and distribution of natural gas in Wichita, Wilbarger, Childress, Hardeman, Hall, Collingsworth, Wheeler and Gray Counties. The Company's gas producing properties are located at the eastern end of the rich Amarillo Field (in the Panhandle of Texas), the largest known gas field in the world, having a present daily capacity of approximately 1,500,000,000 cubic feet of gas.

The Company is selling or will sell, through signed contracts, industrial and domestic gas to consumers in Acme, Childress, Chillicothe, Iowa Park, Memphis, Quanah, Vernon, Wellington and Wichita Falls, Tex. Population served about 92,000.

Company owns or controls through lease or gas purchase contracts about 10,000 acres, of which 7,080 acres are in the Shamrock Gas Field, Wheeler County and 2,920 in Gray County. The area from which gas will be drawn is in the eastern end of the Amarillo Field (in the Panhandle of Texas) which has been proven for gas over a territory about one hundred miles long with an average width of ten miles. The gasoline content of the gas in Wheeler County shows an average expected yield, from a commercially operated absorption plant, of at least 220 to 225 gallons of gasoline per million cubic feet of gas.

A pipe line system from the gas fields in Wheeler County connects the towns of Wellington, Childress, Quanah, Chillicothe, and Vernon where distributing gas systems have been installed and gas is being sold. The total pipe line system will comprise about 252 miles. More than 120 miles of transmission line are completed; the remaining mileage is being rapidly laid. The Company's pipe line system, when completed, will be sufficient to carry up to 40,000,000 cubic feet daily. The completed wells have a combined open flow of 168,390,000 cu. ft. daily. These wells are located in Wheeler County at the eastern end of the Amarillo Field, where most of the Company's properties are located

Gasoline Sales—The Columbian Gasoline Corporation, a subsidiary of Columbian Carbon Company, has entered into a contract with the Northern Texas Utilities Company to erect and operate a gasoline absorption plant at the expense of the Columbian Gasoline Corporation and to pay to the Northern Texas Utilities Company a gross royalty based on the gasoline extracted.

RIO GRANDE VALLEY GAS COMPANY

History and Property—Incorporated in Delaware for the purpose of supplying natural gas to Brownsville, San Benito and 10 other representative towns and communities in Southern Texas. Rights of way have been secured and Hope Engineering & Supply Company will immediately begin construction of approximately 171 miles of high pressure gas transmission lines from the Zapata, Jim Hogg and Webb County fields. They will also construct the distribution systems in the several communities. The territory to be served has a population of about 75,000.

The Company has entered into a contract extending over a period of ten years with the Central Power & Light Company (an Insull property), for the exclusive supply of fuel to that company's generating station at San Benito which plant supplies central station power to the entire Valley. It is estimated that the San Benito central station will require approximately 3,000,000 cubic feet of gas per day during the first year of operation and that its requirements will not be less than 5,500,000 cubic feet of gas per day within the next three years. Long term contracts have also been made with other large industrial consumers. The Company's gas supply is centered in the Zapata, Jim Hogg and Webb Counties and in the Carolina-Texas and Cole gas fields in Southern Texas.

A concession has been obtained by Mexican interests of Matamoras to furnish Matamoras with natural gas, which will be purchased from the Rio Grande Valley Gas Co. The gas is supplied at the international bridge at Brownsville on the United States side of the Rio Grande River.

Franchises—Uniform franchises have been granted in all of the communities to be served. Franchises extend from 20 to 30 years and contain no burdensome restrictions.

CAPITAL STOCK

Authorized, 335,000 shares Common stock of no par value, and $1,700,000 7% cumulative Pfd., par, $100; outstanding, 265,000 shares Common and $1,700,000 Pfd. The remaining 70,000 shares Common are reserved for stock purchase privilege attaching to First Mortgage bonds (see below). All outstanding Common shares (represented by Voting Trust Certificates) will be held in a Voting Trust. The Chatham Phenix National Bank & Trust Co., New York, is agent under the Voting Trust Agreement.

Transfer Agent—Chatham Phenix National Bank & Trust Co., New York.

Registrar—American Trust Co., New York.

FUNDED DEBT

$3,500,000 FIRST MORTGAGE 7% GOLD BONDS, SERIES "A"; DUE APRIL 1, 1937

Dated, April 1, 1927.

Interest Payable April and October 1, at Chatham Phenix National Bank & Trust Co., New York.

Denominations—Coupon, $500 and $1,000; principal may be registered.

Trustees—Chatham Phenix National Bank & Trust Co., New York, and James F. McNamara.

Provisions of Issue—Outstanding, $3,500,000 Series "A" 7s. Under the terms of the Trust Indenture securing this mortgage, additional bonds may be issued in amount not to exceed 75% of the cost or fair value (whichever is less) of additions and betterments or properties hereafter acquired, provided, however, only when the net earnings for a 12 month period in the immediately preceding 15 months shall have been equivalent to twice the annual interest and sinking fund requirements on the bonds outstanding and about to be issued.

Purpose of Issue—The proceeds of these $3,500,000 Series "A" 7s, together with the proceeds from the sale of Pfd. and Common stocks will be used to construct the Company's gas transmission lines and distribution systems in the several towns and to provide working capital.

Callability—Subject to call as a whole or in part on any interest date on 30 days' notice, at 105 and accrued interest on or before April 1, 1932, and at 102½ and accrued interest thereafter until maturity.

Sinking Fund—Under the Trust Indenture securing these bonds, 25% of the net earnings after interest charges will be set aside as a sinking fund for the redemption of bonds during the three-year period to end April 1, 1930. Fixed sinking fund will operate monthly for the redemption of bonds beginning May 20, 1930, for the month of April, in amount equivalent to a rate of $300,000 per annum until April 20, 1931, and thereafter increasing in amount at a rate equivalent to $100,000 per annum to $600,000 on April 20, 1933, and thereafter at $600,000 until redemption or maturity of the bonds.

In addition to the fixed sinking fund, 25% of the net earnings after interest, sinking fund, Pfd. dividends and Federal taxes, will be set aside monthly with the Trustee for the redemption of additional bonds, beginning May 20, 1930, for the month of April, and thereafter until redemption or maturity of the bonds.

The Trust Indenture further provides that bonds may be purchased in the open market for the sinking fund by the Trustee at or up to the call price, and if such sinking fund money is not so used, the Trustee shall call bonds by lot.

Stock Purchase Privilege—Each $1,000 bond (other denominations in proportion) will entitle holder thereof to purchase 20 shares of no par value Common stock represented by Voting Trust Certificates up to and including April 1, 1927, irrespective of previous redemption of the bonds, and at the following prices per share. When any bond is redeemed prior to maturity without this stock purchase privilege having been previously exercised, the holder thereof will be furnished with a certificate evidencing his right to purchase such stock up to and including April 1, 1937.

To April 1, 1928.....	$5.00	To April 1, 1933.....	$13.00

" 1931.....	11.00	" 1936.....	16.00
" 1932.....	12.00	" 1937.....	17.00

Security—These bonds constitute the Company's only funded debt and are secured by a direct first mortgage upon all the physical property of the company, and by deposit of franchises, important contracts, leases and agreements.

Tax Provisions—Company pays Normal Federal Income tax up to 2%; and agrees to reimburse holder upon proper application for certain income, personal property and security taxes of certain states, including California, Connecticut, Maryland, Massachusetts, Oregon, Pennsylvania, Washington, Michigan, Kentucky and District of Columbia.

Legal Opinion—White & Case, New York, (for the Bankers); and Gaines, Quin, Hawley & Gaines, San Antonio, (for the Company).

Original Offering—First publicly offered ($3,500,000 Series "A" 7s) in March, 1927, at 100 and interest to yield 7%, by G. E. Barrett & Co., Inc., Estabrook & Co., and Frederick Peirce & Co., New York, etc.

Officer: John W. Gaines, Pres., San Antonio, Texas.

General Office, 1214 City National Bank Bldg., San Antonio, Texas.

UNITED SECURITIES LIMITED

History—Incorporated under Letters Patent of the Province of Quebec June 14, 1924, for the principal purpose of acquiring the Common shares of The Canadian Light & Power Company, the Montreal Tramways & Power Co., Ltd. (which company went into voluntary liquidation in March, 1927, its property and assets having been transferred to a new company known as Consolidated Securities, Ltd.), and Quebec-New England Hydro-Electric Corp., interest in which latter company was disposed of in 1926 (see below).

In addition to the shares of United Securities Limited issued for the purposes of exchange for the above companies, Montreal Light, Heat & Power Consolidated and The Shawinigan Water & Power Company subscribed in equal amounts for approximately $4,545,600 aggregate par value of the Pfd. and Common shares of United Securities Limited. The subscriptions so made are for equal amounts of Pfd. and Common shares and all such shares were paid for in cash at par. The moneys so received by the Company were used to discharge current liabilities of Montreal Tramways & Power Co., Ltd., and of Quebec-New England Hydro-Electric Corporation.

Preferred Dividends Guaranteed—The Montreal Light Heat & Power Consolidated and the Shawinigan Water & Power Company agreed, jointly and in equal amounts, to furnish United Securities Limited with funds necessary to pay the dividends at the rate of 6% per annum on its Preferred shares should the earnings of United Securities Limited be insufficient to do so. This guarantee is limited to $5,125,372.50 6% cumulative Pfd. stock outstanding March 31, 1926.

Canadian Light & Power Company Reorganization—In January, 1926, a meeting of the holders of The Canadian Light & Power Company 5% First Mortgage Bonds due 1949 was held, at which time directors of United Securities Limited agreed to accept for their Company's holdings of bonds of Canadian Light & Power Company a modified amount constituting 60% of the principal sum of bonds so held and agreed to a new allocation and distribution of the Common shares of that Company, with the result that United Securities Limited on May 12, 1927, held about $18,593,000 of the Common stock of The Canadian Light & Power Company and $1,302,000 of its 5% First Mortgage Bonds.

Disposal of Shares of Quebec-New England Hydro-Electric Corporation—An Agreement of Sale was entered into February 24, 1926, between the United Securities Limited and the Montreal Light, Heat & Power Consolidated, whereby Company sold to the Montreal Light, Heat & Power Consolidated all of its holdings of Common shares in the Quebec-New England Hydro-Electric Corporation, thereby turning over to the purchaser the business and undertaking of that Company, together with its revenues. The purchaser assumed the liability of the $2,968,000 5% First Mortgage bonds of Quebec-New England Hydro-Electric Corporation, due 1942. The payment for this stock is to extend over a period of thirty years from the first day of August, 1924, and is to consist of an annual sum of $400,000. It is a condition of the agreement that United Securities Limited from such annual proceeds of the sale shall set aside an annual amount of $71,372.96 to be deposited with Montreal Trust Company as Trustee to constitute a Sinking Fund which will be sufficient to retire by redemption at 105%, with thirty years, the entire 6% Preferred stock of this Company.

CAPITAL STOCK

Authorized, $14,000,000 Common and $6,000,000 6% non-voting cumulative Pfd.; outstanding, March 31, 1928, $5,126,172 Common and $4,655,373 Pfd.; par $100. In addition $255,600 Pfd. stock had been redeemed and cancelled and $214,400 was held for sinking fund as of March 31, 1928.

Dividends on the outstanding Pfd. stock are guaranteed as stated above.

Preferred Stock Provisions—Redeemable in whole or in part on any dividend date at $105 per share with accrued dividends, upon thirty days' notice. Holders of Preferred shares are entitled to fixed cumulative preferential dividends payable quarterly and upon any dissolution or winding-up of the Company are entitled to repayment of capital and arrears of dividends before any payment is made to holders of Common shares.

The holders of Pfd. shares have no vote at general meetings unless on matters requiring the consent or sanction of shareholders holding any given proportion of the Company's subscribed capital. Under this provision the holders of Pfd. shares have the right to vote in connection with any proceedings taken by the Company towards the creation and issue of any security ranking prior to the Pfd. shares of the company issued or to be issued.

Under the by-law creating the presently authorized $6,000,000 of Pfd. stock, provision is made that further issues of Pfd. stock may be made by the Company from time to time up to a maximum of $4,000,000 and that such additional stock if issued shall rank pari passu with the first $6,000,000 of Pfd. stock presently authorized.

Sinking Fund—One of the conditions of the sale of Quebec-New England Hydro-Electric Corp. provided that the United Securities Limited set aside an annual amount of $71,372.96 with Montreal Trust Co., Trustee, to constitute a sinking fund which will be sufficient to retire, within thirty years, the entire 6% Pfd. stock.

Transfer Agent—Montreal Trust Co., Montreal and London.

Registrar—Canadian Trust Co., Montreal.

Legal Opinion (Pfd. Stock)—Lafleur, MacDougall, Macfarlane & Barclay.

Original Offering—Publicly offered ($2,500,000 Pfd.) in Nov., 1924, at $103 per share, plus accrued dividend to yield over 5.80%, by Aldred & Co., Ltd., Montreal and London, Aldred & Co., New York, and Chase & Co., Boston.

FUNDED DEBT

$3,600,000 COLLATERAL TRUST SINKING FUND GOLD 5½s SERIES "A"; DUE MAY 1, 1952

Dated May 1, 1927.

Interest Payable May and November 1 at The Royal Bank of Canada, Montreal, in Canadian gold coin, or at the agency of said bank in the Borough of Manhattan, city of New York, in U. S. gold coin; or at The Royal Bank of Canada, London, England, in gold coin, English sterling at the fixed rate of exchange of $4.86 2/3 to the £ sterling.

Denominations—Coupon, $500 and $1,000; principal may be registered.

Trustee—Montreal Trust Company, Montreal.

Provisions of Issue—Authorized $20,000,000; issued $3,600,000 Series "A" for the purpose of funding temporary bank loans incurred through advances made to Montreal Tramways & Power Company, Ltd., and for other corporate purposes.

Callability—Series "A" bonds are subject to call as a whole or in part upon 60 days' notice at 105 and interest, if redeemed prior to May 1, 1932, and thereafter at 1% less for each 5 subsequent years or fraction thereof.

Sinking Fund—The Company agrees to provide a sinking fund for the Series "A" bonds, beginning May 1, 1928, of $40,000 annually, plus interest on all bonds redeemed. It is provided, however, that any monies received by the Trustees through the redemption of Series "A" bonds of Consolidated Securities Limited by the operation of the sinking fund provided for such bonds shall be applied by the Trustee to the purchase and redemption of bonds of this issue and to the extent so applied such monies are to be deemed a satisfaction of Company's obligation with respect to its own sinking fund payments.

Security—Secured by pledge of $3,800,000 Collateral Trust Sinking Fund Gold 6s, due 1952, and 8,768 shares Common stock of Consolidated Securities Limited, and $800,000 First Mortgage Gold 5s, due 1949, and 18,593 shares Common stock of Canadian Light & Power Company.

Under the Trust Indenture securing these bonds, the Company covenants: (a) That it will effectively cause Consolidated Securities Limited to observe all of the covenants contained in the Indenture securing its Collateral Trust Sinking Fund Gold 6s (see description of latter issue on subsequent page); (b) that no further shares shall be issued by Consolidated Securities Limited; (c) that no further bonds shall be issued by United Securities Limited under this Trust Indenture, save for the purpose of purchasing the additional bonds to be issued by Consolidated Securities Limited as provided for in its Trust Indenture; and (d) that all additional bonds of Consolidated Securities Limited when so purchased shall forthwith be pledged under this Trust Indenture. It is further provided that all the bonds and shares of Consolidated Securities Limited pledged under this Trust Indenture may be released, but only if replaced by at least 52% of the issued shares of Montreal Tramways Company, which will thereupon become directly pledged as security for these bonds, and in that event United Securities Limited covenants that it will at all times thereafter fully maintain its majority stock interest in Montreal Tramways Co. by subscribing and paying for its full proportion of all additional Common shares issued by Montreal Tramway Co., that it will pledge such additional shares under this Trust Indenture, and that it will issue no further bonds thereunder save for the purpose of providing the monies necessary to pay for such additional shares.

Tax Provisions—Company does not pay U. S. Normal Income tax. Exempt from present and future Canadian taxes.

THE CANADIAN LIGHT & POWER COMPANY

(Controlled by United Securities Limited)

History—Incorporated June 2, 1904, in Province of Quebec, Can. Owns a new and modern hydro-electric plant on the St. Lawrence River, near St. Timothee Que., Can., about 30 miles from Montreal.

The initial development provided for 21,600 shaft h.p., with such further developments as may be required in the future. The company acquired under lease for 63 years the Beauharnois Canal, 11 miles in length, 200 feet wide at top and 10 feet deep

giving a head of water of over 51 feet, and will use same in its present development. The Government reserves the right to take back the canal at the expiration of the lease by paying the value of the company's buildings, plant and works connected therewith. Company also acquired two additional properties, on one of which a head of 27 feet and on the other a head of 17 feet can be made with water from Cedars Rapids, and also 14,000,000 square feet of land adjacent to the proposed three developments for its own use, and to be sold to new industries.

The initial construction was completed in the summer of 1911, and on Aug. 1 of that year the company was transmitting 10,000 h. p. to Montreal, increasing the amount as the work at plant was completed until, by the end of the year 1911, the amount transmitted was stated to be about 22,500 h. p. The water is taken from Lake St. Francis, the canal intake being at Valleyfield, admitting water directly from the Lake into the power system—the flow being controlled by steel tainter gates of such size as to admit about 15% more water than required for the corresponding unit in the power house. The steel gates now in place are four in number, but provision is made for two additional gates. The company has erected over 300 steel transmission towers between the power plant at St. Timothee and Montreal. The voltage at which the power is transmitted from the high tension room at the power house is 44,000.

The present installed capacity is 28,000 h.p. and the plant is laid out for an ultimate development of 75,000 h.p. The Company has the perpetual right to manufacture, sell and distribute power and light in the City of Montreal and several adjacent counties.

Company acquired the Central Heat & Light Co. to distribute power in the City of Montreal and on Dec. 21, 1912, sold its distributing system in that city to the Montreal Public Service Corp., now the Quebec-New England Hydro-Electric Corp. (see General Index).

Contract With Quebec-New England Hydro-Electric Corp.—Under date of Jan. 26, 1926. Company entered into an agreement with the Quebec-New England Corp. to furnish it with 15,000 h.p. of continuous power from Jan. 1, 1926, the price to be paid for such power by the Quebec-New England Corp to be $20 per h.p. per annum.

Default—Bondholders' Protective Committee—Interest due July 1, 1925 on Company's 5% 40-Year First Mortgage Bonds having been defaulted, the following protective committee was formed: Hamilton Pell, Chairman; A. De S. Mendes, Furman S. Howson, with H. R. Sweet as Sec., 39 Broadway, New York City, Sidney G. DeKay, as Counsel, American Trust Co., New York, as Depositary.

Refinancing Arrangement—Holders of Company's 5% 40-Year First Mortgage Sinking Fund Bonds, on January 27, 1926 approved an arrangement providing for the cancellation and discharge of 40% of the principal amount of said bonds by exchange and conversion of such 40% of the bonds into fully paid and non-assessable shares of Common stock of Company at par. Such exchange and conversion was carried out on the following basis: For every $100 par value of the principal of such outstanding bonds the holders were entitled to receive—(a) $60 in principal amount of new bonds of the same issue bearing interest as and from Jan. 1, 1926 and; (b) $40 par value in fully paid shares of Common stock of Company. The liability of Company to make sinking fund payment of 1% of the issued bonds on or before July 1, 1925 and to pay interest due on said bonds on July 1, 1925 and Jan. 1, 1926 was released and discharged. Bondholders in lieu of cancelled interest were entitled to receive upon such exchange and conversion an additional $4 par value of such fully paid shares for each $100 of bonds held by them. The outstanding bonds were reduced as the result of such conversion to a principal amount of $3,299,700 and the provisions of the Deed of Conveyance in Trust were altered to provide that the mortgage be closed at that amount. The exchange and conversion was effective as of January 1, 1926 and holders of outstanding bonds were required on or before April 1, 1926 to deliver their bonds to The Royal Trust Co., Montreal, and receive the new bonds and shares of Company on the basis authorized.

CONSOLIDATED SECURITIES LIMITED

(Controlled by United Securities Limited)

History—Incorporated June 20, 1925, under the Companies' Act (1920) of the Province of Quebec, and purchased all the assets of Montreal Tramways & Power Co., Ltd. (see Manual for 1926, page 1290), which was voluntarily liquidated pursuant to a Scheme of Arrangement, authorized by stockholders on January 12, 1927, and sanctioned by the court on February 22, 1927. Owns 27,382 shares Common stock of Montreal Tramways Company representing over 52% of the issued amount.

The Scheme of Arrangement provided that Montreal Tramways & Power Co., Ltd., be voluntarily liquidated and transfer its undertaking, properties and assets to Consolidated Securities Limited. As consideration for the transfer, the Consolidated Securities Limited (a) issued or allotted to the liquidator of Montreal Tramways & Power Co., Ltd. 8,794 fully paid and non-assessable shares of its capital stock of no par value and (b) undertook to satisfy and discharge all the liabilities and obligations of Montreal Tramways & Power Co., Ltd., and assumed all the contracts binding on it and indemnified Montreal Tramways & Power Co., Ltd., and its liquidator against all obligations and liabilities. Subject to these provisions, the shares of Consolidated Securities Limited, constituting the consideration for the transfer of assets of Montreal Tramways & Power Co., Ltd., were distributed among the shareholders of the latter Company in full satisfaction of all claims by such stockholders in the liquidation in respect to the share of the Montreal Tramways & Power Co. which they held. It was provided that upon ratification of this Agreement the liquidator of Montreal Tramways & Power Co., Ltd. within seven days notify each stockholder of the Company of the number of shares in the Consolidated Securities Limited to which he was entitled, and that these shares must be claimed by the stockholders within one month from the date of the Agreement.

Shareholders of Montreal Tramways & Power Co., Ltd., received one share of Consolidated Securities Limited for each 20 shares held. Shares not claimed were to be sold by the liquidator and the net proceeds of such sale were to be distributed ratably in the rights and interests of shareholders who may have so refrained from filing a claim. No fractional certificates of Consolidated Securities Limited were issued, but all rights of the old Company's stockholders with respect to any fraction of a share of the new Company were to be disposed of by the liquidator and the owners of such fractional shares were to receive in due course a distribution of the net proceeds of the sale of the aggregate of all fractional rights.

As United Securities Limited owned practically all the shares of Montreal Tramways & Power Co., Ltd., it automatically obtained control of Consolidated Securities Limited.

CAPITAL STOCK

Authorized, 20,000 shares Common of no par value; issued and outstanding, May 12, 1927, 8,794 shares. Of this amount, 8,768 shares are owned by United Securities Limited.

FUNDED DEBT

$3,800,000 COLLATERAL TRUST SINKING FUND GOLD 6s; DUE 1952

Secured by pledge of 27,382 shares of Common stock of Montreal Tramways Company. The Trust Indenture securing these bonds contains the covenant of the Company to fully maintain its majority stock interest in Montreal Tramways Company by subscribing and paying for its full proportion of all additional Common shares issued by Montreal Tramways Company during the currency of these bonds, and by pledging such additional shares under the Indenture. It also provides that no further bonds shall be issued save for the purpose of providing the monies necessary to pay for such additional shares.

All owned by United Securities Limited and pledged under that Company's Collateral Trust Sinking Fund 5½s, Series "A."

MONTREAL TRAMWAYS COMPANY

(Controlled by Consolidated Securities, Ltd.)

History—Incorporated Mar. 24, 1911, under special charter granted by the Province of Quebec, to acquire the properties of Montreal St. Ry, Montreal Park & Island Ry, Montreal Terminal Ry, and the Public Service Corporation. Owns and controls entire street railway system in Montreal, including all the suburbs located on the Island of Montreal, with the exception of about one mile of interurban line entering the city.

Autobus Service—Company operates 10 autobus routes in Montreal and environs, the number of buses in operation on May 1, 1927 being 65, an increase of 41 since the end of 1925. Estimated population of the district served is about 900,000.

Contract with City of Montreal—On Jan. 28, 1918, the Company entered into a Contract with the City of Montreal, which was ratified by legislative act of the Province of Quebec on Feb. 9, 1918, under the

terms of which the Company is granted the right to conduct its business in Montreal until March 24, 1953. In 1953, the City may purchase the property and assets of the Company at a valuation to be then fixed by arbitration plus 10% of such valuation, or if no sale is made, the contract is automatically extended for five year periods until the City shall so purchase the property at the end of any five-year period.

The Contract creates a commission of three men, residents of Montreal, appointed by the Lieutenant Governor-in-Council of the Province of Quebec for ten-year periods, subject to removal by the same authority, and called the Montreal Tramways Commission. The duties of the Commission are to administer the terms of the contract which grants authority to, and imposes the obligation upon the Commission to always maintain fares which shall provide revenues sufficient to meet the following requirements in the order of priority shown below:—

1st. All operating expenses and taxes.
2nd. Ample funds for maintenance and renewals, and in connection therewith to create a Maintenance and Renewal Fund of at least $500,000.
3rd. An annual return to the Company of 6% on the capital value (at present agreed upon as $41,616,306) as well as 6% on all working capital required for the operation of the Company (these allowances being more than 2¼ times present bond interest charges); also $181,431.47 per annum during the life of the contract to cover expenses of financing.
4th. A rental of $500,000 per annum to the City of Montreal.
5th. The obligation to create a Contingent Reserve Fund of $500,000.
6th. Any surplus after providing for the above to be divided as follows:
20% to the Company.
30% to the City.
50% to be used to create a Tolls Reduction Fund of $2,500,000 to be used by the Commission for reduction of fares as provided in the contract.

It is also provided by the Contract that in the event of any shortage of revenue arising in any one year to cover the obligations mentioned above the Commission is authorized and obliged to add such shortage to the requirements of the next year and to make a rate of fare to cover the total.

The City of Montreal is directly interested in the prosperity of the Company, receiving under the terms of the franchise contract after the Company's return on its capital value, $500,000 in annual rentals and a percentage of surplus earnings.

Mileage Operated, measured as single track, is 282.96 miles, about 10% of which is located on private right-of-way, the latter including an entrance of great value into City of Montreal. Gauge, standard. Rail, steel, 56 to 96 lbs. Cars, 991; power stations, 3; transformer stations, 2; storage batteries, 2; car barns, 9.

A substantial portion of the electricity used by the Company is generated by water power and is purchased under contract under favorable terms. The Company is also amply supplied with reserve steam stations.

Operations—Total number of passengers carried in 1927 was 211,789,599 as compared with 207,754,983 in 1926. Car mileage during 1927 amounted to 26,101,169 as compared with 24,934,224 in the preceding year.

CAPITAL STOCK

Authorized, $20,000,000; outstanding, $5,000,000; par, $100. Stock control is held by United Securities Limited through its ownership of stock of Consolidated Securities, Ltd.

Subscription Privilege—Stockholders of record Oct. 15, 1926 were offered the right to subscribe to 10,000 shares of new stock (par $100) at $125 a share on the basis of one new share for every four outstanding. Terms of payment provided for three installments; 25% on Dec. 1, 1926; 25% on Dec. 31, 1926 and the remaining 50% on March 1, 1927. Proceeds provided capital for improvements and extensions to Company's system and for rolling stock which has been purchased.

Annual Meeting—In 1928 on March 29.

Listed—Montreal Stock Exchange.

Price Range—

Low	169	162	165	148	140	142	105	125

Dividends—Initial dividend of 5% paid May 1, 1913; a quarterly dividend of 2½% was paid Aug. 1, 1913; Nov. 1, 1913, 2½%; 1914 to May, 1918, 10% per annum; the Aug. 1, 1918 dividend was deferred, owing to the fact that the new fares and allowances provided for under the contract had not at that time become operative, an appeal having been taken to the Quebec Public Utilities Commission. During 1920 the Company resumed paying its usual quarterly dividends at the rate of 2½% per quarter, starting from the quarter ended Dec. 31, 1919; and also paid the quarterly dividends in arrears for the quarters ended June 30, 1918, Sept. 30, 1918, and Dec. 31, 1918, leaving three quarterly dividends still in arrears. On Nov. 1, 1920, 2½% was paid for the quarter ended March 31, 1919, and early in 1921, 2½% was paid for the quarter ended June 30, 1919, leaving one payment (2½%) in arrears on that date. On March 28, 1922, the final deferred dividend of 2½% was paid. Dividends of 2½% each quarter are now being regularly paid. Payments, J, A, J & O 15.

As of Dec. 31, 1927, Company, through stock ownership, controlled the following:

Canada Northern Power Corporation, Limited, which controls:
- Porcupine Power & Telephone Co., Limited
- Northern Canada Power, Limited
  - The Quinze Power Co., Limited
- Northern Ontario Light & Power Co., Limited
- Northern Quebec Power Co., Limited
- Great Northern Power Corporation, Limited

Also a substantial interest in the following companies:

- East Kootenay Power Co., Ltd.
- Southern Canada Power Co., Ltd.
- Winnipeg Electric Co. which controls
  - Manitoba Power Co., Ltd.
- Dominion Power & Transmission Co., Ltd.

In addition to the above holdings Company had a considerable portion of its capital invested in high grade bonds and dividend-paying investment stocks.

The properties, which the Power Corporation of Canada Limited controls or in which it holds a substantial interest, are situated in Quebec, Ontario, Manitoba and British Columbia, have an installed capacity of 436,600 h.p. with an ultimate capacity of 747,600 h.p. and serve a population of over 1,000,000.

Statement of Operations—The following condensed statement of operations for the year ended June 30, 1927, of the utility companies which Power Corp. of Canada, Ltd., controls or is substantially interested in, is as follows:

Combined gross earnings for the last fiscal period	$14,681,610

Power Corp. of Canada, Ltd., owns 33.67% of the outstanding Common stocks of these utilities.

CAPITAL STOCK

Authorized, 250,000 Common shares of no par value, $5,000,000 6% cumulative First Pfd. of $100 par value and $5,000,000 6% non-cumulative participating Pfd. of $50 par value; outstanding, 200,000 Common shares, $5,000,000 First Pfd. and $2,500,000 participating Pfd.

Subscription Privilege—Holders of the 6% non-cumulative Participating Pfd. stock of record Feb. 29, 1928, were offered the right to subscribe to 50,000 shares of stock of the same class at $60 per share on the basis of one share of new stock for each share held. Subscription privilege expired April 2, 1928.

Offer for British Columbia Electric Railway, Ltd.—In Apr., 1928, it was announced that Sir Herbert Holt, Viscount Rothermere, J. H. Gundy, the Canadian & Foreign Power Corp., and the Andrew Holt Co. on the one hand and Nesbitt, Thomson & Co., and the Power Corp. of Canada, Ltd., on the other, had arrived at an agreement to combine in an offer for the British Columbia Electric Railway Co., Ltd., on the basis of the bid made by Nesbitt, Thomson & Co., and the Power Corp. of Canada, Ltd. This offer was £275 for each £100 Pfd. Ordinary share and £315 for each £100 Deferred Ordinary share. This offer was made with the stipulation that a minimum of 75% of the shares be deposited on or before May 10, 1928.

Proposed Stock Increase, Etc.—Stockholders were to vote May 11, 1928, on proposed increase in Common stock to 1,000,000 shares of no par value. Following approval of increase, Pfd. and Common stockholders of record May 31, 1928, were to receive right to purchase Common stock at $60 per share in the ratio of 2 shares for each 3 shares held. Right to subscribe to expire June 30, 1928. In connection with the proposed increase in Common stock shareholders will be asked to approve a resolution which will allow holders of the non-cumulative participating Pfd. 10 votes for each share of Pfd. held.

Preferred Stock Provisions—The First Pfd. stock has preference as to dividends and assets over the non-cumulative participating Pfd. and Common stock of the company, and is entitled to 110 and accrued dividend upon any dissolution or liquidation of the Company. After the full dividends have been paid on First Pfd. shares the 6% non-cumulative Participating Pfd. shares are entitled to receive a non-cumulative dividend of 6% per annum before any dividends shall be paid on the Common shares and have the further right to participate, share and share alike, with the Common shares in any dividends after $3 per share has been paid in any year on the Common shares. Subject to the prior rights of the First Pfd. shares, holders of Participating Pfd. shares are entitled to receive out of the remaining assets and funds of the Company over and in priority to all classes of shareholders, 110% of the par value of the shares held by them. First Pfd. stock has no voting rights except in the event that four consecutive quarterly dividends are in default. The 6% Participating Pfd. stock has equal voting rights with the Common.

Callability—The First Pfd. stock is redeemable on any dividend date on 30 days' notice at 110 and accrued dividend.

Transfer Agent—Montreal Trust Co., Montreal.

NORTHERN CANADA POWER LIMITED

(Controlled by Canada Northern Power Corporation Limited)

History and Properties—Incorporated October 17, 1912, in the Province of Ontario, Canada, as the Northern Canada Power Co., Ltd. Company reorganized and name changed to above as at Dec. 31, 1920. The Lower Sturgeon Power Co., Ltd., all the capital stock of which was owned, was merged into Northern Canada Power Limited the latter part of 1925.

The Company owns and operates either directly or through its subsidiary (The Quinze Power Company Limited), four hydro-electric plants on the Mattagami River, Ontario, one at Sandy Falls, seven miles from Timmins, Ont., one at Wawaitin Falls, 14 miles from Timmins, one at Lower Sturgeon Falls, 32 miles from Timmins, and one at Ka-Ka-Ke Falls, Quinze River, Quebec, with combined capacity of 50,000 h. p. The Quinze plant has a present installed capacity of 20,000 h. p., with an ultimate capacity of 60,000 h. p. The company supplies the electric power to the gold mines of the Porcupine district, which are furnished with practically their entire power requirements.

The transmission system of the Company consists of approximately 240 miles of high-tension lines connecting the various plants with the Company's substation at Timmins, from which point power is distributed to customers. The new steel tower line from the Quinze plant is approximately 124 miles long; over this line power is transmitted at 110,000 volts. The Company has five storage reservoirs on the Mattagami River with a lake area of 45 square miles and a capacity of 15,000,000,000 cu. ft. The Quinze plant is immediately below the Quinze Reservoir which was built by the Dominion Government for regulating the flow of the Ottawa River. This reservoir has an area of 159 square miles and a capacity of 50,000,000,000 cu. ft.

History—Incorporated May 6, 1903, in New Jersey, under perpetual charter. Operates through the medium of subsidiary corporations, all the gas, electric and street railway business throughout the larger cities and more populous districts of the State, excepting the shore resorts, the gas business in the City of Elizabeth, and the street railway business in the City of Trenton. The corporation serves a population (1920 census) of 2,563,010 in the transportation branch of its business, 2,330,976 in its gas branch, and 2,497,466 in its electric branch.

Owns over 99% of outstanding stock of Public Service Coordinated Transport, and entire capital stock (except directors' shares) of Public Service R.R. Co., which operate directly or under lease all the street railways controlled by the corporation; and the entire Common capital stock (excepting directors' shares) of the Public Service Electric and Gas Co., which operates, under lease, all the gas and electric properties controlled by the corporation. Owns 999,995 shares out of 1,000,000 shares of no par value of Public Service Transportation Co., 99,995 shares out of 100,000 shares of no par value of Public Service Production Co., and 99,970 shares out of 100,000 shares of no par value Common stock of Public Service Stock & Bond Co. Also owns 99.90% of the $1,000,000 stock of Orange & Passaic Valley Ry. Co. and 97.87% of the $2,500,000 Common stock of the New Jersey & Hudson River Ry. & Ferry Co.

Acquisition of Stock of Lessor Companies—Under date of Jan. 10, 1927, Public Service Corp. of New Jersey and Public Service Electric and Gas Company made an offer to the stockholders of the lessor gas and electric companies to acquire their stock in exchange for Common stock of the Corporation or 6% cumulative Pfd. stock of Public Service Electric and Gas Company, or for cash. As a result, there was acquired during 1927 the following stock of these lessor companies:

Essex and Hudson Gas Company	$4,858,500
Hudson County Gas Company	8,165,800
Paterson and Passaic Gas and Electric Company.	3,854,908
Somerset, Union and Middlesex Lighting Company	361,757
New Brunswick Light, Heat and Power Company	272,880
Newark Consolidated Gas Company	779,200
South Jersey Gas, Electric and Traction Company	1,604,100
The Gas and Electric Company of Bergen County	464,800
Ridgewood Gas Company	17,400

Proceedings are under way for the merger of the first-named five companies in Public Service Electric and Gas Company.

Public Service Production Co.—The Corporation announced Jan. 31, 1922, the incorporation of the **Public Service Production Co.**, an engineering company. The Company had outstanding (Dec. 31,1927), 100,000 shares of no par value Common stock, all owned by Public Service Corporation of New Jersey, except directors' shares. An issue of $5,000,000 8% Pfd. stock of $100 par value also is authorized. The major construction items under way for the various subsidiaries of Public Service Corporation of New Jersey were in charge of and carried out by the Public Service Production Company as in past years. In addition, this Company continues its engineering and construction work in the outside field. The Company completed during 1927 work, started in 1925, on the so-called "covered cut" section of highway route No. 1, in Jersey City, which constitutes part of the approach to the Holland Vehicular tunnel. Nathaniel A. Carle is V-P. in Charge of Operation.

United Engineers and Constructors, Incorporated—During the latter part of 1927 an important negotiation was carried on which resulted, just after the close of the year, in the formation of a large new engineering and construction company, under the name of United Engineers and Constructors, Incorporated, combining therein: The U. G. I. Contracting Company, Public Service Production Company, Dwight P. Robinson & Company, Inc., Day and Zimmerman Engineering & Construction Company.

The new enterprise will be the largest of its kind in the world. Public Service Corporation of New Jersey will, hereafter, instead of owning all the stock of Public Service Production Company, own 40% of the capital stock of the new company. The president of the new company is Dwight P. Robinson, formerly president of Dwight P. Robinson & Company, Inc.

Public Service Stock and Bond Company—Incorporated Jan. 15, 1925, this Company began business on Feb. 1, 1925. It has outstanding 100,000 shares of no par value Common stock, all owned by Public Service Corp. of New Jersey, except directors' shares. It specializes in the securities of Public Service Corp., its subsidiaries and their underlying companies. Its policy is to sell to the small investor, who although he may pay either in cash or in installments, becomes a permanent stockholder.

COPYRIGHT, 1928 BY
POOR'S PUBLISHING COMPANY, N. Y.

During the year 1927 it managed the popular ownership campaigns, and its selling organization was actively employed in the distribution and sale of stock of Public Service Corp. of New Jersey.

The main office is located at North Canal and Pine Street, Newark, and branch offices are maintained at Jersey City, Philadelphia and Boston.

Property—The electric system of Public Service Electric and Gas Co., as of Dec. 31, 1927, included 10 generating stations with an aggregate rated capacity of 624,432 kva., 1,287 miles of transmission lines and 36,083 miles of distribution wire, serving 781,959 electric customers. Its gas system included 12 generating plants with an aggregate capacity of 114,050,000 cu. ft. daily and 4,408 miles of mains serving over 715,000 customers. The transportation subsidiaries own and operate 2,100 trolley cars over 878 miles of single track, and operate in addition, approximately 1,400 buses.

Public Service Electric and Gas Company (Electric Department)—Sales of electricity, excluding intercompany railway current, for the year reached a total of 1,233,984,052 kilowatt hours, an increase of 142,234,480 kilowatt hours, or 13.03% over the amount sold in 1926.

Electric meters on the line Dec. 31, 1927, numbered 781,959, a gain of 77,716 for the year. For the first time in the history of the Company, the number of electric exceeds the number of gas meters in service.

Power sales in 1927 amounted to 770,756,047 kilowatt hours and showed an increase of 78,662,762 kilowatt hours, or 11.36% over those of 1926; sales for commercial metered lighting amounted to 412,941,667 kilowatt hours, a gain of 59,131,691 kilowatt hours, or 16.71%, and sales for municipal street lighting to 49,981,550 kilowatt hours, a gain of 4,399,089 kilowatt hours, or 9.65%.

Of the power generated and purchased by the Department in 1927, 1,563,285,739 kilowatt hours were generated in Company stations, and 138,600,620 kilowatt hours were purchased, the total being 1,701,886,359 kilowatt hours, an increase of 9% as compared to 1926.

The maximum load imposed upon the system amounted to 435,500 kilowatts as compared to the 1926 maximum of 415,000 kilowatts.

The rated capacity of the Department's generation stations was, on Dec. 31, 1927, 624,432 Kv-a. This was an increase of 14,932 Kv-a over the capacity of Dec. 31, 1926, the gain being accounted for by improvements made to two generators at Kearny station and one at Essex station.

The net connected power load was increased during the year by 117,152 horse power, a number of large installations having been connected. Sales for wholesale ice manufacturing and refrigeration have increased, 49,749,544 kilowatt hours of current having been sold for this purpose.

The most important step taken for assuring future economical supply of energy was the execution of a contract with the Philadelphia Electric Company and the Pennsylvania Power and Light Company, which provides for the interconnection of these three systems and a mutually beneficial exchange of power. The plans agreed upon call for the construction by Public Service Electric and Gas Company of a transformer station at Roseland, in Essex County, and of two 220,000 volt transmission lines—one extending in a northwesterly direction to cross the Delaware River, near Bushkill, Pa.; the other in a southwesterly direction to cross the Delaware River near Lambertville, N. J. These lines will connect with those of the other companies named and will make possible the pooling of the combined generation capacity of the three companies, which, including the Conowingo hydro-electric development, will amount to about 2,250,000 kilowatts, constituting one of the largest power pools in the world. Negotiations are under way and plans are being drawn for further interconnections with other neighboring systems.

Public Service Electric and Gas Company (Gas Department)—Sales of gas for 1927 amounted to 22,576,256,237 cubic feet, an increase of 411,169,637 cubic feet over those of 1926.

A minimum rate of one dollar per meter per month was put into effect during the year with the result that a large number of idle and unprofitable meters were cleared from the lines. In consequence, although approximately 30,800 new consumers were added, the net gain in meters, Dec. 31, 1927, as compared to Dec. 31, 1926, was but 9,973, there being in service on the former date 715,523 meters.

Sales of gas for industrial fuel purposes, including gas sold to hotels, restaurants and other large users, amounted to 4,048,718,900 cubic feet, or approximately 18% of all sales. This was a gain of 176,144,000 cubic feet, or 4.55% over sales for the same use in 1926.

The Department is making every effort to develop wholesale use of gas not only in industry, but for central house heating. During the year 265 gas fired central house heating plants were installed in territory served by the Department, bringing the total up to 528, and 172,939,700 cubic feet of gas was sold for central house heating plant use, an increase of 111% over sales of the previous year.

Sales of gas appliances during 1927 amounted to $3,046,634.28, a gain of $221,396.24, or 7.83% over those of 1926.

During 1927 the Company entered into a contract with the International Combustion Engineering Corporation, under the terms of which that corporation agrees to supply Public Service Electric and Gas Company with a minimum of 3,000,000 and a minimum of 4,000,000 cubic feet of gas a day from a combination coal and water gas plant, which the Combustion Corporation is erecting on the Raritan River near New Brunswick.

Transportation—The number of passengers carried on Public Service cars and busses during 1927 was 627,153,013 an increase of 29,822,141 over the number carried in 1926. This gain was due in part to the normal increase in traffic in the rapidly growing territory served and in part to the acquisition of bus lines from independent operators, the putting into service of new lines, extension of routes and the inauguration of lines giving a higher grade of service at a higher fare.

By agreement dated Jan. 10, 1928 Public Service Railway Co. and Public Service Transportation Co. united and consolidated into a single new corporation under the name of Public Service Coordinated Transport. (For further details, see a subsequent page).

During 1927 Public Service Rapid Transit Railroad Company was organized to take over the North Jersey Rapid Transit Company, the lines of which extended from Ridgewood Junction to Suffern, N. Y.

Operation of the elevator, owned by the Peoples Elevating Company, was suspended Sept. 10, 1927, owing to lack of patronage.

On Dec. 31, 1927, the mileage of railway and railroad lines amounted to 878.319 miles. During 1927 single track extension amounted to 1.066 miles; 18.101 miles of track were relaid with new rail and 2.024 miles with old rail.

Ferries—During 1927, 2,450,621 vehicles and 9,218,793 passengers were carried on the boats of the Riverside and Fort Lee Ferry Co., an increase of 135,073 vehicles and 313,201 passengers over the number carried during 1926. The boats of the Port Richmond and Bergen Point Ferry Co. carried 471,582 vehicles and 1,378,030 passengers, an increase of 33,736 vehicles and 4,331 passengers.

Taxes—Taxes accrued in 1927 against the Corporation and its subsidiaries amounted to $12,188,056, an increase of $645,763 over the amount accruing in 1926. Of the total, the sum of $234,947, was chargeable

to the Corporation, and $11,953,109 against subsidiaries, an amount equal to 10.4% of their gross revenues and 27.2% of their net earnings.

Rates—On Feb. 24, 1927, the Board of Public Utility Commissioners approved an amendment to the uniform rate for gas, providing that customers guarantee a minimum monthly bill of $1.00, and a new uniform rate for gas for house heating. These rates were filed by Public Service Electric and Gas Company on Nov. 30, 1926. The new rates became effective with bills rendered in April, 1927, for March meter reading.

On August 4, 1927, the Board of Public Utility Commissioners handed down its decision upon the application of Public Service Railway Company and Public Service Transportation Company for the adjustment of fare zones. The petition, in which was embodied the new tariff, was handed to the Commission on Dec. 13, 1926. The operation of the Tariff was suspended by the Board and a number of hearings held thereon. Under the order of the Board, the street car and fare zones under consideration, with some modification of the Tariff filed by the Company, were made coincident.

CAPITAL STOCK

Authorized, 10,000,000 Common shares of no par value, $25,000,000 8% cumulative Pfd., $50,000,000 7% cumulative Pfd. and $125,000,000 6% cumulative Pfd. (par of all issues of Pfd., $100); outstanding,

Dec. 31, 1927, 4,153,613 Common shares, $21,531,200 8% Pfd., $28,908,000 7% Pfd. and $41,298,600 6% Pfd.

Debenture Subscription Privilege—Holders of 8% Pfd. and Common stock of record February 3, 1928, received the right to subscribe at 98 and interest, from February 1, 1928, for 4½% Convertible 20-Year Debentures to the extent of $1,000 par of debentures for each 100 shares held. Right to subscribe expired February 21, 1928.

Proposed Pfd. Stock Increase—Stockholders will vote May 28, 1928 on proposed increase in authorized Pfd. stock from 2,000,000 shares to 4,000,000 shares. The additional shares will be $5 dividend stock of no par value.

Preferred Stock Provisions—The 8% and 7% Preferred stock is entitled to cumulative dividends, payable quarterly on March 31, June 30, Sept. 30 and Dec. 31. The 6% Pfd. stock is on a monthly dividend basis. The Preferred stock is to have no limitation upon voting power, or upon any right existing by law to participate in subscriptions to additional issues of stock; and is preferred as to dividends and as to assets. The number of shares of Pfd. stock issued and outstanding shall at no time be larger than the number of shares of the Common stock issued and outstanding, and all other Common stock hereafter issued shall be subordinate as to dividends and assets, to such Pfd. stock.

Callability—The Pfd. stock of Corporation is not subject to redemption.

Capital Stock Issued in 1927—The Corporation issued during the year $32,542,100 of 6% cumulative Pfd. stock and $3,800 of 7% cumulative Pfd. stock, the latter being stock theretofore subscribed for under a deferred payment plan. During the year the Board of Directors authorized two additional issues of 6% cumulative Pfd. stock. To the first, authorized on Jan. 25, 1927, holders of cumulative preferred stock were offered the right to subscribe in the proportion of one share for each five shares of cumulative Preferred stock held on Feb. 5, 1927. To the second, authorized on June 28, 1927, holders of cumulative Preferred stock were offered the right to subscribe in the proportion of one share for each four shares of cumulative Preferred stock held on July 7, 1927. In each case the stock not subscribed for by stockholders was authorized to be sold under the Popular Ownership Plan of the Company. In May, 1927, employees of the Corporation and of its subsidiaries were given an opportunity to subscribe for 6% cumulative Pfd. stock under a system of partial payments and 18,293 shares were subscribed for. An additional of 6% Pfd. stock aggregating at least 336,866 shares at $102 per share has been authorized, and were offered to stockholders of record Dec. 2, 1927, in a proportion of one share of new stock for each fifteen shares of either Common or Pfd. stock held as of that date. Shares were payable in four instalments: $25 per share at time of subscription on or before Feb. 1, 1928; $25 per share March 31, 1928; $25 per share June 30, 1928 and $27 per share Sept. 29, 1928, with interest allowed on instalment payments made when due at rate of 5½% per annum.

For capital stock issued prior to 1927, see previous issues of the Manual.

Dated June 1, 1903.

Interest Payable May and November 1, at Fidelity Union Trust Co., Newark, N. J.

Denominations — Registered certificates usually $100 and multiples, but may be issued in denomination of $1 and multiples thereof.

Trustee—Fidelity Union Trust Co., Newark, N. J.

Provisions of Issue—Authorized, $20,200,000; issued and outstanding, $20,111,910, of which $604,273 purchased by sinking funds, $891,845 owned by Public Service Electric and Gas Co. and deposited under its First and Refunding Mortgage, and $232 owned by Company, leaving $18,615,560 in hands of public Dec. 31, 1927.

These certificates were issued in exchange for stock of the United Electric Co. of N. J., The Orange & Passaic Valley Ry. Co., and of certain of the companies out of which the Public Service Ry. Co. (since merged with Public Service Transportation Co. to form Public Service Coordinated Transport) was subsequently formed (viz., the North Jersey Street Ry. Co., Jersey City, Hoboken & Paterson Street Railway Co., and the United Street Railway Company of Central Jersey).

Sinking Fund—By Agreement dated July 25, 1924, the Corporation agrees to pay to the Trustee on the first day of each July so long as any of the Certificates shall be outstanding, the sum of $197,368, provided, however, that when the principal amount of said certificates outstanding other than those held by the Trustee hereunder shall be less than the

amount of which 110% shall equal $197,368, then the annual sum payable as above shall be reduced to an amount equal to 110% of the aggregate principal amount of the Certificates so outstanding.

Security—Secured by deposit of the following stocks: 474,790 shares Public Service Coordinated Transport 4½% non-cumulative Pfd. stock, $995,000 Orange & Passaic Valley Ry. Co. and $19,736,800 7% cumulative Pfd. stock of Public Service Electric and Gas Co., which was issued in exchange for stock of United Electric Co. of N. J. The Trust Agreement provides that no new liens shall be created on any of the properties of the foregoing companies, and that there shall be no increase in their capital stocks.

Stocks of the various companies have been exchanged for certificates on the following basis:

History—Public Service Electric and Gas Company was formed under the laws of the State of New Jersey by agreement of merger and consolidation filed July 25, 1924, between Public Service Electric Company, Public Service Gas Company and United Electric Company of New Jersey. (see 1924 Public Utility Manual). By certificate filed Dec. 5, 1924, the following companies were merged: Burlington Electric Light and Power Company, Citizens Electric Light, Heat and Power Company, Middlesex Electric Light and Power Company, The Morristown Gas Light Company, The Nichols Electric Light and Power Company of Nutley, New Jersey, Princeton Light, Heat and Power Company and Weehawken Contracting Company, all corporations organized under the laws of New Jersey and then operated under lease by Public Service Electric and Gas Company. The plant and property of Public Service Electric Power Company (formerly operated under lease) was acquired by Public Service Electric and Gas Company April 1, 1927 (for latest published statement see 1926 Public Utility Manual, page 822).

Property—The Company serves with electric and gas service a population of over 2,600,000 in the State of New Jersey. The territory served includes the larger cities and more populous sections of the State and extends from the Hudson River opposite New York City southwest across the State to the Delaware River opposite Philadelphia, and includes Newark, Jersey City, Paterson, Trenton, Camden, Elizabeth, Bayonne, Hoboken, Passaic, the Oranges, Perth Amboy, Union City and New Brunswick.

In addition to its owned property, which includes the electric properties in Newark, Jersey City, Hoboken and other municipalities in Essex and Hudson Counties, it operates under leases the properties of the following companies:

Essex and Hudson Gas Company, Newark Consolidated Gas Company, Hudson County Gas Company, East Newark Gas Light Company, South Jersey Gas, Electric and Traction Company, Paterson and Passaic Gas and Electric Company, Somerset, Union and Middlesex Lighting Company, The Gas and Electric Company of Bergen County, The Gas Light Company of the City of New Brunswick, Ridgewood Gas Company, Bordentown Electric Company, and Cinnaminson Electric Light, Power and Heating Company; and the electric properties of Public Service Coordinated Transport.

The franchises of Public Service Electric and Gas Company and its underlying companies, with certain minor exceptions, are perpetual.

The electric system now operated by the Company includes 10 generating stations with an aggregate rated capacity of over 836,700 horsepower and serves 781,959 electric customers. Its gas system includes 12 generating plants with an aggregate capacity of 114,050,000 cubic feet daily, and over 4,408 miles of mains serving 715,523 customers.

Rates—On Nov. 3, 1926, Company filed with the State Board of Public Utility Commissioners a rate schedule which materially reduced the cost of electric current to a large number of the company's customers. Under the schedule the rate for the first 20 k.w.h. is 9 cents; for the next 30 k.w.h., 8 cents; next 700 k.w.h., 7 cents; next 750 k.w.h., 6 cents; next 6,000 k.w.h., 5 cents; next 15,000 k.w.h., 4 cents; all current consumption in excess of 22,500 k.w.h., 3 three cents. A minimum charge of $1 per month was retained. The saving to consumers resulting from these rates approximates $1,000,000 a year.

On Feb. 24, 1927 the Board of Public Utility Commissioners approved an amendment to the uniform rate for gas, providing that customers guarantee a minimum monthly bill of $1.00, and a new uniform rate for gas for house heating. These rates were filed by Public Service Electric and Gas Company on Nov. 30, 1926. The new rates became effective with bills rendered in April, 1927, for March meter reading.

Offer for Stock of Leased Companies—Under date of Jan. 10, 1927, an offer was made jointly by Public Service Corporation of New Jersey and Public Service Electric and Gas Company to the stockholders of nine companies operated under lease by Public Service Electric and Gas Company, with a view to the ultimate consolidation of these leased companies with Public Service Electric and Gas Company. The offer may be summarized as follows:

CAPITAL STOCK

Authorized, 20,000,000 shares Common stock of no par value, $20,000,000 7% cumulative Pfd., $10,000,000 6½% cumulative Pfd., and $100,000,000 6% cumulative Pfd., 1925 Series; par of all Pfd. issues, $100. Outstanding, Dec. 31, 1927, 12,975,000 shares Common, $20,000,000 7% Pfd., and $51,724,300 6% Pfd., 1925 Series. All of the outstanding Common stock, excepting directors' shares, 199,752 shares of 7% cumulative Pfd. stock, and 182,387 shares of 6% cumulative Pfd. stock, are owned by Public Service Corporation of New Jersey. Of this stock, 9,321,667 Common shares are pledged under mortgage securing Public Service Corp. of N. J. Secured Gold bonds, and as at Dec. 31, 1927, 197,368 shares 7% Pfd. stock were pledged under agreement securing that Company's Perpetual Interest-Bearing Certificates.

Change in Capitalization—By amendment to the certificate of merger and consolidation by which Company was formed, said amendment being filed Jan. 31, 1927, the Company has increased its authorized 6% cumulative Pfd. stock, 1925 Series, from $30,000,000 to $100,000,000, and has eliminated the authorized (none issued) $40,000,000 6% cumulative Pfd. stock (without series designation), thus increasing the total authorized Pfd. stock by $30,000,000. Of the increased stock $21,724,300 has been issued since Dec. 31, 1926, in exchange for stock of nine companies presently operated under lease by Public Service Electric and Gas Companies with a view to their ultimate consolidation with the latter company, making a total of $51,724,300 of the 6% Pfd. stock issued and outstanding. In March, 1927, $42,060,300 6% Pfd. stock authorized for issuance (of which the $21,724,300 issued is a part), was listed on the New York Stock Exchange.

Preferred Stock Provisions—The 6% cumulative Pfd. stock, 1925 Series, is preferred over the Company's Common stock as to dividends and, in dissolution or liquidation, as to assets up to an amount equal to $100 per share with accumulaitng dividends.

The total amount of Preferred stock at any time outstanding shall never exceed twice the investment in cash and property represented by the Common stock or other junior stock issues of the Company then outstanding.

The Preferred stock has no voting power except upon failure of the Company to pay when due two full quarterly dividends, in which case each share of Preferred stock receives full voting power at the rate of ten votes per share so long as such failure to pay dividends continues; but such voting power ceases upon subsequent payment by the Company of any such accumulated and unpaid dividends subject to renewal on similar failure to pay dividends.

The Preferred stockholders have no right to subscribe to any issues of capital stock of the Company or for any issue of securities convertible into such capital stock.

The balance of the stock of the Company, both Common and Preferred, may be issued to provide or pay for extensions, improvements and betterments of the plant and property of the consolidated corporation, and to construct or acquire other property, and for other purposes as authorized by law.

Callability—The 6% cumulative Pfd. stock, 1925 Series, is redeemable as a whole or in part, at the option of the Company, on any dividend date, after three years from the date of issue thereof, upon thirty days' notice at $110 per share and accumulated dividends.

Denominations—Coupon, (principal may be registered) $500 and $1,000; and fully registered, $1,000, $5,000 and $10,000 and multiples. Coupon and registered bonds interchangeable.

Trustee—Fidelity Union Trust Co., Newark, N. J.

Provisions of Issue—The First and Refunding Mortgage authorizes the issuance of bonds thereunder in an unlimited principal amount and provides for the issuance of additional bonds in one or more series, in such amounts and bearing such rates of interest and having such maturity dates (not later than Oct. 1, 2124), and having such other terms and conditions as may be prescribed by the Board of Directors, subject to the conservative limitations specified in the Mortgage. These $45,000,000 bonds are part of the 4½% Series due 1967, issued in accordance with the provisions of an indenture dated Dec. 1, 1927, supplemental to the Mortgage dated Aug. 1, 1924. This Series is limited in principal amount to $100,000,000. Additional bonds of this Series, as well as bonds of other duly authorized series, may be issued only for the purposes and under the conservative restrictions provided in the Mortgage, which include the following: (a) To a principal amount not exceeding 75% of the cost or fair value, whichever is less, of permanent additions and improvements made to the owned and present leased properties, and of the acquisition of properties in fee, provided that the net earnings of the Company, as defined in the Mortgage, shall have been at least 1¾ times the annual rental and interest charges payable by the Company, as defined in the Mortgage; (b) upon deposit with the Trustee of an equal principal amount of bonds and stocks of the present leased companies; (c) upon deposit with the Trustee of an equal principal amount of underlying bonds outstanding against the properties now owned or hereafter acquired in fee; (d) to refund an equal principal amount of underlying bonds or of First and Refunding Mortgage bonds; (e) to provide cash for any of the above purposes.

The Mortgage contains provisions permitting the modification or alteration thereof or of any supplemental indenture in any particular with the assent of the Company and the holders of not less than 85% of the aggregate principal amount of outstanding bonds (including, if such change affect the bonds of one or more series but less than all series then outstanding, the holders of a like percentage of the then outstanding bonds of each series affected by such change), not including any bonds owned by the Company, provided that any such modification or alteration shall not permit the alteration of the annual interest rate, redemption price, date of maturity, or the amount payable on maturity of any outstanding bond without the consent of the holder thereof.

Purpose of Issue—The proceeds of these $45,000,000 bonds were to provide for retirement of all of the outstanding $40,601,000 First and Refunding Mortgage Gold Bonds, 5½% Series due 1959 and 5½% Series due 1964, and for expenditures already made for additions and improvements to the properties.

Callability—Subject to call as a whole or in part at any time on not less than 60 days' notice at a premium of 5% on or before Nov. 30, 1932; thereafter at a premium of 4½ on or before Nov. 30, 1937; thereafter at a premium of 4% on or before Nov. 30, 1949; said premium to be reduced by ¼ of 1% commencing Dec. 1, 1949, with a like additional reduction commencing Dec. 1 of each year thereafter; the bonds being callable at par on and after Dec. 1, 1964; in each case with accrued interest.

Security—The First and Refunding Mortgage Gold bonds (all series) are secured by mortgage on all of the Company's mortgageable property and by pledge of leasehold estates. Briefly, the bonds are secured: (a) By a first mortgage on the new Kearny power plant of 215,588 kva. installed capacity, the Essex power plant of 205,055 kva. installed capacity, (comprising over two-thirds of the electric generating capacity of the system), and other physical property, valued as above at substantially more than the principal amount of the First and Refunding Mortgage bonds outstanding; also by pledge with the Trustee of underlying bonds and of stocks and bonds of affiliated companies, valued at over $16,000,000, on the basis of current market quotations; (b) by direct mortgage, subject to $21,522,491 underlying liens (closed issues) (of which $704,000 are pledged under the Mortgage), on other electrical properties in Essex, Hudson and Union Counties; (c) by mortgage on leasehold estates in electric and gas companies, and on the lease of certain electrical property of Public Service Railway Company (now Public Service Coordinated Transport). The leasehold estates extend in practically all cases approximately 900 years. The above figures are as of Nov. 1, 1927.

Tax Provisions—Company pays Normal Federal Income Tax up to 2%, and agrees, upon application made in accordance with the provisions of the Sup-

plemental Indenture, to refund Pennsylvania, Maryland, Connecticut and Massachusetts taxes not exceeding in each year $4, $4.50, $4 and $2.70 per $1,000 bond, respectively, as provided in the Supplemental Indenture, but the Company will not refund more than one such State Tax on the same bond for the same year.

Legal Opinion—Davis, Polk, Wardwell, Gardiner & Reed, and Dickson, Beitler & McCouch.

Original Offering—First publicly offered ($45,000,000) in November, 1927, at 98 and interest, to yield over 4.60%, by Drexel & Co., Philadelphia, etc., and Bonbright & Co., Inc., New York, etc.

Listed—New York Stock Exchange.

PUBLIC SERVICE COORDINATED TRANSPORT

(Controlled by Public Service Corp. of New Jersey)

History and Property—Incorporated January 31, 1928, in New Jersey, as a consolidation of Public Service Railway Company and Public Service Transportation Company (see 1927 Public Utility Manual, pages 306 and 816). The former Company was a consolidation of the Jersey City, Hoboken & Paterson St. Ry.; the North Jersey Street Ry. Co. and the United St. Ry. Co. of Central Jersey.

The Company leases the Consolidated Traction Co., the South Orange & Maplewood Traction Co., the Bergen Turnpike Co., the Orange & Passaic Valley Ry. Co., the Camden & Suburban Railway Company, Camden Horse Railroad Company, Rapid Transit Street Ry. Co. of the City of Newark, the Camden, Gloucester & Woodbury Ry. Co., and New Jersey & Hudson River Ry. & Ferry Co. The Riverside Traction Co. was leased for a period of 999 years from April 1, 1912. Also owns the capital stock and bonds of People's Elevating Co. (see appended statements).

As of Jan. 5, 1916, the Public Service Newark Terminal Ry. Co. was consolidated with the Public Service Ry. Co. with the approval of the New Jersey Public Utility Commissioners. The Terminal Company was incorporated under the laws of N. J. to construct, maintain and operate an office building and terminal station in Newark, N. J. and to construct approaches thereto. The buildings and terminal were leased for a period of 50 years from June 1, 1915, to the Public Service Ry. Co., Public Service Gas Co., and the Public Service Electric Co., for a rental not less than a sum sufficient to pay the taxes, water rates, interest on First Mortgage bonds and the sinking fund requirements, the rentals under this lease being payable out of net earnings of these companies prior to any dividends on their stocks. In May, 1924, Public Service Newark Terminal Building was sold by Public Service Ry. Co. to Public Service Corporation of New Jersey.

On Nov. 6, 1926 the New Jersey Public Utilities Commission sanctioned the sale of the cars, franchises, right-of-way and other property of North Jersey Rapid Transit Co. (see 1926 Public Utility Manual, page 1327) to the Public Service Railway Co. for $200,000. Public Service Rapid Transit RR. Co., incorporated Dec. 15, 1926, now operates the property.

Mileage and Equipment—The lines of this company cover practically the entire northern section of New Jersey. Among the more important cities served are Newark, Jersey City, Hoboken, Paterson, Passaic, Elizabeth, Bayonne, Plainfield, Bound Brook, Perth Amboy, Rahway, New Brunswick, Camden, Montclair, and the Oranges. Mileage as of Dec. 31, 1927: First main track, 527.683; second main track and turnouts, 293.209; connections, crossovers, wyes and loops, 11.920; carhouses and yard tracks, 45.507—total mileage, 878.319. Of the foregoing mileage, the following track is owned by the Public Service R.R. Co.: First main track, 39.842 miles; second main track and turnouts, 9.201 miles; connections, etc., 0.409 mile; car houses and yard tracks, 0.124 mile—total, 49.576 miles. Gauge, standard. Rail (T, grooved on girder), 96 to 116 lbs. Cars available for operation, Dec. 31, 1927: Closed, 1,823; open, 277.

CAPITAL STOCK

Authorized, 2,500,000 shares Common and 487,500 shares $6 non-cumulative Pfd., both of no par value; outstanding, 1,004,500 shares Common and 487,500 shares Pfd. The Public Service Corporation owns all the outstanding stock, except directors' shares, 474,790 shares Pfd. stock being pledged under agreement securing Public Service Corporation of New Jersey Perpetual Interest Bearing Certificates.

The outstanding shares of Pfd. stock were exchanged, share for share, for an equal amount of shares of Capital stock of Public Service Railway Co.

Annual Meeting—Third Monday in April.

Dividends—Pfd. dividends are payable quarterly, M, J, S & D 31.
